MINING, BUSINESS AND STOCKS.

STOCK MARKET ACTIVE TODAY.

Improvement in Prices Noticed on The Exchange This Morning.

UNCLE SAM A LITTLE HIGHER

Ajax Advancing—Star Con. Very Active—Tetro Firmer—Carisa Unchanged.

Business was brisk on the mining exchange this morning and with very few exceptions prices were firm. Star Con. was in good demond at better figures. About 10,000 shares changed hands during the call at prices ranging from 36 up to 39½. Ajax opened at $1.26 and after weakening to $1.22 moved up to $1.25¾ at the close. Carisa sold down to $1.23½ but closed strong at $1.24½. Uncle Sam gained a few points this morning as the result of assurances that the South Humbug deal will go through. It disappointed those who looked for a big advance. Sales were made at $1.60 at the opening. It afterwards moved up to $1.68, but weakened to $1.62¼ at the close. Tetro was also much stronger. The sale of several thousand shares was reported at prices varying from 30¾ up to 31. Richmond-Anaconda was traded in at 35 while Yankee Con. let go 200 at $4.50. Lower Mammoth was very active at lower prices. From $2.75 it moved up to $2.82 and closed at $2.73. May Day opened at $1.24½ and moved up to $1.27¼. Victor was traded in at 60 while Sunshine participated at 10. Tesora sold at 66. Sunbeam let go 100 at 40. Ben Butler was in demand at 18.

Closing quotations were posted today as follows:

In anaemia and most women's ailments the digestion is weak, the making of color, flesh and strength out of food, is imperfect so that the patient is weak, wan, nervous and dyspeptic. This condition can be corrected by taking a course of HERBINE. Price, 50 cents. Z. C. M. I. Drug Dept.

SOUTH HUMBUG DEAL TO CLOSE

Dr. Franklin Received Advices from East Yesterday Afternoon.

MADE $300,000 IN SIX MONTHS

David Evans Has Cleaned Up Above Sum Since Last April—Change in Star Con.

Before taking his departure for Tintic last night Dr. P. A. H. Franklin announced that he had received dispatches from the East during the afternoon stating that the proposition to purchase the Richmond-Anaconda from the Uncle Sam Mining company had been acted upon favorably in the East. The deal calls for the payment of $300,000. The sum of $50,000 goes to David Evans in payment for the Salvator and Nevada claims. The Uncle Sam Con. mining company will pocket a quarter of a million for which it will release title to the south half of the Humbug, the Cyrus Oliver, and 400,000 shares out of a total of 500-000 in the Richmond-Anaconda Mining company. The latter owns the little Lyon, Anaconda and Mountain View claims.

The consummation of this deal, which will undoubtedly be closed on or before next Tuesday, puts another $50,000 into the hands of David Evans, who has so successfully exploited several mining propositions during the past year or two. Mr. Evans has severed all connection with the Uncle Sam and retires from the temporary management of that proposition with a fortune, which he intends turning by further investments in the mines of Utah and adjoining states. Various speculations have been induiged in concerning Mr. Evans' profits in the past year, but few realize how great they are. The "News" is able to state from perfect knowledge that Mr. Evans has cleaned up $300,000 in cold cash since last April. This is being put into other prospects. Some of it is going into Cottonwood properties and some of it is being put back in the ground at Tonapah, Nev., where Mr. Evans is interested with Judge W. H. Dickson. Mr. Evans expects to leave for the new camp tomorrow in company with Salt Lake and California men, and on his return, two weeks hence, he will probably be able to announce some further acquisitions in the new camp.

The closing of the above deal leaves the Uncle Sam company with one full claim, 600x1500 feet, and the Coray, Inez and Humbug fractions. Some of the shareholders opposed the deal on this account, but others rely on the company paying 5-cent dividends for some months, now that the treasury will be swelled by the quarter of a million derived from the sale.

STRIKE IN STAR CON.

Body of Quartz Carrying Silver and Gold Found on 600 Level.

