Rector C. E. Perkins of St. Paul's church and family have returned from California. Mr. Perkins' parents and Mrs. Perkins' mother, Mrs. W. W. Roberts, all of Baltimore, are visiting in the city.

The "Veteran Volunteer Firemen" will hold a special meeting in their hall on Canyon road, Monday evening, Aug. 24, at 8 o'clock, at which time important business will be transacted.

Three additional cases of typhoid fever were reported yesterday afternoon to the city board of health: Fred J. Rushton, aged 24 years, 910 west Seventh South street. Daniel Kooy, aged 11, 523 west First North, and Vance Mitten, aged 4, 68 Quince street.

Members of the W. C. T. U. call attention to the fact that nothing has been done toward the enforcement of the law against small boys smoking cigarettes, and say that at the October convention of the W. C. T. U. to be held in this city, there will be some vigorous action taken.

Tomorrow afternoon is W. C. T. U. day at the state prison, where an interesting program will be presented, among the participants being Mrs. S. S. Dickinson, Miss Emily Larsen, Miss Leland Clayton, Miss Nettleton, Prof. Nettleton and H. H. McCorkle. The program will begin at 2 o'clock.

State Superintendent of Schools Nelson has again gone to Morgan City to see if he can settle the question of the new schoolhouse site. The matter should have been accomplished last Tuesday but Supt. Wilson of Weber county was unable to be present. The other member of the committee is Supt. Whitesides of Davis county.

It is reported that two thieves broke into the store of Lindsay & Co. at Taylorsville last night and made away with about $200 worth of goods. Two of Mr. Lindsay's sons heard the thieves and armed themselves at once and hastened to the store. They found no one there nor has any trace of the burglars been discovered as yet.

Just why the Van Dorn Iron company is making haste so slowly in the construction of the city jail is what is puzzling the architect and the city fathers. The architect says two men are employed setting the steel cages when a dozen men might be profitably employed. The jail was to have been finished July 20, and there is a forfeit of $25 per day hanging over the head of the building firm.

The wife of Police Commissioner Hutton of San Francisco has sued her husband for an absolute divorce. It will be remembered that Mrs. Hutton fled to this city some time ago and registered at the Manitou hotel, where she did her best to "stand off" the reporters who tried to secure a story from her. She subsequently was induced to return home, and now wants to be free. The papers in the case have been kept from the reportorial searchlight thus far.

The funeral of the late Daniel Eyre was largely attended yesterday afternoon, at the family residence on Fifth East street. Salt Lake lodge No. 2 of Odd Fellows conducted the services, there were many tributes of flowers, and a men's quartet sang the hymns. The interment was at Mt. Olivet, and the pallbearers were Frank Knox, E. S. Best, William McGillivray, L. H. Farnsworth, H. P. Mason and Charles O. Farnsworth.

A very peculiar and serious accident happened last Friday to Virgil Kelly. It seems that while himself and boy were handling baled hay with a hay hook the boy while working above his father accidentally fell with the hay hook in his hand. Mr. Kelly looked up at the falling boy and was struck squarely in the mouth by the point of the hay hook, which passed through his tongue and came out under his chin. He was taken to Nephi and placed under the care of Dr. Steele, and it took him some 19 hours to dress the wound. He stated that there would be danger from lock-jaw and blood poisoning for some time to come. From last reports no serious complications had set in.—Fillmore Progress Review.

SHOT IN THE BACK.

Milford Boy Seriously Wounded by Member of Hunting Party.

David Stoddard, aged 12 years, son of Deputy Sheriff Stoddard of Milford, Beaver county, is at the Holy Cross hospital, suffering from a wound accidentally inflicted on Thursday evening near his home. He was on horseback, riding along in front of a wagon filled with boys who were hunting, when a rifle in the hands of one of the boys named Hardy was accidentally discharged, and the bullet entered young Stoddard's spine.

The young fellow uttered a cry and fell to the ground. He was picked up by his companions and taken home, where he was attended to by a local doctor and brought to the city last night. He was operated upon by Doctors Root and Mayo, who found the spine badly injured. Inquiry at the hospital this morning elicited the information that his condition was very bad.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by all druggists.

EDITORS STILL AT IT.

Visitors Kept Busy Seeing Salt Lake And Its Attractive Surroundings.

