FOOT BALL TEAM OFF FOR COAST

Maddock's Men Will Play St. Vincent's on Home Grounds.

MEET BOULDER WEEK LATER.

If Both Contests Result in Utah Victories Championship of Coast Will Be Within Reach.

Saturday a game of football will be played in Los Angeles which will have much to do with Utah's future opportunities for wining high place in the final scores of the year. Last night Coach Maddock and his team, with five substitutes, left for Los Angeles to meet the St. Vincents aggregation, a team with a good local reputation and a winning score over Denver university secured a week after Utah defeated them here.

The men who go with Maddock are in much better form than when Denver was defeated, since that was an early season's effort, played before the team reached normal form. A win means that if Utah later trims Boulder and Colorado College, the team may then annex the southern coast championship as well as the intermountain, for the simple reason that football is not played at Stanford and California universities, and only The south are there teams to be met with, except in the far north-west.

Should Utah lose, the intermountain championship would not be brought into question, and Utah is in competition for this with Boulder and Colorado College. The net effect on the championship possibilities of last Saturday's games is given by T. E. Nowels,a Colorado Springs writer as follows:

COLORADO SITUATION.

A kaleidoscopic change came over the Rocky mountain intercollegiate football situation with Saturday's games, proving Coach Gilkey's contention that dope counts for nothing. Within the brief space of an hour the Miners lost their chance of wining the Rocky mountain championship, the Tigers,on account of their showing against Denver, although they won by a good margin, dropped back a notch, while Boulder and Utah forged ahead to a position alongside of Gilkey's nots.

THREE CONTESTANTS.

Today the situation is this: The Tigers, Boulder and Utah are running neck and neck for the championship, with the Miners a close second, having the Aggies and Denver to fight it out for the booby prize.

Had the Tigers made the showing in the second half that they did in the first against the Preachers, they would have forced the critics to accord them the honors of first place in the race, in spite of the excellent work of Boulder and the Mormons. But they didn't. In fact, Denver clearly outplayed the Colorado Springs men in the last half of the game, ripping great holes in the college line and showing it to be woefully weak in spots. While the Tigers have shown in such inter-collegiate games played that they have one of the best sets of backs in the league.

BOULDER'S STRONG LINE.

Boulder demonstrated in the game with Nebraska that her line is a stone wall. It is a patent fact that slow backs with a strong line are able to accomplish more, than fast backs with a weak line, and if the Tigers hope to win from Boulder on Nov. 9 they will have to devote the next two weeks to strengthening the guard and tackle positions.

BASKETBALL LEAGUE.

One Organized in Utah County and Schedule of Games Made Up.

The Utah County Basketball league has ben organized and the schedule of games for the championship made up. There are six schools represented in the league and 15 games in all will be played for the silver loving cup. The dates decided upon are as follows:

Dec. 20.—Payson vs. American Fork, Lehi vs. Spanish Fork, Pleasant Grove vs. Springville.

Jan. 10.—American Fork vs. Springville, Spanish Fork vs. Pleasant Grove, Payson vs. Lehi.

Jan. 24.—Lehi vs. American Fork, Pleasant Grove vs. Payson, Spanish Fork vs. Springville.

Feb. 7.—Pleasant Grove vs. Lehi, Payson vs. Springville, American Fork vs. Spanish Fork.

Feb. 21.—Lehi vs. Springville, Spanish Fork vs. Payson, American Fork vs. Pleasant Grove.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only $12.00 worth of Dr. Miles' Heart Cure and Nervine, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nervine might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

REVOLUTIONIZE AUTO TRACK RACES

If Continued in America With Sanction of Association.

New York, Oct. 31.—Automobile track racing, if continued in America with the sanction and approval of the American automobile association, will be completely revolutionized in respect to the methods of conducting such events and the restrictions imposed. The committee appointed by the directors of the American automobile association a month ago to consider the future policy of the national organization on this important matter have agreed upon a report which will be acted upon by the association in the near future.

The committee does not make the radical recommendation that the track contests be abolished,but proposes changes in the sanction-giving power that will mean a material reduction in the number of such events, while at the same time safeguarding to the greatest possible extent.

IMPORTANT CHANGES.

Most important of these changes are that no sanction shall be granted for any track meet except to a club organization affiliated with the American automobile association; that such action shall be accompanied by a photograph of the track turns and a certificate stating that every detail of the track and grounds has been carefully examined. The American automobile association will then appoint a referee who shall pass upon the fitness not only of the track, but of the competing cars, and driver. He will have power to refuse drivers to compete who are known as reckless drivers.

That a strong sentiment against track racing exists throughout the country was indicated by the result of the club vote asked for on this question. President Hotchkiss announced that of 33 clubs voting 27 were against the granting of any track sanctions. Three were in favor of holding races under certain restrictions, while only three voted for track racing unreservedly.

