THE BULLION BECK.

Some New Bodies of Rich Ore Struck in the Great Mine.

ALL WORKING HARMONIOUSLY

Big Snow Storm at Park City Yesterday—Returns of the Voting Directors Today.

Messrs. John Beck, A. H. Cannon, Simon Bamberger, H. B. Clawson and Walter J. Beeks, returned home from an official visit and inspection to the Bullion Beck mining property, at Eureka this morning, having gone out to the city on that purpose on Saturday afternoon.

In conversation with Mr. Cannon today it was learned that some very rich bodies of ore have just been struck and the prospects generally in connection with the further development and operation of the great mine are for more promising than ever. At present there are 42 men steadily employed, and the greatest harmony appears to exist between them. If there is anything of an opposite nature concerning the private affairs of the company in the minds of the public, it is evidently the members of the company themselves who seem to have a wonder of consideration at stake.

During the whole of yesterday a snowstorm was in progress and Lewis and Tooele are covered in an elaborate mantle of white.

Hay Miner Case.

More than a score of men, all of a misty character, were disposed of in Justice Smith's in the police court this morning.

Dr. Milspaugh Ill.

Dr. Milspaugh, superintendent of the Salt Lake City police station is suffering from an attack of la grippe, and is only with the greatest difficulty and persistent effort on his part that he is able to remain at his office and direct its affairs. A leave of absence for one month is shortly sought for his rapid recovery.

Green River Gold.

W. H. Ellerbeck, well known by Utah miners as a daring and successful prospector and mining developer is now in Denver having gone to that city from Green River, this Territory, in the Colorado interests, a trip which he made in a rail row boat, and with a single companion, to get a sample lot of surface ore sent from the mouth of the river here. His intention was to test the thorough one and practicability of working the sand through the Bennett machine. The extremely diversified results of the assays of the sand, however, prevented any definite information being discovered as to the amount of gold in the bars.

NABBED AT OGDEN.

Robert Jones, An Absconding Barkey, to be Brought Back by Captain Donovan.

[illegible], of the Salt Lake police force, armed with the necessary papers and steel wristlets, took the 1:00 p.m. train for Ogden today for the purpose of securing possession of, and bringing back to this city, one Robert Jones, an absconding barkey, arrested at the Junction city by Chief Davenport at the instance of local officers, on a charge of grand larceny.

Specifically stated Jones's offense seems to be that of taking a brother barkey's wardrobe, valued at $100, from the Knutsford hotel, where they were both employed. The case will be heard before Justice Smith tomorrow.

Judgment Creditor.

In the Third district court on Saturday John Hoereckr Jr., et al., judgment creditors of the E. C. Coffin Hardware company in the sum of $7,541.46, began an action against the company and the National Bank of the Republic, praying that the confession of judgment by the company in favor of the bank for the sum of $30,422.54, on March 25, 1893, and now held by Esther Coffin, be declared fraudulent and void and set aside on the ground that the confession of judgment was illegal.

COUNTY COURT.

A Committee to Examine Deputy Fruit Tree Inspectors.

The county court met pursuant to adjournment at 10 o'clock this morning, and business was transacted as follows:

The bond of D. C. Williams to retail liquor at Murray for three months was approved, and the clerk was instructed to issue license.

Petition of John Hill et al for appointment of W. H. Wardle as supervisor of road district No. 9 was ordered filed.

Petition of Joseph H. Stevenson et al for appointment of Joseph J. Williams as supervisor of district No. 8 was ordered filed.

Petition of Howard O. Young for appointment as fence and game commissioner was ordered filed.

The petition of Parker & Dugan asking that they be permitted to bid up their property at public sale, set to the probate judge February 26, 1895, was granted and the clerk instructed to sell at public auction, at 12, noon, City Park entertainment, after giving the notice required by law.

Petition of F. J. Lockard, for release of two erroneous tax sales, was granted, and the probate judge ordered to execute quit claim deeds in accordance therewith.

Petition of F. R. Green for appointment as fruit tree inspector county was ordered filed.

On motion of Selectman Christoffersen, Prof. C. A. Whitney, of the University of Utah, Heber Bennion, of Taylorville and Joseph M. Smith, of Draper, were appointed a committee of examining deputy fruit tree inspectors.

Bills for bringing an court of property of Salt Lake county were received from the Rocky Ahaiont company, the Utah Title Insurance company, W. H. Crosby, and the Salt Lake Abstract, Title Guarantee & Trust company, and all were referred to the committee.

The surveyor was instructed to make a survey of the land situated between Murray and Bake streets from Richmond Junction to the south of the county, to be called Highway No. 88.

The court then adjourned for [illegible], Feb. 11, 1895, at 2 p. m.

Card of Thanks.

Dr. John W. Taylor and family desire to return their greatest thanks to all friends who in any way imparted manifestation of sympathy in their recent loss of a good and loving wife and mother.

The Brunck Mission.

[illegible]

Arrivals.—The returning missionary Elders in Liverpool per American line steamer Kensington on January 12, 1895:—Peter Brunck, Samuel W. S. Lowe[illegible], of Logan; for the Swiss and German mission, Charles W. Stoors and Ritchey T. Cannon, of Salt Lake City; Homer F. Bowman, of St. Joseph, Arizona. The journey was without incident of special interest. Those for the German mission reached on their journey on January 12.

