EDUCATIONAL MATTERS.

The Ogden High School—Military Academy—Sacred Heart Academy—Territorial Reform School.

Through the courtesy of Superintendent R. S. Page, of the city schools of Ogden, a News representative was accompanied by that genial gentleman to the various departments and buildings belonging to the system. The first visit was made to the high school, which is in charge of one of Utah's veteran educators, Prof. T. E. Lewis. [illegible]

Ogden, not unlike Utah's metropolis, needs a commodious high school building in order to keep pace with the growth of the city, and the increase of school population. More room is needed, and a better equipment demanded relative to apparatus and a well selected library. Among the fine school edifices of the city may be mentioned the Grant school, Quincy school, Madison school, the structure at Five Points and that at Mound Fort. [illegible]
