Isaac C. Wright vs. Sine M. Gannett; dismissed on motion of plaintiff.

Louisa L. Wallworth vs. Wm. Wallworth; continued to January 16th.

Jos. A. Smith vs. R. G. W. Railway company; s-m-o order.

Mrs. Carrie Binder of Lehi has commenced a suit for divorce against George C. Binder. The parties intermarried in Salt Lake City January 11, 1894, and on July 4-5, 1895, defendant, it is alleged, beat plaintiff in such a severe manner that she was compelled to leave him in order to save her life, or save herself from great bodily harm. Defendant is also charged with having abused, ill-treated and threatened plaintiff previous to this time, and as another ground for divorce, failure to furnish plaintiff support for herself and the two-year old child, of which she asks custody, is set up.

Back From Washington.

Reed Smoot who has been in the East for over two weeks has returned. While away he visited Washington and feels assured that an extra session of Congress will be called by President McKinley for the purpose of enacting tariff legislation. There is no doubt in his mind that there will be an increase specific duty placed on wool and woolens. He does not believe that the wool-growers will get all they ask for, but enough to greatly benefit the industry. But the benefit will not be felt this year for the reason that there is already enough wool on the market to supply the mills for the year, and when it becomes known that the duty on wool will be increased large shipments of foreign wool will be brought in before the new law takes effect. Mr. Smoot states that the mills in the East are idle and large quantities of woolen goods are being brought from England and Europe. There will have to be disposed of before manufacturing interests of this country will feel the benefits of the increased tariff which is to be placed upon the articles.

There is also, in Mr. Smoot's opinion, favorable prospects for an increased duty on lead.

Your representative asked Mr. Smoot about the health of Mrs. Cannon; he stated that when he was there she was not feeling well, but that her condition at that time was not considered serious.

New Mining Company.

The Gold Hill Mining & Milling company filed articles of incorporation with the county clerk yesterday. The object of the incorporation is to carry on a general mining business and do all things incident thereto. The capital stock of the company is $100,000, of shares of the par value of $1 each, and consists of the Gold Hill mine in Slate Lime mining district.

The incorporators, who each hold 20,000 shares, are Franklin S. Millet, Joseph W. Brown and James E. Snow, all of Provo, and Alexander Burnett and Hyrum Rice of Spring Valley, Nev. The incorporators are also the directors of the company. Provo is named as principal place of business.

Notes and Personals.

A. L. Towle has taken a contract to sink the shaft of the New Star mine in Tintic mining district 300 feet. The mine is owned by George Bullock, Jos. Bullock and Farrer Brother, all of Provo city. The shaft is already over 100 feet and in very fine ore. The owners expect when the additional 300 feet are sunk they will have a bonanza. Mr. Towle is going down at the rate of four feet a day.

Treasurer Mrs. Jakeman has been notified by Supt. Park that there is $23,160 in the treasury, which has been apportioned to Utah county schools. Mrs. Jakeman has drawn on Treasurer Chipman for the amount, and the money will be ready for the several districts as soon as County Superintendent Christensen advises Mrs. Jakeman of the apportionment for each.

Sheriff Sirrs and Deputy Sheriff Wilkins visited Salt Lake City Thursday for the purpose of gathering some information in regard to execution by hanging, in case it becomes necessary to execute Harry Hayes, the murderer. He will take place on the 22nd unless the board of pardons intervenes.

Nat Morse, the man who shot James Vance at Jensen's saw mill near P. V. Junction a few weeks ago, and was not arrested because there was a question of what county the crime was done in, has written to a friend in P. V. Junction that he is in Canada.

Scofield and Winter Quarters.

SCOFIELD, Jan. 6, 1897.—The two weeks old infant of Mr. and Mrs. John Cunningham died on Tuesday, the 5th inst.

Coal mining has slackened off at Scofield, and the people are anxiously awaiting the settlement of the U. P. and Short Line matter, hoping for the entire separation of the two, as that would no doubt give the Scofield miners steady work to supply the latter road with coal.

The New Year came in very quiet, the boys having had a merry time and spent their money on Christmas.

The people of Winter Quarters had a New Year's greeting that not many towns in the West could get. As the New Year was coming in a serenading party came around, and as were gradually awakened by beautiful strains of an old Scotch air which was played by the Scotia band, Mr. Hugh Hunter, and as the echoes from the bagpipes were dying among the evergreens came the cheering news that a Welsh air, by Mr. Wm. L. Jones on his harp and Mr. Richard D. Rees with his piccolo, was struck up. The sweet music upon the crisp night air was most beautiful.

Mr. Andrew Hood, county commissioner-elect, has qualified, but commissions for our precinct officers have not arrived yet.

Mr. W. H. Donaldson has gone to Price to do the clerical work for Carbon county for the next two years.

There is so little snow in the mountains here that some people begin to entertain fears for the coming season's crops. W. C. HOWELLS.

Syrup of Figs

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before properly directed efforts, the permanent effect is rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any deep-seated cause, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians. But if in need of a laxative, the proper thing to take is, and with the well-informed, everywhere, Syrup of Figs, and most largely possessing the genuine and wholesome qualities which are found in the genuine Syrup of Figs, manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.
