TELEGRAPHIC.

GOVERNOR WAITE'S LATEST.

He Will Call an "Unorganized Militia" to Fight the Deputies.

Civil War Rumors Still Floating in the Air—Test of the Strike—Trouble in the Coke Region.

DENVER, Colo., June 10.—Governor Waite early this morning, in response to a telegram from General Brooks, commanding the militia at Cripple Creek, informing him that the deputies were advancing on Bull Hill, ordered the following telegram sent:

"General Brooks:

"If, as you say, Sheriff Bowers admits that the deputies refuse to obey his orders and are acting in defiance thereof, they are not a lawful body, are only armed marauders, and you must treat them as such.

"Order them to lay down their arms and disperse. If they refuse to obey and you have not force enough to suppress this new insurrection, notify me and I will call out enough unorganized militia to enforce the order."

Commissioner Boynton, in command of the deputies, was shown the order from the governor and immediately wired his attorney, Hon. C. S. Thomas of this city, for advice. Mr. Thomas sent the following reply:

Mr. Boynton—The sheriff of the county, engaged in enforcing order, consisting of attempting to subdue armed resistance to the law, or the authorities, or in overcoming those who defy the service of process, is discharging the obligations of his office and maintaining civil government. In doing this he may call to his aid and deputize as many citizens as may be necessary, and no power, not even the federal government, has lawful authority to interfere with or disarm him.

Boynton denies that Sheriff Bowers has lost control of his men or that they are a disorderly body.

THE SITUATION AT CRIPPLE CREEK.

CRIPPLE CREEK, Colo., June 10.—About 3 o'clock this morning a party of fifteen deputies, while approaching Bull Hill on their way from camp to this place, were fired upon from ambush by twenty miners. The deputies, being unprepared for an attack, retreated without returning the fire. General Brooks called out enough militia to surround the miners and arrested them.

Sheriff Bowers denies that he has lost control of the deputies, and General Brooks denies having made any statement to that effect. It was this false statement that caused Governor Waite to order General Brooks to disarm the deputies.

The cost of this strike to El Paso county has already reached $100,000, and is piling up at an estimated rate of $5,000 a day.

TRAGEDY IN THE COKE REGION.

UNIONTOWN, Pa., June 10.—The truce is ended and again the armed deputies in the coke regions have made a killing. One striker killed in his tracks, two others dying and another shot through the body is the result of the battle this morning at Lemont. There were six deputies on one side and a mob of strikers on the other.

The circumstances that led up to this were developing since yesterday noon. Four American workmen have been working at the Frick Coke company's valley works for some time. They came to New Haven yesterday afternoon, to take Leisenring electric line for home. As soon as they alighted from the train at New Haven, they were surrounded by a mob of several hundred strikers. The strikers first beat the few workmen and then put tags on them bearing the inscription "Blacklegs," also covering them with chalk marks. They then marched their prisoners to all of the works on the line from New Haven south, holding them up as decoyed samples of "scabs."

The Frick company was informed of the perilous position its workmen were in. Field Deputy Allen and seven men were sent to New Haven on the evening train. They were misled by false information.

It was daybreak when the squad of tired deputies reached Lemont. Not long after daylight the men began to assemble on the commons by the hundreds. They engaged in the wildest demonstrations.

At this juncture Deputy Allen and three other deputies came up. Allen was mounted. Riding up to the advancing crowd of miners he told them to go back. They began to yell, and one striker covered him with his pistol and fired. The shot was a close shave for the top of Allen's head. Allen turned in his saddle and called to his five men to fire. Each of the men shot had a Winchester. Allen had two revolvers. They opened fire together and the strikers stood to it and fought gamely. The deputies gave ground, but kept up their fire. They were driven to the extreme end of the company's ground, where they made a stand. By that time three of the strikers were down, and when the deputies stopped and prepared to fight it out there the mob fell back.

This instant the strikers stopped firing the officers stopped also, glad enough to get away.

At 7 o'clock tonight six strikers were arrested at Lemont and sent here to jail. Two hundred more arrests will be made.

Two Hours from Chicago to Milwaukee.

CHICAGO, June 11.—The two hour schedule between Chicago and Milwaukee was successfully inaugurated yesterday by the Northwestern line. The train made the run with perfect ease. The time card shows an average running speed of 47 miles per hour. The distance between Boston and Spring Bluff, exactly five miles, was made in four minutes and fifty-eight seconds.

McKinley's Money Returned.

