THE PRESIDENT'S PROCLAMATION

Practically Declaring Martial Law in Chicago.

WASHINGTON, July 8.—Just before midnight President Cleveland issued the following:

"Proclamation by the President of the United States:

"Whereas, By reason of unlawful obstructions, combinations and assemblages of persons it has become impracticable, in the judgment of the President, to enforce by the ordinary course of judicial proceedings the laws of the United States within the city of Chicago and the city of Chicago within said state; and

"Whereas, The purpose of enforcing the faithful execution of the laws of the United States and protecting its property not resting solely upon the United States in the state and city aforesaid, the President has employed a part of the military force of the United States.

"Now, therefore, I, Grover Cleveland, President of the United States, do hereby admonish all good citizens and all persons who may be or may come within the city and state aforesaid, against aiding, countenancing, encouraging or taking any part in such unlawful obstructions, combinations and assemblages; and I hereby warn all persons engaged in or in any way connected with such unlawful obstructions, combinations and assemblages to disperse and retire peaceably to their respective abodes on or before 12 o'clock at noon on the 9th day of July instant.

"Those who disregard this warning and persist in taking part with a riotous mob in forcibly resisting and obstructing the execution of the laws of the United States or interfering with the functions of the government, or destroying or attempting to destroy the property belonging to the United States or under its protection, cannot be regarded otherwise than as public enemies.

"Troops employed against such a riotous mob will act with moderation and forbearance consistent with the accomplishment of the desired end, but the necessities that confront them will not with certainty permit discrimination between guilty participants and those who are mingled with them from curiosity and without criminal contempt. The only safe course, therefore, for those not actually unlawfully participating is to abide at their homes or at least not be found in the neighborhood of riotous assemblages.

"While there will be no hesitation or vacillation in the decisive treatment of the guilty, this warning is especially addressed to protect and save the innocent.

"In testimony whereof I hereunto set my hand and cause the seal of the United States to be hereunto affixed.

"Done at the city of Washington, this 8th day of July, in the year of our Lord one thousand eight hundred and ninety-four, and of the independence of the United States of America the one hundred and eighteenth.

[Signed.] "GROVER CLEVELAND.

"By the President,

[Signed.] W. Q. GRESHAM,

"Secretary."

The proclamation practically declaring martial law in Chicago was decided upon after a full discussion in the cabinet meeting. This is an action which General Miles has desired from the beginning, as it will give him more ample authority in the city.

THE TROUBLE IN IDAHO.

Rumor That Troops Are Coming Has a Quieting Influence.

WARDNER, Ida., July 8.—The Bunker Hill & Sullivan company has repaired the damage resulting from the dynamite explosion of Saturday morning. Both mines and mills are working. The rumor here is that troops are coming. This has a quieting influence.

A TREMENDOUS EXPLOSION.

WARDNER, Ida., July 7.—The Coeur d'Alene miners have broken out again. The hills are full of roving miners and the town is gay (?). Business is suspended and the sheriff is organizing a posse to defend the mines.

At 1:30 o'clock this morning a tremendous explosion shook the town. It was followed by a chorus of derisive yells. When daylight came it was discovered that an attempt had been made to blow up the power house and electric light plant of the Bunker Hill and Sullivan mines. Sticks of dynamite had been placed under the building and exploded. The explosion was sufficient to wreck the plant completely, although a large part of the building was left standing.

The hills above the power house are full of miners who make no attempt to attack the town, but have spent the whole morning rolling rocks down the steep mountain side on the power house and mine buildings.

ASKS FOR FEDERAL INTERFERENCE.

WASHINGTON, D. C., July 8.—The President and his cabinet are watching the developments of the strike with unabated vigilance and soon after breakfast this morning, when in ordinary times the President probably would be taking a pleasant drive in the country, he was surrounded by his constitutional advisers, reading bulletins from the West and discussing the probabilities of the future.