Manager Packard of the Star Con. of Tintic was in town today settling for three cars of ore. He announced a change on the 600 of a very encouraging nature. The iron, which the management has been following for some time past, has changed to a fine body of quartz, carrying silver and gold. The strike was made a day or two ago and the track is being put in, Mr. Packard says, to where the strike has been made. Enough work has not been done to determine the value of the strike, but Mr. Packard was feeling very much encouraged over it this morning. Assays were expected this afternoon on the last three cars of ore, part of which is said to carry very fair values.

STAR DEVELOPMENTS.

Work Being Pushed in Lower Tunnel of the Pine Canyon Group.

Notwithstanding its ups and downs the Star company of Pine Canyon, Tooele county, is still continuing the development of its property. From the last assessment levy of 2 cents a share the company derives about $1,500, which it is applying to the development of its property by a lower tunnel, designed to cut the vein several hundred feet below the old workings, from which some very good gold ore of leaching quality was extracted a couple of years ago. The tunnel has been driven about 170 feet towards the main ledge. A lead was cut some time ago, but after doing some drifting on it the company decided to abandon it as the rock carried only about $1 in gold per ton. Within another 100 feet the company expects to tap another vein, which is expected to produce something. Meantime the small cyanide plant is out of commission temporarily, the company preferring to prove up its property at depth rather than to extract ore from the upper workings. Final payment has just been made for patents, which will probably be issued within three months.

To Operate on Duck Creek.

W. D. Shepard left this week with a force of men for Duck creek, White Pine county, Nevada, says the Mammoth Record. He will comence work on the property of the Nevada Copper Mining & Milling company, of which Albert Hagan is president. The company, which is incorporated for 250,000 shares, has a group of eight claims, known as the Copper King, and it is the intention to commence shipments within a few weeks. A 1,500-foot tramway has been shipped to the property by way of Toana and as soon as it is put up the transportation of ore will begin. Although it is 120 miles from the railroad the ore can be delievered to the smelter for $16.85 a ton. A trial shipment was made a short time ago with encouraging results and several cars of good ore are now on the dump and will be marketed as soon as the new tram is in operation. The ore averages 25 per cent copper and 15 per cent lead, although some assays have been obtained which run as high as 75 per cent in lead.

Patent and Deed Recorded.

Special Correspondence.

Provo, Utah, Oct. 8.—A United States patent to the Tintic Mining and Development company for the Phebe Shuler mining claim, lot 3,368, situated in Tintic mining district, has been filed with the county recorder. Nick Comer has filed notices of location of the Bryan and the Fern mining claims, situated 4 miles east of Eureka City, Utah.

A mining deed from Orson Elliott and Pinkie Elliott of Thatcher, Arizona, to Wm. P. Davis, of Springville, Utah, conveying the interest of the granters, an undivided one-third interest in the Elliott, Elliott Nos. 1, 2 and 3 mining claims, situated in the Sldorado mining district, about six miles southeast of Salem, for a consideration of $100 has been filed for record. A similar deed from Nathaniel Gardner and Rosa Gardner of Idaho, also conveying an undivided one-third interest in the above named claims for a consideration of $100 to the same grantee has been filed for record.

A. W. McCune's Warren Property.

Jay A. Czizek has returned from a visit to some claims at Warren, Idaho, in which he is interested in conection with A. W. McCune, the Salt Lake millionaire, says the Boise Statesman. The property is a good one. It is composed of the Lucky Ben and the Hornet claims, running in gold and silver, silver predominating. The ore is a high grade ore, assaying from $200 up. The owners are putting in a great deal of money in developing the property, and next year hope to make it pay well. The great trouble so far has been the lack of railroad facilities, but with the completion of the Pacific & Idaho Northern as far north as Salmon Meadows n xt year, within 55 miles of the mine, it is probable that the mine will pay, and pay well.

MINING NOTES.

Samuel McIntyre has gone to his rance at Hallack, Nevada.

A car of ore was on the market today from the Yosemite of Bingham.

A small lot of ore was on the market today from the Utah at Alta.

Manager Thomas Weir of the Ajax went out to the mine last evening.

The Carisa of Tintic reached the market today with four cars of ore.

Dr. P. A. H. Franklin was in Tintic today inspecting his various interests.

