DESERET EVENING NEWS

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

The heavy rain of early yesterday morning, extended from up in Idaho south below Modena.

Governor Cutler will address the Butchers and Grocers at this evening's association meeting, in the Jennings Block.

Roger Wolcott Jessup of the Senior Preps at the university, has been chosen captain of the preparatory department football team.

The management of the Commercial club invites all business men to attend this evening's lecture, in the parlors of the club, on "The science of modern business building," by Arthur Frederick Sheldon of Chicago.

The following petitions for pardon from the state prison were filed yesterday, with the attorney-general: Bell Barnes, burglary, Brigham City, one year from March 10, 1905; Arthur Hilton, burglary, Logan, one year from March 11, 1905.

The U. S. forestry bureau is preparing to add to the Uinta forest reserve in the spring with new lands in the western part of the reservation. The bureau proposes to uniform its forest rangers, so that they will look something like army officers.

At yesterday's meeting of the Utah Portland fair commission, it was announced that the Utah commission would have nearly $3,000 remaining out of the $30,000 appropriation, at the close of the exposition, also a state building free from any kind of debt.

C. D. Rogers and Mrs. Annette Rogers have filed suit in the district court against the Rio Grande Western Railway company to recover $15,000 damages for the death of their son, Lawrence Rogers, who was killed by a Rio Grande train near Brigham on May 29, 1905.

Secretary Frank Beckwith of the Evanston Electric Light company is in the city, with a view to getting local plumbers to bid on making connections between the street lines of the new steam heating company about to begin operations at Evanston and the business houses which are to be supplied with steam. The new plant is to cost $20,000, and is being installed by a New York state company.

There was no meeting of the city council last evening owing to the fact that the Democratic and American ward conventions were held and most of the councilmen were at one or the other of the conventions. President Hewlett and Councilman Preece were the only members present in the council chamber and after a few minutes' conversation they left. A meeting of the council will be held this evening at 7:30 o'clock.

Judging from the smile on Sheriff C. Frank Emery's face yesterday and the manner in which he was passing around the cigars one would think that there is a county campaign on, and that the sheriff was a candidate for a third term. But such is not the case. The broad smile and the cigars were caused by the arrival of a new son at the sheriff's residence. The young man came to town on Saturday evening and both he and his mother are getting along very well.

Mayor Morris and City Recorder Critchlow yesterday signed up the third installment of the special water and sewer bonds and they will be forwarded to the Mutual Life Insurance company for delivery on Oct. 1. The amount of the bonds signed yesterday was $250,000 and the total amount of bonds issued thus far is $750,000 out of the entire $1,000,000 issue. E. B. Wicks was present yesterday in the mayor's office and witnessed the signing of the bonds on behalf of the insurance company.

The state troops to be detailed for duty at the state fair, will be under the immediate direction of the supervisors of the different departments, although under the general control of commissioned officers. President McDonald is confident that with the soldiers on guard there will be no more complaints about stealing of fruit and eggs, and other small articles easily carried off. Moreover, visitors will be given more attention than ever before in the way of direction and general care, and there will be less liability to confusion and possible disorder.

A flag rush is imminent at the state university, as the freshmen have been challenged to pick up the gauntlet thrown down by the sophomores. The university registration reached 740 last evening, without any new preparatory students. The senior academics chose these officers yesterday: President, Karl Hopkins, vice president, Fred Wineger; secretary and treasurer, Helena Kreitzer; executive committee, Elbert Thomas, Milton Crandall and Lewis Stecles. They also selected Tom Billings and Roscoe Groo as captain and manager respectively of the senior class football team.

Warren Foster and John S. Barnhill debated last night in Federation hall, the question of Socialism. The latter made the point that if not interfered with, the natural law of supply and demand would equitably distribute all wealth, and that any money will do as a medium of exchange but only an unmonopolized money will serve as a medium of equitable exchange. Mr. Foster held that the money issue is misleading and that its solution will not help in any way to improve the lot of the worker. Another debate will be held tonight in the Federation hall between W. S. Dalton and Mr. Barnhill.

Glen Miller says the European automobile is at present superior to the American models for the reason that the European manufacturer realized as soon as the principle was developed, that some radically different form of vehicle was called for, and at once applied himself to its development. On the contrary, the American manufacturer labored under the idea that the gasoline motor could and should be applied to the form or model of vehicle than existing—which was a mistake. However, Mr. Miller says the American maker is beginning to realize the necessary of a different model, and is turning his energies in that direction.

Local engineers acquainted with the Salton Sink inundation, say there is no telling what the Colorado river may do by another season. It may return to its former channel, or it may cut an entirely new one in some other direction. It was a great mistake, when the Gadsden purchase was made, that enough of old Mexico was not taken in to include the mouth of the Colorado river, as the present unsatisfactory boundary is the cause of many embarrassing misunderstandings. At present the river is flooding the Imperial valley, in California, threatening thousands of fertile farms with extinction, and nothing appears able to withstand the flood.

W. W. MERRILL, Prest.

Manti, Utah, Sept. 22.—Notice! The Manti Temple will be closed Sept. 30, 1905, and will reopen for ordinance work Oct. 11, 1905.

JOHN D. T. McALLISTER,

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and old people. Sold by F. J. Hill Drug Co.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Sold by F. J. Hill Drug Co.

SEVENTY-SECOND DIVIDEND.

Z. C. M. I., Salt Lake City,
