TODAY'S METALS:

LEAD $4.10
CASTING COPPER 17.

The few bright spots on the board of the mining exchange last evening were the Daly-West and Mammoth. The former set another new mark, bringing $1.65 and closed strong at $1.65 bid, $1.70 asked. That it will reach the latter figure very soon is believed by all, now that the dividend of 25 cents a share is a certainty. Mammoth also set a new mark, selling at $2.35, while it was equally strong at the close.

Daly, which has not been traded in to any marked extent heretofore, was very active and much sought after at around $1.85.

Prince took another drop, selling first at 64½c and quickly dropping to 61. The content but two drops while it was held a quarter of a cent higher.

Alice ventured forward in popularity, was bid at 65, but no bid higher than 62 could be drawn out.

A block of Beck Tunnels was sold at $1.05, with a similar bid of $1.07 for more. Yankee was sold freely at 60c, but no more could be had.

Martha Washington was decidedly flat, the distraction of the working forces taking a depressing effect. Sales of 50 shares were for 7 cents and it was freely offered at 7 cents.

Hay Day was considerably weaker, selling at around 7c and closing at 17 asked. It was bid at 16½c yesterday.

The smelter stocks were not dealt in to any great extent, buyer and seller being quite apart.

Trading Was Quiet. B. C. & W. Preferred Keeps Up—Eire Stock Market Steady but Lower.

New York, Sept. 27.—Small transactions were the rule at the opening, but trading was very quiet. There was a strong feel of prosperity in the high money market. Call loans opened at 8 and 9 percent on a heavy increase in supply. American Sugars and Chicago Gas preferred lost 1 to 2½ fractionally. Some trade in the lead stocks, sugar and leather and Western preferred lost 1 point.

The continuance of high money rates, actual loans made at 15 per cent for all kinds of collateral, and the fact that some companies are considered in position to call a point on the close caused all classes of stocks to drop, Sugar, Brooklyn Transit, Manhattan, People's Gas and Federal stock. Report sharp continue to the stringent money market as reason for the weakness.

Bonds were neglected but steady.

Prices were weaker all round.

Prices were marked up in the last hour on vague rumors of further extensions and mergers. The leading speculative stocks were Sugar, Brooklyn Transit, Metropolitan, some local properties.
