STOCKS ARE ALL SELLING LOWER.

Trading is Better, 66,050 Shares Bringing $36,310.38.

YANKEE CON. CURB FEATURE

Stock Sold Lower Than on Yesterday Notwithstanding Five Cent Dividend—Century Ruled at Better Figures.

With sales aggregating 66,500 shares for $36,310.38 this morning's call of the mining board was more active and interesting than it has been for some time. There were several stocks dealt in that furnished discussion enough to prevent the call from being featureless.

Yankee Con. contrary to some people's expectations was not affected by the dividend declared yesterday to an extent sufficient to send the stock up. In fact, it was bid for at lower figures than ruled yesterday and on the curb sold between 3.89 and 3.85. Many were disappointed over the dividend although the aggregate amount was a large one.

Century showed more strength and on small sales amounting to 1,000 shares closed at 47 after selling as now as 37.

Uncle Sam Con. was considerably lower as was also California. In fact the entire list showed less strength than on yesterday and a tendency to go to lower figures.

One broker expressed the opinion of many others and also of those familiar with the various properties and stocks when he said this morning: "There are only a few stocks on the list I would buy to hold if we could "short" the market. Mine prices for prospects can only be prevented by having rules permitting short sales."

The stocks closed with the following bid and asked figures recorded:

"THE GREAT SALT LAKE PRESENT AND PAST."

By James E. Talmage, PH. D. F. R. S. E., F. G. S., professor of geology, University of Utah, a book of 116 pages, beautifully illustrated. The first complete and authentic work on the renowned saline sea. Price 25 cents, postage prepaid. For sale by the Deseret News and all news dealers.

Autobiography of Capt. James S. Brown, 520 pages, bound in cloth. Price $2.00; for sale at the Deseret News. Special terms to agents.

QUINCY PAYS DIVIDEND TODAY

Big Park City Bonanza Will Probably Distribute $125,000.

PRES. FARRELL WON'T TALK.

Exact Amount of Dividend Unknown Except to Shareholders—Quincy-Daly-West-Anchor Deal.

President Farrell of the Quincy will return to Park City tomorrow morning. As is the custom with those interested in that great bonanza, he would not discuss its affairs other than to say that the regular dividend for January, due on the 7th, that is today, will be paid. Just what the amount is he would not say, but it is understood that the regular $125,000 monthly will be paid during this year.

Concerning the contemplated consolidation of Quincy, Daly-West and Anchor interests, President Farrel said that such a deal, if thought about, had not yet come to a conclusion, nor perhaps was very near it. In regard to this proposition, it was learned today that two visits have been made recently: Quincy officials taking in the Daly-West and officials of the latter the Quincy workings. It is confidently stated by one who is in a position to know that something definite in relation to this consolidation of interests will be known within the next 60 or 90 days. The question of Apex is certainly involved in Quincy-Daly West affairs. President Farrel admits that, but, however, says that so far as a suit at law is concerned that is not thought of by either company.

It is generally the opinion of those connected with the Quincy, Daly-West and Anchor that a consolidation, if one can be effected, will be of great value to all concerned in any of the properties.

OLD HICKORY THE GEM

W. B. Mucklou of Hartford Says the Claim Is Most Wonderful.

Proposition to Erect Immediately a $500,000 Smelter is Under Consideration by Majestic Owners.

"The 'Old Hickory' of the Majestic group is the coming great mine of the state," said W. B. Mucklow, the Hartford capitalist, when seen at the Knutsford this morning. "I have just returned from a visit to the Majestic properties and think without a doubt the 'Old Hickory' claim is a wonder. For 4,000 feet a vein of an average width of 150 feet can be followed with out-croppings all the way. There are now fifty openings on this claim and all of them are in ore. It is of a low grade, running 5 per cent in copper and $4 in gold and silver values, but there is an excess of iron which makes its working extremely inexpensive. If that vein is only 100 feet deep, and it is more probably 2,000, there is 6,000,000 tons of ore there. It is too low grade to ship and a smelter must be erected on the ground but that ore will yield net about $12 a ton with copper at 10 cents a pound.

