## LEHI.

### CITY COUNCIL COMMITTEES.

**Mayor's Appointee for City Quarantine Physician Not Sustained.**

Special Correspondence.

Lehi, Utah Co., Jan. 13.—At a meeting of the city council Tuesday evening, Jan. 9, the following standing committees were made by the mayor:

On Elections—Henry Lewis and S. I. Goodwin. Public Grounds and City Property—Wm. Bone and Henry Lewis. Rules—S. I. Goodwin and Parley Austin. Judiciary—Henry Lewis and J. D. Woodhouse. Claims—Parley Austin and S. I. Goodwin. Police and Prison—Henry Lewis and J. D. Woodhouse. Streets and alleys—Wm. Bone and S. I. Goodwin. Cemetery—Henry Lewis and J. D. Woodhouse. Fire Department—Parley Austin and J. D. Woodhouse. Finance—Wm. Bone and Henry Lewis. Engrossing and Printing—S. I. Goodwin and Parley Austin.

Appointment of Dr. R. E. Steele was made by the mayor for city quarantine physician. Councilman Bone put in nomination Dr. M. W. Stookey, and the vote of the council was as follows: For Dr. Steele—Parley Austin. For Dr. Stookey, Bone, Goodwin, Woodhouse and Lewis. So the matter stands, and Lehi citizens are wondering who gets the appointment.

Lehis is having a lively time over the matter of telephones. The Bell service has been so poor here on account of lack of switchboard room, etc., that the Commercial club took up the matter of getting better service. The Bell and Independent people were asked what they could do in this matter. The Independent people, who are in this field only with two or three 'phones, appointed a man upon the recommendation of the club to canvass for telephones. Those that have Bell telephones and others said they would take Independent 'phones, providing the best of service was given in preference to what they were getting now. The Bell people also got busy; they will have a new switch board in their new building on main street Thursday of next week, and they promise their patrons the best of service in the future. Lehi cannot support very well two separate companies, and it is up to the Commercial club and the citizens which system they will have.

Dedicatory services of the new Primary school building will take place Jan. 27. About 350 of the small children are now comfortably located in this building, which is one of the finest in the state.

Mrs. Ann Empey, an old resident of Lehi, who died at Ammon, Idaho, Sunday, was brought to Lehi Wednesday, and funeral services were held here yesterday over the remains.

Mrs. Heber Webb gave birth to a son Tuesday.

Mrs. Martha Hutchings, some few days ago, fell on the ice and broke her arm.

Mrs. Mary Ann Anderson is quite sick at her home.

Chas. G. Gray left for the B. Y. U. Monday to take up the missionary course.

It is not expected that the selection of the exact ground to be included in the site of the central experiment farm will be made before spring, as Dr. Yoder desires to make some more borings. However, as soon as spring comes, active work will commence in getting the land in shape for crops and also in putting up a number of necessary buildings.

**Pleasant and Most Effective.**

T. J. Chambers, Ed. Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. Facer and Peter Jensen offered consoling and edifying remarks on the occasion. A good sized audience was in attendance.

Another case of scarlet fever has broken out in the family of John Hodges. Many complaints are heard about people breaking quarantine regulations, thereby causing the epidemic to spread.

The creamery is doing a pretty fair business at present, and is turning out about 500 pounds of butter per day.

Hay and fuel bring good prices at present. Most of the people are supplied with just about what they need and cannot spare any for their less fortunate neighbors.

The cold weather has moderated, making it very pleasant.

Walter C. Mitchell returned last week from a mission to the Southern States, where he has been for the past two years. He is looking and feeling well.

Scarlet fever is spreading among the children, several new cases have developed recently, and it looks as though we were in for a siege of the disease.

Last veening a character ball was given under the auspices of the Relief society for the purpose of raising means for the erection of a building. Almost all the different nations and the holidays were represented in costume, about 50 persons took part and it was a grand success in every way, $35.50 being turned into the treasury of the society.

He was nearly eight and a half years of age, and was remarkable for his innocence and sunny disposition. He was buried in the cemetery at Koosharem.

**WHY NOT NEW YORK?**

Utah has had, during the past year, a large number of visitors from New York. Shan't we return the compliment by visiting the American metropolis this winter. There is the grand opera for seventeen weeks, there are fifty-five theaters, scores of music halls, there is practically a new hotel opening every week, and there are a thousand and one attractions, the study of which will give one a liberal education.

