N.E.A. EXCURSIONISTS

Probably Two Thousand Will Visit Salt Lake City.

FIRST TRAIN ARRIVES TOMORROW.

Numbers Will Go On to the Yellowstone—A Park Party from Ogden and Salt Lake—Notes.

The railroads will be the avenues of a heavy influx of excursionists to Salt Lake the next few days. A telegram received last night from Mr. Wakefield, of the Rio Grande Western, says that over five hundred tickets had been sold already to teachers attending the National Educational association in Denver who would come over the line to Salt Lake. He also gave the information that at least five hundred more would be disposed of, and that the D. G. W. would bring in to this city next week upwards of a thousand of the pedagogues. Some of these will return east from Utah, while others will continue to Yellowstone National Park.

The big special train bearing the president of the N. E. A. and carrying over 450 teachers is scheduled to leave Denver tomorrow. All available room has been taken. The train will reach this city on Sunday morning, so quite an army of schoolma'ams and misses will gain their first view of the City of the Saints on the Sabbath day. The other R. G. W. excursionists will travel on regular trains.

The Union Pacific expects to land the first excursionists from the N. E. A. in this city, and with that purpose in view a train left at 2:15 this afternoon with a party of teachers on board. These are the Southern States contingent, and will arrive at 4:20 p.m. on Saturday. They are in charge of Newton Hargett, traveling passenger agent in the Southern States for the U. P., and well known to many Utahnites. They will be followed by large parties on each succeeding regular train, the second contingent being in charge of Mr. Taggart. The Union Pacific now has booked 800 excursionists to visit Lake, and says that it will have at least 600 to 1,000 of the teachers here over its line.

Up to last night the Union Pacific had sold to the pedagogues 175 tickets to Yellowstone park, via Salt Lake City—a fact which shows that the teachers are bent on having a good time in travel.

Salt Lake City and Ogden are to have a party of Yellowstone park tourists. There are now some fifteen of them, and several others are expected to join. They will leave this city on Monday next, July 15, under charge of Fred. Cutris. The trip may be made in extend over twenty-two days if the party desires to stay that long, and the total expense is placed at $13.50 per capita.

The new Garfield Beach train on the Union Pacific will start on Sunday afternoon at 5 o'clock, and run daily thereafter for the summer.

This morning the threatening weather made it look bad for the Y. M. I. A. at Saltair, but the clouds cleared away, giving a beautiful day.

The Relief Society anticipates an enjoyable time at Saltair on Wednesday, the 17th.

WHO WAS TO BLAME?

A Jury Called to Say Whether It Was the Bicycle Rider or Teamster.

United States Commissioner Sommer presided over a court with a jury today. The case was the prosecution of James Goslett, and six "good men and true" were chosen to bring in a verdict. Mr. Goslett is charged with having purposely run his team into a bicycle, injuring the lady rider and crushing the wheel out of shape and value. There were a lot of witnesses, who told how the affair took place, when Mr. Goslett's team and rovers attempted to pass on a narrow part of Twelfth South street. Of course the bicyclists blamed the teamster, and the teamster blamed the bicyclists. It appeared that, as Mr. Goslett was driving off a narrow bridge, and before he reached a wide part of the road, several bicyclists attempted to pass. One got along in safety, but the second, Mrs. H. Shaw, collided with one of the horses, narrowly escaping being run over herself, and leaving the bicycle under the wheels of a heavy furniture van. The machine, which was valued at $100, was twisted that it was figured out the cost of repairs would be $40. This amount for fixing a machine whose cost of manufacture is less than $40, it was remarked showed that the patents were as in parts as well as machines. Mr. Goslett said he did his best to avoid the riders, and they asserted that he did not. Thus the question went to the jury this afternoon for decision.

Will Cost More to Marry.

County Clerk Stanton has just awoken to the fact that he has missed the chance of making about $100, but being a man who does not like to see bright opportunities pass him by, he will take advantage of them as they come along in the future. Lately Mr. Stanton found that the law allows him to charge half a dollar more for the issuance of a marriage license than he has been in the habit of charging and therefore those contemplating entering the matrimonial bonds will have to pay $2.75 in the future.

Masons, Mrs. Bentley, Robert Cunningham.

Schofield Items.

SCHOFIELD, July 10, 1895.—Everything is very quiet in these parts. The mines are working only one and two days a week.

D. Smith says the smelter at Winnemucca is about to run south, and arrived last week, its only at Dr. and Mrs. Wade Hampton's.

Frederick Ayers, of Provo, who was here in the early spring a few days again is sojourning nearly.

Joseph Pilkington, Cleveland, Emery county, who for his health, came here last Monday on a visit to Alonzo Wyman. Joseph was called to leave away their brother-in-law John Jones and family, who lost their son in the explosion in No. 3 mine. We add Brother and Sister Pilkington God speed on their mission of love. They will stop at Coalville for a few days where they have relatives.

Alex Wilson went over the hills facing on Monday. He got separated from his partner and lost himself, but found a sheep camp where he stayed over night. He got home next morning all right. He says he saw a bear on his way home, but he didn't want him.

MORMON BOY.

Returned Missionary.

Elder A. Y. Duke, of Heber City, Wasatch county, has just returned from a mission to the Southern States, where he has been laboring for the past two years. He left this city on May 30, 1893, going first to Chicago, where he visited the World's Fair, and from there proceeded direct to Charlottesville. Upon arriving there he was assigned to labor in the Middle Tennessee conference, where he labored in twelve different counties. He reports very favorable treatment from the people and says that they are beginning to realize where they stand and are paying greater attention to the Elders who preach in them from time to time. This is more especially the case in Nashville where the Elders have been called Warm Friends. Elder Duke was released on July 5th, and returns in good health.

Impure Drinking Water.

Health Commissioner Daly has three bottles of water in his office which were taken from the drinking tanks of the Rio Grande Western depot. A number of complaints have been made that the water is very impure. An analysis will probably be made some time in the near future.

Board of Public Works.

The board of public works met this afternoon at 3 o'clock. The subject under discussion was the sewer question, particularly the outlets in the northwestern part of the city.

He Took a Bottle.

John Forsland was arrested today on a charge of swindling, by false pretenses, a bottle from Henry Bowring. The contents of the bottle were what made it valuable, as it was consisted of $12.50 worth of gold dust and $12.50 worth of Montana diamonds. Mr. Forsland was released on $50 bail, pending the result of a preliminary hearing, which was begun this afternoon before United States Commissioner Sommer.