"The proposition to erect a smelter on the property immediately is now under consideration and will soon be decided. There is no doubt in my mind that the Beaver district will before many years be the greatest feeder for Salt Lake of any of Utah's mining camps."

MAY DAY DIVIDEND.

Dividend of $4,000 is to be Paid On the 20th inst.

The May Day Mining company directors yesterday met and declared a dividend of $4,000 payable on January 20th, the transfer books to close on next Saturday afternoon. Concerning the condition of the mine and mill President Hunt speaks most encouragingly and it is hoped soon to demonstrate the value of the new mill. It is the intention of the company to distribute $4,000 or one cent a share monthly.

RICH STRIKES IN O. K.

Great Values Obtained in Ores Recently Uncovered.

It is announced today that on the O. K. claim in Beaver county there is from 10,000 to 12,000 tons of the phenominally rich copper ore running 40 per cent in that metal, now exposed. A strike of unusually rich iron ore going 39.9 iron, 13 per cent copper, $8 in gold and $5.40 in silver has also been made recently.

WORLD'S COPPER OUTPUT.

United States Produces About Fifty Per Cent of Supply.

About 50 per cent of the world's copper is produced by half a dozen interests in the United States. These include the Amalgamated company, Calumet and Hecla, the United Verde in Arizona and Senator Clark's other mine at Butte, the Copper Queen and Detroit mines, Phelps, Dodge & Co., in Arizona, A. S. Bigelow's Tamarack and Osceola mines at Lake Superior, the Montana Ore Producing company, owned by the Heinzes, the Arizona Copper company and the Mountain Copper company, the two latter owned by Scotch and English interests. In the last 20 years of the country the production of copper in this country has increased over 700 per cent.—Denver News.

TESORA MILL TO START.

Remodeled Mill Will be Put Into Operation Tomorrow.

The Tesora mill has been remodeled with two Huntington mills and two Woodbury vanners. It will be started tomorrow under the direction of W. Fleming, former superintendent of the Silver King mill. The result of the first mill run will be awaited with interest and it is expected by the management that the remodeled mill will save the metals contained in the ore. It will be hoped that such expectations may be fulfilled and that the disquieting rumors that the ore does not contain values in paying quantities may be disproved.

GOOD VALUES AT PEARL.

Payette Gold Mining and Milling Company's Tunnel Cuts Vein.

A telegram addressed to A. D. Katz aSS mmmfhaloltaU rianLlse SHRDL was received from the Pearl district yesterday announcing that the vein on the Payette Gold Mining and Milling company's property there had been cut by the tunnel being driven 400 feet down the side of the mountain.

The ore taken out from a point 15 inches in the vein and assayed showed the following values: 30 ounces silver, $40 in gold and some lead.

The owners of the stock of the company which was recently incorporated in this city, are much gratified, their holdings having increased greatly in value since the news of the cutting of the vein was received. Mr. Katz says that many Salt Lakers are interested in the Pearl district and that everything looks very favorable there for profitable mining.

Majestic Payments.

The management of the Majestic Mining company has come forward with another payment of $10,000 on the purchase price of its group of claims. This increases the total paid to $60,000.

Filed for Record.

Special Correspondence.

Provo, Utah Co., Jan. 7.—The following mining instruments have been filed for record with the county recorder:

Mining deed from John Bestlemeyer et al to James Crook and Harry Morse, for a three-eighths interest in the South Silver King mining claim adjoining the Silver King and Lilly mining district; consideraton, $1.

Location of Cloyden Nos. 1 and 2, placer claims, situated three-fourths of a mile south of Soldier Summit, by Joseph J. Kingsbury.

Location of Romulus Nos. 1 to 5, in North Tintic district, about one mile southwest of Greeley Springs, by John Sassetti.

Location of Copper Mint and Copper Mint Nos. 1 and 2, about 1,500 feet northwest of the Eldorado mining company's ground in Payson canyon by P. A. Sorenson.

Mining deed from John Bestlemeyer and August Blumenthal to Ralph M. Kellogg for all that portion of the Fraction Silver King lode embraced in the Ralph lode, lot 4,100; consideration, $1.

Location of Cole Nos. 1 to 32, both inclusive, petroleum mining claims of 160 acres each, in township 9 south, range 5 east, Salt Lake meridian, by J. S. Blair.

