TELEGRAPHIC.

FROM WASHINGTON.

Testimony at the Inquest Over the Ford Theater Victims.

UNCLE SAM'S SILVER AND GOLD

The Duke of Veragua at Liberty to Travel as a Private Citizen Now.

WASHINGTON, D. C., June 13.—At the inquest over the victims of the Ford theater disaster last night Ernest Baler, record and pension division clerk, told of his fear that the building would fall during the excavation. He gave the first testimony concerning the existence of an alleged petition to Colonel Ainsworth asking that the clerks be furloughed during the progress of the work in the basement. He said he understood such a petition was drafted, but the clerks refused to sign it because they feared the consequences. Clerk Edwards went into the cellar while the excavation was going on and saw no endangering.

Testimony that the clerks were directed to walk carefully on the stairway was given by Henry Brandon. Frank Randolph said the feeling towards the heads of the bureau was not cordial, and especially toward Chief Clerk Jacob French, who treated the men as dogs and not as men.

In the District Supreme court a petition was filed by Colonel Ainsworth giving in detail a statement of the condition of the building and his participation in the work. He repeats at great length the former statement made by him as to his knowledge of the condition of the building, etc. He repeats his experience at the inquest yesterday and asks that the deputy coroner be commanded to permit him to be present with counsel and adopt such measures as are necessary to protect his life, which has been threatened.

District Attorney Birney filed a demurrer, claiming that Ainsworth's petition did not set forth any matter that entitled him to a mandamus. "Colonel Ainsworth has not been accused," said Birney, "save by the newspapers. There has been no charge, no warrant of arrest."

The court took the matter under advisement.

THE SILVER SITUATION.

A representative of the Associated Press has had a chat with Secretary Carlisle about the silver situation. The secretary said that from 1792 to 1873, a period of eighty-one years, the total amount of silver dollars coined was $8,045,933. In 1873 the coinage was stopped by the action of Congress, but resumed in 1878 under the Bland-Allison act, under which, up to July 14, 1890, something over twelve years, there was coined $378,166,793, also from trade dollars $5,078,472, and from seigniorage of bullion $6,641,109, making an aggregate of $390,886,374 in full legal tender silver money issued by the government since 1873. Of this amount $56,019,019 were in actual circulation the first day of the present month, the remainder being held in the treasury as a part of the assets of the government, represented by outstanding certificates.

Under the act of July 14, 1890, there have been coined $29,809,401, which makes the total coinage of silver dollars since 1873 aggregate $419,695,775, or more than fifty times as much as during the previous eighty-one years.

In addition to this coinage, the secretary has purchased under the act of July 14, 1890, and now holds in the vaults of the treasury uncoined, 124,192,932 fine ounces of silver bullion, which cost the people of the United States $114,299,920, and is worth today at the market price of silver $103,611,298, thus showing a loss of $10,688,649. By the terms of the act the secretary was required to pay for all silver bullion by the issue of new United States notes payable in coin, and that upon the demand of the holder of such notes, they be redeemed in gold or silver, at the discretion of the secretary, it being in the language of the act, the established policy of the United States to maintain the two metals on a parity upon the present legal ratio, or such as may be provided by law.

The records of the treasury department show that during the thirteen months beginning May 1, 1892, and ending May 31, 1893, coined treasury notes issued for the purchase of silver bullion under the act of July 14, 1890, amounted to $10,901,154, and during the same period the amount of such notes paid in gold was $47,745,175. It thus appears that all silver bullion purchased during that time, except $3,024,001 worth, was paid for in gold, while the bullion itself is in store in the vaults of the treasury, and can neither be sold nor used for the payment of any kind of obligation.

"It is evident," said the secretary, "that if this policy is continued and we are compelled to issue bonds or otherwise increase the interest-bearing public debt, it will be done for the purpose of procuring gold with which to pay for the silver bullion purchased under the act referred to."

The net gold in the treasury has increased from $65,000,000 to $97,000,000.

VERAGUA LEFT TO HIMSELF.

The duke of Veragua, who has been the guest of the nation for nearly two months, may now travel incognito. Commander Dickens, who has accompanied the duke in his travels through the United States, left the duke in New York yesterday and this morning reported to Secretary Gresham that his charge was at an end and from this time on, so long as he remains within the United States the duke will travel as a private citizen and not as a national guest.

The Cow Boys Start.

