# MINING, BUSINESS AND STOCKS

# **EXCHANGE LISTS** THREE PROPERTIES

Knight Interests Add More of Their Holdings to Mining Stock List.

IN AMERICAN FORK CANYON.

Mineral Flat, Major Evans and Mitter Hill Are Now on Salt Lake Stock Exchange Board,

Three more of the properties consociates were added to the list of the Salt Lake Stock & Mining Exchange this morning, when Mineral Flat, Major Evans Commildated Mining & Milling company, and the Miller Hill Mining company were admitted to the board by the listing committee. In all three of the companies Jesse Raight

all three of the companies Jesse Knight is the president and R. E. Allen, secretary and treasurer. The companies are all incorporated for \$100,000 each, with shares at 10 comes each.

Mineral First was incorporated on \$ept. 13, 1907, with 200,000 shares of stock in the freezery. All this has been sold and there are \$15,296.48 worth of accounts payable. The company owns 15 unpatented claims in American Fork canyon, seven of which have been surveyed. There are 100 feet of sharts, \$50 feet of tunnels, 10 feet of winzes and 25 feet of transle. In feet of winzes and 25 feet of transle. In feet of winzes and 25 feet of transle. On the property is situated a power plant and 2,000 feet of pipe line, a boarding house, bunk house, and blacksmith and carpenter shops. The property has shipped ore. The ore contains copper, lead, gold and silver.

MAJOR EVANS COMPANY.

MAJOR EVANS COMPANY.

MAJOR EVANS COMPANY.

The Major Evans company was ofganized Nov. 21, 1907, with 180,000 shares of stock in the treasury. Of this mount 62,000 shares have been sold. At present there are 125,000 shares of etock in the treasury. The company also has 31,847.50 in the treasury and no debts. The company owns 21 unpatented, all surveyed, claims. At present three men are employed on the property. There is 40 feet of shafts and 150 of tunnels on the property. The claims are 14 miles from the railroad and there is a cabla and blacks with shop on the property.

shop on the property.

The Miller Hill company was incorporated Dec. 29, 1909. Half of the 400,-690 shares of treasury stock has been sold. There is \$9,000 cash on hand. The company owns 23 claims, unpatiented, but 22 of whoch have been surveyed. Two then are employed and the work on the property amounts to 30 feet of shafts and 370 feet of tunnels. The property is 19 miles from the railroad and has a blacksmith shop and a cabin on it.

### BIG MONTH FOR STOCKS.

Exchange Does Million and Three-Quarters of Business in February.

At the close of trading on the Sait Lake Stock & Mining exchange today, this business institution closed the busiest month this year. For the month of February \$1.743.672.54 worth

month of February \$1.741.673.54 worth of stocks changed hands, the number of shares being \$.023.181.

Trading was glower on the local exchange this morning and sourcely any of the larger stocks showed their usual activity. Colorade showed more of a tendency to saw and at the close was selling at \$3.1745. Sloux Con., continues to move lower, with evidence that considerable trading is being done on margine. From Blossom was about the only fron Blossom was about the only stock that showed any signs of moving to higher levels, and it did succeed in climbing up to \$5,25 after opening at

The number of shares of stock sold this morning was \$4,000, and the amount that changed hands was \$43,-

On the curb market, East Tintic, Gold. King was sold at one cent. Ulntah Treasure Hill sold at 26 cents and Tin-Tressure Hill sold at 26 cents and Tin-tic Empire stock was disposed of at 5% and 5% cents. Nevada Amaiga-mated sold for 26 cents. Bingham Cen-tral Standard, which has been seiling on the New York curb market for 40 cents for several days, was effected at 36 cents this morning. Cedar received a bid of 8 cents and Federal Ely was offered at 6 cents. offered at 6 cents.

prevent it there will be no townsite consumbs allowed to carry away what rightfully belongs in Thosis City.

Already it has been necessary for the smelter company to use its influence to keap the townsite company out. Nothing but substantial buildings will be erected in Pine canyon and the people of Transe city are beginning to creet buildings to house the greatly increased population that the profess of paper of the new smelter on the first of next year.

"It will been that Toocle city will have a two put of 5000 permin in."

first of next year.

"It will been that Toocle city will have a pepulation of 5,000 people inside of five years." says Mr. Matthewson, "About the smelter will be built nothing but the best of huidings. It will not be like it has been in some places. No stacks will be pilowed to be built. The people at Toocle are waking up to the secasion, although they are a fittle slow. More buildings are going up there and they will enfeavor to accommodate the number of persons that it will be necessary to employ at the plant."

