Information was received from St. Mark's hospital that the wife of Mr. Mrs. James Searle, who was operated on for appendicitis yesterday by Drs. A. L. Hobson and L. G. Wilkerson of the firm of Hobson & Wilkerson, have obtained judgment against the latter in Justice Somsen's court in the long pending case of Hobson & Wilkerson vs Salt Lake City. Colonel Deseritter of the Commercial National Bank received a telegram last evening from his son John Thomas, announcing that he had safely arrived in San Francisco in perfect health. The young man was not there by his wife as was stated in the News, but waiting for her arrival for a week. The latter is residing temporarily in Sacramento and is expected to arrive here with her husband in a few days. Mr. Deseritter left here a number of months ago for the Klondike, but subsequently joined a chief clerkship under General Green and still later succeeded to the same position under General Hall. His duchess from the service was secured through the efforts of his wife with our department chiefs.

A morning paper had a very pretty story today regarding a young girl named Della Grant, at present residing Silver City, in the city jail on the charge of immorality, who, according to the news, has been tempted by her parents to leave with the intention that they had telegraphed her transportation to return to her home in Salt Lake. There is a little truth in the story, for there is a Della Grant in the city jail at present "doing time" who is young, and apparently has considerable intelligence. A dispatch regarding the girl in question was received in Salt Lake but evening and the police went off the track with parents, story and all. The girl here is not the one who was one of those Minnesota duchesses that the Salt Lake newspapers delighted in "exposing."

The Women's Republican club held its regular monthly meeting yesterday afternoon at the home of Mrs. W. H. Jones. Owing to the unfavorable condition of the weather the attendance was not quite so large as usual, but a delightful hour was spent in the library, after which Mrs. J. E. Lakin read a very interesting and entertaining paper on the "Formation of a Third Party." Miss Anna Pomeroy rendered several vocal selections in a delightful manner. Addie Pomeroy, who is one of the club's work, hereafter a portion of each meeting will be devoted to the study of the political, historical and patriotic literature. The next meeting will take place the first Monday in June at the home of Mrs. Clarence Bradley, 31 south Second West.
