Sunday school at 12:15. Unity union on Wednesday evening at 8. Lecture by Rev. David Utter, subject, "Devil in Fiction."

Death of Another Pioneer.

Information has been received in this city by relatives of Richard Aldridge, of Cedar City, Utah, to the effect that he died at that place yesterday. The cause of his demise is not definitely stated but as he was 82 years of age it is probable that it was due to no unusual conditions. Word was first received of his serious illness on Wednesday last by his daughter, Mrs. Elizabeth Evans, of the Eighteenth Ward. The lady took the first train for the south to be present at her father's bedside, leaving this city Thursday morning. She, however, did not reach her destination until one hour after his death occurred.

The deceased was one of the pioneers of Southern Utah and was known as a exciting upright citizen. The time of his funeral has not been announced but it will probably take place tomorrow.

EXCURSION TO MERCUR.

Salt Lake Press Club Contemplates Giving One Soon—Annual Election of Officers Held.

The Salt Lake Press club has under consideration the question of giving a trip reduced rate excursion to Mercur in the near future. Active work on the undertaking will be begun at once. Special train service will be secured for the occasion and every possible effort put forth to make the affair a success. There are a great many well known business men in this city who have read considerable and heard much of the celebrated gold camp but who have never seen it.

The trip proposed can be made an exceedingly pleasant one. The scenery along the Salt Lake & Mercur road which winds about the dizzy eastern heights of the Oquirrh range eclipses that of any other line in Utah. The road itself is a marvel of engineering science and for curiosities anything to be found on the Rio Grande Western or Colorado Midland.

The club held its annual election last night. J. W. Hughes, the retiring president, was given a vote of thanks, as was also the other officers for their service during the past year. The newly elected officers are John E. Hansen, president; Kenneth C. Kerr, vice president; W. W. Stoddard, corresponding secretary; George E. Hale, corresponding secretary; George E. Dyer, treasurer; board of managers, Glen Miller, A. C. Rose, W. C. Higgins and John W. Hughes.

Home-keepers can save 50 per cent and have an absolutely pure article on their tables, by purchasing their syrup of our agents. A formula for making "Diamond Dye Crystal Syrup," 25c, and sample at Utah Skirt Factory, 36 Main Street, room 9.

The Weber Coal Co.,

Sell coal by the sack, ton or carload, from the Weaver and Grimes mines at Coalville, belonging to the Ontario Silver Mining Company, also Hock Springs, Castle Gate, Pleasant Valley (and Anthracite coal), prompt delivery, courteous and obliging teamsters; then coal and full weight guaranteed. Office No. 159 S. Main Street. W. J. Montgomery, Agent. Tel. No. 144.

Sheep Money.

At 8 and 7 per cent interest. Improved City Realty. Weiss, 70 Main.

Utah Commercial and Savings Bank

general banking business; pays 5 per cent on deposits. F. Armstrong, Pres., F. W. Mulcaster, vice-Pres., J. E. Jennings, cashier.

Take Your Wife

Enough Dyes in Diamond Crystal Fast Black. They are the best. Sold with each box of powder.

FROM THE GOVERNOR.

His Message to the Legislature on the State's Finances.

STATE TAXATION MUST GO UP.

Some Increase Needed—Road Issue Discussed—License on Foreign Companies and Inheritance Tax Advised—Economy Insisted Upon.

Following is the special message of Governor Wells sent to the State Legislature yesterday afternoon, as stated in the News report of the Legislative proceedings:

EXECUTIVE OFFICE, State of Utah, Salt Lake City, February 14, 1896.

To the Hon. President and Gentlemen of the Senate:

In accordance with my previously expressed intention, I respectfully submit for your consideration some suggestions in relation to the financial problems which at present confront the State.

I conceive it to be the joint duty of the Legislature and the Executive to provide in some way sufficient revenue to meet, first, the deficiency existing at the present, and second, the proper and necessary expenses of government for the current year.

By reference to the very able and comprehensive report of Territorial Auditor John T. Caine, for the years 1894-95 (pages 4-5-6), it will be seen that the outlay for the Territory at the assumption of statehood, that is to say, the excess of liabilities over available resources, was $633,385.11; and that that obligation inherited by the Territory falling due before July 1, 1896, amount to $73,847.04, making the actual indebtedness at the State July 1 next, $706,721.15. Of this amount there have been issued Territorial bonds (not yet due), amounting to $270,000; leaving the amount of indebtedness for which revenue should be provided, $436,721.15.