During the morning Governor Dubois and Senator of Idaho called to see Secretary Smith. They came to ask federal protection for Wallace, Idaho, where rioting is reported. The governor of Idaho left night made a strong appeal for troops to quell the rioting.

The situation in Idaho presents a different phase from the troubles elsewhere, inasmuch as the trouble is not connected with the railroad strike, and the governor has called for troops.

It was pointed out to the executive that the governor must certify that he and his militia are all the resources he has at his command before the President could act. The question remained unsettled when the President left the cabinet meeting, and it is thought there will be a special cabinet meeting, United States troops from Fort Sherman will be specially dispatched to Wallace at once if the troubles do.

Fatal Wrestling Match.

MADRID, July 7.—News has been received of the fatalities of a wrestling match between Lucas and Billon, the champion of the province of Biscay.

Bank Statement.

NEW YORK, July 7.—Nearly all the statements of Boston banks show gains, the aggregate being $1,030,000, and their surplus $2,000,000. Philadelphia banks show increases, $12,000,000, principally in loans, the surplus being $10,000,000. The banks in Baltimore, $1,000,000 in specie, and the surplus is $1,000,000.

The Plate Workers Grievances.

PITTSBURG, July 7.—The tin plate manufacturers met today at a conference of manufacturers and workmen. This, with the settlement of the sheet mills, affects 16,000 men. The general impression will take place next week.

Fatal Quarrel.

CATLETTSBURG, Ky., July 7.—In a street quarrel last night John and Ballard Faulkner, brothers, were instantly killed and Charles and Guy Junior mortally wounded. Ballard Fitzpatrick was also seriously wounded. He and Lon Cole, a member of the Cincinnati Brass Crew & Co., were arrested. The trouble arose over a sick woman whom the Justice high claimed was being neglected by the town authorities. Ballard Faulkner was a member of the council.

VIOLATING A STATUTE

By Placing the Mail Cars Behind the Pullmans.

EL PASO, Texas, July 8.—Governor Hogg has been telegraphed by the committee in charge of the A. R. U. strike in this city calling his attention to the fact that the Interstate, Harriburg and San Antonio railway is daily violating articles 4, 233 and 4,239 of the Texas statute in attaching the United States mail to the rear of passenger trains for the East. It is said that Secretary Hogg will take action immediately. No traffic is being done on the Santa Fe or Atlantic Pacific systems or the southern Pacific. The Atlantic system has been sending out the passenger trains made up by the Sagi, and clerks, with the mail car attached behind the Pullman. The strikers have been asked to model the trains made up in this manner.

A Texas Tragedy.

PARIS, Tex., July 8.—S. Braden, a prominent citizen of this city, was shot and killed last night by Wm. Carter, his partner. No one witnessed the killing. They were together in the rear of their store. Three shots were heard. Carter surrendered and was called out. He said he tried to have a peaceable settlement. A desperate struggle had evidently taken place, as Braden's left hand was badly powder burned. He was shot in the throat, neck, heart and stomach.

Cost of the Strike.

ST. LOUIS, Mo., July 8.—The most conservative estimates of the loss which the railroads have suffered since the strike began place it at least $1,000,000 daily to the system of lines which converge at St. Louis.

Troops for Tacoma.

FORT TOWNSEND, Wash., July 9.—Company F, Fourteenth Infantry, U. S. A., Captain Murphy, left Port Townsend last night for Tacoma to do military duty on the Northern Pacific railway.

A Bomb on the Track.

TACOMA, Wash., July 8.—Deputy marshals found a dynamite bomb fastened to the rail on the steel bridge at Fifteenth street. The bomb consisted of a half-inch gas pipe, filled with dynamite and the ends filled with waste. The evident intention was to have the bomb explode by the passing of a train.

SUPPORT HOME INDUSTRY.

THESE ARE THE PEOPLE WHO SELL HOME MADE GOODS

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give prominence to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people; you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind; every dollar expended for Utah made goods, means more employment for home labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both common sense and patriotism.
