FORESTY ORGANIZATION

At the Hotel Templeton on Saturday Evening.

Officers Elected and Constitution Adopted—John Park, President; C. A. Whiting, Secretary.

A number of gentlemen met in the parlors of the Hotel Templeton last Saturday evening, February 24th, to organize a forestry association. The meeting was called to order by C. A. Whiting, who nominated Dr. John R. H. Park for president of the evening. Dr. Park being unanimously elected took the chair and called in a general way the object of the meeting.

On motion of Prof. J. T. Kingsbury, C. A. Whiting was elected secretary for the meeting.

The president then called on the secretary to state at greater length the object of the meeting. The secretary stated that the object of the association, if organized, would be to study everything pertaining to the forestry problem of Utah, including a careful study of the present forest areas, the effect of timber on water supply, the best means of forestalling new lands, the best means for profit, shelter and ornamentation, the realtion of forests—both timber belts and the sage-to the free grazer, and such other subjects as may relate to the material development of Utah through our timber interests.

Mr. Sharp, of Kaysville, then addressed the meeting, stating the value of her forestry stations to Kansas.

He was followed by Mr. W. G. Hamilton, who gave a practical talk on the magnitude of the forestry problem. The president of the meeting then spoke of the forestry movement in Germany. Dr. H. J. Fauntleroy spoke, commending the movement.

Prof. J. T. Kingsbury spoke at some length, urging the immediate need of an association, if we were to escape great disaster from denuding our mountain sides of their trees. Dr. Howard then made an address favoring an organization.

The secretary then moved that it was the sense of the meeting that a Forestry association be organized. The motion was supported in brief speeches by Prof. Brimhall, of Provo, and Mr. G. Q. Cannon, of the University of Utah. The motion being put to the meeting was unanimously carried and the following constitution was adopted:

Constitution and By-laws of the Utah Forestry Association.

1—The name of this organization shall be the Utah Forestry Association.

2—Its object shall be the promotion of all forestry interests of Utah, and to secure such national and state legislation as may be deemed necessary to its purpose.

3—The signing of these articles of organization and payment of all dues regularly assessed shall be the full requirements for membership. Honorary members may be elected in the manner prescribed, for the election of officers of this association.

4—Its officers shall consist of a president, vice president, secretary and treasurer, elected annually, to constitute with their predecessors in office who shall have served one year, and are qualified.

5—The president of any local state organization of five or more members shall be a vice president of this association.

6—The duties of the executive shall be confided to a board of managers, consisting of the ex-officio officers—presidents of the vice presidents—and other other members, at least of the same class as are provided for in the same rules. The board shall have the power to fill any vacancy occurring in the membership between the annual stated meetings of the association. A quorum of this board shall consist of five members.

7—The duties of managers not apparent from its name or executive committee of five, will be specified in the bylaws, which shall be in the hands of the secretary.

8—Each of the officers shall perform the duties usually appertaining to such office.

9—Bylaws to govern the meetings and the duties of the executive committee shall be drawn up by the committee on constitution.

10—In the absence of the president, a vice president, on motion of any member of the organization, shall be chosen to preside at the meetings of the association.

11—If the president of the association is absent from any meeting the members may choose a president pro tem. The same rule shall apply to the secretary.

12—A resolution signed by a majority of the board shall be as valid as if passed at one of its meetings.

13—This constitution may be amended at a two-thirds majority of the members present at any regular meeting of the association, provided such amendments have been given at the prior meeting thirty days before the meeting.

14—A fee of $1 per year may be assessed against each member of the association by a two-thirds vote of the board of managers, but such assessment shall be solely to meet expenses of stationery for official correspondence, and to aid in publishing such bulletins of information as the association may issue from time to time.

The meeting then proceeded to the election of permanent officers.

On motion of Mr. J. M. Romney, Dr. John R. Park was nominated for president, and was unanimously elected.

C. A. Whiting was elected secretary and Prof. G. H. Brimhall, of Provo, was elected treasurer.

The following nine members of the board of managers were then elected: Dr. O. Howard, Salt Lake City; P. P. Christensen, Grantsville, Tooele Co.; President J. R. Park, Logan; Prof. J. T. Kingsbury, Salt Lake City; Hon. Charles Adams, Parowan, Iron Co.; W. G. Hyslop, Salt Lake City; President J. N. Benson, Logan; Mr. H. Kelting, Salt Lake City; Dr. M. H. Hardy, Provo.

The following are the names of the elected officers: N. Christopherson, M. H. Harry, G. H. Brimhall, W. G. Hyslop, G. Q. Cannon, J. F. Merrill, John R. Park, J. T. Kingsbury, H. J. Fauntleroy, W. L. MUCH TOO LATE!

This Boy was an Early Pioneer, but Others Were Ahead!

Editor Deseret News.