The first shipment of silver-lead ore from the 1,000 level of the Ajax is at the sampler.

The Taylor-Brunton Sampler reported two cars of ore from Bingham, four from Tintic and a small lot from Alta today.

The Lower Mammoth will start up this evening after a delay of a couple of days on account of some slight repairs in the machinery.

Manager W. G. Filer of the Western Exploration company returned last evening from Sharon, Penn., where he has been visiting with Mrs. Filer.

Evanston News-Register: Word comes from Piedmont to the effect that the Piedmont Oil company encountered a small flow of oil on Tuesday at a depth of 127 feet.

At a meeting of the directors of the Uncle Sam Mining company last evening, Clarence E. Allen was elected a director of the company in the place of David Evans, who resigned.

Kemmerer Camera: The Fossil Consolidated Oil company, is now moving its derrick and machinery from the spot where they intended sinking a well, to the east about two thousand feet. The reason for moving is because of crossfilings, Arthur Robinson and Senator Clark refusing to sign the deed. While the Consolidated company is very much disappointed, because of the delay moving will cause, the members feel that Senator Clark has reasons for not joining them else he would have done so.

Vernal Express: The Uintah Copper Summit Company smelter was started up on the 20th of September and was in operation seven days and a half. During that time fifty-two ton of bullion was run out. They run three eight hour shifts of eight men to the shift. If there was enough ore mined to keep the smelter runing steady it would keep at least seventy-five four-horse teams constantly on the road to Carter station, hauling bullion out and coke back. The smelter runs like a charm since it has been readjusted.

MARKET WAS HESITATING.

In Opening Dealings There Were Contrary Movements of Prices.

Resistance Shown by Special Stocks Caused the Bulls to Bid Various Properties Up.

New York, Oct. 8.—The contrary movements of prices in the opening dealings reflected the uncertainty and hesitation of speculative sentiment. Dealings were not on a large scale, however. There was some special pressure against United States Steel, Sugar and the New York tractions. Amalgamated Copper opened up ½, but more than lost that. New York, Chicago & St. Louis, Minneapolis, St. Paul and Sault Ste. Marie and Iowa Central preferred showed good gains. The resistance shown by special stocks encouraged the bulls to bid up the market and there were quick advances of from 1 to 2 points, with Amalgamated, Brooklyn Transit and Atchison in the lead. By 10:30 the demand had slackened and the bears made a drive against Brooklyn Transit and Sugar, the latter losing 2 points. Other stocks also weakened but held above first prices. The specialties bore the brunt of the selling and losses were extended all around. The tractions as a group suffered more than any other stocks but Sugar and Amalgamated Copper dropped over 2 points each. Railroad stocks eased off but none of the leaders was more than a fraction below yesterday's close. Lake Erie and Western fell 2¼, New York, Chicago & St. Louis 2, and St. Louis Southwestern preferred 1¾, while American Bicycle preferred rose 3⅝.

Bonds were irregular.

The market was dull and rather erratic after the noon hour and business was largely concentrated in the specialties. The frequent advances and declines in these forbade active trading in railroad stocks.

MONEY AND BONDS.

Money on call nominally at 3 per cent.

Prime mercantile paper 4½@½ per cent.

Sterling exchange steady with actual business in bankers' bills at 4.85¾@⅞ for demand and at 4.83¾ for sixty days; posted rates 4.84½ and 4.86½; commercial bills 4.83@½.

Bar silver, 57¾.

Mexican dollars 45½.

Government bonds steady; refunding 2s registered and coupon, 109; 3s registered, 107¼; 3s coupon, 108; new 4s registered and coupon, 138½; old 4s registered and coupon, 112; 5s registered and coupon, 107½.

SUGAR.

Sugar—Raw steady; fair refining, 4 5-16; centrifugal, 96 test, 3¾; molasses sugar, 3. Refined steady; crushed 5.60; powdered, 5.20; granulated, 5.10.

LIVE STOCK.

CHICAGO.

Chicago, Oct. 8.—Cattle—Receipts, 7,000, including 1,625 Texans and 2,500 westerns. Choice steady, others lower. Lewis' 98 % Lye,
Powdered and Perfumed.
(PATENTED.)

