Boles Wans to Get Back at Metropolitan Turf Club.

TROUBLES OF BOOKMAKER.

He Proposes to Demand $100,000 Damages From Association—May Stop Racing in New York

A suit for $100,000 against the Metropolitan Turf club will probably be the sequel of the fight between the association and George Boles, the bookmaker who was expelled from the club at its annual meeting, according to good information, says a New York dispatch. It is also claimed that Boles has threatened to put his case in the hands of his friend William Ward, the Republican leader of Westchester county, and if he does not receive proper vindication, to urge Ward to use his influence at Albany to stop racing in this state. Boles is known as a fighter, and his friends assert that as the gage has been thrown in the ring, he will not stop the battle until his influence and money have run out.

Boles was at the track yesterday, but kept in retirement, and did not engage in any speculation. All inquiries as to his future action were referred to his brother William, who acted as his cashier and general supervisor of the many books that George had doing business.

It is more than likely that Boles will have a formal statement to give out within the next few days, and it is reported that it will create a greater sensation than has been known on the track since Pittsburg Phil was ruled off. Although it is hinted that the retirement of Boles was caused by the weird races of Gold Lady, Tony Arte's filly, many well informed persons claim that it is for a different cause.

While Boles made his appearance yesterday to find out if the Jockey club intended to refuse him admittance, it is reported that he has made his last visit to a race track until all suspicion has been removed. In an interview with William Boles, the younger member of the family delivered himself as follows:

CHARGES DENIED.

"If anybody can prove that George was guilty of any offense that they are charging him with, he will give them a certified check for $10,000. He was not forced to get out of the Mets, but did so of his own accord. What his feelings are toward that association I do not know. If he wants to book there is no good reason why he should have a button of the Mets. There are any number of stands that he can get by putting up a bankroll. During the past season he has not missed one day. The better part of the year he has had control of five books that employed 70 men, and his daily expense had been over $900. As a matter of proportion, is it not feasible that 70 men ought to find out more information than two during a day?

"When one of the men would notice that certain wise people were playing a horse, the news would get to George in an instant. Suppose the horse in question was a long shot and the money was what is called the right coin. The only natural thing for him to do would be to raise the odds on the favorite.

"The success of my brother has probably made a lot of layers feel jealous. Within the last three years he has made enough money to make him comfortable during the remainder of his life. I am not exaggerating when I say that he owns the better part of Greenwich, Conn., which is our home. I have been with George for the past two years, handled all his money, and am willing to swear that he never committed a crooked act during that time. The real reason for him giving up his membership in the Metropolitan club is that he is thinking of leaving the game."

BIG AUTO SHIPMENT SINCE THE SHOW.

Last Wednesday was another moving day in the automobile world. For some weeks past the trend of travel and freight has been toward Madison Square Garden, where was held the most successful motor car exhibition ever given—closing on Saturday with a record-breaking attendance. It is worthy of note that never before has there been gathered together such an array of high grade and magnificent cars as was shown by the members of the Licensed association. It was purely an edition "De Luxe" exhibition and without frills and fancies.

There are but two national shows held in this country each year—the garden and at the Coliseum in Chicago. The success of the latter depends entirely upon the garden show, for the custom has been to exhibit the same cars at the Chicago show that were at the garden.

Yesterday the entire exhibit of cars were started westward in two trainloads, each train consisting of 30 freight cars, and each containing from two to four automobiles. This is the largest automobile shipment ever made, or, in fact, the largest shipment of any one manufactured product to be transported at one time over one route. The loading and forwarding of this great number of machines was accomplished under arrangements previously made by the traffic department of the Licensed association; the facilities which were offered by the traffic department making it possible to load the entire lot of automobiles in six hours and without a single case of damage. In order that the work of handling the cars at the other end may be facilitated, the trains will arrive in Chicago at two different points, thus avoiding congestion and minimizing the possibility of damage through overcrowding.

J. S. Marvin, traffic manager of the association, in speaking of the shipment today, called attention to the new methods which were being employed in the shipment of automobiles. It has only been since the organization of the traffic department of the Licensed association that any attention was paid by the railroads to this high class freight. Heretofore shipments have been made in ordinary box cars with small inconvenient side doors and at times inadequately packed, often causing considerable damage and annoyance to both shipper and the railroads.

To Cure Rheumatism

The excessive accumulation of uric acid must be eradicated from the system. Dr. Miles' Nervine used as directed for rheumatism, is alkaline in nature. It neutralizes this acid, and its soothing effect upon the irritated condition of the nerves relieves pain and induces sleep and rest.

