WHAT TO DO WITH IT

The Intricacy of the Coxey Army Problem Evident.

THE CAPITAL ALMOST ALARMED

Reports of Detachments from Many Parts of the Country.—The Marching Hordes.

WASHINGTON, D. C., April 16.—The Washington authorities, civil and military, are beginning to take an active interest in the arrival of Coxey's army. As the commonweal approaches and the stories of detachments from various cities begin to be authenticated, the officials admit a difficult problem is to be solved by the authorities. The question is: What will be done with the Coxeyites after they disband? The individual members of the army will be without means to get out of the city, and General Coxey has disclaimed all intention of leading away the men he brings in. It begins to look as though the men might camp in the district and practically say to the authorities: "Here we are, and what do you propose to do with us?"

The district commissioners had prepared today a list of the statutes under which Coxey and his men could be arrested and dealt with. There is no lack of law. Laws against vagrancy, against bringing paupers into the district, against assemblages on the capital grounds of persons without a permit are in force.

Commissioner Ross, the president of the board, said today he considers the invasion dangerous, because of the precedent it would establish. If disgusted factions would form the habit of marching on the capital to enforce their demands, he thought it would be disturbing to legislation and decidedly uncomfortable for the residents of the city.

COXEY HOPES HIS FOLLOWERS.

CUMBERLAND, Md., April 16.—Coxey taking advantage of the inflow of cash contributions received during the stay in Cumberland, has hired canal boats to take the party eighty-five miles down the canal to Williamsport. Coxey will work his floaters in blocks of two, one barge for the men and the other for the horses and camp traps.

JOHN GROVER'S GENEROUS OFFER.

CINCINNATI, O., April 16.—Mr. John H. Grover, the Populist candidate for mayor of Cincinnati, tonight announced that he will take 3,000 of Cincinnati's unemployed and put them in Washington, "in the sanctum of their modesties, where, without firearms or threats of any sort, they will ask the national government to give them work or give them rations."

He proposes to pay $10,000 for transporting the men, and have each man take three days' rations and two blankets."

THEY BURN CARS.

DENVER, April 16.—A detachment of Grayson's Colorado regiment of Coxey's army seized a line of box cars last night in the Burlington & Missouri yards, just north of here, after driving off the watchmen, intending to force the railroad to haul them east. This not being done, several empty cars were set on fire early in the morning, but the fire was put out. At noon today the cars were again discovered burning, and the plan now is for the regiment to march out a few miles along the Rock Island track, where a train of empties will be found ready to be seized and forced to go east.

KELLY'S PILGRIMS.

OMAHA, Neb., April 16.—Smooth shaven and sunburnt, but with bright eyes and firm steps, General Kelly's troops marched out of Council Bluffs at 3 o'clock. Along the street the regiment was given an ovation, and several times was stopped by citizens who demanded a speech and the privilege of shaking General Kelly's hand. Behind him rode Sheriff Hazen, who went more as a pilot than as a peace officer.

Early this morning Sheriff Hazen called on General Kelly and told him his twenty-four hours of rest was ended and that he should move on by 1 o'clock. Kelly promised to start by that time, or soon after. At 1 o'clock the army relinquished the train of Union Pacific box cars it had occupied since leaving Ogden, and prepared for the march.

Parkside, the first station east on the Rock Island, five miles out, was chosen as the camping place for the night. General Kelly hoped that a train of empty box cars would pass the station during the day. It would then be captured.

At 2:30 the bugle sounded "fall in," and in half an hour the army was under way. The men were in excellent spirits. Not a sick man was with them. The sick had been transferred to the hospitals. About 150 joined the army Sunday and today.

During the stay of the army in this vicinity there was no drinking in camp and absolutely no disorder. Many people went to the camp during the day and contributed cash and clothing to the commissary department. Kelly left with provisions enough to last two or three days, and in possession of about $400 in money.

Shortly after 1 o'clock this morning Kelly's army stopped a freight train on the Chicago, Milwaukee & St. Paul road, and the indications are that the trainmen will carry them east. They expect to start within an hour.

TO WASHINGTON OKEAY.

OGDEN, O. T., April 16.—Coxey's army here now numbers 200. Arrangements have now been completed for the men on the Santa Fe to Washington, at $5 per head, providing 300 go.

JONES MAKES A START.

NEWPORT, April 16.—After a good breakfast, contributed by the townspeople of Newport, Christopher Columbus Jones and his army started for Newport, sixty-nine miles below.

SAN FRANCISCO CONTRIBUTION.

