COMMITTEE REPORT FROM CLASS P. NOS. 1 AND 2.

To the Honorable the President and Board of Directors of the Deseret Agricultural and Manufacturing Association.

GENTLEMEN:—The Committee appointed by you to supervise and adjudicate on all entries made during the late Territorial Fair in Class P. Nos. 1 and 2, respectfully present the following report, assuring you that the meagre number of prizes awarded, and the large number of competitors, made the labors and conclusions of your committee more onerous and critical than they would have been under a larger or more diversified premium list, from the fact that some large and some important and interesting contributions were unprovided for; yet, what was done and what withheld, was doubtless pressed upon your honorable body by the limits of appropriation and some uncertainty of resources, all of which may be remedied at succeeding fairs.

A broader yet more sindividualized classification should be given the Art section, so as to include engraving in wood or metal, both of which are now indispensables of our growing Territory; also in painting, some further division is desirable, and probably sculpture and ornamental stone-cutting could be judiciously encouraged.

Some very fine flower work, hand painted, also some pencil sketches by Mr. McCornick, Jr., and a portrait by the youthful artist, Mr. Walker, were each worthy of honorable mention and probably of official recognition, if not remuneration.

With these suggestions, this report is submitted, including its recommendations for your sanction and approval, if expedient.