CINCINNATI, June 9.—A special to the Commercial Gazette from Massillon, O., says: Today the miners' relief committee of Massillon returned to Governor McKinley the $10 he contributed to their subscription for the relief of unemployed miners. The letter from the relief committee said:

William McKinley, Governor of Ohio—Sir,—Enclosed you will find $10, your donation to miners of Massillon. They unanimously refuse to accept a mite from the hand that assisted in smiting them. Your donation was solicited because the miners believed you were at least as much in sympathy with them as the ordinary every-day citizens, but since you have divested yourself of your true character, standing out in glowing colors, they abhor the contemptibility of your charity. Your ambition in a political way, so far as the miners are concerned, is sure to be gratified henceforth. Yours, etc.

JOHN WILHELM, President.
E. MILLER, Treasurer.
E. BROWN, Secretary.

For the Union of Laborers.

ST. LOUIS, Mo., June 10.—Samuel Gompers, of the Federation of Labor, and Master Workman James R. Sovereign, of the Knights of Labor, are here to attend a meeting to be held this week, looking to the amalgamation of all the labor organizations in the country.

Dallin's Bronze Statue.

CHICAGO, June 9.—The bronze statue, "Signal of Peace," the gift of Judge Lambert Tree to Lincoln Park, was unveiled this afternoon with simple ceremonies. The statue is the work of Cyrus Erwin Dallin, and represents an Indian seated on a pony, holding aloft upon a spear the emblem of peace.

A KANSAS FIRE.

Four Buildings Destroyed and Several Persons Injured.

KANSAS CITY, Mo., June 10.—At just 5 o'clock this afternoon a general alarm was sent in from the corner of Thirteenth and Hickory streets for a fire which was raging in the center of the building owned and occupied by the Keystone Implement company.

The fire had been burning for quite a while before the department arrived on the spot, and the flames had got beyond control.

The firemen worked hard to confine the fire to the Keystone building, but the stock of paints and oils fed the flames, which leaped in the air to a hundred feet, and were quickly communicated to the Bullard & George Manufacturing company on the east. The department fought the flames from all sides and succeeded in keeping the fire within the two structures named, but both buildings and contents were entirely destroyed. About 3 o'clock the west wall of the Keystone building fell and crushed a one-story building occupied by Charles Pierce. The family had left their home and were thus saved from instant death. A brick house occupied by Joseph Pope was also crushed and Mrs. Pope was severely injured.

James Donnelly, of hook and ladder company No. 1, was caught under the falling walls. His injuries are serious.

Pat Ahern, another fireman, was slightly injured. William Russell suffered the dislocation of his collar bone, and he was severely injured about the chest.

About 7:30 o'clock another part of the wall fell and James Marvin was injured about the hips.

A JURY'S VERDICT.

A Prisoner Acquitted of Murder but Held for Burglary.

OAKLAND, Cal., June 9.—Louis Matheny, accused of the murder of Policeman Cashin, was acquitted by the jury today after a protracted trial. The case was a remarkable one. Matheny and a companion named Tonhill were surprised in the act of burglarizing a store in Oakland over a year ago by Cashin and a fellow policeman. A pitched battle ensued, in which Cashin and Tonhill were killed. It seemed to be settled that Cashin had been killed by Matheny, but a short time since the dead policeman's body was exhumed, the bullet extracted, and it was clearly shown the ball could not have come from the burglar's revolver. He was accordingly acquitted of murder, but is held for burglary.

IN A BABY INCUBATOR.

What Was Done to Keep an Infant Heiress Alive.

NEW YORK, May 25.—Having lain dormant in her wire cradle in the Robinson baby incubator exactly three months, the baby heiress of Edward Clarence Haight was yesterday removed, placed in swaddling clothes and turned over to the manipulations of her trained nurse. Little Miss Haight was prematurely born at No. 283 Madison avenue on February 24. She arrived three months earlier than was expected, and her mother died in giving her birth.

Dr. Carleton determined to try to save the infant and sent a hurried note to the W. F. Ford Surgical Instrument company. Mr. Ford telegraphed to William G. Robinson, the inventor and maker of baby incubators. Robinson hurriedly drove up to the Haight mansion with his apparatus, and the fragile, feeble and almost inanimate infant was placed inside. There she remained for three months, having been taken out but twice or thrice daily for a moment while her toilet was hastily made. The young lady was fed on medicated milk. Yearning eyes watched her day and night. As she grew older and stronger she stretched her limbs, shrugged her wee shoulders and yawned. Under ordinary circumstances she should have been born today, instead of three months ago, but she commenced her natural life with a three months' novel experience. She looked very comfortable in her new clothes last night.

Started by an Engine Spark.

DUBUQUE, Ia., June 9.—The most destructive fire that ever visited Dubuque was started about 5 o'clock by an engine spark in the Lesur lumber yards. The fire burned from Sixth street to Eleventh street, a width of three square miles. Immense piles of lumber went down and mills, factories, warehouses and barns were reduced to ashes, leaving fully twelve acres in ruins.

An Arizona Town on Fire.

PHOENIX, Ariz., June 9.—It is reported here that the business portion of Globe, Ariz., is in ashes from a fire which started in the Old Dominion store. The total loss will not be less than $20,000.

A CHEROKEE TRAGEDY.

Levi Sanders Kills Several Persons and is Finally Killed.

WAGONER, I. T., June 9.—This afternoon there was a robbery and sensational tragedy enacted on the road between Fort Gibson and Tahlequah, where the big Cherokee payment is in progress. A stageload of passengers was some miles out from Tahlequah en route to Fort Gibson, the railway station, when Levi Sanders, a desperate Cherokee character who was on the front seat with the driver, shot him in the side with his pistol, and ordered him to hold up. He then made the passengers get out and relieved them of $70 and some jewelry.

One man, who declined to give his name, was shot through the breast by the Indian.

The robber then left, walking through the woods in the direction of Tahlequah. He found a man and an Indian boy herding some cattle and began shooting at the boy and killed him. He then mounted the horse the boy was riding and again emerged into the road, where he came upon two wagons containing some men and women. He shot into one of them and killed Mrs. Duncan, a lady connected with one of the best families of the Cherokee nation. Her son, Levi Duncan, was with her. He began shooting at Sanders, as did the man in the other wagon, but he was getting away on his horse when young Duncan got a Winchester and shot the horse.

Sanders was then shot and could not escape. He was literally shot to pieces.

Cyrus W. Field Dead.

NEW YORK, June 9.—Cyrus W. Field, son of the late Cyrus W. Field, died this afternoon, aged 35 years.

A Veteran Reporter Gone.

ST. PAUL, Minn., June 10.—John Edwin Ward, the oldest newspaper reporter in the service in the Northwest, died in the hospital in this city today of inflammation of the bowels. Mr. Ward was 42 years of age. He had worked regularly on the papers in St. Paul and Minneapolis eighteen years.

Rain in Kansas.

ELDORADO, Kan., June 10.—The rain of last night was the heaviest this county has had for twenty-five years, and as a consequence the entire Walnut valley is covered with water and considerable damage to crops and property will result.

To Protect Rebels.

SAN ANTONIO, Tex., June 10.—Many of the Mexicans of the lower Rio Grande border have formed an organization to prevent the prosecution of Mexicans charged with revolutionary offenses against the government.

This organization is now endeavoring by threats to secure the release of Don Hinojosa and Jose Garza, who were recently arrested here upon an extradition warrant sworn out by the Mexican government.

Mrs. Lease for Congress.

TOPEKA, Kan., June 9.—It is announced here tonight that Mrs. Mary E. Lease will be nominated by the Prohibition convention for Congressman at large from Kansas. It is also expected this nomination will be endorsed by the People's party.

BIMETALLISM IMPOSSIBLE.

That is the Opinion of One of the German Imperial Commissioners.

BERLIN, June 9.—Herr Ludwig Bamberger, an eminent authority upon the question of bimetallism and a member of the silver commission, declares, after twenty-one days of discussion, that the meetings of the commission have furnished overwhelming proof that in the future no conference, either national or international, will arrive at a satisfactory result. According to Herr Bamberger, an understanding upon bimetallism seems to him impossible between the different states of Europe.

Eighteen Horses Burned to Death.

CHICAGO, June 10.—Fire broke out at a late hour tonight in a coal yard at Rockwell and Eighteenth streets. Eighteen horses were burned to death and one man is reported missing.

Mrs. Shattuck Sentenced for Murder.

SAN FRANCISCO, June 9.—Mrs. Jane Shattuck was today sentenced to prison for life for the murder of Harry G. Poole, a well-known young man, about four months since. Poole had been paying attention to Emilie Shattuck, a chorus girl. Her mother shot Poole in her own apartments because he refused to marry her daughter immediately.

Coxey & Co. at Liberty.

WASHINGTON, June 10.—Coxey, Browne and Jones were this morning released from jail. The four proceeded to the Nation Hotel. After spending a quarter of an hour in the hotel, they started for the Coxey camp in Bladensburg.

IN A BLACKSMITH SHOP.

