DESERET EVENING NEWS

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

The level of the great lake is four inches below the zero mark, or almost a foot lower than it was one year ago. The shrinkage is becoming quite rapid.

The bids submitted for the First Methodist church have been rejected as excessive, and new bids will be called for after a revision of the specifications.

Workmen are getting the state fair grounds into good condition for the annual October function, so that everything will be in readiness when the time comes.

Local dealers report rye and barley as arriving slowly on account of the farmers being so preoccupied in harvest work that they have not time to haul the grain to market.

There will be a civil service examination in this city Sept. 6, for the position of messenger boy at $360 per annum at the weather bureau in this city; age limit, 14 to 20 years.

City Building Inspector Lewis has ordered the bay windows removed from the front of the jewelry store of J. J. Devine at 68 south East Temple street as being in violation of the building ordinances.

Rev. Dr. T. W. Pinkerton of the Central Christian church severed finally his connection with his church, and left for San Francisco last evening, to attend the annual conference of his denomination. From San Francisco he goes to Kenton, O., where he formerly served a six years' pastorate.

The stone towers of the Catholic cathedral will be carried up to a height of 90 feet, and the crosses will be 200 feet in the air. The gargoyles are being placed in the west tower, where they look as though about to fly down on the street and devour everything within reach, without further ceremony.

A local architect estimates that the substitution of terra cotta and steel construction for stone in building would reduce the cost of building two-thirds. It costs money to carve stone, and then it cannot be quarried in the winter time. The condition of the weather cuts no figure in the manufacture of terra cotta.

Mrs. Jennie E. Maxwell of Oakland, Cal., sister of Postmaster A. L. Thomas and J. J. Thomas of this city, and her daughter, Miss Edna Davis, returned to California today, after a pleasant visit here. Both ladies are good singers and their talent has been much appreciated in the Third Presbyterian church and Sunday school, where they attended services.

Dr. G. V. I. Brown, the cleft palate and hare lip specialist, has been quite busy attending to preliminary work with cases that have been presented to him. But his business at home is demanding his attention, so that he may not be able to remain in this city as long as he was expecting to. Great satisfaction with the doctor's work so far has been expressed.

A mortgage, or trust deed was filed yesterday afternoon with the county recorder by the Utah Independent Telephone company of this city, for $3,000,000, covering an issue of bonds for that amount, and with interest at 6 per cent. The mortgage covers the property and franchises of the company, and provides for present indebtedness and prospective development. It is executed to the Utah Savings & Trust company.

Dr. W. C. Watson of Lima, O., is in the city today, en route from Alaska to the east, where he will interview John D. Rockefeller and other wealthy men with a view to raising funds for the Presbyterian Indian school at Juneau, and the Episcopal mission at Sitka. Dr. Watson speaks enthusiastically of the prospects of Alaska, one mining property alone, the Treadwell, producing five times as much wealth as the United States paid for the territory. Dr. Watson says it is no use to write to Mr. Rockefeller, as begging letters reach him daily by the bushel, and are thrown away.

Zion's Savings Bank and Trust Co., the largest and oldest Savings Bank in Utah, pays 4 per cent interest on any amount from $1 to $5,000. Write to us. Jos. F. Smith, President; George M. Cannon, Cashier.

FINISH CONDUIT BY JULY 15, 1906

That is What Mayor Morris Will Bend Every Effort To Do.

BONUS OF $150 A DAY OFFERED

A Forfeiture of the Same Amount is Also Required at the Hands of Successful Bidders.

City Engineer Riter is now sending out printed copies of specifications for the Big Cottonwood conduit to contractors and sealed bids on the job will be received by the board of public works in its office until 3 o'clock p. m. on Monday, Sept. 4, 1905. The specifications require that work shall be commenced by the successful bidder within five days from the approval of the contract by the city council and the conduit shall be completed by July 15, 1906.

In the event that the job is not completed by that time a forfeit of $150 per day for each day thereafter will be imposed upon the contractor. As an inducement, however, to insure the completion of the work before that time, if possible the city agrees to pay a bonus of $150 for each day prior to the above named date the job is completed. The council has already appropriated the sum of $5,000 for the purchase of the rights of way for the conduit and a man is in the field making such purchases. It is believed by the engineering department that there is no question but that the conduit can be completed by the date set. The specifications provide for the city to furnish the steel reinforcements for the conduit. This will give the city the opportunity of calling for bids on that material and getting the lowest possible figures and at the same time get the quality desired.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhœa Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by all druggists.

DIED AT SALTAIR.

Walter Foreman Expired Suddenly From Hemorrhage of the Brain.

Walter Foreman, aged 18, an employe of the Oregon Short Line, and son of Leonard Foreman of Bingham Junction, died suddenly at Saltair yesterday afternoon from hemorrhage of the brain. He had been suffering with his head for several days, and his physician advised him to bathe in the lake. He felt worse on coming out of the water yesterday, and was barely able to stand on leaving his bathroom. The unfortunate young manwas assisted to the pavilion, where he became unconscious and presently passed away. The body was brought to this city, and placed in charge of Joseph William Taylor.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhœa Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhœa Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

DRUG CLERKS BUMPED.