New Tonopah Company.

The Golden Anchor Mining company has filed its articles of incorporation wit the county clerk. The capital stock is fixed at $500,000, in $1 shares. The company owns the Golden Anchor mine in the Tonopah district. Its incorporators are: D. S. Truman, president; O. W. Schweitzer, vice president; G. A. Loud, secretary and treasurer.

MINING NOTES.

May Day has two cars of ore ready for sampling this morning.

Thirteen cars of Ophir Hill arrived at the sampler this morning.

The Mammoth management has six cars of ore on the market today.

Robert J. Coleman, local manager for Samuel Newhouse, has returned from Tonopah.

Manager White of the Century, has left the city for his company's property in Park Valley.

Manager J. E. Bamberger of the Daly-West, has gone to New York for a few weeks' visit.

The Conklin sampling works was in receipt this morning of six cars of ore from Tintic and one from Stockton.

The Taylor and Brunton sampler was in receipt this morning of thirteen cars from Ophir Hill and four from Eureka.

Ore and bullion settlements in this city yesterday amounted to $55,000: T. R. Jones & Co., $39,000; McCornick & Co., $1,600.

It is reported that Tonopah leasers paid men $1 an hour from Christmas to New Year's day and that over $50,000 worth of ore was taken out daily.—Virginia City Enterprise.

It is stated that a syndicate is now being formed to take over the surplus copper held by the United Metals Selling company and store it for a term of years. Interests closely identified with the National City bank are taking a prominent part in the undertaking—Boston News Bureau.

TOLLS POLAR EXPEDITION.

Has Finally Succeeded in Establishing a Coaling Station.

St. Petersburg, December 18. (Correspondence of the Associated Press.)—Mr. Jackelson, ethnologist of the Metropolitan Museum of Natural History of New York is probably now journeying toward Yakoutsk, having ascended the upper Kolima by boat.

Baron Tolls Polar expedition was long threatened with disaster or at least failure on account of lack of coal. It is now said that the commander of his coal and supply ship, the Zaria, has succeeded in establishing a coaling station at Fort Dickson, Siberia. A second station is needed on Kotelna island. A Lena river steamer must be chartered for 40,000 roubles, so that the total cost of bringing a few tons of fuel to Ketelna island will be 80,000 roubles.

Vladivostock is anticipating the arrival there by steamer of the representative of an American railway which intends to buy land along the Siberian railroad and erect factories.

WESTERN OIL ASSOCIATION.

Among Incorporators Are J. J. Olsen and J. A. Guthrie, Ogden.

Denver, Colo., Jan. 6.—The Western Oil association was organized here today by about 150 oil operators of Colorado, Wyoming, Utah and New Mexico. Telegrams were also received for 100 other operators indorsing the operation. The following board of directors was elected: Dewey C. Bailey, George E. Ross-Lewin, H. Einsley, G. W. Allen, Charles Halleck, W. B. Lewis, Josiah Winchester, Denver; C. H. Freeman, Pagosa Springs; F. J. Crane, Cripple Creek; Thomas Poole, Boulder, Colo.; J. J. Olsen and J. A. Guthrie, Ogden, Utah; C. B. Richardson and John C. Bottom, Cheyenne, Wyo.; C. A. Johnson, Durango, Colo., representing New Mexico.

Judge George W. Allen of Denver, presided at today's meeting. The board of directors will meet tomorrow to elect officers and adopt by-laws.

Withdrawing Troops from Cuba.

Washington, Jan. 6.—Acting in accordance with a recommendation made by Gen. Wood, military governor of Cuba, Secy. Root has directed that the third squadron of the Eighth cavalry, comprising the entire garrison at Puerto Principe, be brought to the United States at the first favorable opportunity. It is admitted that this is practically the beginning of the general withdrawal of the United States troops in Cuba, preparatory to the transfer of the control of affairs to the civil government, to be installed during the coming summer. So far as known, there will be no further withdrawals of troops, however, until final arrangements are made for the formal transfer of the government to the newly-elected officials of Cuba.

Escaped Convict Killed.

