NO. 99. TUESDAY, MARCH 20, 1894, SALT LAKE CITY, UTAH. VOL. XXVII.

THE TARIFF BILL.

The Measure as Amended by the Finance Committee.

THE MOST IMPORTANT CHANGES.

The Sugar Schedule.—Lead and Lead Ore Duties.—The Hawaiian Reciprocity Treaty.

WASHINGTON, March 20.—The Democratic members of the finance committee have completed the consideration of the tariff bill and it was submitted to the full committee of Republicans and Democrats today. The most important change is in the sugar schedule, a change being made by which an additional duty of ⅛ cent per pound is given on sugars above 16 degrees by the polariscope test, or which are above No. 7 Dutch standard in the color test. The schedule as now agreed upon is as follows: "All sugars, tank bottoms, syrups of cane juice or beet juice, melada, concentrated melada, concrete and concentrated molasses testing by polariscope not above eighty degrees shall pay a duty of one per cent per pound, and for every additional degree or fraction of a degree above eighty and not above ninety degrees shown by the polariscope test shall pay 1 and 1-100 of a cent per pound additional, above ninety and not above ninety-eight degrees for every additional degree or fraction of a degree shown by the polariscope test, there shall be paid a duty of 2 and 1-100 of cent per pound additional and upon all sugars testing above ninety-eight ...

A PRIVATE MINT.

Over Half a Million of Standard Dollars Made in Omaha.

OMAHA, March 19.— Four special treasury department secret service men, in addition to the regular force employed at division headquarters and the force of the United States marshal's office, are working in Omaha, and vicinity to unearth a private mint which has turned out over half a million standard silver dollars, using the same amount of silver and alloy as the government. ...