The South Dakota editors are still keeping up the pace. After the continuous performance of yesterday, which did not terminate until the last event at the Salt Palace was run off last night, they were out bright and early this morning, and after breakfast were taken out into the suburbs by the management of Lagoon and given the keys to the Davis county resort. The visitors expressed themselves as being enchanted with everything they saw, from the bears to the shooting gallery. Taken all in all they spent a most enjoyable morning, to return to the city in time for lunch. This afternoon they were tendered a free ride by the Consolidated Railway & Power company, which transported the moulders of public thought to Calder's. Here the time at Lagoon was duplicated. Tomorrow the party will bid farewell to Utah and head for Glenwood Springs, to later stop off at Colorado Springs and Denver on their way back to Omaha.

Taken With Cramps.

William Kirmse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr. Gifford's medicines.—Elkader, Iowa, Argus.

This remedy never fails. Keep it in your home, it may save life. For sale by all druggists.

THE LATEST IN CATS.

Five of Them, Joined Together, Born in This City Yesterday.

A curiosity in cats came to light yesterday when five kittens, all joined together Siamese twins like, were born at the residence of Bert Hancock, 120 north Second West street. The kittens are perfectly formed save their hind quarters, but have only seven hind legs although they have the regulation number of tails. The mother, apparently displeased with her offspring, has abandoned them, but Mr. Hancock proposes to force her to look after them in the hope that they may be kept alive.

Diminished Vitality.

Some people talk very flippantly about diminished vitality.

They don't stop to think that vitality is the principle of life—that it is that little understood something on which every function of their bodies depends.

Diminished vitality is early indicated by loss of appetite, strength and endurance, and Hood's Sarsaparilla is the greatest vitalizer. 2

PARDEE AND WELLS.

Governors of Two States Have a Joyous Meeting Near Santa Cruz.

Gov. Wells was at his office today trying to keep cool, a hard thing to do so soon after his return from California, where he has been reveling in an atmosphere that ranged between 58 and 60. The governor returned Thursday night, having been gone just four weeks. His family is still there and will remain until the cool weather sets in.

The governor says that he had a moe delightful time, and one of the most pleasing events of his outing was a visit he and his wife made to the camp of Gov. Pardee of California, in the red woods of Big Basin about 25 miles from Santa Cruz. The governor went with a party of over 100 citizens of Boulder creek and they were received by Gov. Pardee very cordially. In the afternoon a barbecue was had, after which speeches and toasts were indulged in.

The governor was surprised to find that John Q. Packard and F. W. Billings, formerly of the Germania smelter, are now residents of Santa Cruz. These life long friends, however, have become involved in a dispute and now never speak as they pass by. They both have palatial homes and Mr. Billings entertained the governor and his party at his summer residence, Villa Fonteray.

There is now quite a party of Utah people at Santa Cruz including Mr. and Mrs. S. H. Babcock, Mrs. Walter G. Filer, Mrs. Emma McCornick Bird, Mrs. Mabel McClure, Mrs. Lovey Cohn and daughter, Edna, Mrs. Fred Simon, son and daughter and George Sutherland.

Gov. Wells says that for bathing, climate and environment, Santa Cruz is the best resort he ever visited.

POLICE PICK UPS.

Charles McDonnell, a laborer, was found in a saloon on First South street this morning bleeding from a severe cut in the right hand. He was taken to the police station where Dr. J. S. Witcher dressed the wound. McDonnell either could not or would not tell how he received the cut. He was locked up and charged with being drunk.

A horse and surrey belonging to President John R. Winder was taken from the Salt Palace last night, presumably by some boys who wanted a ride. The rig was recovered by Sergt. Roberts this morning.

Bulletin of the University of Utah for July is at hand. It is a newly illustrated pamphlet, with brief descriptions of the illustrations. It gives a good idea of this excellent institute of learning.

What would you think of the merchant who offered you two buttons in change for a silver dollar—wouldn't you kick. It would be about as insulting to your intelligence as it would were the merchant to try and palm off some of his own cheap mixtures for some well-known reputable food or medicine which has a name for purity, strength and value. A reputation which has stood the test of time cannot be knocked out by such silly tricks. The dealer soon finds that his old customers lost faith in him and he loses trade by such practices.

I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c at Z. C. M. I. Drug Dept.