"I was suddenly taken with a severe pain in my foot. My physician could not tell what was the trouble. In a few days I had the same trouble with the other foot. I was so crippled that I could scarcely walk and at times I had to crawl on my hands and knees from my bed down stairs. After having my shoes on for an hour or two I could manage to walk by suffering the pain. I suffered more or less all summer, and tried almost everything but got no relief. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but I was scarcely able to walk when I left it. I read about Dr. Miles' Nervine, bought a bottle and also wrote the Miles Medical Co. for advice. They advised me to add salicylate of soda to the Nervine, and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

MUCH MONEY ON McFARLAND-HERMAN GO.

A Chicago dispatch says that the Herman-McFarland contest, scheduled to take place at Davenport tomorrow, will be the greatest betting affair pugilism has seen or heard of in recent years is shown in the interest manifested in the bout. Thousands of dollars have already been wagered and thousands more are in sight, the backers waiting only to hear more of the condition of the men whom they are going to b[illegible]

Bert Smith [illegible] Davenport arrived in this city yesterday with a bundle of McFarland money and succeeded in placing a number of wagers. Tom Hanlon and Al Bloom, local sporting men, each wagered $200 on Herman.

While all this excitement is going on, Herman is quietly but faithfully training at Belmont farm. Herman has been in many battles, and he has gone through much training, but he declares he never felt better fit for a contest than he does for this. Like his rival he sought the farm to fit himself, and outdoor labor is his delight. Herman played a prominent part in the threshing work and is daily seen on the field sawing or chopping wood or doing some other farm labor. Herman arises early to feed the cattle, clean the stalls and help keep things in order.

He has increased his run on the road, going 12 miles daily. His boxing has been lengthened to 10 rounds, five with Johnny Coulon, to gain speed, five with Gus Wendt, with whom he mixes matters.

HAL CHASE RE-ENGAGED.

Crack First Baseman to Be With Griffith Next Year.

According to a San Jose, Cal. dispatch, Hal Chase, who was first baseman last season for the New York Americans, will be with Griffith again next year.

When interviewed last night in regard to the report that he had already signed a contract for the coming season, he said:

"Yes; it is true that I will go east again next year. My contract is already signed and during the playing season I will be at my old place."

When asked if he intended to conform to the new rule adopted by the national commission prohibiting ball players from playing in the west out of season, he said:

"Yes, I will observe the rule. There is nothing else to do. The ruling is an unjust one and hard on the men in the big leagues, for it deprives them of an opportunity to make some money after their contracts with the eastern clubs have expired. Still, the association is powerful enough to enforce the rule and the best thing the men can do is to obey the rule."

Despite this statement by Chase he has been every Saturday and Sunday with the San Jose State league team under the name of Schultz, even since the ruling of the national commission was promulgated. He would not discuss this question, however.

MEXICAN PETE ALIVE.

Notorious Pug Not Killed as Reported Some Weeks Ago.

A special from Trinidad, Colo., says: "Wallace Castle was knocked out last night in the third round of what was to have been a 10-round bout with "Mexican Pete" Everett. A right swing to the jaw put the negro to sleep. Castle was completely outclassed by his opponent, who had the advantage of nearly 30 pounds in weight. The match was refereed by William McClusky and was witnessed by a large crowd."

The dispatches a month ago stated that "Mexican Pete" had been killed in a saloon row in Oklahoma. This is not the first time Pete has been reported dead, but he generally manages to come around again. As the dispatches giving an account of his death came during the operators' strike, in all probability the original dispatch read "dead drunk," and the operator failed to get the word "drunk" through.

MATCH FOR SHOELS.

He Will Fight Frank Carsey at Pueblo on Dec. 12.

Pueblo, Nov. 19.—Matchmaker Selee of the Pueblo Athletic club last night made announcement that he had matched Muggsey Shoels, the hard-hitting Cheyenne boy, and Frank Carsey, the eastern featherweight. The bout is to take place in the Grand Opera House in Pueblo, on Thursday, Dec. 12. Shoels is the lad who knocked out Roxey Roach in 15 seconds in a Pueblo bout last month, and only a few weeks before knocked out Johnny Morrison in a Denver bout. He is regarded as one of the most promising young boxers in the west. The articles for the battle between Carsey and Shoels call for the men to weigh in at 127 pounds at 3 o'clock in the afternoon on the day of the contest. This will enable Carsey to enter the ring at his best weight. It is a battle that will without a doubt draw many from Denver and Cheyenne, besides almost every town in the state where lovers of boxing are in the habit of going some distance to see classy mills.

HARDY SHOOTING EXHIBITION.

Lincoln, Neb., Nov. 19.—After hitting 13,063 flying blocks without a miss, Capt. A. H. Hardy today stopped his rifle shooting demonstration. A judge had to leave and this stopped the shoot. Hardy was striving for a 20,000 record. The world's record was formerly held by Toperwein of San Antonio, who secured 8,862.

BILLIARD TOURNAMENT.

