COUNTY REPUDIATES

$74,225.77 of Furniture and Mackalm Warrants.

TWO SAFE CRACKERS ON TRIAL.

John Gray and Albert Weigert, Who Are Indicted by the Grand Jury—Other Business of the District Court.

The board of county commissioners met at noon today and as the only business passed unanimously the following resolution, repudiating the Mackalm furniture and Mackalm warrants and stating:

"Whereas this board is advised and believes that certain warrants of Salt Lake county, Utah, issued to A. H. Andrews & Co., payee, * * * and warrants segregating the sum of $41,[illegible], $73.85, and bearing interest at the rate of 8 per cent per annum from about the time of their respective dates and purporting to be issued to said A. H. Andrews & Co., in full payment claimed to be due said A. H. Andrews & Co., from said Salt Lake county for furniture, fittings and appliances furnished by said A. H. Andrews & Co. to said county for the county jail in the Salt Lake City, are illegal and void for the reason that the same were issued without adequate consideration and in pursuance of a fraudulent conspiracy between said A. H. Andrews & Co. and the county court of said Salt Lake county, or some of its members thereof, and

"Whereas the board of county commissioners of Salt Lake county are advised and believe that certain other warrants issued by said Salt Lake county to Mackalm Rock company, * * * and warrants segregating the sum of $18,351.62, and bearing interest at the rate of eight per cent per annum from about the time of their respective dates, and purporting to represent partial payments made upon certain material and work furnished for and done upon the State road in Salt Lake county, Utah, by said Mackalm Rock Company, are illegal and void for the reason that said warrants were not issued to cover payments based upon any valid or legal contract between said county of Salt Lake and said Mackalm Rock company, and were further issued in furtherance of a corrupt and fraudulent conspiracy between said Mackalm Rock company and the county court of Salt Lake county, or some of its members thereof, and

"Whereas the board of county commissioners of Salt Lake county, Utah, are advised and believe that none of said warrants above mentioned are legally negotiable and are subject to all and every defense, in whosoever's hands and ownership they may now be, that said county might or could make against the same in the hands of the original payee thereof.

"Now, therefore, resolved, that the county treasurer of Salt Lake county, Utah, be, and he is, hereby directed to refuse payment of each and all of said warrants above enumerated and the interest thereon, or any part of the principal or interest thereof, whenever and by whomsoever the same shall or may be presented for payment, for the reasons above stated."

Safe Crackers on Trial.

John Gray and Albert Weigert, who are accused of having broken into the business house of the Utah Implement company on State street and blown the doors off, were brought before Judge Hiles for trial today. Can't Eat

This is the complaint of thousands at this season. They have no appetite; food does not relish. They wonder why the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them, it does not give and enrich the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. Has peculiarity and decidedly relishes dyspeptic tablets and there are no substitutes, that it seems to have almost "a magic touch."

Ed. Lawrence and Lee Wood Convicted Today.

BURGLARIZED TARBELL'S STORE

On Hill's Back and Track Fastened on Them Through Bad Work in Both Cases.

The trial of Ed. Lawrence and Lee Wood on a charge of house-breaking was commenced before Judge Hiles yesterday afternoon, with the following jury: L. M. Cray, Wm. Everett, Jos. L. Little, H. J. Hettenging, N. T. Johnson, Jos. M. Chamberlain, Wm. Keppler and Paul J. Hintze.

The crime charged in the indictment is that on the night of June 16 they broke into the store of S. W. Tarbell, on Eleventh South and South Main streets, and stole one knives and a pair of trousers of the aggregate value of $5. The defendants are young, Wood being twenty-17 and Lawrence 19 years of age.

Mr. J. R. Murphy pleaded the case for the boys and Mr. Nye conducted the prosecution. The jury was out for fifteen minutes when they returned a verdict of guilty with a recommendation for mercy in the case of Lawrence, the youngest. They will be sentenced on Thursday morning.

Lawrence is very young and during the trial was almost continuously laughing at the remarks of the attorneys or the testimony of witnesses. Wood looks pretty badly, and as he is the youngest and was probably influenced by the latter lad, he will likely receive a light sentence. The prospect is that Lawrence will take up his residence in the State prison for about five years after Thursday next.

STATE BOND SALE.

The Rumor That It Has Fallen Through Proved False.

It will be remembered that on or about June 1st, the bid of E. C. Jones & Co. of New York, for State bonds, was accepted. The amount of bonds offered for sale was $200,000. A certified check for $10,000 was deposited, and the rest of the purchase money was to be paid July 1st. It was not paid on that date, and yesterday the rumor was in the air of payment. But the money was not forthcoming, and to-day there was on the street a suspicion that the deal had fallen through.

Repeated efforts made during the day to obtain a full statement of the facts and present status of the matter were met with unsuccessful, persons in a position to give the information manifesting a good deal of reticence. It is known, however, that a correspondence by telegraph has been going on between Governor Wells, who is chairman of the loan commission, and the firm of E. C. Jones & Co., but no report has not been made public.

As inquiry made by telephone at the office of Secretary of State Hammond was answered by the explicit statement that the bond sale had not fallen through, but not a word of further explanation could be obtained. Minute secrets ought of course to be safely guarded by state officers, but the public would like to know what is the status with the bond buyers. The bonds were made payable in gold, and hence it seems unlikely that the silver agitation could have scared off the buyers. If, however, they have decided to retire from the deal, the State is ahead the $10,000 deposit. The full facts must come out shortly.

THE STATE AND RAIL ROAD RUN.

At 3:40 this afternoon Governor Wells kindly signified his readiness to communicate with the News regarding the State bonds.