Helena, Mont., Jan. 6.—Alonzo Kilby and Roy Hoffman, two prisoners who escaped from the county jail at Billings a week ago, were captured near the Chandler ranch yesterday, sixty miles northwest of Billings, but not before Kilby had been shot. Ever since their escape, Kilby and Roy Hoffman, who is only 14 years of age, have been prowling around the Musselshell country, stealing horses and saddles, getting ready to make an effectual escape. A posse located them Friday. Kilby opened fire and was himself shot. He died last night.

STEEL STOCKS FEATURE.

Had Wide Openings, First Sales Being 15,000 Shares Common and 10,00 Preferred,

Sales of 1,000 to 4,000 Shares Followed in Quick Succession, Prices Reacting Somewhat.

New York, Jan. 7.—The United States Steel stocks were the feature and both of them had wide openings. The first sales of the common were of 15,000 shares at simultaneous quotations at 46½ to 46¾, compared with 46¼ last night, while 10,000 shares of the preferred were at 97¼ to 97½, compared with 97 last night. Sales of from 1,000 to 4,000 shares followed in quick succession with the prices maintained. The early trading was a counterpart of that of yesterday, prices reflecting momentary hesitation and then declining abruptly. The coalers as a group were most affected by the heavy realizing in progress everywhere, but there were also many weak features included in the railroad and specialty lists. Recoveries were general and pronounced when the short interest covered, this demand being fostered by a rapid rise of four points in Sugar. In some other instances the rebound lifted prices well above yesterday's close and especially in Amalgamated Copper and local tractions. Great Northern preferred lost a point.

Bonds were steady.

United States Steel stocks gave away sharply on light offerings. The common re-acted 1⅝ and the preferred a point. Sugar reacted 2. Prices generally, however, did not get back to the lowest, Amalgamated Copper rose to 72¼ in face of the general tendency of the market and American Express sold up 10 points and United States Express 6¾ in all.

MONEY AND BONDS.

Money on call easier at 5 per cent. Prime mercantile paper, 5@5½ per cent. Sterling exchange, steady, with actual business in bankers' bills at 4.87¼@4.87⅜ for demand, and at 4.84¼@4.84½ for sixty days. Posted rates, 4.85@4.88; commercial bills, 4.83½@4.84.

Mexican dollars, 44¼.

Government bonds, steady. Ref. 2's, reg. and coupon, 103½; 3s, reg., 107¾; do. coupon, 108⅛; new 4s, reg. and coupon, 139½; old 4s, reg. and coupon, 111¾; 5's, reg., 107⅞; do., coupon, 107½.

Bar silver, 55¾.

SUGAR.

Sugar—Raw—Steady; fair refining, 3[illegible]; molasses sugar, 2⅞; refined, steady; crushed, [illegible] granulated, 4.75; coffee, dull; No. 7 Rio, 6⅞; molasses, steady.

LIVE STOCK.

Of Utah. Open day and night. Factory and Warerooms, No. 233 E. First South, 1½ blocks east of Theater.

Saponifier.

Pennsylvania Saponifier is the orginal and old reliable Concentrated Lye for family soap making and general household uses. Beware of counterfeits. The success of this article has induced unprincipled parties to imitate it. None genuine unless Pennsylvania Salt Manufacturing Co., Philadelphia, is stamped on the lid.

Ask your grocer for it and take no other.

Buyers of Royal Bread are protected by this label. ROYAL BREAD

THIS GREAT SALE

Of all the clothing sales now in progress in Salt Lake, none show such values as will be found here. Consider the actual worth of the goods at regular prices and note the remarkable reductions:

Burlington Route
A Big Railroad.
Of the hundreds of railroads in the United States, only one is longer than the Burlington Route.
It owns nearly 8,500 miles of perfectly-equipped railroad. It runs through eleven great states. It operates more fast trains than any other western railroad.
Forty miles an hour is no trick at all on the Burlington. Fifty is not uncommon. And on the 500-mile stretch between Omaha and Chicago, there are no less than six trains which, day after day and night after night make sixty miles an hour with clock-like regularity.
Denver to Omaha, Chicago, Kansas City, St. Louis, and everywhere beyond.