There are but two methods of raising funds to meet this indebtedness at this time, viz: By taxation, or by issue of State bonds. If taxation is resorted to, it will be necessary to fix the tax rate at such a figure that the revenue to be derived therefrom will pay the debt and also meet the current expenses of government. The tax rate for the years 1894-5 for general Territorial purposes, was 2 mills on the dollar, and for district school purposes, 3 mills on the dollar. Owing to the increased burdens of State government, the tax rate for the current year, as will be hereafter shown, must necessarily be increased for all purposes to at least 3½ mills. In order to pay off the floating indebtedness by taxation, it would be necessary to increase the rate 2 mills more, or to 5½ mills for all purposes, and as this would exceed the limit authorized by the Constitution, which is 5 mills, for all purposes, it is obvious that at least a portion of the debt must be met by the other method, that is, by the issue of bonds. It is my opinion that the taxpayers of the State would prefer, rather than to bear the excessive increase of taxation in one year, that bonds be issued to pay off the floating debt and that it be the confident expectation of the people generally that before the maturity of the bonds, increased revenues arising from increased population and wealth and proceeds of sale of lands for the benefit of State institutions now supported from the general fund, will enable the State to retire the bonds without increasing the tax rate on that account. As previously expressed to you, it is my belief that new State bonds can readily be marketed at four per cent interest per annum. I have pleasure in stating you that very able financiers both in Salt Lake City and New York have quite recently corroborated this view.

It is my recommendation, then, with reference to this Territorial deficit of say $270,000, that it be paid off by the issue of $200,000 of ten-twenty year coupon bonds, and that authority for such issue and for the disposal of the issue be given by you without unnecessary delay. I also suggest that authority be given the proper officers to remain at four per cent the outstanding issue of five per cent bonds of 1888, which are redeemable in 1898. Holders of these bonds will doubtless be willing to surrender the five per cent Territorial bonds, having but two years to run, for four per cent State bonds, having ten to twenty years to run, and from propositions already in my possession, I am led to believe it among the probabilities that negotiations looking to the bonding of the three different issues of 1890 and 1892 (comprising all the bonds outstanding) would prove effective, if the proper authority is given by you.

From the very careful and detailed estimate of Territorial Auditor Caine (pages 504-5 of his report), it will be seen that the probable expenses of State government and maintenance of State institutions for the year 1896 will be as follows:

Legislative department	$ 16,377 00
Executive department	7,500 00
Judicial department	37,500 00
Expenses of State militia	2,000 00
Maintenance of State institutions	102,000 00
Rent and care of the county records	1,500 00
Interest on bonded indebtedness	1,500 00
Interest on Territorial indebtedness	1,500 00
Expenses from public lands	1,000 00
State library	500 00
Interest on State of Utah	2,000 00
Interest on bonds	20,000 00
Interest on Wells's fair warrants	2,000 00
To this must be added, if $200,000 of the bonds shall be sold as herein suggested:	
Interest on bonds for 1 year at 4 per cent	$80 00
Also interest Territorial bonds not necessarily presented for payment	4,500 00
Also interest on bonds issued for funding floating indebtedness	10,000 00
Total estimated expenses	$204,356 00

The assessed valuation of property for 1895 was $20,000,000. Reckoning that the taking of mines and mining claims and coal lands, and the not annual proceeds of mines will yield revenue equivalent to an increase in last year's assessment of $12,000,000, making the total assessable property $32,000,000, and deducting therefrom all assessment for school purposes, $10,000,000, which leaves the estimate for general State purposes, $22,000,000. To this may be added estimated receipts from fees paid into the State treasury from all sources, say, $15,000, (by saving in interest on Wells's Fair warrants, if taken up by issue of bonds, as recommended), $2,750,000, earnings received on Territorial issue of 1885, if refunded at four per cent, $1,500,000. Total estimated available resources for general State purposes, $4,265,000.

Although there is no cause to this side of alarming revenues over estimated expenses, of $8,937.42, it will be noticed that if the estimated expenditures are marked down to the minimum, and many very essential needs of the State are omitted altogether, I have made up the above one in the foregoing estimate for expenses of assessing and collecting the State tax, because I assume that inasmuch as the county assessors and collectors are to receive first and definite salaries, you will provide by law, that such compensation, to be paid by the respective counties, will include the assessing and collecting of the State tax. In regard to the deductions for resistance and uncollectable, I have increased none in the estimate for the reason that the Constitution does not authorize any.

Accepting the foregoing as fairly accurate estimate, I recommend that the tax rate for the year 1896 be fixed as follows: For general State purposes, 2½ mills; for school purposes, 3 mills; total, 5½ mills.

From the careful examination of the financial condition of the State, it is plain that the most rigorous economy must be exercised, in order to bring the expenditure within the limits even after the issue of $200,000 of new bonds, and increasing the tax rate 1½ mills on the dollar over the rate of last year.

It should be borne in mind, also, that in one year there is to be another session of the State Legislature, the expense of which, probably $35,000, is not included in the foregoing estimate, although such expense will of necessity have to be met before the taxes of 1897 are available.

It is my earnest hope that before another year at least some revenue may be derived from the grounds of sale and issue of lands, but as comparatively such result is not assured, it will be imperative that selections of lands be made, and the approval of the secretary of the Interior obtained, in order that the latest practicable and desirable lands may be secured.

I recommend to your consideration the propriety of increasing the revenues to some extent by legislation, which will authorize the following:

A moderate annual license on foreign insurance and other companies doing business within the State.