A News representative at once called upon the Governor, and the latter imparted to him the welcome information that the sale of the bonds had been consummated and that the money in payment for them, with interest, had been forwarded to a bank in New York, subject to the order of the loan commission. This settles the whole matter.

If you want to ride on the late lamented electric elevator you must "jump on" as was whisp—there are no railbeds.

Wilford C. Dorer, 22, of Ansonia, Mich., and Ella M. Low, Hermosa, 18, in this city, were granted a marriage license.

Arthur L. Wendell has been granted a divorce from Martha A. Wendell, on the ground of her bad temper and neglect of household duties.

The temptation to turn the electric light switch to call the elevator at the joint to Idling is very strong if one is in charge from the number of times it is done.

The announcement of the vote caused a great cheering throughout the hall. When Daniels was nominated to the chair there were hoots hisses and confusion. Daniels received a great ovation. Delegates were chosen for Hearst for the fifteen to the way he had practiced as chairman of the national convention.

Daniels's reference to Hill as a great statesman was roundly cheered. He said the country would not monopolize the action of the convention.

The convention was very quiet when roll call began. Dakota votes showed in the Southern states, Alabama and Florida. The chairman announced that but for the unit rule Alabama would give five votes for Hill, Florida was unanimously divided between Hill and Daniels. The announcements that Illinois and Indiana cast solid votes for the substitute were cheered. The votes of Iowa was challenged and the convention had no opportunity to applaud.

Ex-Sloan of Missouri, who rose to make a parliamentary inquiry which drew from Chairman Harrity the ruling that when the vote of a state solidly instructed was cast questions roll call might be had to determine whether the will of the majority had been announced. The challenge of Iowa's vote resulted in a showing of 17 ayes and 9 nays, so that 26 votes were recorded ayes.

The vote of Kentucky was challenged by Mr. Haldeman who cried "There are 20 delegates from the Fifth congressional district who desire to vote for David B. Hill."

McNight of Montana challenged the announcement that his state voted so, and the roll call showed 12 ayes and 1 nay. When New York was reached, the chairman explained that Hill did not vote as New York cast 71 votes. Congressman Cockran of the Virginia delegation, announced that all votes of Virginia were cast except that John W. Daniel voted no. The Virginia senator participated in this vote, contrary with a shrill shout. Chairman Harrity announced that the territories and the District of Columbia were entitled to two votes each. The roll call was completed at 9:25.

As the committee appeared on the platform with the Virginia senator, the announcement of the silver name was renewed. Daniels had the appearance of an old time statesman, smooth shaven with cautious features and raven black hair and wearing a black frock coat, he looked as if he had stepped out of some picture of the Senate of the past. He bowed gracefully in response to the ovation and talked easily to Chairman Harrity until the noise subsided.

When order was restored Harrity said: "Gentlemen of the convention, I have the honor of introducing as your temporary chairman Hon. John W. Daniels, of Virginia."

While the delegates and everybody else in the house was yelling and cheering, Chairman Harrity passed the gavel over to Daniels, who took it and addressed the convention.

Would Like to Be President.

Chicago, July 7.—At Sibley headquarters it was stated today that Sibley was about concluded that Teller is an impossibility. It is intimated that Sibley will announce himself as a full-fledged candidate today. The Sibleyites are receiving assurances of support from Southern and Western delegates.

Gold Men Divided.

Chicago, July 7.—The gold men are undecided as to what course to pursue in convention. They are divided between three courses:

First—To issue a manifesto;

Second—To keep their seats and refuse to take any part in the convention proceedings.

Third—To bolt.

Probably no definite decision will be reached until the Michigan contest is decided.

The gold men say if this is against them the proceedings will be entirely un-Democratic and revolutionary and they are determined to show resentment in some signal manner.

Silver Men's Program.

Chicago, July 7.—The full silver committee met at the Palmer house today for a final conference before reporting to the convention. The special work in mind was the preparation of a program for the proceedings today, which was decided as follows:

1. The convention for the adoption of temporary rules. Mayer, Senator White, Cal.

2. Motion for the appointment of committees on credentials and resolutions. Mayer, Governor Hogg of Texas.

3. Motions to adjourn for recess, to be made by Senator Jones, Ark.

4. Four messages, temporary organization, motions to committee.

5. Declaration of principles.

The committee members present pledged the entire delegations to stand by the program and not put on resolutions offered by anyone else, except there should be a necessity for further action than here indicated, in which case drivers of motions will be designated on the floor.

Religion Not the Issue.

Chicago, July 7.—Bland, in reply to inquiries, telegraphed: "Religion is not the issue. I am a Methodist. Have a wife born one and always will so. If I was half as good Catholic as my wife I would not worry about getting to heaven. This is the sentiment I express to a previous anti-silver when her religion was mentioned. I stand by it now."

Allen W. Thurman, this morning sent the following telegram to Bland: "The report that an attack is started upon you on account of your wife's religion is absolutely untrue. When I said was in reply to a question as other

Nervous Prostration

Complete Recovery by the Use of

Ayer's Sarsaparilla

"Some years ago, as a result of too close attention to business, my health failed. I became weak, nervous, was unable to look after my interests, and manifested all the symptoms of a nervous wreck. I took three bottles of Ayer's Sarsaparilla, began to improve at once, and gradually increased my weight from one hundred and twenty-five to one hundred pounds. Since then, I and my family have used this medicine whenever needed, and we are all in the best of health, a fact which we attribute to Ayer's Sarsaparilla. I believe my life-days would have been lengthened, instead of shortened, but for Ayer's Sarsaparilla, of which preparation I cannot say too much."—H. O. Hewes, Postmaster and Planter, Kinard's, S.