Appointment.—Elder W. S. Lazarus was the item appointed to take a traveling Elder in the Birmingham conference.

Bread Cast Upon the Waters.

Elder Louis H. Wells writing from Kentucky says, "I read the sermon of Apostle H. J. Grant in the Saints on the subject of visiting the Passion entertainment. Enclosed find a small subscription. This was all the money they had at Christmas, but they promised that they expected to see the entertainment some day and defend the collection of contributing their mites towards its erection."

An Able Lecture.

Notwithstanding the black east wind, the Saints of Sugar House ward turned out in goodly number last evening and were well paid by the able and very interesting lecture of Dr. J. M. Tanner on "Looking Forward." This is one of a series given under the auspices of the Mutual Improvement Association of Sugar House ward. The practical lessons presented to the young may profitably be employed, and an interest was aroused by the speaker that will find its way to the cultivation of thought and study among those present.

Military Ball.

The News acknowledges the receipt of an invitation to attend a "masque ball" to be given by the officers of Companies C and D, Second Infantry, U.N.G., Thursday evening, Valentine's day, in the Palace Hall at Logan.

CHORAL UNION CONCERT.

Utah Played the Great Columbian Organ in Preference to Chicago or Detroit.

ANN ARBOR, Mich., Feb. 8, 1895.—The Choral Union of the University of Michigan, numbering 300 voices, gave its greatest concert on Friday evening last, assisted by the eminent soprano, Geraldine Christine Finnigan, of Chicago, and the great bass, Gardner S. Lamson, late of Boston, but now of the faculty of University School of Music. A full orchestra and the great Columbian organ accompanied. Three thousand five hundred people listened to the program which was a varied and popular one.

Prof. Herman Zolz, was conductor, John J. McClellan, of Utah, presided at the great organ, while Dr. A. A. Stanley conducted. It was supposed that Utah organist would be engaged from Chicago or Detroit but the Utah boy was selected. The performance of Mr. McClellan was such that the committee, the leading musicians and critics, including Mrs. Johnson-Bishop paid him most flattering and encouraging compliments. The Utah colony was very well represented in the audience.

After the concert was over the committee, concert master, organist and a few of the prominent University of Michigan professors, also officers of Choral union, were given a banquet at Dr. Stanley's residence. Mrs. Bishop stated that she had met the director of the "Tabernacle choir" of Salt Lake City when he and his choir were at the Fair and that the director (Prof. Stephens) had asked her to come to Salt Lake at some time to sing, and she expressed the desire to do so. SECOND DISTRICT COURT.

Cases of Interest Before Judge Hatch at Beaver—Suicide.

Special to the News, per Denver Express.

BEAVER, Utah, February 11, 1895.—The Second district court (session) adjourned hence here this morning.

The case of John W. Christian, applicant for admission by the old Democratic county right in December last, vs. Daniel Bern, appointed by the new and Republican board in January, and who is a prominent Republican and school teacher here, came up on demurrer to plaintiff's application for order. The demurrer was ably argued by Dwight Dinsay, Esq., in behalf of Bern and by Carlman, assisted by Judge Dunbar.

Judge Hatch seemed to take great interest in the legal points involved in the argument, as Carlman is at the time of his appointment was a member of the county court, but not yet ready to perform his duties of office, and Bern was appointed after the time prescribed. The decision was taken under advisement and is looked forward to with considerable interest.

The greatest water right case ever tried in this Territory was called at 1:30 p.m. viz., L. R. Smith, John Wood, Carlson and others vs. Beaver River Canal and Irrigation company. For plaintiffs appear Judge Thurman and McCarty, and for the defendants, J. H. Parden and Judge C. C. Dey. It is expected the case will fill all week as over fifty witnesses will be examined and the question of prior water rights and the amount of the flow of the river involve several hundred thousand dollars.

A suicide is reported as occurred at Minersville yesterday afternoon at 3 p.m., where George Baron shot and killed William Greenwood twice with a shotgun and then shot himself through the head with a rifle, dying instantly.

BUTCHERS UP IN ARMS.

Prospective Break Between the Knights of the Cleaver and the Ice Barons.

There is trouble ahead for the local ice barons, that is if the butchers of the town can make it for them, and indications point that they are prepared for a vigorous contest.

The first college of the day were fired yesterday, Sunday though it was, when some upon a score of knights of the cleaver and block held a council of war, as it was to protest against the passage by the Council of the recently drafted ice ordinance which will compel them to use a more expensive quality of ice for refrigerator purposes than heretofore. A committee composed of Messrs. White, Bangs and Davis will present the protest to the Council at its meeting tomorrow night. The butchers argue that it will work a great financial hardship upon them to compel them to use the higher priced ice for storing purposes. The ice men look upon the situation differently and say that the best ice should be used for each purpose as well as for economic consideration and that "how it is entertained by the municipal health department and hence the present trouble.