SAN FRANCISCO, April 16.—The city supervisors today authorized the mayor and chief of police to arrange for the transportation of 600 men to Chicago via Mojave. Three hundred members of the second regiment of the industrial army of California marched to the city hall this morning and made an appeal for assistance. The leaders stated that they were anxious of leaving the city quietly, and as there was no chance for any of them securing employment here they believed the national government should be given a chance to help them. In response to their appeal Mayor Ellert and Chief of Police Crowley called upon the Southern Pacific officers. The railroad company, it is said, is willing to take the men as far as Mojave, after which they can be turned over to the Atlantic & Pacific. It will cost about $2,000 to move the men as far as Chicago, and this sum the supervisors will advance.

A REVELATION.

The "Josephites" Receive One at Lamoni, Iowa.

LAMONI, Iowa, April 16.—Today's session of the Reorganized Church of Latter-day Saints was well attended, as everybody expected a special revelation in answer to yesterday's fasting.

After routine business was finished a lengthy printed document was put into possession of the several quorums, who retired to examine and pass upon it. It was a revelation, and gave directions designed to set in order and correct certain errors in church government and misunderstandings of jurisdiction and rulings. The leading feature was the defining of duties, powers and privileges of the high council. This high council of the church is a body composed of twelve high priests, chosen from among the priesthood and set apart to this calling by ordination, by direction of a high council or general conference, and presided over by the president of the church.

Morrell Sentenced.

FRESNO, Cal., April 16.—Ed Morrell, partner of the bandit Chris Evans, was sentenced today by Judge Harris to life imprisonment at Folsom for robbery.

Deaths.

NEW YORK, April 16.—Brigadier General Oliver Lathrop Shepard, a retired officer of the army, died this afternoon at his residence here. He had been sick a week, having caught cold, which resulted in pneumonia.

JOHN C. BARCLAY.

John C. Barclay, the best known man of Wall street, died here of heart failure. He was 75 years old, and for almost half a century has been the trusted messenger of the big specie and bullion houses in the city.

A Stage Robbed.

ANGELS' CAMP, Cal., April 16.—The down stage from Angels' Camp to Milton was robbed this morning by a masked highwayman at Sam Crewell's, about three miles from town. Wells, Fargo & Co.'s iron box was taken open and the contents taken. It is supposed to have contained a large amount of treasure.

The Miners Will Strike.

PITTSBURG, Pa., April 16.—Arrangements for the coal miners' strike, which is to take place next Saturday, have been entirely completed. At a conference held today between National Organizer Cameron Miller and District President Cairns, a series of meetings were arranged, to take place while the strike is in progress, to keep up enthusiasm and keep the men in line.

In a few days circulars will be sent to the operators notifying them that the miners demand a restoration of the old price for mining, which is 79 cents in this district. It is certain some of the operators are preparing to continue operations with the new men the moment their employes quit. They claim about half of the [illegible] miners have been idle most of the winter. They are consequently very poor and anxious to work at any price.

BIRMINGHAM, Ala., April 16.—The miners' strike, which began Saturday at the principal mines, is still on. It is learned that the miners in Walker county will join the strike tomorrow, making a total of men involved of about 8,000.

IN CONGRESS.

Tributes to the Memory of the Late Senator Vance.

WASHINGTON, D. C., April 16.—The senate reconvened at 3:30 o'clock this afternoon. On the clerk's desk was a massive floral piece representing a tall column, composed of dark copper colored leaves of the galix, a North Carolina mountain plant, while at the foot of the shaft was the emblem of peace, the palm branch, and round it was twined a wreath of La France roses. This was the tribute from the late Senator Vance's colleagues in the Senate.

At 3:30 the casket was borne from the marble room by nine Capitol policemen to the rotunda and laid by the Vice President's rostrum. The lid was hidden by a mass of flowers, chiefly white roses, tied with brown purple ribbon. When the active pall bearers had deposited their burden, a number of pines were brought in and grouped about the form of the dead senator. Everywhere were pines, seeming to bring the pungent fragrance of the North Carolina mountains into the chamber.

A few minutes afterward the family of Senator Vance entered, and soon after the committee of the Senate and House, appointed to attend the funeral, entered. Then came the honorary pall bearers, who were seated at the side of the casket facing the audience. Then followed Speaker Crisp, the members of the House, the chief justice and associate justices of the Supreme court, and the President and his Cabinet.

At 4 o'clock, the invited guests being all present, Dr. Moses D. Hoge of Richmond, Va., offered prayer and then delivered the sermon.

The funeral cortege left the Capitol by the east door from the Senate chamber. The casket was carried down the long flight of steps between the lines of senators and Representatives who acted as honorary pall bearers. The funeral party was driven to the Pennsylvania depot, accompanied by a delegation of North Carolinians on foot. The remains were taken to Asheville, N. C., where the interment is to take place, on a special train over the Richmond & Danville road, which left Washington tonight.

THE HOUSE.

