SPAIN'S NEW TRIALS

Conspiracy for Independence in the Philippine Islands.

JAPAN FORESEES TROUBLE.

Potatoes Displayed in the Spanish Chamber of Deputies by All Parties.

MANILA, Aug. 21.—An official dispatch from Manila announces the discovery on the Philippine Islands of a separatist conspiracy, the object being to secure independence from Spain. According to the official advices, twenty-one persons have already been arrested, several Frenchmen. The news has caused great excitement in Manila, and the police in consequence tonight raided the Hispano-Philippine club and seized a large quantity of papers.

It is suggested by some of the papers that Japan is endeavoring to foment trouble in that part of the Spanish possessions for the purpose of extending the jurisdiction of her consul empire over the Philippine Islands. The islands lie only about 250 miles south of the newly-acquired possessions of Formosa, a number of small islands intervening.

Spain's army in the Philippine Islands is at present 44 seventeen regiments of infantry and one of artillery, which is equal to cavalry, the total effective force being 934 officers and about 20,000 men.

While commenting on the outbreak in the Philippine Islands in the Senate today, Senator Castellano, the minister of the colonies, read several telegrams from the governor of the islands, Capitano Blanco. These telegrams were to the effect that the conspirators aimed to secure the complete independence of the Philippine Islands.

Senator Montero Rios declared that the liberal party was prepared to support all government measures necessary for the maintenance of Spanish integrity. Nearly all of the opposition leaders in the Chamber made similar promises.

The Sublime Porte Gives Notice That They are Not Wanted.

WASHINGTON, Aug. 21.—The Turkish legation has received the following communication from the Sublime Porte:

"We have been informed that a great number of Jewish families who had emigrated from Russia to the United States, intend to establish themselves in Turkey. The access of the empire is expressly forbidden to the Jewish emigrants."

LI HUNG CHANG.

Program for the Entertainment of the Chinese Ambassador.

NEW YORK, Aug. 21.—John R. Kerr, private secretary to the secretary of war, today gave out the following program for the entertainment of Li Hung Chang while in this country:

Earl Li Hung Chang, special ambassador from the emperor of China, will arrive in New York by the steamship "St. Louis," on Friday, August 28th. Major-Gen. Thomas H. Roger, U. S. A., commanding the department of the East, who has been designated by the President to act as his representative, will meet him on his arrival and escort him, with a detachment of the Sixth regiment, United States cavalry, to the Waldorf hotel, where he will remain during his stay in New York, as the guest of the nation. The state department will be represented by W. W. Rockhill, first assistant secretary of state. Gen. Roger will attend the Viceroy during his sojourn in the country, and be in charge of all arrangements pertaining to his visit. The President of the United States, who is to be in the city as the guest of ex-Secretary of the Navy William C. Whitney, will reside the special ambassador at Mr. Whitney's residence on the following day, the secretary of the treasury, the secretary of war and possibly other members of his cabinet will be present.

On Sunday a visit will be made to General Grant's tomb at Riverside. Monday will be spent on a trip to the military academy at West Point by the United States steamship Dolphin, and a sail under the Brooklyn bridge and up the East river. Tuesday the party will be entertained at lunch by representative business men of New York, and later in the day an opportunity will be given the Chinese resident of the city to pass the call by arrangement with the Chinese consul. Wednesday will be occupied by a visit to Brooklyn, on the invitation of the mayor of that city, and in the evening the Viceroy will be endeared a review by the Seventh regiment in review. Thursday the party will go by the Pennsylvania railroad to Pennsylvania, where suitable entertainment will be provided, and Friday and Saturday will be spent in Washington and Sunday at Niagara Falls, where the viceroy will be met by representatives of the Canadian government, who will conduct him to Montreal, from which port he sails for home.

LI HUNG CHANG SURPRISED.

Because Lord Salisbury Hesitates to Agree to His Proposition.

LONDON, Aug. 22.—The Times this morning publishes a long article and an editorial dealing with Li Hung Chang's visit to England. Among other things, the Times says:

Mr. Hung Chang affects a pained surprise because of Lord Salisbury's failure to quickly agree to his proposition for a revision of the tariff now in force in the trade between China and England. It is unnecessary that Lord Salisbury does not oppose the principle of the proposal, but he wants to ascertain the views of the members of the cabinet of commerce at Shanghai and elsewhere upon the subject of the details relating to the proposed changes.

"In an interview Lord Salisbury said that Li Hung Chang argued that England has not hesitated to agree to an increase in tariff in the case of Japan, without asking for any equivalent, therefore the Chinese diplomatist of the opinion that it would be only an act of justice for England to do the same by China, and although Li Hung Chang favors treating the whole of the Chinese empire in foreign commerce, he could not offer that as compensation in a just concession already given Japan."