CHADRON, Neb., June 13.—The cow boys have started for Chicago. The start was made at a jog trot with a crowd of horsemen, carriages and bicycles crowding the road for a mile or more. Mayor Beecroft said to the riders before starting: "Take good care of your horses, and see to it that the credit of Chadron and the State of Nebraska are fully sustained."

"Doc" Middleton, the favorite of the sporting fraternity, received an ovation. John Ivory, rides under a protest, the committee having ruled him out on the ground that he made a snap.

The names of the riders are as follows: Emmitt Albright, James H. Stephens, George A. Jones, "Doc" Middleton, S. W. Smith, Dave Dougherty, Joe Gillespie and Joe Campbell.

Horsemen say the race will demonstrate the superior speed and endurance of range horses and they regard it as an event of much importance to the industry.

MUST NOT VIOLATE THE LAW.

SPRINGFIELD, Ill., June 13.—Governor Altgeld tonight issued a proclamation to the state officers of the law in which, referring to the cowboy long-distance race from Chadron, Neb., he speaks of the barbarous manner in which the animals in a similar race were treated in Europe last year, and adds:

"Having reason to believe the proposed race will be accompanied by equal or even greater cruelty and barbarity, which will be in violation of the laws of this state, I hereby call upon all officers, as well as upon all good citizens, to see to it that no violation of our laws takes place. We cannot permit the laws of Illinois to be trampled under foot simply as a matter of sport."

Printers Protest.

CHICAGO, June 13.—At today's session of the International Typographical Union a committee consisting of Phil Corcoran of Salt Lake City, Rooney of Toledo and Seagraves of Washington, D. C., was appointed to prepare a protest against the appointment of C. W. Edwards of Wilmington, Del., as public printer.

Evans in Jail.

VISALIA, Cal., June 13.—The early hour at which Evans was brought to town this morning found most of the people in bed, though it required the services of four officers to keep those who had assembled from blocking the way to the door of the jail. Among the fifty men present there were one or two who stepped up to the wagon and said "Hello, Christ!" He nodded his head to two men, but did not speak.

Mrs. Evans called at the jail half an hour after her husband arrived, but the sheriff prevailed on her to postpone her visit until 9 o'clock. At that hour she was promptly on hand, and on entering the room where her husband was Evans said, "How are you, Mollie?" She began to cry while her husband turned his face a little and closed his eyes. For fifteen minutes not a word was spoken, tears having obtained control of themselves, Evans inquired as to the health of the children and then drifted off into an account of the fight in which he was wounded. Sontag cannot live more than a day or two.

Bank Failures.

SPOKANE, Wash., June 13.—The Bank of Everett posted a notice on its doors this morning announcing that it had made an assignment for the benefit of its creditors. The institution was doing business under the state law, with a nominal capital of $50,000. Its paid up capital was $30,000. It is understood that the liabilities are about $60,000 and the assets $87,000.

KANSAS CITY, June 13.—As a result of the suspension yesterday of the People's Savings Bank, a run was started on the Kansas City Safe Deposit Bank. The bank took advantage of the thirty-day clause, and at noon the run was practically over.

LANSING, Mich., June 13.—The commissioner of banking today received a notice that the State Bank of Crystal Falls had made an assignment. The capital stock is $25,000 and the deposits $60,000.

NASHVILLE, Tenn., June 13.—The Nashville Savings company, Thomas T. Mott, president, the oldest financial institution in Nashville, filed articles of assignment tonight. The liabilities are placed at $220,000 and the assets, according to the president's estimate, will not pay more than 25 or 30 per cent.

MOBERLY, Mo., June 13.—The Exchange Bank of Moberly made an assignment today for the benefit of its creditors.

HER LAST DAY.

Estella Loth to say Farewell to Chicago.

CHICAGO, June 13.—Princess Estella's last day at the Fair was a beautiful one. The princess spent the day wandering about the grounds, and when finally she boarded the little steam yacht to return to the city she turned, and after a long look of farewell at the White City, said to Commander Davis that she was loth to bid farewell to the Exposition. Her visits there have been like visits to fairyland, and would be remembered as among the most pleasant events of her life.

When Mayor Harrison took leave of the princess tonight she presented him with a cigarette holder of beaten gold, ornamented with a crown of diamonds and having rubies and an emerald clasp. The mayor, in return, presented the infanta with a handsome edition of the book of his travels around the world.