WASHINGTON, D. C., April 16.—Owing to the death of Senator Vance, The House transacted no public business today. Resolutions of respect to the memory of the distinguished North Carolinian were adopted. The House, as a body, participated in the funeral ceremonies in the Senate chamber.

Appropriate resolutions were also adopted in honor of the memory of Henry W. Slocum, the gallant Union general, formerly a member of the House, who died in Brooklyn last Saturday, and then, as a further mark of respect for the late Senator Vance, the House adjourned.

Breckinridge Defeat.

LEXINGTON, Ky., April 16.—The news of the verdict in the Pollard-Breckinridge case caused no particular surprise here, especially among the women. If anything, his friends appear more active, as they assert that the result of the trial will cut no figure in his race in the district.

Breckinridge telegraphed to some of his friends today that he was in the race to win and to communicate the same to his friends in this county. Now that the result of the trial is known it is supposed he will at once begin active canvass. Lively times are expected in the near future, and the fur will fly.

THE NEWS FROM ABROAD.

Excitement Among Americans at Bluefields.

England Will Not Borrow Money to Meet the Deficit in the Treasury.

NEW ORLEANS, La., April 16.—The steamer George Seeley arrived today from Bluefields, Nicaragua, bringing news to April 12th. The *Picayune's* correspondent writes:

On the evening of the 6th inst. a small schooner arrived from Greytown, bringing mail advices and several Nicaraguan officers. Among these, to the great surprise of even Lacayo, was the Wilson murderer, Norbal Arguello, late acting governor of Rama.

As soon as it became known that this man was in town the citizens began to congregate in groups, where one would, with the click of a pistol, hear "Yes, the murderer is here." As the Nicaraguans suspected the peculiar movements of the Americans meant something, the assassin Arguello was quickly placed under arrest, and has since been confined in the provisional tombs.

It would seem that Arguello escaped from Rama to the interior, where he was safe beyond a doubt. His advent here, in connection with other matters transpiring, is a part of a play being made by Lacayo, leaving the commander of the San Francisco, provided he gets here, will make a demand for his extradition.

The English Budget.

LONDON, April 16.—The budget provides for an increase of one penny on the pound in the income tax, as presented to the House of Commons by Sir William Harcourt today. Sir William estimated the total expenditures at £95,458,000, about $480,000,000, and the revenue at £91,130,000. He said the deficit of about £4,500,000 (about $22,000,000) would not be met by borrowing, nor by suspending the fund reductions of the national debt.

The extra one penny on the pound on income tax would yield about £1,500,000 (nearly $8,000,000). He, however, intends to raise the limit of exemption from £120 to £160, and also to relieve incomes between £400 and £500 by an abatement of £100. These abatements would mean a yearly loss of £1,450,000, reducing the net gain on the extra penny to £150,000.

In order to meet the remainder of the deficit he proposed to add one penny per gallon to the duty on spirits, also sixpence per barrel on beer.

Signor Crispi Explains.

ROME, April 16.—Signor Crispi today explained to the Chamber of Deputies, sitting as a committee of the whole, his demand for extraordinary powers. He said his sole object in asking that such powers be conferred on him was to simplify the public service and effect retrenchments in the expenditures. He declared he would arrogate to himself the right to modify taxation. He further said he would not hamper the administration of the civil or criminal law, nor would he interfere with the electoral system. He concluded by stating that he had no idea of dissolving the Chamber of Deputies.

The French Deficit.

LONDON, April 16.—A dispatch to the *Times* from *Paris* says the budget for 1895 has been issued. It shows after the conversion of the amount remaining by rente conversion a deficit amounting to 53,000,000 francs. This will be covered by increased duties and various economies, including a reduction of the guarantee interest on railways. This will leave an estimated surplus of 514,000 francs.

Mrs. Henson, residence No. 30 Grape Street, Seventeenth Ward, has resided in the city for forty-seven years. For [illegible] years she has suffered with a complication of troubles. In an interview she says:

MRS. MARY HENSON, NO. 30 GRAPE ST., SEVENTEENTH WARD.

"I am glad to say I have been cured by Drs. Shores & Shores. I was a wretched sufferer. Terrible headaches that almost set me wild, nose stopped up, a constant hawking and clearing of the throat, had taste in the mouth, my victuals did not taste right to me, sharp pains all through the body, greatly distressed after eating, always tired after arising in the morning, had to clear my head and throat before I could eat. I was very much worried about my case, and friends advised me to go to Drs. Shores & Shores, telling me how they had been made well, and I decided to give them a trial, and I am now glad to say that they have succeeded in my case, and I feel it a duty to make public the results of their wonderful treatment."

As stated above, Mrs. Henson resides at No. 30 Grape Street, Seventeenth Ward, where she can be seen, and will readily verify her statement.