A Political Discussion Ends in a Murderous Assault.

CHICAGO, June 11.—Four men were the victims of John Kane's wrath in Deering street last night and are lying in the hospitals or their homes under the care of physicians as the result of a quarrel which originated between Kane and a blacksmith named Charles Fisher, in the latter's shop. Early in the evening Kane became involved in a political discussion with Fisher in the blacksmith shop. The discussion ended in a quarrel, which resulted in Kane stabbing Fisher in the left breast. Leaving his victim bleeding on the floor of the blacksmith shop, Kane ran to his house, where he secured an axe and with this returned again to the shop. Meanwhile James Riley, Ernest Grunwald and Joseph Schultz, while passing the place, had discovered Fisher's condition and were in the shop when Kane returned with the axe and accompanied by two friends. No sooner did Kane see the three men attempting to bind up Fisher's wounds than he made a mad rush at the quartet with the uplifted axe and when he reached them he struck wildly at each and all of the men. Before he could be restrained, Riley, Grunwald and Schultz were lying on the floor with severe cuts in their heads. Officer Thomas Birmingham, after whom the Haymarket monument is modeled, reached the scene of the fight while it was in progress and attempted to arrest Kane. He received a violent blow upon the head from the axe and was knocked to the floor. Seeming to be satisfied with his work, Kane dashed out of the blacksmith's shop and ran away. He was later arrested and locked up.

No cause can be ascertained for Kane's second assault with the axe, except that of temporary insanity.

Cripple Creek Miners in Colorado.

Special Telegram to the News.

LARAMIE, Wyo., June 11.—Quite a number of miners have arrived here from Cripple Creek, Colorado, the past week. Four teams came in yesterday. They will go to work in the Morgan district and other Wyoming gold camps.

HAVE YOU A DOUBT

AS TO WHO ARE SALT LAKE'S LEADING SPECIALISTS, IF YOU HAVE READ THE EVIDENCE OF YOUR FRIENDS AND NEIGHBORS.

If you have been a constant reader of this paper for the past few months and have noticed the evidence published by Shores & Shores and the so-called specialists, you will see that Drs. Shores & Shores have each week given the public one or more new statements of patients who have been cured by their new treatment, while our would-be competitors have given you old, re-written statements of people who have ordered their names withdrawn; but these would-be doctors can't cure a patient in six months with their treatment, as the records of the newspapers will prove, so they resort to all kinds of schemes to deceive the public.

Drs. Shores & Shores live on their own reputation. They use their own system of treatment. They do not advertise one man's system and use another. Drs. Shores & Shores' reputation for the past six years in the Territory of Utah is a guarantee of honest and skilled treatment.

Drs. Shores & Shores are having the pictures made of patients who have been "galled" by these would-be doctors, and as soon as they are ready for publication you will receive some inside history as to the location and methods of treatment used by these would-be specialists.

This week Drs. Shores & Shores present the testimony of two of the oldest residents of the territory. Hear what they say; go interview them, and they will tell you the difference between the real and the imitation.

MRS. BERTHA CHRISTIANSEN,
Residence 151 Second South and Fourth East Streets, City.

COULD NOT SWALLOW.

The Alarming Condition of Mrs. Christiansen—She is Cured in One Month by Drs. Shores & Shores' New Treatment.

To say Mrs. Christiansen was a sufferer is putting it mild. When she placed herself under the care of Drs. Shores & Shores, it was doubtful if she could ever be made well; her case had run so long that the catarrh had thoroughly undermined her entire system; her throat was so raw and irritable that it was with the greatest difficulty that she could eat enough to keep her alive. Here is her signed statement word for word:

SALT LAKE CITY, Utah, May 31, '94.

To Whom It May Concern:

This is to certify that I came to Drs. Shores & Shores a wretched sufferer with catarrh of the head and stomach. I was so very bad that I could not even take a drink of water or food in any shape without the greatest pain, and I can now truthfully state that after one month's treatment I am a well woman.

These are the class of troubles Drs. Shores & Shores cure daily. This is the class of troubles that have made them famous over the country, and this is the class of troubles that the would-be doctors try to treat, fail, and then advertise they are doctors.

Drs. Shores & Shores.

Specialists,

Zion Medical and Surgical Institute

34 E. Second South Street.

Specialties: All diseases of the Eye, Ear, Nose, Throat and Lungs. Female, Rectal and private diseases. The standard fee for these is low, payable [illegible]. Our own method.

Office hours—9 to 12 a.m., 2 to 5 p.m. [illegible]
