County Assessor Elvin Dix appointed Fred A. Miller as deputy for Ogden City, and Miss Inez V. Adams to be clerk in his office. The board confirmed the appointments.

The bid of Ingebretsen and Wadman of $100 for painting the county jail and painting and papering Sheriff Bailey's offices, was approved by the board, their bid being the lowest submitted.

On account of the difficulties that have arisen between the county commissioners and city fathers with reference to the pest house, the county will erect a separate pest house on the property it desires to lease from the city.

A large number of bills were allowed, but some were rejected because they had not been properly sworn to, which rule will be followed in the future.

CITY COUNCIL SESSION.

At its session last night the city council approved and ordered published a formal notice of intention to curb and gutter Washington avenue south of Twenty-sixth street to Thirty-fourth street, the estimated cost to be $4,800. A similar notice providing for curbing and guttering on Grant avenue from Twenty-sixth to Thirtieth streets was laid over for one week.

An ordinance was passed creating sewer district No. 10, comprising the southern portion of the city, where it is proposed to construct sewers to cost in the neighborhood of $110,000. The proposition will be submitted to the residents of the district.

A communication was received by the council from Joseph Stanford, chairman of the board of county commissioners, explaining the position of the county in regard to the pest house, and denying that the county officials had refused to receive city patients. The communication also stated that the county would like to lease a piece of ground from the city on which to erect a new pest house. The proposition was referred to the public buildings and grounds committee.

The city engineer was instructed to employ temporarily a sidewalk inspector to inspect the work being done in the putting in of private sidewalks.

The council also transacted a lot of regular business, allowed a number of claims, payrolls and the like.

$150,000 COLLAPSIBLE BOX COMPANY.

The articles of incorporation of the Kinsey Collapsible Box & Commission company, with a capital stock of $150,000, have been filed with the county clerk. The stock is divided into 300,000 shares of the par value of 50 cents each, of which amount 155,006 shares are subscribed by the incorporators. The business pursuit of the company will be that of buying, manufacturing, leasing and selling collapsible boxes, crates, coops and other similar goods, to be manufactured under patents Nos. 602,290 and 696,451, issued to H. H. Kinsey by the United States government; also to conduct a cold storage business and a general commission business. The principal place of business shall be Ogden City. The officers elected for the ensuing year are, H. H. Kinsey, president; Ben Pearson, vice president; L. W. Parry, secretary; Max Davidson, treasurer, and they with A. R. Cave, A. I. Stone and J. R. Brown form the board of directors.

The company has leased the two-story brick building situated at 2253 Washington avenue, where they will open up their box factory. Their machinery has already arrived and is being placed, ready to start up at once. John R. Brown is to manage the concern. When it is taken into consideration that over 5,000,000 wooden boxes were used in Utah last year, it is quite certain the Ogden factory will do a successful business.

ROLAPP GAINS.

The recount of ballots by Judge Morse yesterday in the district judgeship contest was resumed, and the count of Morgan county challenged ballots was completed, also two districts of Davis county. In the two Davis county districts which were gone over, Howell lost 4, making his total losses to date 56. According to the official returns Howell carried Weber and Morgan by a combined majority of 111. By the recount he lost Weber by 22 and carried Morgan by 87. The court will this morning continue the consideration of challenged ballots in the remaining districts of Davis county.

The boys, who are about 12 years of age, were fooling with the rifle when it accidentally went off, the bullet piercing the Farley boy's right ear, struck the skull at an angle which caused it to glance upward, ploughing a deep gash in his head, but doing no serious damage.

Religion Class Conference—Painful Accident—Death of a Child.

Special Correspondence.

Springville, Utah, March 13.—Last Wednesday, evening the people of Springville in mass meeting assembled, instructed the city council to proceed in making arrangements for installing a waterworks system for Springville.

Dr. Seymour B. Young and Dr. Beatie of Salt Lake City addressed the meeting, coming here in response to an invitation direct from our mayor.

Both gentlemen fully demonstrated the advisability of putting in a system of waterworks, thus preventing so many diseases, caused from drinking foul water.

Wednesday evening the Y. L. M. I. associations gave a delightful reception to the officers of their associations. Games and refreshments and a fine musical and literary program were the events of the evening.

Elder Louis A. Kelsch of Salt Lake City, Elders A. C. Sorensen and Nephi Williams of Provo addressed the congregation yesterday afternoon, in general meeting in the interest of religion classes. In the evening a religion class conference was held.

PAINFUL ACCIDENT.

While feeding his cows last week John H. Manwaring, solicitor for the "News," met with a very painful accident. The hay knife fell down from above where he had been cutting the feed for the cows and the blade struck his hand, severing the cord of the first finger and cutting a gash in the second. Dr. Dunn sewed the cord together and dressed the wound.

The infant child of Harold and Josie Alleman was buried on Thursday.

Dr. Dunn, assisted by Dr. Smart, amputated the leg of a child of Mr. and Mrs. Fred Wing. The child had been afflicted with a white swelling for some time.

John Crandall, who was the victim of a painful accident down at Las Vegas a short time ago, is slowly improving. While drilling two sticks of giant powder exploded in the hole. His face and hands were badly cut and his eye nearly blinded. There are hopes of his not losing the sight in it.

L. E. Eggertson, county superintendent of schools, has been confined to his bed the past week with an attack of grip. He is better today.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffy or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken-down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by F. J. Hill Drug Co.

PANGUITCH.

SUDDEN BEREAVEMENT.

Mrs. Andrew J. Riggs Victim of Pneumonia—Earthquake Shock.

Special Correspondence.

Panguitch, Garfield Co., March 9.—Mrs. Christina Riggs, wife of Andrew J. Riggs, departed this life on the 7th inst. of pneumonia, after five days' illness. So sudden a taking away has cast a gloom over the entire community, as the blow came almost without warning. She leaves a husband and six children.

Monday, the 6th inst., there was quite a severe earthquake shock felt about 8:30 p. m., also again Tuesday morning at about 4 o'clock.

Sheriff Haycock returned yesterday from the eastern part of the county, having in charge Wm. Morr of Henrieville, who is charged with grand larceny. This seems to be a continuation of the case in which Mr. Sam Chynoweth, the man lately arrested by Sheriff Haycock in Idaho, and returned to this place, is associated.

Colds cause congestion and costiveness. Fluids which should pass through the bowels and kidneys are secreted by the nose and throat. Hollister's Rocky Mountain Tea will positively cure. 35 cents. Ask your druggist.

ST. GEORGE.

ILLICIT STILL CAPTURED.

Funeral of Charles D. Seegmiller—Matched Ball Game—Twins Arrive.

Special Correspondence.

St. George, Washington Co., March 11.—Yesterday County Sheriff Frank R. Bentley and U. S. Internal Revenue Collector Archibald Stewart made a flying trip to Leeds, and were successful in locating two illicit white eye stills, which were seized and brought to St. George today. The government will revoke the title to all real estate on which these stills are found. The officers are determined to stop the nefarious business in the county, and this makes the fourth captured within a year.

Yesterday the funeral of Charles D. Seegmiller, who was killed last Tuesday by his horse kicking him over the region of the heart, was held in the stake tabernacle. Much sympathy is felt in the community for the bereaved wife and children.

Last night the Inland Stock company closed a week's run in St. George. Yesterday the male members of the company played a matched game of ball with boys of the Woodward school. It seems they cannot play ball as well as they perform on the stage, and as a result the Woodward team occupied free seats at the theater last night. The score stood 11 to 48.

Last Saturday, the 4th inst., the wife of County Treasurer Nephi M. Savage, presented him with twins, a boy and a girl.

Another storm appears to be brewing.

CONTAGION ABATING.

Promising Farm Prospects—Apprehensive of Danger from Acetylene Plants.

Special Correspondence.

Monroe, Sevier Co., March 10.—The fall plowed land is rapidly being sown with grain. Prospects have never been better for many years. Water, no doubt, will be plentiful.

Our beautiful town is almost denuded of shade trees, which are being sawed into lumber, but hundreds of hardwood trees have been ordered to take the place of those cut down.

Tree spraying will soon commence for the purpose of killing the pests which did so much damage last year.

CONTAGION ABATING.

The public school was closed for two weeks on account of measles and scarlet fever, which are now abating. The three higher departments commenced again last Monday, the other three departments will resume next Monday.

On Feb. 23 the one-year-old boy of Ammon and Albertina Hunt passed away, and on March 5 the one-year-old daughter of Thomas A. and Alice Hunt also died from the effects of the prevailing diseases.

The fearful catastrophe at Granger fills our hearts with sympathy for the bereaved and suffering, and apprehension for the safety of people here, as our meetinghouse and several private residences are fitted up with acetylene light plants.

Lots of local endorsement to prove this.

Mrs. Sarah Beatty of 1361 west Fourth South says: "I have had attacks of backache for two years. For a week at a time I have been almost wild with pain just across the loins. When a person cannot bend, lift or turn, they are helpless, and naturally ardently long for some means to give even the slightest relief. A friend of mine who had obtained Doan's Kidney Pills at the F. J. Hill Drug Co.'s store told me they had brought her undoubted benefit and insisted upon my trying them. Following her advice I got a box and took a few doses. They helped. A continuation of the treatment for some time, much to my surprise, and considerably more to my gratification, stopped the trouble entirely."