Hit the Trusts.

CHICAGO, June 13.—Judge McConnell this afternoon hit trusts a hard rap, particularly the Preservers' trust. It was in a suit brought by a recent trust member, Andrew D. Bishop. In overruling the demurrer of the association Judge McConnell said in part:

"No court of record should lend its legal operations to further the interests and carry out the purposes of a trust. To my mind the corporation known as the American Fruit Preservers' Association is but the agent of the trust, and as such the same illegality attaches to it as to the principal."

The executive committee of the Western Union telegraph company have recommended the declaration of a quarterly dividend of 1½ per cent, payable July 15.

The state board of trade today took preliminary steps toward holding a mild-winter fair in San Francisco to succeed the World's Fair.

A passenger train and a stock train collided near Butler, Ind. The baggage and mail cars telescoped, and the stock cars were thrown. Aimes Frame, engineer of the stock train, and the fireman were killed.

A Chinese laundryman of Walnefield, Mass., who registered under the Geary act, wished to go to China and come back after a time. His lawyer wrote to Secretary Carlisle so to whether he would be allowed to return, but received a negative answer.

THE IRISH HOME RULE BILL

Third Clause of Section One Passed by the Commons.

A Long Debate Ended—Bering Sea Matters—Cholera Reports.

LONDON, June 13.—The commons today passed the third clause of section 1 of the Irish home rule bill. The debate on the clause commenced May 30th and was continued ever since. When the result of the vote was announced the Irish members cheered loudly.

In response to inquiries, Sir Edward Grey, parliamentary secretary of the foreign office, stated that the seal fishery agreement entered into between Great Britain and Russia has been assented to by Canada. The provisions of the act in relation to the agreement would not, however, be applied to the Canadian coast without the further assent of Canada.

The Bering Sea Dispute.

PARIS, June 13.—At today's session of the Bering sea tribunal of arbitration, Sir Charles Russel of the British counsel finished his address. Sir Charles closed his remarks by submitting to the tribunal the proposition that vessels engaged in pelagic sealing be not permitted to leave their ports before May 1st, and that a close season be declared on Bering sea until July 1st of each year. Sir Richard Webster followed Sir Charles Russel in behalf of Great Britain's side at the case.

A Severe Measure.

ST. PETERSBURG, June 13.—An imperial law has been enacted to provide for the more severe punishment of coining poachers in Bering sea. Hereafter, all persons, Russians or foreigners, if caught sealing in Russian waters, will be liable to sixteen months' imprisonment and to the confiscation of their vessels, together with cargo and tackle.

The Cholera.

PARIS, June 13.—Reports from Alais today are to the effect that cholera is confined to the town and the sanitary authorities do not apprehend any widespread epidemic. Only two deaths the officials say were registered on Monday although the official report give the number as nine.

To Abolish Deportation.

VIENNA, June 13.—The newspapers report that the czar intends to promulgate a ukase January 1st abolishing deportation to Siberia and extending to semi-judicial procedure which obtains in Russia proper to Siberia with the exception of trial by jury.

China Will Retaliate.

VICTORIA, B. C., June 13.—The steamship Empress of Japan from Hong Kong and Yokohama, arrived today. Mail advices state the Chinese government will retaliate on the United States for the Geary act by prohibiting the importation of kerosene, and the papers predict that other prohibitions will follow.

In a terrible earthquake and volcanic explosion in the interior of Japan, it is reported that hundreds of lives were lost.

Will See the Fair.

SAN SALVADOR, June 13.—General Carlos Estela, President of that country, has been granted six months' leave to visit the Chicago Exposition and make an extended tour through the United States. The national congress voted him at the same time $100,000 to cover his probable expenses. During the absence of the executive, his brother, Antonio, who is vice president of the republic, will administer the government.

The United States government has no control over the lands of the Indians on the Puyallup reservation is the decision of Judge Hanford of the United states circuit court in the injunction case of Frank C. Roe against Edwin Eells, the Indian agent, and M. H. French, Captain Carpenter and Lieutenant Goodwin, United States army officers.

Mrs. James Kirkendal, who lives near Spangle, fourteen miles from Spokane, Wash., gave strychnine to her two children, and toy and a girl aged 6 and 4 years, and then took poison herself. The toy spit out the solution but the girl swallowed it. When his father came home he found his wife and daughter dead.
