DESERET EVENING NEWS.

Tuesday, - - - - June 26, 1866.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only.

No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL. — This evening Madame Scheller will appear in her chaste and touching impersonation of Mathilde, in the drama of "Love and Duty," supported by an efficient cast. The play on its only previous performance here elicited the warmest marks of approbation, and many wished to see it repeated. It will be followed by a most amusing farce, the "Two Puddifoots," Messrs. Graham and Margetts playing Puddifoot senior and junior, with Mr. Lindsay, Mrs. Clawson, Miss Adams and Miss Alexander.

READING THE DECLARATION.—Lawrence Barrett, the actor, is expected to read the Declaration of Independence at Virginia, Nevada; John McCullough, the favorite actor of the Pacific Slope, is to do the reading in San Francisco; and David McKenzie will gratify the public in this city by being the Reader of the day "on the Fourth."

THEIR GRAVE.—A gentleman from North Willow Creek, Box Elder County, told us to-day that last Friday, when the wind was blowing from the south-east, myriads of grasshoppers were carried there, and alighting did considerable damage. The same wind must have blown vast numbers into the Lake, for our informant said they were heaped up on its shores, where they were thrown by the waves, as deep as a wagon bed. The Lake is a sure *quietus* for them, if they will only fly so far and alight on its briny breast.

A NICE PICTURE!—The *Denver News* has the following:

"A St. Louis *Times* correspondent says of Omaha: 'The state of society here could not well be worse. Shrewdness is everything. To call a man sharp or tricky, is to pay him the highest compliment. Dissipation of all kinds is general. The young *gentlemen* do not hesitate to visit houses of ill-fame in broad daylight, and even escort those ladies to *church*. In short, virtue and honor are obsolete here.'"

FROM SUMMIT COUNTY.—We are indebted to Col. T. Bullock for the following items from Summit County.

At a meeting held in Wanship, June 23, for the preliminary organization of a Femele Relief Society, Bishop George G. Snyder presiding, the following were appointed a committee: Mrs. Sarah Richards, Mrs. Mary Reynolds, Mrs. Susan S. Richards, Mrs. Sarah S. Alexander and Mrs. Ann Brizzee. Instructions were given as to the objects of the Society, and the good that will result therefrom, and an appointment was made to meet on June 30th at Sister Alexander's.

The celebration of July 4th was next taken into consideration. Messrs. Ross R. Rogers, H. W. Brizzle, H. S. Alexander, H. O. Young and T. Bullock were voted in as the committee of arrangements, and an appointment made for Tuesday evening at H. S. Alexander's store to complete the programme.

The locusts fill the air like a snow storm, while others are daily hatching out, and there is not enough of grain left to satisfy the people's actual wants. In the garden I have planted cabbage for the fourth time this season, and other things in proportion. Potatoes, peas and beets are apparently safe.

On the 25th of June the mountains were covered with snow. Since it has disappeared, the thermometer has run up to 88° in the shade. As variety is the spice of life, can any other place equal this?

FROM THE SOUTH.—Bro. L. R. Chappin, writing from St. Joseph, Pah Ute county, A. T., says: "I have just come through from Cedar city. There is some sickness at St. George and at the Beaver Dam Wash. Two or three wells are needed on the new road between St. George and St. Joseph, and then it will be a good road to travel the year around, otherwise it will be very hard for teams in the hot season. Most of the wheat here is harvested and stacked. The cotton crop is rather backward, the weather having been rather cool, which has made it more favorable for wheat. The missionaries who came here last Fall have been doing their best. The health of the people is generally good."

RECEIVED.—We are obliged to Bro. Jonathan Midgley for a report of the proceedings at the meeting in Nephi, on Wednesday last, 24th. Our correspondent, in accepting our thanks, will see that a full report has been already published in the NEWS, from the pen of Bro. Samuel Pitchforth, which obviates the necessity of publishing that now forwarded by him.

GROWING.—The way that vegetation is shooting ahead just now, with the warm weatner, is considerable of an item to farmers and gardeners, and to everybody else around.

SOME HEAT.—While people are sometimes puffing and fanning themselves with the thermometer about 90°, they might fancy they were enjoying a "cool time" by reading the following from the Hays city *Advance* of June 16th:

"On Sunday the mercury marked 106 degrees in the shade, about ten o'clock. Yesterday, at the same hour, its range was 104°. At six o'clock, 100°. Yuma don't rank this country much. The wind, in its scorching decreteies, would do honor to the Great African Sahara. To-day the thermometer marked 100° in the shade at one o'clock, p.m."

BIBULOUS.—The *Rocky Mountain Sunday School Casket* for July says that "twelve cents are spent *every second* in Colorado for intoxicating drinks." Seeing the statement comes from such a source we must believe it; but what a bibulous lot the Coloradoans are if it is true! Over three millions and a half of dollars yearly spent in drink in that Territory!

MINING ACCIDENTS.—Last evening a miner in the Chollar Potosi, John Casner, fell down a chute a distance of about 60 feet. He suffered a fracture of two or three ribs and was severely cut about the head, besides being badly bruised on his body. His presence of mind doubtless saved his life, for when he felt himself going he nerved himself for the worst, straightened every muscle in his body and slid rapidly down the terrible cavity, keeping his nerves to their utmost tension until he struck the ore pile below. Had he relaxed an instant his body would have been bent and thrown against the sides of the chute, and he would doubtless have been killed. Proper surgical attention was given him and he will no doubt recover in a few weeks. At the same chute, on Saturday night, a miner named W. H. Nichols was unfortunate enough to receive a fracture of the leg from a boulder which came tearing down from the chambers above and struck him just below the knee. The fracture was properly attended to and Mr. Nichols is now doing well. An accident, whereby Wesley Williams, of this city, suffered a fracture of his ribs, occurred at the Imperial Empire shaft Saturday night. He fell 50 feet and caught upon a stationary platform. This morning Dr. Webber, of Gold Hill, informed us that he apprehends no danger of fatal results. This morning James Morse unfortunately got his foot on the car track, and a loaded car passing over it, severed the first and second toes and badly jammed his foot.—*Virginia Trespass, June 22.*

FRESH PEACHES.—The San Francisco *Times* of the 23d ult., chronicles the appearance of fresh peaches in that city, which sold at a fabulous figure.

ARRIVALS AND DEPARTURES BY STAGE.

From the East.—James H. Ball, Robert Richmond, John S. Thornley, A. Lamb, W. Munson, G. D. Russell, Alfred Clare, H. S. Redall.

From the West.—G. J. Lidster.

To the East.—Wm. Gilbert, O. Durant, Le Grande Young.

To the West.—A. B. Todd, Samuel Marsh.

Special Notices.

BYRNES & KIRKWOOD feel thankful to their friends for past favors, and would say, they desire to continue in the confidence of the public. Our Goods, all of the best quality, will be sold at reduced prices to correspond with the times. d187:1w
