A "Business Men's" Petition Asking For the Repeal of the Fire and Police Law.

The State Senate resumed work at 2 p. m. All members except Senator Jarvis were present. Prayer was offered by Rev. U. T. Brown, of the First Congregational church, after which yesterday's journal was speedily disposed of.

Warner presented a petition from George Haverkamp, ex-clerk of the First district court at Provo, enclosing a bill for materials received in his office in 1895, and asking that it be allowed by the Legislature. The bill is from Petterson, Sawtell & Co., stationers, of Chicago, and is for $17 for printed envelopes.

Evans presented a petition from John C. Swaner, bee inspector of Salt Lake county, which reads as follows:

"Inasmuch as the amount collected by Salt Lake county for the year 1895 of the special tax is insufficient to compensate me for my services as bee inspector of said county, I beg leave to petition your honorable body that you instruct the county court of said county to pay me sufficient from the general funds of the county to cover said deficiency. Would state that my original bill was for thirty-six days at $3 per day, or $108, and all received to date being $45.55."

Chisholm introduced a resolution providing that the secretary of state be instructed to procure dockets for the various courts of the state. Committee on judiciary.

Glen Miller, Salt Lake, introduced a bill for an act relating to the control of state prisons. The measure under a suspension of the rules failed to carry and was referred to the appropriate committee.

The measure contemplates that the board of state prison commissioners shall have the control and management of the State prison and the prisoners confined therein, and may make such rules as they may deem necessary for the management and regulation of the same and the conduct of the prisoners therein and may contract for the necessary supplies and appliances.

The board is given power to appoint a warden of the State prison and such guards and other employes as in their judgment they may deem necessary, all of whom shall serve during the pleasure of the board.

Allen introduced a bill for an act providing for the punishment of persons committing crimes against the elective franchise. Referred to the committee on elections.

Zundel moved the suspension of the rules and the appointment of a special committee of three on salaries. Lost.

Sutherland's resolution relating to the manner of voting for United States senators was passed on a vote of 15 to 2.

At 2:45 a recess was taken until 4 o'clock. It was the understanding that this evening's adjournment would be until Monday afternoon.

House Proceedings.

After the usual preliminaries in the House, Condon of Weber presented the following, which was headed,

"BUSINESS MEN'S PETITION."

OGDEN CITY, Utah,
January 14, 1896.

To the Legislative Assembly of the State of Utah:

The undersigned, citizens and taxpayers of Weber county, Utah, respectfully petition your honorable body to repeal the law commonly known as the Fire and Police Act, as we believe it to be an unjust law, and one which is very unpopular in this community. And as in duty bound your petitioners will ever pray.

The petition was signed by L. R. Rogers, Thomas D. Dee and 225 others.

House claim No. 6 was pre-empted by Cushing, of Salt Lake. This is a claim wherein Harvey Hately, as sheriff of Salt Lake county, asks for an appropriation of $972, expenses in criminal cases.

H. J. M. No. 1, by Robinson, asking for the annexation to Utah of those portions of Cassidy and Mohave counties north of the Colorado river, was read as amended, and its passage recommended.

H. B. No. 12 was then read as amended by the committee of the whole, after which the consideration of the Supreme court bill was taken up by the House resolving itself into a committee of the whole.

Successor to Mr. Fyler.

It was stated on what appeared to be good authority that the directors of Walker Bros. & Fyler company met this forenoon for the purpose of electing a successor to Mr. Fyler as manager of the concern. The explanation was that no "formal meeting" had been held, but that one would be soon.

A committee also was appointed to present the board of directors of the association with a request for the purchase of a horse trainer for the gymnasium. Home From Australia.

We received a call this morning from Elder John F. Burton, who returned Tuesday from a mission to Australia, on which he left Star valley, Wyoming, on Feb. 20, 1892. Elder Burton's missionary labors were in Queensland, Australia, and were attended with good success. He reports that mission as being in a prosperous condition. There has been a considerable increase in Church membership during the time Elder Burton was there, and a Mutual Improvement association and Sunday school have been organized at the Cooparoo branch, Brisbane. The feeling among the people is more favorable toward the Saints than formerly. Elder Burton enjoyed good health. He returned on the steamship Warrimoo.

Quorum Reunion.

To the Editor:

A reunion of the Thirtieth quorum of Seventy was held at the residence of one of the Seven Presidents of that quorum, on the evening of the 15th inst. Elder Andrew Kimball opened up his house and the meeting was held in unison with a session of that quorum, which has been followed for the past fifty years. On this occasion some of the old members and two of the first council of Seventy and President Joseph F. Smith, were present in the festive company, which were so kindly entertained by the host and hostess. Everything for the pleasure and evening's enjoyment was found under the hospitable roof, including music and singing. Short addresses were delivered by President J. F. Smith, J. G. Kimball, E. Stevenson, Elder E. J. Stevenson and all seven of the presidents as they now stand in order. The refreshments and a general social intercourse were freely enjoyed. All present felt cheered by the presence of so many of the quorum and their family and friends. Such reunion of the various quorums of Seventy are both interesting and profitable.

A short review of the Thirtieth quorum may prove interesting. It was organized in the city of Nauvoo, on the seventh day of September, 1845, with Calvin Savage as its senior president, who was cut off from the Church on February 8, 1846, for apostacy. He became one of the leading Strangites. Elder Joseph Cain was ordained to fill the vacancy. He died a faithful and useful officer in 1857. His vacancy was filled by the ordination of Elder Edward Stevenson in June, 1857, who became senior president until October 1, 1884, when he was called to fill a vacancy in the first council of the Seventy. Dr. Wm. A. Singer was the next in seniority, who was cut off for apostacy about the same time as was the senior of that president, for the same cause. He also became one of the leaders of the Strangite church. Hence was the date of the fourth president, Hiram Stratton, who joined the Strangites. It is said also that J. J. Strang, the leader of the Strangites, was cut off from the Church and the Thirtieth quorum. John W. Cooley, the third president, and Thomas McKinney, the fifth, as well as Artes C. Brown, the sixth, and Samuel H. Rogers, the seventh president, all kept faithful members and true highest officers in the Thirtieth quorum of Seventy.

If the Thirtieth quorum of Seventies has furnished the leaders of the Strang-ite church, it has also furnished one of its honored presidents, Elder Lorenzo S. Cannon, one of the First Presidency of the Church.

The Thirtieth also feels pleasure of seeing one of the Twelve Apostles, H. J. Grant, as one of its honored members as well as President A. M. Cannon, of the Salt Lake Stake of Zion. It was Bishop G. H. Taylor, one of its members, Bishop Joseph Bywater, of South Cottonwood, was also one of the Thirtieth quorum. High Counselor James P. Frazer was also one of the honored members of that distinguished quorum. Many others who may have missed our present address have passed on to fill honored callings. Only a few years ago the presidents of the Thirtieth quorum had a picture taken and today only two of that council remains. But the quorum now stands complete and in good order as one of the 199 quorums organized.

The Seventies are witnesses for Jesus Christ are necessary officers. They belong to Christ's Church as set in order by Himself. E. STEVENSON.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, Mrs. Winslow's Soothing Syrup, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in local countries Paregoric is not permitted to enter Kansas without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria has been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.