St. Louis, Nov. 19.—In the twentieth game of the tournament of the national three-cushion billiard championship played here today, Horace B. Lean of St. Louis defeated Thomas A. Heuston, also of St. Louis, 50 to 45. Lean's high run was 4; average, .47; safeties, 11; Hueston's high run, 4; average, .42; safeties, 10.

"PENNY GOSSIP."

The crack Lafayette school football team defeated the Gordons yesterday afternoon by a score of 20 to 5.

The Unions shut out the Bryants in yesterday's game. The winning team ran up a score of 10 while the Bryants drew a goose egg.

Cincinnati, O., Nov. 19.—In the six-day walking match at 12 o'clock tonight O'Leary had walked 89 miles, 9 laps, and Schmehl, 80 miles, 2 laps.

Berkeley, Cal., Nov. 19.—Berkeley High school has accepted the challenge of the Seattle High school for a game of interscollegiate football. The contest will take place on Thanksgiving day at Seattle.

Albany, N. Y., Nov. 19.—The court of appeals today affirmed an order for a writ of mandamus directing the state racing commission to issue a license to the Empire City Trotting club to conduct running races at its tracks near Yonkers.

There is considerable interest in the fight Friday night at Ogden between Pete Sullivan and Rudolph Unholz. Both men had practically let up on their training and are now waiting for the clang of the gong, which sends them on their 20-round Queensbury journey. Manager Guinan has made arrangements for a special train to run from Salt Lake to Ogden and return and he expects a large crowd of fight fans from this city.

"I'd like to meet Senator Tillman face to face and ask him a few questions, said Joe Gans, the colored pugilist recently.

"I heard his speech and considered it a rather poor exhibition of fanaticism. Of course, Senator Tillman had no opposition, but I do not believe that his arguments would stand much show in debate.

"Why does he hate the negro? That is what I would ask him. Why has he the venom toward the race in his heart?

"Doesn't he know that God made both white and colored men and that in heaven and hell, wherever they go, they will both stand on an equal footing? Senator Tillman lays great stress on the danger of amalgamation of the races. He says he would rather see his daughter dead than married to a colored man. I agree with him on that point, speaking from the other side of the fence. If I had a daughter I would object to seeing her marry a white man. I believe that the races should be kept separate."

Rumors that Ban Johnson of the American league will remove his office east, presumably to New York, are flying around baseball quarters. It was claimed that Prest. Taylor of the Boston Americans, while in New York Sunday, insisted that Johnson make this move because of the constant friction that is engendered by the presence in the same city of Johnson and President Comiskey of the White Sox. Johnson has hinted several times at the possibility of changing his residence, but nothing has ever been done in the matter.

Boulder football enthusiasts had a rousing celebration over the victory of the Colorado team over Utah. Following is an account of the celebration:

"The clapper of the huge bell on the main building of the University of Colorado, which has pealed forth many times in celebration of athletic victories, was broken off last night after having been given the roughest two hours' treatment that it has ever seen.

"The student body, mad with the joy of unexpected conquest, hurried in a wild throng to the old building, where seniors and graduates vied with freshmen in an endeavor to catch the bell rope and tell Boulder and the surrounding country that the team had recovered from its bad luck and was again in line for the championship after a 24 to 10 victory over Utah.

"Boulder itself was football mad last night and college yells and songs were heard all over the town, at the theaters and on University hill. The fraternity houses, where shrouded windows were seen last week after the Tiger defeat, were aglow with lights and the team and its wonderful work was the talk of the night.

"The fact that the game with the Miners in Denver on Thanksgiving was ahead, and that the Golden boys had twisted the Tigers' tail for fair, did not in the least dampen the ardor of the students, who only looked with heightened joy toward Turkey day as the time to get revenge for the defeat of four years ago and wrest the three-year championship from the Miners."

Four Diseases That Wreck Men Cured

We have arranged a system of payment that will allow every man to take advantage of our services. You deposit your money either in small payments or in a lump sum, and it is not ours until after you receive a cure. We do not accept incurable cases, our prices are reasonable, our results are speedy and are lasting. No other specialist offers you what we do, for we have the only certain cure known for all curable cases.

NERVOUS DEBILITY

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back lame? Is your memory failing? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally, as nature intended.
WE CURE IT IN 30 TO 60 DAYS.
Quick results, lasting ones.

BLOOD POISON

May be either hereditary or contracted. The former causes eczema, rheumatic pains, scrofula, etc. The latter begins with a small pimple, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other terrible symptoms, such as paralysis, locomotor ataxia, cancerous growths, decayed bones and flesh.
WE OVERCOME IT IN 30 DAYS.
Symptoms disappear in 1 to 3 Weeks.

VARICOCELE

This is an enlarged condition of the veins (usually more noticeable on the left side), caused by bumps, bicycle riding, etc. In time it saps a man's physical and mental strength if neglected.
WE CURE IT IN 5 DAYS
by absorption, without pain.

OBSTRUCTION