A moderate inheritance tax to be paid by wealthy estates in probate.

A fee of not to exceed fifty cents per thousand on the capital stock of each corporation hereafter incorporated within this State.

All of these suggestions are actual realities in other States, and yield in some instances revenues that are of great advantage.

In conclusion, I cannot forbear to urge upon you the necessity of keeping the expenses safely within the revenues. No work or new undertaking, involving expenditure of money, not an absolute and generally recognized necessity, should be commenced at this session. Neither should unnecessary offices be created. We were elected upon a platform pledged to economy. Let us live up to our pledges. The party charged with the responsibility of legislation has had ample time to study the needs, and the duty of execution of which the people will hold it to the strictest accountability. If it shall succeed in fulfilling its responsible duties honestly, faithfully and economically, and use its power for the general good, its success for public trust will be demonstrated anew, and the people will know where to repose their confidence again.

HEBER M. WELLS,
Governor.

Funeral Services.

The funeral services over the remains of the late Martha E. Anderson, daughter of Joseph A. and Christina Simpson Anderson, of the Sixth ward will be held at the family residence, 351 west, Fifth South street, tomorrow, February 16, at 11 o'clock noon. Friends of the family are invited.

A Household Remedy.

D. W. Fuller, of Canajoharie, New York, says that he always keeps Dr. King's New Discovery in the house, and his family has always found the very best results follow its use; that he would not be without it, if it cost $5 a bottle. O. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best Cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at Z. C. M. I. Drug Department. Regular size 50c and $1.00.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and be relieved. This medicine has been found to be peculiarly adapted to the relief and cure of all Female Complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have loss of appetite, constipation, headache, fainting spells, or are nervous, sleepless, easily startled, or troubled with dizzy spells, Electric Bitters is the medicine you need. Health and Strength are guaranteed by its use. Only Fifty cents at Z. C. M. I. Drug Department.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Z. C. M. I. drug department.

A Recommendation from Los Angeles

632 Castelar St., Los Angeles, Cal.—After having suffered for a long time from sciatic rheumatism without obtaining relief, I used Chamberlain's Pain Balm and was almost immediately relieved. I highly recommend this as the best medicine known. D. M. HAMILTON. For sale by druggists.

In a recent editorial the Salem, Oregon Independent says: "Time and again have we seen Chamberlain's Cough Remedy tried and never without the most satisfactory results. Whenever we see a person all used with hoarseness, with a cough or cold, we invariably advise them to get Chamberlain's Cough Remedy; and when they do, they never regret it. It always does the work, and does it well." For sale by druggists.

The exposure to all sorts and conditions of weather that a businessman is exposed upon to endure in the cities often produces severe colds which, if not promptly checked, result in congestion or pneumonia. M. J. O. Dougherty, ex-manager of the Fort Bragg Redwood Co., an immense institution at Fort Bragg, Cal., says they sell large quantities of Chamberlain's Cough Remedy at the company's store and that he has himself used this remedy for a severe cold and obtained immediate relief. This medicine prevents any tendency of a cold toward pneumonia and insures a prompt recovery. For sale by druggists.

Important Facts.

If you have dull and heavy pains across forehead and about the eyes; if the nostrils are frequently stopped up and followed by a disagreeable discharge; if success in the nose and bleeding from the nostrils is often experienced; if you are very sensitive to cold in the head accompanied with sneezing; then you may be sure you have catarrh; and should immediately resort to Ely's Cream Balm for a cure. The remedy will give instant relief.

The Discovery Saved His Life.

Mr. G. Calloustle, Druggist, Bucksville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with a severe cough which all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began to use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at Z. C. M. I. Drug Department.

Cure for Headache.

For a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a speedy and permanent cure and the most dreaded habitual and headaches yield to its influences. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the bowels tone, and we know of no case long exist the use of this medicine. Try it once. Only Fifty cents at Z. C. M. I. Drug Department.

Bucklen's Arnica Salve.

ANOTHER RAMBLER DAY.

The Rambler boys made a great showing in the Ogden races. The first event of the day was the two mile road race in which McCandlay finished third, taking third prize and third time prize. The same race for the 1,000 long taking second in the novice. Fowler took first second, and Thatcher third in the novice race, 5 miles. In the "Rambler" race for boys, in the half mile race, Fowler took first, Sorenson second, Corbett third. Half mile class B, Thatcher second, Fowler third. Five mile class A, Thatcher second. In this race a man in a yellow suit led the field and McCandlay and Weiss followed immediately behind him, the latter was a spill for these parties and the one left to Evans. The five mile class B, was scored Hamilton second, the same man who for first second and second honors. Fourteen prizes in one day is pretty enough for any man.

People may laugh and people may jeer,
And cast may level of low praise,
But Chamberlain will ride Rambler day in spite
Regardless of low minded jealousy.

Moral—Buy a Rambler! Ride a Rambler and don't be a spoiler.