The New York Central Lines have such attractive trains that it is a real pleasure to ride over them either from Chicago or St. Louis. ## BOWLERS WORKING HARD FOR TOURNEY

**Large Crowd of Ten Pin Artists At the Commercial Club Meeting.**

### COMMITTEE IS APPOINTED.

**To Complete All Arrangements and Secure Prizes for the First Annual Meet of W. B. C. in Salt Lake.**

Salt Lake bowlers held an enthusiastic meeting at the Commercial club yesterday to complete arrangements for the big annual tournament of the Western Bowling Congress. The big meeting comes in March, beginning on the 7th of that month. It is the first annual gathering of the organization, and Salt Lake gets the prize.

Yesterday's meeting was attended by bowlers from the city league, and from the Commercial league. The executive committee which was appointed some time ago has been increased by the addition of six new members from the Commercial league. The committee as it now stands is composed of Fisher, Harris, W. D. Hilsch, Messrs. Hanes, Zimmerman, A. W. Smith, Zehring, Capt. Barratt, Spitz, Schmierer, Lambie, Brown, Collins, Lahey and Ingham. The last named six are from the Commercial league.

The bowlers are determined to make a success of the tournament, although it means that at least $1,000 must be raised. The bowlers have already pledged $200, and they are confident that the balance will be on hand in due time. This money is needed to give suitable prizes to the successful bowlers. A committee, to raise the amount required, has been appointed. It consists of Messrs. McLeod and Faddis. They will circulate among bowlers and those favorable to the sport, a subscription list, and it is believed that the money will be forthcoming in a short time.

Several minor committees, to look after various details of arrangements, will be appointed b the executive committee tonight. The committee will hold a meeting at 8 o'clock this evening.

### RIVAL FOR HOPPE.

**Another Boy Billiardist Appears on The Scene to Claim Honors.**

Since the death of Frank Ives there never has been an American billiard player who could take equal rank with "Wizard" Jake Schaefer when it came to real championship billiards. The rapid development of Willie Hoppe indicates that he will succeed to the crown still worn by Schafer, but aside from Hoppe there has been no youth of championship caliber developed in the last decade.

A rival to Hoppe has now appeared in Chicago. In Calvin Demarest, a youthful expert of that city, experienced cue wielders believe that they are bringing to the front a boy who will soon be able to class with Schaefer and Hoppe. He is a youngster not yet out of his teens, but he has defeated the best amateurs of Chicago and is still improving.

Unlike Hoppe, Demarest was not "brought up" on a billiard table. Hoppe was known as a boy pool player before he took up the angle game. His lack of reach prevented him from making difficult shots in the middle of the table, but in the last two years he has become a dangerous opponent even for Schaefer.

Demarest was unaware of his ability until he went through a course of instruction. Less than two years ago he could not handle a cue. He first attracted attention by his awkwardness at the table. He began to haunt a Chicago billiard room and was taken in hand by Lanson W. Perkins, a billiard instructor.

"He gave the most awful exhibition I ever saw," said Perkins in telling of the incident. "He had not the slightest idea of how to hold a cue, but he was so earnest that I gave him lessons at his own terms. He soon began to improve at a great rate.

"Then Mussey arranged a straight-rail tournament for nine of my best pupils and Demarest went into it. He won all the prizes. His best average was 6 and his grand average 4½, with a high run of 46. He never lost a game. That was seven months ago. Then for a time I had to stop him from playing, for he was learning the game too rapidly and was developing some bad points. One of these, too, much driving, he still shows traces of.

"The most remarkable thing about the boy is the fact that from that tournament he immediately jumped into class A with the champion of America, Conklin, as an opponent. The straight-rail tournament was decided about seven months ago and two months ago he had two matches with Conklin as a tryout and lost both of them. Conklin played him 1,200 to 1,000 and the boy averaged around 8. Then he got into the handicap that was decided a short time ago and was scratch at 300 points with Conklin. In this tournament he did not lose a game, beating Conklin in a hard game and closing with an average of one inning worse than 19. This is truly remarkable and well entitles the boy to consideration with the best of them.

"In seven innings of a recent balk-line practise match Demarest scored 335 points. The innings were not consecutive, but taken out of the score of a 500-point match. This shows an average of close of 48. The young cue expert closed the game with an average a trifle short of 20. This indicates the speed he is capable of."

Demarest will likely be a contestant in the class A championship of America at the Chicago Athletic association in March. Experts who have watched him at practise firmly believe that he is the coming player of the age. They say that besides natural ability he possesses gameness and does not "rattle." He is a great executor and shows no signs of a "swelled head."