The laying of rails for the spur from the Sail Lake Route road to the shelter plant will begin next week. Already there are three miles of rails and supplies at Toocle, ready for the work to be done. Grading is now being done about the depot for the making of the connection with the San Pedro read. According to Mr. Matthewson, the raids will all be laid and the road completed by May I. This spur is six and a half tribes long from Toocle city to the smelter.

the smetter. At present engineers are at work at the smetter site laying off the ground for the buildings. These, men are expected to have fluished their work within the next three weeks and then contracts will be let for the construction

work.

A number of temporary buildings have been constructed for the housing of the men who are at present working there. These will remain until the smelter and more substantial buildings are creeted. As soon as they are finished these will be born down.

Heavy snows in Topele county have nelayed the work somewhat this winter, but with the opening of spring things will be pushed ahead rapidly. The new smelter will be ready to receive ore on

Lively Time Will be Had in District

Mincowners are already contracting with freighters for moving mining machinery into the Etk City and neighboring caunps as soon as the road is open in the spring for bosay traffic, says a special from Siltes, fdaho, Every indication points to a boom in the South Fork districts during the coming season.

oming season.

Frospectors and mineowers who ave stayled by the district for years a hope of strikes that would attract mining men to such an extent that mey would be available for the de-priment of meritorious properties, now sanguine that their hopes will realized before the close of the

ent year. Is the magic hand of Fred Brud-

It is the maste hand of Fred Brades; that has normed the trump pard in he South has normed the trump pard in he South has normed the trump pard in he South Fork district, but Bradley was playing with a marked dock, because when he acquired the Eustername when he acquired the Eustername that property was in a perfect date of development, with thousands of tons of one obcooled out that needed inly an assay to determine the dellars and cents in sight.

It is the old story inwaver of a apputation being a refusible cased in he success of any enterprise. It had no somer been made upille that Bradley land entered the Eth comp after several manths of thosough investigation, before the Bradley followers were in the district. During the last two years the development on a number of the properties has removed all doubt as to the value of the one volus, and such machinery will be installed assoon as beavy insighting can be resumed in the spring.

The most enthusiastic expect to see the South Pork district the Merce for the mining med of the west within the next eight months, and have make productions that thousands of minings would be in the examps before above flies next fail.

# STOCK MARKET MUCH DISTURBED

Law of Supply and Demand is Unsettled Metal Trades and Cutting of Steel Prices Was The Cause.

METAL MARKET IS A FACTOR. STREET WAS VERY FEARFUL.

Weakness in Rallroads Was Attribut-General Conditions Continue About the ed to Government Prosecutions -Stocks Closed Firm.

New York, Feb. 27.-The stock market New York, Feb. 26.-R. G. Dun's was much disturbed by the unsettlement in the metal trades. The clashing of Weekly Review of Trade tomorrow will teel prices caused fears of grave conquences in various directions besides Although the cuts in steel add some the effect on earnings in the steel comconfusion to the weakness in the iron oanies themselves. The copper stocks were and copper trades, and have brought panies themselves, the copy of the effected in sympathy from fears of the effect of parallel conditions in that industry. The weakness of raitroad stocks was more directly attributable to government prosecutions. The supreme court about a sharp decline in the security market, yet the reassertion of the law of supply and demand, with its readjustment of prices, and perhaps of wages, must prove ultimately helpful ecision in the New York Central rebuting cases was the nominal motive, too the business situation, however disgether with inferences drawn of other unfavorable decisions to come, including urbing the immediate effects. Outdde of the area of disturbance caused by this development the movement of ceneral trade continues practically unhat in the commodities clause test

Cotton goods prices remain station-ry and the market is more or less un-ven. Expert trade is light, with abolutely no inquiry from China, al-length fair orders are received from outh America. Print cloth yarn goods re less active and prices are generally weaker.
Boston shoe shipments for the year are 20 per cent over the corresponding period or 1908, but the author for the future is less encouraging. The weakness in the domestic hides market is still more pronounced. The reather market is decidedly inactive.

CHICAGO.

Chicago. Feb. 27.—Wheat touched a new high record mark for the season at the opening today, the May delivery seiling at 110 and July at 1.05%. A further advance of \$\frac{1}{2}\$ to \$\frac{1}{2}\$ dat Liverpool added fresh fuel to the builled enthusins and the market opened amid lustense excitement with prices ranging from \$\frac{1}{2}\$ below to \$\frac{1}{2}\$ above the final quotations of yesterday. First trades in May were at 1.15% to 1.15% while July sold between 1.05% and 1.05%. Before the early rush of buying orders had been satisfied May had been bid up to 1.18. Frices then declined sbruptly on profit-taking to about yesterday's closured below the continuation of \$\frac{1}{2}\$ and \$1.05%. Before the early in the day prices being unchanged to \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ for \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\frac{1}{2}\$ to \$\frac{1}{2}\$ for \$\frac{1}{2}\$ and \$\frac{1}{2}\$ to \$\ CHICAGO,

at the opening were unchanged to 75cc higher.