AUTOMOBILE NOTES.

An advertising man, who has recently made a tour of all the factories of the Association of Licensed Automobiles Manufacturers, says: "Talk about there being no improvementes in the 1908 cars! I want to tell you that the cars being turned out for next year are as far ahead of the 1907 cars as the 1906 cars were ahead of 1904 models, and at the show of the licensed makers in Madison Square Garden, the first week in November, a man will be able to look over the finest lot of American cars ever seen; cars that will be more like those of the European makers than any shown heretofore. The changes made have been in but it is in just the matter of refinement the direction of refinement, it is true, that foreign cars have surpassed the home product in the past.

An old time maker of bicycle tires, now retired, makes the following comment on the automobile situation: "In looking the field over it strikes me as curious how the automobile tire has been evolved, or adapted from the bicycle tire. The common clincher type in use on cars today is practically the old bicycle clincher made larger and thicker. The principle is the same. An exception to the rule is the Fisk mechanically fastened tire, which is put on with bolts so that it cannot be torn off. This exception was designed for automobiles, and so far as I know it is the only one. The others are little more than grown up bicycle tires: Which is odd, when one considers the amount of inventive ingenuity that has been expended in the automobile field and the number of accidents caused by tires pulling off.

When a motorist keeps his car "tuned up," contentment perches on his steering wheel.

American machinery has been used extensively by the automobile makers of Europe for producing cars of recognized superiority. The foreign factories are replete with Yankee machines and new ones are installed as fast as invented or improved. The metals of Europe always have been known to be superior, but the car makers over there have to import their machinery. These facts naturally suggest the possibility of effecting the same combination here, by importing the material instead of the machinery. By doing this, one great corporation, the American Locomotive Automobile Company, has obtained speedy pre-eminence for its product and it seems strange it was not done successfully before.

As an illustration of how some people buy cars, it is said that men who know nothing whatever about automobiles go accompanied by any expert friend to the Rainier company and purchase without having a demonstration. The sole thing they inquire closely about is the "guaranteed free of repairs for a year." Their thought being that if the car should not prove good, such a guarantee will "make good" for it, and so they have a "cinch."

What oil is to the engine, politeness is to friction of highway traffic. Politeness, as well as the oil should be kept always on tap.

When the engine gets to missing a little and no fault can be found in the ignition or valves,it is well to look also to the muffler to see if it is clogged. A choked muffler will cause an engine to miss sometimes because of the back pressure.

SIX DAY BIKE RACE.

Getting Ready for Long Grind at Madison Square Garden.

Matters in connection with the six day bicycle race, to be held in Madison Square Garden, New York City, December 8 to 14, were galvanized into life by the return of P. T. Powers from Europe, and his announcement of the extraordinary bunch of foreign stars he has induced to sign for the big annual event. Teams have not been definitely arranged, but the following riders have been engaged: Louis Darragon (France),Petit-Breton (France), Walter Rutt, (Germany), Johann Stol, (Holland), Carlo Vanoni, (Italy), Antonio Dussot, (Argentina), Harry Reynolds, (Ireland), Edmond Jacquemin, (France), and George Passerieu, (France). Odds on the probable team arrangement is to the effect that Darragon who is the world's champion pace follower, will ride with Breton, and that Stol and Rutt will be team mates.

JOCKEY MAHER WINS.

London, Oct. 30.—At Newmarket today the Cambridgeshire stakes, a handicap of 25 sovereigns each, with 300 sovereigns added, for three-year-olds and upwards, one mile and a furlong, was won by Land League. Matua was second and Stick-Up third. Fifteen horses started.

Matua was ridden by Danny Maher, the American jockey, and was a hot favorite at 2 to 1 against. The betting was 8 to 1 against Land League.

SALT LAKE LANDS WATERLOO CUP

Famous Coursing Trophy Captured by B. F. Redman's Ring Lady.

KEEPS HOUND AND THE PRIZE

Winner Raised by Handy & Williams Of Fairbault, Minn.—On On Dago Favorite in Race.

In the finish of the Waterloo cup coursing event at the state fair grounds yesterday afternoon a big surprise was sprung when Ring Lady, now owned by B. F. Redman of this city, captured the classic trophy after being quoted at 25 to 1 on the start of the finals. The speedy hound and the handsome trophy remain in Salt Lake for this year, while the prize money goes to Handy & Williams, of Fairbault, Minn., who raised the dog.