Took Cheap Watches From Strangers And Advanced Money Thereon.

Two night clerks in the Smith Drug Co.'s store and the Dreuhl & Franken drug store were bumped severely last night by two "rush artists." They hurried to the stores with a pocket full of dollar watches and pulling one from their pockets they told the clerks a "stiff" story and secured a loan on the "jewelry." Mr. Cole of the first store parted with $4 on the watch presented to him and Mr. Kauffmann of the other apothecary shop let $9 go to the man in the hurry.

An examination of the watches made shortly after they were put in pawn never to be taken out, showed their mechanical parts to be fashioned much after the style of a wheelbarrow or patent washing machine. The dials are patterned after expensive styles, there are two wheels and a coiled spring to "tick" but the hands move not with the sun. Their intrinsic value, perhaps, reaches 31 cents, while as a timekeeper there is "nothing doing."

Rheumatism.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1905: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, $1.00. Sold by Z. C. M. I. Drug Dept. B

MARSHALL'S AWFUL DEED.

Flees From His Own Habitation Which He Madly Desecrated.

As told in the "News" last night, Carl Marshall is being sought by the officers for one of the vilest crimes that has come to light for some time. Helen Hunt, a domestic employed by Mrs. Marshall at 411 south West Temple street, called upon the officers yesterday and told a story that is unparalleled in the criminal history of this city. She charges the man with criminal assault, committed while she lay asleep at the Marshall residence.

According to the evidence secured by the police and the county attorney, the Marshalls had been out driving and upon their return Miss Hunt, who is but 13 years of age, was lying asleep on a couch in the dining room. After going up stairs to retire, Marshall heard the dog making a noise down stairs. He said he was going to put it in the basement. That was the last that Mrs. Marshall saw of her husband. Soon afterwards, a young lady who lodges with the Marshalls called to Mrs. Marshall telling her that she was wanted at the telephone. When she went to the 'phone she recognized the voice. It was Helen Hunt. She asked her where she was and why she was out of the house. The girl told her that she had run away from Marshall who had ruined her. The wife could hardly believe her ears. She turned on her husband and asked him how he could commit such a brutal crime. He attempted to deny it but before he had finished talking his wife had fainted. When she regained consciousness she notified the police and they at once began on the case. During his wife's faint Marshall quickly dressed and left the house by the back stairs. Since that time he has not been seen. It is thought that he may have left town. The officers are working hard on the case and if the man is in town they will land him.

Marshall is a man of thirty years and was formerly employed in railroad work. For the last six months he has been out of work and was relying on the efforts of his wife to provide for him, although an able bodied man. Mrs. Marshall is said to be an estimable woman of unblemished character. She feels keenly the disgrace that has come to her. The young girl was in her charge and she most faithfully guarded her, but did not expect trouble to come from the source it did.

THE INSANE DEAD.

Atty. Gen. Breeden Advises Governor As to Disposition of Their Bodies.

The following opinion was given yesterday afternoon by Attorney General Breeden in response to a request from Gov. Cutler, relative to the authority of the board of commissioners of the state mental hospital to turn over the bodies of those who die in said hospital to an embalmer, to be prepared for interment or for delivery and shipment to the relatives and friends of deceased person:

"You are advised that in my opinion your board of commissioners is clothed with ample power and authority under the provisions of the statute creating such board to turn over dead bodies, as you mention, to an embalmer. The board has power to adopt such rules and regulations, not in conflict with the statute, for the management and control of the insane and for the disposition of the dead bodies of those who die while confined in the state mental hospital. It must be understood, however, that when any patient dies the relatives or friends of such person must be immediately notified of such death and granted a reasonable time to appear and claim the body. When any body is turned over to an embalmer, special care should be taken that no exorbitant charge shall be made against the person claiming the body for such embalming, and no charge against the state in any event."

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Z. C. M. I. Drug Dept. Price 50c.

WILL MEET IN PROVO.

Utah Christian Endeavor Union to Hold Convention There Sept. 9.

The announcement is out for the seventeenth annual convention of the Utah Christian Endeavor Union to be held at Provo, Saturday, Sept. 9. On the Friday night previous there will be an Endeavor mass meeting in this city. A special train will leave Salt Lake over the Rio Grande road to Provo at $1.25 for the round trip, with "Juniors" at one-half rate, and special arrangements have been made for the return of the "Juniors" from Provo at 4:18 p. m.

The announcement states the securing of General Secretary Ogden von Voght of the United Society as orator, the first time a United Society officer has attended a Utah state convention since 1897, when the convention was held at Provo, as this year. Mr. von Voght is reported to be a great organizer and an interesting speaker. He will speak at the Salt Lake evening rally, conduct a workers' conference at the convention Saturday afternoon, and speak about the Baltimore convention in the evening.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Z. C. M. I. Drug Dept., 50c and $1.00 guaranteed. Trial bottle free.