At yesterday's meeting Food Inspector McAllister was also the subject of consideration [illegible], it being claimed that he has been guilty of some official indiscretion bordering on the verge of incompetency. That question was also referred. Looked into. Friends of Mr. McAllister say his offenses, in the eyes of certain butchers, is simply that he has took too vigorous a hand in having them amenable with the law.

COKE CLUB BANQUET.

An Interesting and Enjoyable Time at the Grand Pacific on Saturday Night.

One of the most enjoyable and fraternal occasions of the kind ever held in this city was the anniversary banquet given by the Coke club in the Grand Pacific hotel, on Saturday night.

Members of the club to the number of [illegible] together with a few invited friends, sat down at the festal board to partake of their first annual feast. Before commencing the repast, grace was called by Toastmaster Grant H. Smith, when all present stood up and sang, in fine style, "Our Country, 'Tis of Thee," accompanied by the band. The courses were interspersed with songs, glees, pleasant chats, etc. After the inner man has been satisfied, Judge Grant H. Smith in a happy and appropriate speech introduced the toasts, which were as follows:

"The Bar" ..... Alex. Sommer
"The Ladies" ..... J. L. Rawlins
"Do Unto Others" ..... F. G. Lyne
"Man's Work" ..... A. H. Elliot
"The Twenty Lawyer" ..... R. S. Wilcox
"Professions" ..... E. W. Stevens
"The Bachelor" ..... G. M. Ross
"The Profession" ..... L. R. Marsh
"Blackstone" ..... H. G. Parsons
"The Newspaper" ..... C. Crane
"The Press" ..... Miss Jessie Evans
"Our Host" ..... R. S. Kagan

Under the direction of Uncle Ben (the genial and overbearing host) the entire affair was a complete success, and will doubtless tend to increase the interest in the organization, whose objectives many bright, energetic disciples of Blackstone.

AMUSEMENTS.

THE GRAND opens its last week with the present stock company tonight in Robertson's play of Caste. Next week Mr. Rogers' new company of New Yorkers, with Mr. Clarke and Miss Cooke, open what it is hoped will be a long and prosperous season. The new people, eight or ten in number, come with excellent recommendations either from New York, but whether they will arrive in time to open the new season next Monday, is as yet unknown.

Postmaster Nash's Report.

Postmaster Nash has just occasion to feel proud over his two years' official record. He is in receipt of a government treasury department acknowledgment of his report forwarded to Washington sometime ago. Incidentally he was highly complimented on the fact that there is not a mistake in detail or in general in his AT LARGE at a cent or any fraction thereof, although the volume of business in the salt Lake office amounts away into the hundreds of thousands annually. The record is regarded by Federal officials as being little short of wonderful.

A DEAD BODY FOUND.

James Gisbon Supposed to Have Committed Suicide at Mill Creek.

A report reached this office today to the effect that a young man by the name of James Gisbon, was found dead in the creek at East Mill Creek. The body was discovered yesterday, and it is supposed the young man committed suicide by shooting himself some time on Friday last. No particulars are at this time obtainable. A coroner's inquest was to be held over the body this afternoon, and further developments will be doubtless made.

Territorial Items.

Word comes to relatives in this city of a serious crime committed by Jesus Tuesday, at a ranch five miles west of Corinne, says the Brigham City Bugle of Feb. 9. Two girls followed round at the home of Michael Christensen, a cripple, and asked for food. They were given something to eat, but not being satisfied, they drove the mother, lame and crippled father from the house. They helped themselves to everything, then deliberately stripped, time and time again, the 14 year old daughter whom they had kept in terror for the past six months. The girls then left the house. Each victim of pain and terror from the poor girl must have felt the dangers into the hours of the maddened parents outside. But the odds were too great; they could do nothing. The fiends made their escape. Yesterday friends in the city went out to their home.

Mrs. Frank Pell was accidentally killed at Brigham City on Monday night. The horse attached to a sleigh in which she was riding ran away, and she jumped out, alighting on her head.

The Brigham City Bugler has started a "Firemen's clothing fund," to replenish the wardrobe of firemen as it may be called in their services in the fire department.

Elder B. H. Roberts is to lecture before the Y. M. M. I. A. of Brigham City on Saturday evening, February 16th.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of Castoria is so universal and its merits so well known that it seems a work of supererogation to endorse it. There are still some mothers who do not know that Castoria exists and may profit by its use." Carlos Martyn, D. D., New York City.

"Castoria is so far superior to any other preparation for children as to be in a class by itself. Without hesitation we endorse it." Talks P. Pilgrim, M. D., 1044 Second Ave., New York City.

"Our physicians in the Children's Department have spoken highly of the medicinal qualities of Castoria, and have repeatedly stated to me their belief that it is a safe and efficient substitute for the various soothing syrups and other preparations for infants." The Centaur Company, 77 Murray Street, New York City.

I have been glasses before that have given me such perfect satisfaction as those fitted by Dr. Shelmerdine.
JOHN NICHOLSON.

I have had wearing glasses for 15 years and have consulted many of well known oculists, but I have not found any that gave me as much satisfaction as I have had from Dr. Shelmerdine, who has fitted me three times. His glasses are comfort and convenience. It affords me pleasure to make this statement.