The strongest and purest made. Unlike other Lyes, it is finely powdered, packed in a can having two lids, one easily cut and the other removable for constant use. It will make the best Perfumed Hard Soap in 20 minutes without boiling. It is the best for cleansing waste pipes, disinfecting sinks, closets, cleaning paints, bottles, barrels; washing trees and killing insects; for engineers' and machinists' uses; for painters, to remove old paints, etc.

PERFECT DINING CAR SERVICE.
Sleeping cars to Chicago without change.
Ticket office, 103 West Second South, Post-office Corner. Phone, 205.

Burlington Route

Not The Quickest, But

again we call attention to the fact that the pleasantest way to go east is via Denver and the Burlington Route.

It isn't the quickest way, but that counts for very little if you admire fine scenery and are likely to enjoy a stop-over at such places as Glenwood, Colorado Springs, or Manitou.

If you prefer to go right through you can do so. Through sleeping-cars for Omaha and Chicago leave the Rio Grande Western depot daily at 3.15 p. m. Through tourist-car Wednesdays and Fridays—Omaha, Chicago, Kansas City, St. Louis.

Information on request; or, if you like, see your local ticket agent.

Did you ever take a glass of water and examine it closely? Hold it up to the light and most of the time you can see hundreds of little things floating around.
These are impurities that are in the water.
Impure water is bad for the health.
We are agents for the White Rock Lithia Water, the purest and best table and medicinal water on the market today.
It costs very little more than impure water.
Then its good for your health.
Is you health worth the difference?
A bottle or a case just as you wish.

NOTICE OF SALE OF DELINQUENT STOCK.

ELIZABETH CONSOLIDATED GOLD and Silver Mining Company. Principal place of business, Salt Lake City, Utah. Notice.—There are delinquent upon the following described stock, on account of assessment levied on the 7th day of August, A. D. 1901, the several amounts set opposite the names of the respective shareholders, as follows:

Name	No. of Cert.	Shares	Amt.
E. C. Champion	1	398	$ 1 99
E. C. Champion	2	300	1 50
E. C. Champion	3	300	1 50
E. C. Champion	18	100	50
E. C. Champion	19	100	50
E. C. Champion	24	5,000	25 00
Thomas Cahoon	5	1	00½
Thomas Cahoon	6	1	00½
Thomas H. Clemons	20	1,000	5 00
B. F. Thomas	24	100	50
W. I. Barnett	50	198	4 99
Charles Stone	57	800	4 00
William Campbell	58	100	50

And in accordance with law and an order of the Board of Directors made on the said seventh day of August, 1901, so many shares of each parcel of such stock as may be necessary, will be sold at the office of the Secretary, 300 Progress Block, Salt Lake City, on the fifth day of October, A. D. 1901, at the hour of 12 o'clock m., to pay delinquent assessments thereon, together with the cost of advertising and expenses of the sale.

S. W. DARKE, Secretary.
300 Progress Block, Salt Lake City.

By order of the Board of Directors the above sale is hereby continued to Saturday, Oct. 12, 1901, at 12 o'clock m., at the same place as above set forth.

S. W. DARKE, Secretary.
October 5, 1901.

SEALED PROPOSALS.

SEALED PROPOSALS FOR THE ERECTION of two flights of stone steps will be received by the Board of Insane Asylum Commissioners at their office at the state insane Asylum, at Provo City, Utah, until 6 o'clock p.m. of Monday, October 14, 1901. A certified check for not less than five per cent of the bid must accompany the same. Plans and specifications can be seen at the Asylum or at the office of the architect, R. C. Watkins, Knight Block, Provo City, Utah.

Bids will be opened and contract awarded at 11 o'clock, Tuesday, October 15, 1901, at the office of the Governor in Salt Lake City. The successful bidder will be required to furnish a bond in one-half the amount of his bid conditioned that he will properly perform his contract.

The Board reserves the right to reject any or all bids.

BOARD OF INSANE ASYLUM COMMISSIONERS.
By Milton H. Hardy, Med. Supt.
