STATE LEGISLATURE.

Fight on the Fire and Police Bill This Afternoon.

PETITIONS FOR AND AGAINST.

House Transacts Not Little Business and Adjourns—Another Fire Bill.

The Senate was called to order at two o'clock this afternoon. The opening prayer was offered by the Rev. J. R. Maxfield, of St. Mark's Cathedral. As soon as the minutes of the previous session had been disposed of, Miller, of Salt Lake, moved to consider the vote by which H. B. No. 5, Condon's "age of consent bill" was passed. Carried.

His objection to the bill was that the age of the offending person was changed, without his knowledge from 18 to 16. He favored the former age. The matter was temporarily passed, as was also the fire and police bill in spite of the regular order of business. Under the head of petitions.

Jones presented a numerously signed petition against the fire and police bill. As the page covered the document to the clerk's desk there was a titter in the audience that spread within the senatorial circle before it subsided.

Sutherland—How many names does it contain?

Jones—Three hundred—at least so I am told.

Sutherland—Couldn't you do better than that?

Jones—Yes, if you would give us until tomorrow we could swell the number to ten thousand.

Mulline and presented a petition from a large number of Ogden residents asking that the police and fire bill be not repealed.

Warner, "by request," presented a petition of an opposite character, signed by Mayor Glendinning and others, saying that a bill would shortly be introduced contemplating the consolidation of the municipal departments of this city with a view to dispensing with useless clerks and employes and making an annual saving of $40,000. Tabled temporarily.

THERE HAD OFTEN MISLED.

Sutherland presented a communication from a considerable number of Cache city residents in which they stated that they had been, through misrepresentation, led into signing a petition asking for the repeal of the senatorial fire and police bill. It developed, they stated, that they were in favor of such a bill and asked permission to have their names withdrawn from the protest. Filed.

When the bill was finally taken up, on motion of Sutherland it was amended so that the commissioners of the board must be residents, property owners and taxpayers in the city in whose boards they are appointed; also that in all cases a vote of three members shall be sufficient to determine that the charges are sustained and punishment by removal from office or otherwise.

The bill was under a sharp cross fire at plus time, [illegible] leading in the fight.

DON'T WANT IT AMENDED.

Warner presented a petition from the citizens of Pleasant Valley Junction, Utah county, in which they protested against the annexation of the part of the county in which they lived to Carbon county as asked for by a set of persons who were non-property owners and residents with a single exception. Committee on counties and municipal corporations.

OTHER PETITIONS.

Booth, "by request," presented a petition from the citizens of West Jordan relating to section 28, which is school land. Committee on public lands.

Warren presented a petition in regard to proposed irrigation legislation, from the Logan and Richmond Irrigation company.

A petition was presented from ex-Clerk J. W. Stanley of the Second district court, asking that $25 be appropriated to him for service rendered. Committee on appropriations and claims.

Cardwell presented a petition from L. M. Christensen for $5, said to be due him for services as an interpreter in a court case. Committee on appropriations and claims.

THE HOUSE.

After the reading of yesterday's journal in the House today and prayer by the chaplain, a communication from the Governor was read notifying the House that he had approved H. R. No. 10, an act providing for the payment of regular and contingent expenses of the special and fast session of the Legislature of the State of Utah.

A communication from the Senate notified the House that it had concurred in the House amendments to H. C. R. No. 6, relating to the purchase of uniform stamps for the use of members, also that they had passed H. R. No. 17 (substitute) relating to the place of holding justice's courts.

Wilson presented the following petition from residents of West Jordan:

We, your misguided petitioners, pray to you in the name of our honorable body that we are born on section 28 township 2 south, range 1 west, Salt Lake meridian, Salt Lake county, Utah, and that we have occupied said section continuously from the year 1847 to the present time; that at the time of settlement, said section was reported by timber as unfit for human habitation, and by our diligence we have made our permanent home here by leveling the land and making it irrigable; by building roads and bridges and by planting orchards and farms and by planting shade trees. Many of these improvements bring here made before we were aware that we had located on a school section; we were unable to vacate it, as our existence depended largely upon the results of the labor we had expended thereon, and of being informed by the Hon. Judge Miller, then Probate Judge of the county, by Hon. Orson Q. Chandler, then delegate to Congress, and by others, we remained and improved the homes we had made, and now our native section is now a thick mass of cultivation, being dotted with city homes, Wetherbee and farm homes and that these conditions and facts be taken into consideration by your honorable body in your deliberations in matters pertaining to public lands, and your petitioners will ever pray.

The petition was signed by Isaac Goff, Wm. J. Jennings Jr. and 60 others. Referred to committee on public lands.

Another petition relating to school lands was received from residents of Bear River precinct and referred to the same committee.

CONSIDERATION OF REPORTS.

The committee on judiciary, in reporting on H. B. No. 41, recommended its passage with certain amendments, and upon the House resolving itself into a committee of the whole, with Thorne in the chair, the committee report was adopted.

The ways and means committee recommended the non-passage of H. B. No. 56, but a motion to lay it on the table until some future time carried.

On motion of Curtis H. B. No. 11, the eight-hour labor bill, was made the special order for Monday at 2:30.

Condon introduced H. B. No. 82, an act to regulate the fees to be charged by all state, district, county, city, town and school officers for services rendered in an official capacity. Read twice and referred to the committee on judiciary.

At 5 o'clock the House having no other business to consider adjourned until tomorrow at 2 p. m.

TRADING ON 'CHANGE.

A Fairly Good Day With the Brokers—Sales of Mammoth, Sunshine and Little Pittsburg.

A decided improvement to yesterday was noticed in today's proceedings at the mining exchange. The brokers seemed to have got rid of "that tired feeling" which was so apparent at the previous call, and accordingly buckled down to business. While the sales were not out of the ordinary, the bidding was brisk and all in the pit posed in a fashion which reminded one of a Roman gladiator.

Of the three stocks, that which created the greatest flurry was Mercur. Bidding was fast and furious and appearances indicated for a time that buyer and seller would certainly get together, but such was not the case. The seller received but 2½ cents from his first offer, when the buyer made a 40-cent stride from his first bid, and the stock closed at $6.97½ asked, with $6.50 bid. Bidding on Sunshine was attended with much enthusiasm, and resulted in one sale of 100 shares—Dunsmuir to Springer. Mammoth stock fared well and 500 shares changed hands. Little Pittsburg alone represented the unmixed ease, and that went at quite a low figure.

The closing figures were as follows:
