DOWNING WAS TOO MUCH FOR SAMMY

San Jose Rider Took Fall Out Of the "Pride of Provo."

IN FRENCH STYLE OF RACING.

Downing Won the Half Mile Contest In Two Straight Heats and Did it With Apparent Ease.

The feature of last evening's bike races was the half-mile match race, French style, best two in three heats, between Hardy Downing of San Jose, Cal., and W. E. Samuelson, known as the "Pride of Provo." The match was the outgrowth of strong rivalry between the two riders. They had a little mix-up on the track a week ago, and as a result challenges flew thick and fast. A match race was agreed upon and was run last night.

What was the result?

Well, ask anyone of the three thousand or so spectators who cheered for Hardy Downing last night. It was a most decisive victory for the boy from San Jose. In two straight heats he made Samuelson look like a novice. The French style of riding suits Downing, and it is really the only way to test a rider's judgment and speed.

In the first heat Samuelson took the lead slowly. Downing following and keeping his thinking apparatus in good working order. On the last lap the Californian shot ahead of "Sam" and won by a length. In the second heat the spectators saw some genuine French riding. The rivals jockeyed for position for about a minute, neither willing to take the lead until suddenly Samuelson shot out and lead for about fifteen yards. Downing caught him in two laps and hung there until the last lap when he again shot ahead of "Sam" and crossed the tape a winner by a large margin. Downing was given a rousing ovation as he defeated the victor over Ivor Lawson.

A world's record was broken in the three-quarter-mile handicap event by the combination of Bowler and Hollister. Bowler did the donkey work and Hollister the sprinting. Bowler started at the 20-yard mark, while Hollister was at scratch. The time was 1:22 4-5.

In the two-mile professional lap race, Samuelson and Hollister teamed and got the money. It was announced that there would be teaming according to rules, and the spectators apparently enjoyed the event.

A summary of the events follows:

Half-mile amateur, final—Redman, Castle, Wilcox. Time—:59 4-5.

Half-mile match race, French style, between Downing and Samuelson, won by Downing in two straight heats. Time—1:06 3-5, 2:17 1-5.

Australian pursuit, amateur—Hume, McCormick, Redman, West. Time—4:03 3-5. Distance, 2 miles, 1½ laps.

ALLIGATOR FOR PET.

Walter W. Green of St. Anthony Exhibits Fine Specimen.

Bob Fitzsimmons has his lion Senator, Jim Jeffries used to have a bear for a pet. Some sportsmen have badgers, coons, bull dogs, etc., but Walter W. Green of St. Anthony, Ida., has one of the most unique pets imaginable. It is a four-year-old alligator named "Tony." The creature was sent to Mr. Green from Florida. It is about a foot and a half long and appears to be in the best of health. The gator knows Green and allows the master to fondle him, but if a stranger gets gay with "Tony" the chances are that "Tony" will dine on a couple of fingers.

Green has fine sport trying to sell gator eggs to strangers at from $10 to $15 per egg. He has a supply of birds eggs on hand and persuades strangers to believe that they were "Tony's" eggs. Green says he will probably send the alligator to Salt Lake for the winter.

FISHING WILL BE BETTER.

"Private" Ponds Near Henry's Lake Emptied by Officers.

It is more than probable that from now on until the end of the season trout fishing on the north fork of the Snake river in Idaho, will be better than it has been for some time, for the reason that about 25 tons of the speckled beauties have been liberated from so-called "private" ponds near Henry's lake.

One of the largest ponds raided by the game wardens, was that of Joseph Sherwood. It was visited on Aug. 3 and 4 by State Game Warden W. N. Stephens of Idaho, and his deputies, and about 12,000 lbs. trout turned loose in the main stream. Sherwood objected rather strenuously and was placed under arrest, but later was released upon his agreement to assist the officers in their duty.

The release of these fish will put a stop to shipping trout out of the state, and will make the fishing in Highland Park much better than it has been this season.

A party of fishermen who visited the park recently, report that, while no big catches were reported, enough could be caught for camp use. The fish average about a pound and a half each, and are of a fine variety. Fishing was pretty good down near St. Anthony and especially in the big canal, which runs north of the town. Former Assistant Chief C. E. Wood of the Salt Lake fire department who now conducts a big ranch near St. Anthony, has no trouble in getting a nice mess of trout from the canal in a couple of hours' fishing in the mornings. Mr. Wood has been most successful in his work and his many Salt Lake friends will be pleased to hear of his good fortune. He expects to visit Salt Lake in October.

A Wart or Pimple

MAY BE CANCEROUS.

When a wart, mole or pimple shows any sign of tenderness it is a warning that bad blood is behind it. Often these places are on the face, hands, legs or other part of the body for years, and give no sign to cause uneasiness, and then with a little rough handling, a slight cut or bruise will develop into a sore that refuses to heal, and the sufferer finds himself afflicted with a cancerous ulcer.

About three years ago a blister came on the right side of my nose. It grew speedily in spite of all efforts to heal it but the pain was not very severe at first, but increased when the sore began to inflame and discharge matter. At times the place would scab over and appear to be getting well, but the scab would drop off, leaving a red, angry looking ulcer. I had almost despaired of ever curing it, when my attention was called to S. S. S., and after taking a few bottles the sore began to gradually grow smaller, the discharge stopped and I was cured.

Owensboro, Ky. JNO. MASSIE.

If the blood is pure and healthy these sores cannot exist. S. S. S. is the ideal blood purifier. It cleanses the blood of all poisons and impurities, making it strong and vigorous and able to supply the body with the strength and nourishment it needs. There is nothing that acts so promptly as S. S. S., toning up the entire system, helping the general health and curing sores permanently. Do not let a wart or pimple develop into a cancerous ulcer, but purify your blood with S. S. S. It is nature's remedy, purely vegetable, and while driving all poisons from the blood, will build up every part of the system. Book on the blood and any medical advice desired will be given without charge, to all who write.

My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

ANOTHER AUTO ACCIDENT.

Webb Jay, Going Mile a Minute, Crashes Through Fence.

Buffalo, N. Y., Aug. 18.—Webb Jay of Cleveland was probably fatally injured at Kenilworth park today in the ten-mile automobile race. At the three-quarters of the fourth mile Jay's machine crashed through the fence, down an embankment of 15 feet and into a pond of water. What caused the accident is not known. It is believe, however, that Jay was blinded by dust and steered into the fence. He was driving about a mile a minute when the accident happened.

Jay was racing with Lytle and Burman. At the three-quarters turn Jay was third and the dust cloud at the other two cars hung over him. Just at the three-quarters the track had been banked with dirt taken from the excavation which had left a deep hole just beyond the fence. Heavy rains had transformed the hole into a deep pond.

Just as Jay rounded the turn his car crashed through the fence, down the 15-foot embankment and into the water. Jay, unconscious, would have drowned had not two spectators sitting on the fence dearly gone to his rescue and dragged him out. He was taken to the German hospital where it was found that nine ribs were broken, one of his lungs was punctured and his right femur was fractured. Pneumonia and pleurisy it is believed will set in within 24 hours and if he survives them he may live, the surgeons say.

WANT DATE CHANGED.

Native Sons Demand Different Date in Britt-Nelson Fight.

San Francisco, Aug. 18.—A committee from the order of the Native Sons of the Golden West today held a conference with Mayor Schmitz and James W. Coffroth, promoter for the Britt-Nelson glove contest scheduled to take place at Colma, near here, on Sept. 9. This is the date of the admission of California into the Union and it is annually celebrated by the Native Sons and Daughters. The committee asked that the date of the fight be changed and that it be held in this city. Coffroth said he would agree to this if he were granted a permit by the city. The mayor did not object, but said the permit must be granted by the supervisors, most of whom are out of town. It was finally decided to communicate with them by wire and request their votes on the proposition. In the meantime, the date of the contest remains unchanged.

Down to Finals.

Chicago, Aug. 18.—The finals in the Exmoor golf tournament cup will be played tomorrow between Clingman and F. C. Newton of Seattle, Wash., the latter today having defeated E. E. Giles, the Pittsburg player, who disposed of Chandler Egan yesterday. Giles was outclassed and the Seattle man won an easy contest, 4 up, 2 to play.

Another defeat that caused surprise today was the defeat of H. C. Fownes of Pittsburg by A. T. Haight of Glenview in their semi-final match for the North Shore cup. The finals in this event will be between Douglas Laird of Canada and Haight.

THE DISCOURAGED RATS.

Senator Newlands of Nevada was talking about farming.

"Farmers are progressive and go-ahead," he said. "They keep in touch with all the new agricultural inventions, and such inventions as are of value they adopt as soon as they can."

Senator Newlands laughed.

"In my boyhood, in Mississippi," he said, "I knew a farmer who adopted eagerly every new farming device that came out.

"I inspected this farmer's chicken-house one day, and found several rats scampering about in it. A chicken-house in such a condition seemed to me deplorable, and I took the farmer to task about it immediately.

"'Look, here, Mr. James,' I said, 'why don't you clear the rats out of your chicken-house?'

"'They don't do no harm,' said Mr. Jones.

"'Don't they eat the eggs?' said I.

"'Not now,' he answered. 'They used to, but not now.'

"'How is it,' I asked, 'that they have stopped?'

"Mr. Jones stroked from his lips a slight smile that had appeared there.

"'I think,' he said, 'that these here new-fangled china nest eggs has sort o' discouraged 'em.'"