The favorite in the big event was On On Dago, the Colma hound. This dog was the runner up, a strong favorite but was beaten by Ring Lady. The nominations for the event were owned by other than Salt Lakers, but local owners wanted to have Salt Lake represented and a deal was made with Handy & Williams whereby this could be accomplished. The agreement was that if Ring Lady won a prize in the race owners should take the prize money while Redman kept the dog. Redman and Elliott paid the entrance fee of $25 and the dog was entered. Thus began the struggle for the cup. Ring Lady performed perfectly round after round and finished the great work by winning the cup.

In the final On On Dago was still a favorite over Ring Lady, the figures being 5 to 3.

When the supreme test came the dogs got away well. The rabbit was strong and fast and the pace set was a terrific one. The run up and first turn went to Ring Lady, making three points for the hound. On On Dago got the next turn The hare then started straight up the course gor the escapes with Ring Lady leading the other dog. The local dog, before reaching the finals, met Clyde and Tres Bien and proved equal to the task.

The Waterloo purse will be finished this afternoon with ten dogs entered. The first round was run off yesterday afternoon between the hounds defeated in the first round of the Waterloo cup. The Waterloo plate, with ten dogs defeated in the second round will also be run this afternoon.

The results of yesterday's events follow:

GAME WITH OGDEN.

Red and Black Warriors Have Hope Of Regaining Championship.

Next Saturday the Salt Lake High school has a score to even up with Ogden. Last year Salt Lake lost to Ogden for the first time in the memory of football, and this year the team has had its eye on this game from the beginning. Coach Callahan who spends the early part of the season telling his boys that he hasn't time for them, and the last half speeding up their plays to fighting form, is with them now, and the players are getting down to shape.

Friday evening the Red and Black rooters will be out in force on Main street, and will hold a rally of large sized proportions. The Juniors yesterday sent dodgers around the town calling upon the team to "hand Ogden a lemon."

GAME AT STANFORD.

Stanford University, Cal., Oct. 30—Stanford outplayed Vancouver this afternoon, wining the first game of the rugby series, 23 to 12. Fenton kicked three goals.

RUMORS OF WAR IN BASEBALL END.

New York, Oct. 30.—Notwithstanding all the rumblings of discontent which have ben heard during the last three days, while the representatives of minor baseball league organizations have been in session here, it is believed there will be no upheaval in the ranks of the National Association of Professional Baseball leagues.

President P. T. Powers of the national association called the second day's meeting of this body to order this afternoon and after a four hours' session an adjournment was taken until 10 o'clock tomorrowing morning.

Twenty-three of the thirty-six leagues in the association were personally represented. J. D. O'Brien of Milwaukee, president of the American association, submitted two resolutions which were adopted at a conference held in Chicago last Sunday. These were to the effect that the Pacific Coast, Southern and Western leagues be reduced from Class A to class B organizations and that the national board be reduced from seven to five members. Both resolutions were tabled. Another, asking that all future meetings of the national association be held in Chicago was adopted to the extent that next year's meeting will be held there.

Judge McGuire of Portland, Ore., invited the national body to meet in Seattle in 1909, and J. C. Ewing, the newly elected president of the Pacific Coast league, extended an invitation to the association to met in San Francisco that year and then go to Seattle as guests of the Pacific Coast league.

These suggestions also were tabled. The general impression was, however, that two years hence Seattle will be the center of attraction for the minor league, and that after tomorrow's meeting all differences between the factions will be settled.

RUNNER COLLAPSED.

Toronto, Oct. 30.—Tom Longboat,the Indian sprinter, did not finish his run of 45½ miles from Hamilton to Toronto today. He left Hamilton at 12:40 p. m. and made good progress until he reached Oakville, 20 miles from here. He then began to show signs of distress and finally collapsed at Humber, four miles from his destination. It was then two minutes to 5 o'clock.

Four Diseases That Wreck Men Cured

We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money either in small payments or in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No other specialist offers you what we do, for we have the only certain cure known for all curable cases.

NERVOUS DEBILITY

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back lame? Is your memory failing? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally, as nature intended.

WE CURE IT IN 30 TO 60 DAYS.

Quick results, lasting ones.

BLOOD POISON

May be either hereditary or contracted. The former causes eczema, rheumatic pains, scrofula, etc. The latter begins with a small pimple, followed by sores in the mouth and throat which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other terrible symptoms, such as paralysis, locomotor ataxia, cancerous growths, decayed bones and flesh.

WE OVERCOME IT IN 30 DAYS.

Symptoms disappear in 1 to 3 Weeks.

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side), caused by lumps, bicycle riding, etc. In time it sags a man's physical and mental strength if neglected.

WE CURE IT IN 5 DAYS.
by absorption, without pain.

OBSTRUCTION

of the Urethral passage causes a partial or complete closure of the canal due to the disease improperly treated, strains and the injudicious use of instruments, such as sounds.

WE CURE IT IN 15 DAYS.
by absorption. No pain, no operation.
