COUNTY HIGH SCHOOLS.

Exercises By the Summer Philomathian Society.

Essays on City and Country Life—Pedagogues and the Coming Vacation—Notes.

The scheme of establishing county high schools is meeting with great favor among the citizens of the county. A News representative conversed yesterday with a gentleman living in the vicinity of the Central Seminary, who seemed very enthusiastic concerning a high school, and stated he voiced the sentiments of a large number of people in that section. The location is central, and the building is said to be well adapted to the purpose. It is understood that the county of the University encourage the movement, and upon the establishment of the school the preparatory department of the University will be discontinued.

Responding to an invitation from President W. J. Millay, a News representative visited the Summer school yesterday afternoon and witnessed a exercises under the auspices of the Philomathian society. The society is made up of members of the eighth grade, the officers of which are chosen for one term. In matters pertaining to parliamentary procedure in debate, Roberts's Rules of Order is taken as the guide. Delegates of pupils from the literary societies of the Wasatch and Fourteenth wards were present, in order to improve upon the manner of conducting the exercises of their respective organizations.

Yesterday the program was a number of quotations repeated by different pupils upon Spring, and were of an appropriate character.

Next came a musical selection in which the entire school joined. Miss Irene Alf read an essay upon the Chicago Fair, in which she gave an entertaining description of a visit to the World's Fair, and of the many objects of interest to be met there, and the model towns to be burned. Mr. Wm. Hemmert followed by Miss Sophia Berry, who gave a pleasing recitation, but the selection was rather short to be so prettily as it otherwise would have been. A vocal solo by Miss Lehmann was a good feature of the program and received a very merited honor. Following came a debate upon the question "Resolved that country life is to be preferred to city life." On the affirmative were Henry Monteith and Ella Atkinson, on the negative, Ely Smith and Stella Bailey. Commendable arguments were advanced in support of the respective sides, but the negative was forced to succumb. The instrumental solo by Miss Odell Dunbar was well executed, and the young lady responded to an encore. Interspersed throughout were very interesting Miss Harriet Chapman is the teacher.

It is learned that some of the principal of the schools in the city contemplate a bicycle trip to Yellowstone National Park.

Mr. Elizabeth Peare, of the Summer School, will expend her vacation with her parents in Denver.

Superintendent G. C. Young, director of music in the city schools, will, with his wife and daughter, spend the summer in the East.

Instructor J. P. Wade, of the University, will take a course in Cornell University the coming year.

Miss Bessie Hindmar, of the Seventh school, will spend the summer with relatives at Brookville, Penn.

Miss Grace Hadley, of the Hamilton school, will take a course in English and literature at Leland Stanford University next year. Miss Hadley's work has been very creditable.

Principal D. Dennis and family will spend the summer at Falls City, Nebraska.

Miss Harriet Chapman, of the Summer school, will spend her vacation with her friends at Fishtonville, Nebraska.

Dr. Talmage should be greeted with a full house tomorrow evening. The cause for which he speaks is a worthy one, and as the doctor is a gifted and popular lecturer, success seems assured.

Miss Ida M. Frye, teacher of literature and history in the high school, will spend the summer in California.

Miss Frances B. Knight, principal of the Twelfth school, together with two of her teachers and the greater portion of that school, spent today in City Creek canyon.

It is Still Camped at Bingham Junction—All Sorts of Talk.

General Carter's commonweal army is still camped at Bingham Junction. Carter was in the city today and Sheriff McQueen went down to the camp this afternoon. There is a good deal of talk about the army giving up its organization shortly. Another opportunity will doubtless have to be had to hear the leading officials of the Rio Grande Western will arrive here tonight to listen to a proposition concerning transportation. In the meantime all is uncertainty.

Whereas, They have appointed the coming Thursday night to take action upon the same, therefore, be it

Resolved, That we the Republican Central Workingmen's club of Salt Lake City do solemnly protest against the proposed action, inasmuch as we think we sufficiently strongly, in fairness and justice to our fellow citizens, to wait and ask the taxpayers of Salt Lake City as they possibly can and to avoid any premature action from becoming objects of public scrutiny.

Priesthood Meeting.

The Priesthood meeting of the Salt Lake Stake was held today in the Assembly hall, beginning at 11 a. m., Elder Angus M. Cannon, president of the stake, presided.

After the usual opening exercises the roll was called, showing the following absentees: Of the High Councilors, Mr. Patterson, all the members of the Presidency of the High Priests quorum, the presidents of Seventies, seven Elders and Musicians.

All the wards of the Stake were properly represented except the Thirteenth city ward. The first, Second, Third, Fifth, Tenth, Twelfth, Fourteenth, Fifteenth, Sixteenth, Eighteenth, Nineteenth, Twentieth and Twenty-third quorums of Elders were represented by their presiding officers.

Richard S. Horne, mountain state superintendent, represented the Sabbath schools.

On the representation of their bishops, twenty-five members of the newly ordained 70 Elders and one Seventy were ordained by consecration to the office of Elders.

It was decided to organize a new quorum of Elders in the Cassy ward, to be known as the Twenty-fourth quorum.

Instructions were given by Elders Elias Morris, A. H. Raleigh, Charles W. Penrose, Angus M. Cannon and D. R. Brandon.

Two men were the care of the priesthood meeting for some hard to dispose of, one being a young man wishing to come to some of the poor people of the city for the purpose of moving to the country permanently, where there is plenty of good land, where they can be comfortably and where they will be in a better position to feel themselves the property of adoptive parents to all, instead of being the mere property or slaves of the city, the parents of whom are sharing for gaining in a dozen honest shillings and frequently in a dozen dollars and are scarcely under the physical ability to provide for the proper care of the health of the children, leaving the city of Salt Lake, and offers to adopt only at honest expense of a dozen dollars, the sum of eighteen dollars, which seemed very strong attention, inasmuch as it could be used in providing for a family of twenty-one children, and the other of a young man who desires to be a blessing to the people of the Lord, and who desires to be a blessing to the people of the Lord, and who desires to be a blessing to the people of the Lord, and
