Longshoremen Rioting.

NEW ORLEANS, 30.—The striking, colored, longshoremen, to-day, endeavored to drive away the men at work loading the steamer *Natchez*; the police interfered, but were obliged to use revolvers before the mob was dispersed. Several of the negroes were wounded.

The Investigation.

George E. Head, major of the third infantry, testified before the investigating committee, that Marshal Seeleye showed him a list of a hundred and fifty persons to be arrested October 20th, and asked the witness to aid him; he did not help and couldn't say whether troops were used for political purposes.

H. C. Meyers, a resident of Natchitoches parish, testified that the trouble among the people there is due to excessive taxes. He did not think many negroes voted with the democrats. He never heard of any negroes that were hung in his parish. Mr. Frye questioned him as to the cause of their leaving home, and the witness said it was through fear of personal injury. The republicans were safe there up to the time of the meeting on the 22d of July. Thirty-three persons, twenty-two of them colored, had been killed in the parish since '68, and nobody was punished; some were brought to trial and were acquitted. Mrs. Meyers corroborated her husband's testimony.

Thomas Lightfoot (colored) testified that while under bond for cow stealing, Mr. James promised him if he would work and vote for the democrats that his final discharge was assured; he was offered 400 or 500 dollars to testify before the committee for the democrats; he had never been offered anything by the republicans. He had received $30 from a club, with which to buy colored voters at $2 each.

Sandy Rice (colored) testified that he received $75 for voting the democratic ticket, and had an offer of $400 to testify before the committee for the democrats.

Governor Kellogg was cross-examined as to why he hadn't sent the metropolitan militia to Grant parish during the troubles there. He said that Judge Manning and other prominent conservatives assured them that there would be no trouble, and steamboat men refused transportation to the State militia. When General Emory sent up troops he had to almost buy the boat. He said that taxation in the country parishes was not excessive. When the White League operated the delinquent tax amounted to double the parish debt. The lowlands on the Recte were assessed at five dollars an acre, while the products of those lands were worth five times as much as the corresponding lands in the hills. In New Orleans the assessment was high and the system was bad; the commerce of the city is greater to-day than for twenty years. The import trade had fallen off owing to riots and political trouble, but the western product and steamboat trade had increased. The governor continued at great length, giving facts about the commerce of the State and its internal interests.

WESTERN.

News from China and Japan—Transit of Venus.

SAN FRANCISCO, 30.—The Pacific Mail Co's. chartered steamer *Altona* arrived this evening from Hong Kong, *via* Yokohama. She left Hong Kong December 28. On December 30, 31, and Jan. 1, there was a terrific N. E. gale, during which the ship hove to. Thence to Yokohama, where she arrived January 6. She sailed thence Jan. 9. On January 10 and 11 there was a cyclone blowing from S. W. to N. W. and W., during which she lost two boats, and shipped heavy seas which smashed the deck fittings, &c. Bad weather continued to meridian 180, and thence to port it was moderate.

Hong Kong advices to Dec. 28, say that the cruise of the U. S. ship *Saco* had been temporarily postponed in consequence of her services being required to search for the survivors of the Pacific Mail ship *Japan*. The *Saco* rescued nearly 150. The Peking *Gazette*, the official government paper, continues silent as to the settlement of the Formosa affair. It is again asserted that all knowledge of the transaction from beginning to end has been withheld from the Emperor by Prince Kung and others. It is estimated by the Chinese unofficial papers that the Chinese expenditures for the war preparations reached nearly six million taels, for which there is now nothing whatever to show. The Viceroy of Fukien has returned to Fuchas, having tranquilized the southern part of the province. There were new rebellious demonstrations in Kiveichao, in addition to those previously reported. Work on the telegraph from Fuchao to Amoy continues, in spite of prohibitions from the local authorities, who seem unwilling to interfere forcibly with the operations of the foreign agents. Thirty-five miles are now completed. Riots, in which several thousand of the peasantry were engaged, had broken out at Laichao, in the Tintai district, in consequence of the increased tax on rice; there had been serious conflicts with loss of life between the rioters and soldiers. A loan to the Chinese government had been negotiated by the Hong Kong and Shanghai banking corporation, of one million seven hundred and twenty thousand taels, or two million, three hundred and ninety-eight thousand eight hundred and eighty-four dollars, repayable in ten years, by half-yearly instalments; interest eight per cent.

YOKOHAMA, 9.—The Reverend David Thompson, of Ohio, has been appointed interpreter to the U. S., legation at Yedo. The diplomatic corps was received on New Year's day by the Mikado, and addresses of congratulation were exchanged. The U. S. trade dollar already enters largely into circulation at Yokohama in competition with Mexicans, hitherto the only coin current among foreigners in the east. The small pox was unusually prevalent in Yedo and Yokohama; a few foreigners had died from it. Vaccination is compulsory for Japanese and Chinese, and is offered gratuitously to all others. Financial difficulties continue. Two large national banking houses have followed the example of Ono, and suspended payment; the government has supplied assistance in both cases. Saigo, commander-in-chief in Formosa, arrived at Yedo Dec. 27, and was received with great honors by the Mikado and public officers. The imperial palace at Yedo, destroyed by fire in 1873, is about to be rebuilt in a foreign style of architecture. Miyanoskita, a celebrated summer resort near Yokohama, has been totally destroyed by fire. The American mails now pass through the Japanese post-office. The inauguration of the new arrangement was celebrated by a dinner in Yokohama, at which addresses were made by Ito, minister of public works, Mr. Bingham, and Sir Harry Parkes. The difficulty respecting the transmission of the mails from Yokohama to Hongkong has been arranged for the present by the U. S. consulate. Another annual industrial exposition will commence at Kioto in March. The U. S. consul general has occasioned some surprise in Japanese official circles by addressing letters to one of the departments in reference to and in behalf of an American recently dismissed from employment; he has been informed that communications on such subjects cannot be received from him.

Doctors Peters and Harkness, of the American expedition were only successful observers of the transit of Venus in New Zealand. The observations at Hobart Town and at Campbell town, Tasmania, were obstructed by clouds and they lost the first part of the transit. The German party at the Auckland Islands had a successful observation.

A Valuable Book Discovered.

LOUISVILLE, 31. — A book for which a reward of 1,000 pounds in gold had been offered by Galbourne, of London, relating to members of the royal family, of England, has been discovered in the possession of a gentleman here; the book, which is in two volumes, was received in this city in '73 by a book dealer named Taylor, and was supposed to have been put by mistake in a case of books ordered from London; they were afterwards purchased by their present owner. The book is a memorial of George 4th, containing a minute history of all the scandalous passages of his life. Among other matters the fact of the marriage of King George with Mrs. Fitzherbert is proven by letters and documents, taken from the royal archives; it also testifies that a child was born to Mrs. Fitzherbert while in lawful wedlock.

UTAH AFFAIRS.

Congress and Polygamy,

Including the

POLAND BILL.

THE ABOVE IS A SERIES OF LETTERS by "VERITAS," intended to give the reader some acquaintance with affairs in Utah, political, religious and otherwise; and to show, in some degree, the real objects certain men have in view, in urging upon Congress special and proscriptive legislation for Utah.

The writer has used, very generally, the language of prominent and disinterested parties, knowing that such matter has the greater weight.

Price 25 Cents.