TOOE CITY, Feb. 18, 1894.—According to our family record my brother Lord was born November 3rd, 1847, in Salt Lake City and has always claimed the honor of being the first white boy born in Utah but residents that the girl was ahead of him. He and his mother are alive and can be found at Thurber, Wayne county, Utah.

Yours truly,
D. BONNEVILLE.

A Veteran Going.

The aged sister Fox, of Bountiful, which within a few months of 94 years of age, is reported as being very low and sending her end in sincerity. President Woodruff visited his aged friend and sweetheart yesterday, and found her mentally exceedingly precious. He was the means of bringing almost the entire family into the Church, having baptized them in Maine, and he brought them with him to the valley in 1852. The father of sister Fox was 99 years old when he died.

Utah Sheep in Wyoming.

GRANGER, Wyo., Feb. 22, 1894.

Editor Deseret News.

Thinking it would prove of interest to the readers of your worthy paper to hear how Utah sheep are faring out here, I send you the following for publication. Since January 23rd the ground has been covered with snow from four to six inches deep, and the weather has been cold ever since. The last few days we have been visited by heavy winds and snow which has been very hard on the sheep, and owing to the scarcity of feed this winter the sheep are getting very poor. If spring doesn't come soon, there will be quite nearly lost on the whole. I don't think it will exceed 15 or 20 per cent.

Respectfully,
C. W. OLSON.

Abate the Nuisance.

The corner of Second South and East Temple streets, at the Union cash, needs the special attention of the police department on each sunny afternoon. Crowds of unemployed men gather there, and unless there is a great change in the behavior of those who are in the habit of making loafing resorts in the business portion of the city, the place will be a nuisance. The street cleaners need from the corner mentioned to the entrance to the Templeton hotel, and from the Templeton hotel to the Union cash, and yet the habitual loafers are allowed to congregate and injure the sidewalk, and have been with impunity for months. Their conduct is at least offensive to passers by, and cannot be tolerated in any other country than this. Let the police do their duty in this matter.

Nellie and her Father.

Nellie Bessman was unsuccessful in her petition for a writ of habeas corpus, Judge Merritt being confined in court the case. As ruled in the News of Saturday, U. S. Commissioner Pratt on the previous day committed her for contempt of court, she having turned over to her attorney, in compliance with a court order, a watch which should have gone to pay a judgment of a previous judgment. Judge Merritt, after hearing Nellie's counsel and denying the writ, directed that she be returned to the custody of Sheriff McQuinn, the old set, however, relent to the thought of passing Sunday in the county jail and therefore obtained the watch somewhere it and got her freedom. That therefore has had a stormy history during the last month or two.

Crushed to Death.

Joe Hansoen, a young man employed in the coal mines at Castle Gate, as our news says the western Utah Telegraph, had the life crushed out of him instantly last Saturday, by a car passing over his body. He was standing on the front part of the car driving the mule to south, when he became overbalanced falling in front of the car wheels was heavily loaded with coal. It crushed his body almost to a jelly. He was about 23 years old and his parents reside at Spring Glen. He having worked in the neighborhood considerably he was pretty well known in these parts, and his many friends will be sorry to learn of his sad death.

WHO HIS WIFE AT LAST.

Married a Fourteen-year-old Girl in 1841 Whose Father Was Held the Claim.

After years spent in actions with his and wife-taking Evan A. Cochran has gained possession of what he considers a treasure—a lovely girl, our alleged wife of 17 summers. Cochran married Mary Mary Conley, the 14-year-old daughter of James W. Conley, in 1891. Conley has had sight over his daughter ever since, guarding her at the point of a shotgun. Conley had Cochran indicted in the Pottawattamie superior court for bigamy.

The case was carried to the supreme court and the decision received, that General holding that Cochran could claim his lawful wife with her consent and that Conley could not prevent him from so doing. Nevertheless, Conley had the girl, and Cochran could not get her away from the paternal roof. Cochran was granted a writ of habeas corpus for the possession of the wife, and the case was set for trial before his honor Judge H. W. Baldwin of the county court, Saturday morning. A large crowd was in the courtroom. The girl lay leaning with her hands Sheriff Swan. Colonel Thomas George appeared for the plaintiff, and Colonel G. L. Williams represented the defendant. Mamie Williams and Conley and the girl held a consultation. The girl told her father she would go with her husband.

Conley came back into the courtroom, his face flushed and showing unpleasant emotions. "Judge," said he, "release the case. I will get drunk for further proceedings." Turning to his daughter he the man father pulled off her hat and marched out of the courtroom. "Mr. Sheriff," said Mr. Conley back," and Judge Baldwin. He was brought back and the judge told him he had acted very unbecomingly in court, and that he could either pay a fine of $10 or apologize to his daughter then and there and promise to use the hot which he had so richly merited from her hands. Conley said he would not apologize, but would pay the fine. The case was then dismissed. The bride and groom re-