PARIS, Aug. 21.—Representatives of the Hong Kong and Shanghai chambers of commerce have informed Sir Nicholas O'Conor, envoy extraordinary and minister plenipotentiary of Great Britain, that they favor the raising of the tariff as China desires, according to the statement of Li Hung Chang.

Dead from Fails.

NEW YORK, Aug. 21.—In presence of Secretary Carlisle down town today and a conference with Mr. Bacon of J. P. Morgan & Co. caused some talk about the possibility of another bond issue. Mr. Carlisle called at the subtreasury early in the day, and saw Mr. Kohlmann, who is Mr. Jessup's successor in acting as assistant treasurer. Then he went down to the custom house. This afternoon he called again at the subtreasury and was in conversation for some time with Mr. Bacon and Mr. Mohlmann.

As Mr. Carlisle left the treasury this afternoon Mr. Mohlmann said that the secretary had merely called in there on his way to Washington, and that his visit had no special significance; that he had not discussed anything or said anything that was a matter of public interest.

REV. BROWN'S TROUBLES.

He Says Mrs. Overman is Not Entitled to Credence.

CHICAGO, Aug. 21.—Rev. Brown, formerly of San Francisco, and whose troubles are familiar to all newspaper readers, has made a statement in reply to the last contribution to Mrs. Overman in which she says that the charges, which she originally made against Dr. Brown, and which are independently and worthless, are in reality founded on fact. Dr. Brown denounces the story as one of treachery, and says the fact that Miss Overman now asserts that she was tempted to deceive and betray her authority of the slightest evidence.

He says: "The public should remember that Miss Overman while offering to save Mrs. Tunnell from an affidavit in my favor if I would pay a large sum for it, then said she would be ready to pay well for a story against me and that they should sell such a story unless I would pay their price. This is just what they have done. Of course those who have been willing to pay $500 or $1,000 for such a story were strong enough to see that its value would be increased by being carried to the conference. I do not secure members of the conference of making such a bargain. Whether pale the money, however, into Miss Overman that she must get her story before that body, that why should the conference look to Miss Overman? They affirmed again and again that her testimony in my favor was worthless because she was a discredited witness. It was her discredited now that she offers me that she is a perjurer? If she was discredited then she is thrice discredited now.

"During the council, women were permitted to offer false evidence against me under conditions of their own choosing. They were permitted to have or exclude pens and ourselves at will, while my witnesses and I were held to the iron rule of a moderator who had a personal score to settle against me.

"What? A confession from Miss Overman—she who has given a different confession under oath; who offered to sell her first story against me to a San Francisco paper; who then came with tears to me and my family, saying: 'Can you ever forgive me for the awful wrong I have done you?' who, after the council, wrote to me that I must pay her price or she would sell a story to my enemies? A confession from her? What sensible person will pay attention to such a confession? How now turns to Mrs. Tunnell as not best (instead) but at one time during the council, knowing Mrs. Tunnell better than I, she feared that Mrs. Tunnell would sell a story against her. She then denounced her to us and threatened her. It would not surprise me if this strange young woman should yet turn with tears and again sell us a story of her awful wrong she has inflicted upon us.

"As to the Day conference, I have tested the fairness of its ruling powers. I have no reason to expect that men who trampled upon both their own constitution and my rights would now be either fair or just. I shall pay no attention to any communications from that conference, but will for a fairer tribunal, secure that the public will be quick to perceive the vindictive and malicious spirit that pursues me with this unprecedented action."

Patchen Breaks a Record.

BURRY PARK, Mo., Aug. 21.—The famous pacing stallion Joe Patchen lowered the world's stallion pacing record by one-quarter of a second, making the mile in 2:08 flat on Rigby track today. Two of the judges' watches showed the time to be one-fifth of a second less than 2:08.

It was not a very favorable day for going against records, as a strong westerly wind was blowing when the racing began. After a mile of warming-up, the black stallion was started by Jack Curry down the track at a lively gait, with a runner hitched to Little Friend, driven by Charles O'Brien.

A strong head wind was blowing. The judges caught the quarter in 30½ seconds and with the wind at his back the famous stallion rolled off the second quarter in 29½ seconds. The half was made in 1:01½. On the third quarter the time was 30½ seconds, and as a two-minute clip.

Patchen gathered himself for the last quarter. But there he met a strong wind, against which he slowed down a bit, but crossed the wire in 32½ seconds. The announcement of the time in 2:08 flat, one quarter of a second better than the world's stallion pacing record, held by John R. Gentry, set the crowd wild. They lifted Curry, the driver, out of the sulky, swarmed from the grand-stand on to the track and cheered the whilomen. Joe Patchen on Wednesday went an exhibition mile in 2:08½ and a second mile in 2:08. The winner was made favorable than it was today. His former record was 2:04.

He is 7 years old and is owned by Col. John S. Taylor of Chicago. He already holds the world's record on a half mile track of 2:04½, made at Mystic last week.
