EXTRA SESSION.

SENATE.

WASHINGTON, 15.— When the doors of the Senate were opened the privileges of the floor were extended to the national guests, and the sergeant-at-arms directed to make suitable preparations for their reception. A recess was then taken till 3 o'clock. At that hour the galleries were filled to their utmost capacity. At 3.15 the distinguished French and German visitors entered the chamber and stood in the rear of the senators' desks, where quiet being restored, Bayard said: I beg leave to apprise the Senate of the presence on the floor of this chamber of certain distinguished officers and persons of our sister republic, France, and also of certain other distinguished officers and citizens of the Empire of Germany, who have come here for the purpose of joining the people of the United States in the celebration and commemoration of a great victory to the allied colonies, 100 years ago. A great victory of these colonies and allies of that day, their allies of this day. I know that I speak the sentiments of every member of the American Senate when I say that they are most welcome to this chamber. And now I move that for the purpose of this chamber paying that respect which each of the members feel for those who have honored us by their presence, that a recess of half an hour be taken to enable the presiding officer of the Senate and the senators to pay that respect which represents not only our own feelings, but the feelings of every State and every man in every State in our union of States. (Applause.)

The motion was agreed to and a recess taken, which was occupied by the senators in cordially greeting their distinguished guests. After recess, the visitors having retired, the Senate went into executive session, and when the doors were reopened, adjourned.

AMERICAN.

Investigation.

WASHINGTON, 15.—Sherman is reported as having stated that at the earliest opportunity he will offer a resolution in the Senate, with a view of bringing out for publication, the preliminary reports of the special committee, which recently made a partial investigation of the office of Custodian of the Treasury Department. The report is known to be confined exclusively to officials in the custodian's office, and no other offices in the department are referred to as being in any manner identified with the transaction of that bureau. A gentleman who has read the report is authority for the statement, that the main feature of the document is that the person who was acting in the capacity of custodian, was not authorized by law.

Confirmed.

Among the confirmations, to-day, by the Senate were: H. Cox, to be pension agent at San Francisco; William P. Morris, to be collector of customs for the District of Alaska.

The following were nominated by the President: G. M. Francis, postmaster at Napa, California; W. H. Street, at South Pueblo, Col.; G. D. Copeland, at San Diego, Cal.; E. E. Shugsby, at Casselton, Dakota; J. J. Monks, at Watertown, Dakota; W. E. Spence, at Globe City, and Wm. Stine at Walla Walla, W. T.

Nomination.

The President sent in the following nominations: Captain John G. Walker, of Iowa, Chief of the Bureau of Navigation, Navy Department; Wm. G. Raymond, United States Marshal of the Southern District of Mississippi; Chas. N. Webb, Register of the Land Office at Deadwood, Dakota.

Distinguished Visitors.

The French and German National guests, accompanied by the Ministers and members of Legation of their respective countries, visited the State Department to-day and were presented to Secretary Blaine and other members of the Cabinet. Returning to the Arlington House, they were escorted to the Capitol, where a formal reception took place by the District militia, Union veterans Fire Department and several civic societies. The route of procession was thronged with people. There was a literal display of flags and much waving of handkerchiefs.

Sanguinary Soldier.

While Guiteau was being arraigned, a large sized man appointed some of the officers of the court and asked for the loan of a pistol. His inquiries causing suspicion, he was taken to the police headquarters, where he gave the name of Geo. H. Bethard, and showed a diploma as a lawyer, issued him on June 23d, in Columbus, Ohio. He said he fought in Garfield's regiment, and showed two gunshot wounds in the legs and a bayonet wound in the head, which he said he received at Shiloh. He heard Guiteau was to be arraigned to-day, and intended to shoot him at the City Hall. He had been drinking.

The Star Cases.

There was a very large attendance this morning, in the criminal court in the Star route cases. Robt. G. Inger-oll said he was unwilling to begin an argument unless the whole matter could be finished in a day or two, and Cook, for the Government, said he was not ready, owing to the absence of counsel. The case was allowed to remain open for two weeks time, for the opening argument to be heard after that time.

Pitney.

Sherman furnishes the only notable incident of the session, by calling for a report made to Secretary Windom by the committee of the Treasury officials, appointed to investigate the charges against Custodian Pitney, which report has been persistently kept from publication by Windom.

Tyner.

Tyner has been invited to resign the First Assistant Postmaster Generalship. It is probable he will be succeeded by Frank Hatton, of the Burlington *Hawkeye*.

Sheeber.

The democrats have determined to offer a resolution to make Chief Clerk Seeber Acting Secretary Senator Garland's bill at session ready to submit to-day, but did not get an opportunity.

Confirmations.

The Senate confirmed the nomination of Walker Blaine as Third Assistant Secretary of State, and a number of United States consuls and postmasters.

Unfortunate Estrangement.

BOSTON, 15.—The *Journal* says: It has been whispered within a few days that Edwin Booth and wife have separated and the rumor is now confirmed. The formal separation occurred on Friday last. The sad event will be regarded with sincere regret by the many friends of both parties. It affects Mr. Booth seriously, as he is devotedly attached to his wife and appears to be in a condition of mind which will make reconciliation easy should one be desired by Mrs. Booth. The estrangement arose in connection with certain business transactions within the family.

Wool.

There is a steady demand and firm feeling, with a fair average of business, the sales of the week amounting to 2,000,000 pounds of all kinds. Ohio and Pennsylvania fleeces have been sold 43 @ 45 for XXX.

California wool is quiet. The full stock is neglected. The demand is for the best grades of wool, and low and imperfect wool finds very little favor with consumers.

Terrific Trotters.

BOSTON, 15.—The record of 2:22, made by John Shepherd with a double team, has called out a challenge in behalf of Vanderbilt's William and Lysander, who will trot anybody for $5,000, at Hartford within two weeks.

The Beginning and the End.

NEW YORK, 15.—Patrick Egan, Treasurer of the Irish National Land League, telegraphs the following Paris: We call upon every Irish Nationalist and every friend of liberty, justice and humanity to stand by us in the coming crisis. Although further arrests and even wholesale slaughter of the Irish people is determined by the Gladstone ministry, our banner will be onward. Landlordism is doomed; British rule in Ireland has seen the beginning of its end.

St. Julien's Time.

St. Julien won the first heat by a length. Trinket came in on the run; time 2:12½. Trinket led to the quarter pole, when St. Julien passed him and kept the lead to the finish. Trinket finished the heat in 2:14½.

Proposition.

At a meeting of the directors of the New York Elevated Railroad Company, held this afternoon, a proposition was made allowing the New York Company 6 per cent. dividend for a lien on the net earnings of the three companies, the remainder of the earnings to be divided between the Metropolitan and Manhattan companies up to four per cent. This was agreed to harmoniously.

Stocks.

Silver bars, 1.12½; Money offered, 1; Governments strong, Western Union, 86½; Quicksilver 12½; Pacific, 49; Mariposa, last; Wells, Fargo, & Co., 130; Tombstone, 54; New York Central, 136½; Erie, 44½; Panama certificates, 190; Union Pacific, 118½; Bonds, 116½; Central Pacific, 94½; Bonds, 114½; Sutro, 1½; Mineral Creek, 12.

Foster's Majority.

COLUMBUS, 15.—The returns from the entire State shows a republican gain of 11,416, and a democratic gain of 6,389; net, republican gain, 557. This added to the plurality of last October gives Foster for governor 24,062 plurality.

The King Balloon.

CHICAGO, 15.—Nothing definite in regard to King's balloon. It was seen near Princeton, Wis., at nine o'clock last night. It is reported to have been seen near Sparta, Wis., proceeding northwestwardly this morning.

More Celebrates.

The French war steamer, *Magersinke*, from New York, arrived this morning. Salutes were fired, and flags hoisted. The *Magersinne* ran the American colors to the mast head. General Hancock and staff leave for Yorktown this morning.

R. R. Injunction.

DENVER, 15.—The injunction issued last Saturday by the District Court at Boulder, against the Denver, Western & Pacific Railroad, has never taken effect, on account of the failure of Given & Abbot, plaintiffs, to give the required $20,000.

King's Balloon.

MILWAUKEE, 15.—Richland reports that King's balloon passed over that city, 255 miles northwest of Chicago, at 7 o'clock this morning, going in a north-westerly direction. This would carry it to St. Paul or toward Lake Superior.

Richland Centre, Wis., 15.—King's balloon passed over Richland at about 5 o'clock this morning, going westerly. King spoke to the people below him, saying he was O. K.

Shot at a Trot.

CARBONDALE, Ills., 15.—J. H. Potts, liveryman and mule buyer of St. Louis, shot and killed one Davis, Carmi, Ills., a well known sporting character and driver of trotting horses. The trouble was over a horse trot.

Dissipation and Death.

LOUISIANA, 15.—E. R. McQuie, of this city, shot his wife yesterday afternoon, not fatally, and then committed suicide. It was a deliberately planned affair. McQuie belonged to one of the oldest families of this section. He was married last Christmas to Miss Mattie Adams. Dissipation was the cause of the suicide.

Cowardly Assassins.

LITTLE ROCK, Ark., 15.—The residence of John Miller, a respectable planter living in Randolph County, was visited the other night by 10 or 12 men heavily armed, who wore muslin masks on their faces. They surrounded the house and called loudly for Miller to come out. Miller was absent in attendance at the Baptist Association some miles away. Upon learning this, the mob entered the house and taking two boys aged 16 and 18 into the yard, whipped them in a terrible manner. The youngest boy attempting to escape was fired upon, no less than 20 shots taking effect in his body. He fell to the ground and the desperadoes, after threatening the lives of Miller's wife and daughter, rode away, remarking that at the next visit they would clean out the ranch and kill every one about it. After they left, Mrs. Miller followed them some distance without their knowledge, and identified some of them. No cause is known for the outrage. It was feared Miller would be assassinated while returning homeward, but he is reported to have reached his family without molestation.

FOREIGN.

Egan's Message.

DUBLIN, 15.—Patrick Egan, of the Land League, telegraphed the following message this morning:

To the Hon. W. E. Forster, Chief Secretary for Ireland:

I charge that a conspiracy exists among the soldiers now stationed in Limerick to fire without orders upon the people on the first opportunity that offers. I further charge that this has been known to your government for several days, and that you still culpably allow those men to remain. The country and I say that if, under the circumstances, any such occurrence takes place, the whole civilized world will hold you accountable for the slaughter of my countrymen.

Orders have been received at Limerick to confine the troops to the barracks until further orders, as great excitement exists there owing to Parnell's arrest. Dillon announces an indignation meeting to be held in the rotunda to-day.

The Lord Mayor elect, Prest. Dillon in the chair, said that it is strange the arrest of Parnell should have been preceded by an outburst of passion, which had disgusted even Gladstone's warmest friends in Ireland. He believed the most effectual weapon left to the league to to avenge the arrest of Parnell, was to continue organization on exactly the same line.

At a meeting of the league in regard to the arrest of Parnell, it was regarded as an act of malignant, personal spite of Gladstone, and the people were made to abide by the principles of the recent convention.

Arrested.

James J. O'Kelly, member of Parliament, and Wm. O'Brien, editor of the land league organ, the *United Ireland*, were arrested this morning. Arthur O'Connor, member of Parliament has not yet been arrested, although Supt. Malone has a warrant against him. It is supposed he has escaped from the country.

LONDON, 15.—Quinn, secretary of the land league, has been arrested and locked in Kilmainham jail.

Will Stand the Storm.

The *Times* says: Gladstone can afford to disregard the taunt which is certain to be flung at him, that Parnell's arrest was due to offensive personalities in his new ruling of the law. There is no fear the Cabinet will not receive hearty and unwavering support from every party.

Once More.

Lorillard's Troquois won the Newmarket Derby; Ishmael second, Lennox Lara third.
