## IT GOES ON.

Dill cosse of the United States vs. W D. S. . . . for polygamy and unlawful | stderation come stateon, was up again on Satur-

"ormy for a new trial, on the counts that newly discovered evidence material to the applicant's case. which could not have been obtained earlier, was now at hand. In order to fortify the position, ailldavits containing the substance of what the proposed witnesses would testify to, were presouled to the Court; the law requires this, but not, we think, to the extent to which the sttorney went, it being mergly necessary to show that the evidenie previously wanted is at hand and that it was not through any wilful de-1 mult, miscarriage or neglect of the defeudant that it was not produced at the true. All of this testimous went to . . . . that Nowson's case was barred 3 Statute of Limitations, the al angest plural marriage having occurred at a case more than three years prior to the linding of the indictment. Th

ingtion for a new trial was overruled .: sace, of course, and almost with out coremony; the defendant was remanded, and unless intervention from later, the penalty for a crime of which the defondant is not guilty so far as the practice of law operates, will have to be served out.

Tuisis but another chapter in the cherent history of Utah's judicial experforment history of Etah's judicial ex-performent new boing made up. Every hastination of a Court where there is denote or uncertainty is supposed to be the old guard. If this is done, next doubt of uncertainty is supposed to be the presiding Judge has the right to remore this rule because he has the power but is the acting in the interest support him."

Four Deaths by Fire in Chicago

CHICAGO, 19.-There was a terrible quick spreading die in a brick cot-tage at % Vernon Park Place, owned and occupied by W.S. Bates, a few min-utes after six this morulng, in which 1846. To those who are acqualated with the part he played with that company and afterwards in transtour persons were burned to death. actions with some of the members of The family consisted of five persons and a servant girl, and all but two met mention this fact to remind thom how a terrible death. The alarm was utterly unreliable he is. He is such a sounded at 6:25 a m, and when the firemen arrived on the scene the house pitiable object now that we would not pitiable object now that we would not allude to his character were it not nec-essary as a warning to some who at the side of the house suffering from severe brutses, might otherwise possibly he deceived he was able to tell the story of the calastrophe. He said that at six o'clock The predictions alluded to have been this morning the servaut girl started the fire in the kitchen and went out of doors a moment later, leaving the door verified in Samuel Brannan's life. From a position of wealth and lufluopen. She returned in a minute or two and found the kitchen in a blaze. Bates ence, he was reduced to poverty and degradation-and even at present he is was aroused by the girl's screams and rushed into the kitchen and tried to probably but little if any above that extinguish the flames, first with a hose condition. The writer met a gentlecondition. The writer met a gentle-man recently who saw Brannan at by buckets. Not succeeding he sent in the alarm. The firemen extinguished the Nogales in Sonora last winter. He had flames in about 15 minutes, but when then contrived to scrape enough means they entered the house they found the together to build a tolerably comfortacharred remains of the entire family with the exception of Mr. Bates. They were: Mrs. Mary F. Bates, aged (5: Jno. Bates, aged 5; Edward Bates, inble house at that place, and he was full of hope at the time that he would be able to secure a large tract of land. He describes him as a wretched look-ing man, aged and broken down in ap-pearance and suffering from a stroke charred bodies were removed to the

Artistic .- Among the recent acqui sitions to the list of productions by Utah artists are two beautiful pictures from the hands of Mr. H. L. A. Culmer, of this city. The size of each is 24x36 inches, and they have been placed In elecantly glided frames for exhibition in the windows of Savage's Art Bazar. One of the paintings presents a grand view of the famous "Shoshoue Falls," in Idaho. These falls are 21:

REVIEWED BY & YOUNG MISSIONARY CEANE CREEK, W. V. October 8th, 1885. feet high and 830 feet wide, and over the precipice a large volume of water, from an apparently placid pool in the river above, rushes into the secthing It must give true Latter-day Saints caldron below. On the first glance at exquisite pleasure to observe the dauntless manner in which the NEWS Mr. Culmer's painting, one feels lmholds high to the gaze of the world the pressed by the grandeur of the wonensign of religious liberty. It heralds the progress of a conflict which has ever been rife but never decided since the creation. Whatever shape it may array itself in, could we look behind the scenes, we should see drous work of nature reduced in size and transmitted to canvas, and as he views the foaming mass, amid the spray of which glisten the hues of the rainbow, he almost involuntarily listens to hear the roar of the cataract. contending for supremacy, light and darkness, good and evil, Jesus Christ and Lucifer the arch-fiend. The one The verdure along the river's bank, the purple and gray of the masses of volcanic rock that tower here and there, desires to reclaim and exalt, the other to enslave and debase (jod's fallen the deep green of the water as it lies calm before making its descent to the In the eternal heavens, the victory vortex below, are all reproduced with

has already been decreed. The only question for us is: "Shall we be among the victors?" Courage and house can remarkable fidelity to nature. The other picture shows "The Narnever stand on neutral ground in this eternal struggle: "I know thy, works, that thou art neither cold nor hot; I rows, Ogden Cañon." This scene is essentially characteristic of Utah, and would thou wert cold or hot. So then there could perhaps be found no sim-Har view in any other part of the world than from the mountain side in one of the cañons that open on the valleys in which lie Utah and Great Salt lakes. in the foreground are the rugged, tow ering brown cliffs on either side, with the growth of gray brush and here and there bright green spots of grass and shrubbery. Between the precipitous sides of the canon runs the stream of clear, sparkling water, alongside of which is the wagon road. Away in the distance, apparently as tar as the eye can reach, can be seen the blue waters of the Great Salt Lake, at the back of which rises one of the mountainous Islands found in the great inland-sea.

The artist whose brush produced these works of art has reason to be proud of the success attained by him, and lovers of the beautiful will find themselves amply repaid for visiting the Art Bazar while the pictures are on
