EVENING NEWS.

Tuesday. . . . August 2, 1881.

TALK OF THE TOWN.

Your tax notice is at the Post Office.

The City Council meet at the usual hour this evening.

Don't forget to call at the Post Office and get your tax notices.

The Third District Court records to-day show that Samuel Clark was admitted to citizenship.

The heat has been somewhat oppressive to-day. The thermometer at our office, at 3 o'clock, indicated 86° in the shade.

In the Police Court, this morning, an individual was fined $10 for creating a disturbance in Commercial Street, yesterday evening.

A contemporary has discovered a watersect which had "flown" over the sidewalk. Such flying aqueducts should be chained down.

At Fort Douglas the Fourteenth Infantry are about to give place to the Sixth Infantry. Telegraphic orders to this effect were received yesterday.

The Tabernacle Choir excursion will come off shortly. To-day C. R. Savage, Esqr., and Prof. Beesley are in Ogden making arrangements for the excursion to that city.

A paper is being circulated for signatures among the merchants of Ogden, for the purpose of establishing a uniform closing hour. The signatures of some sixteen prominent houses have been already obtained.

The employees of Mr. H. B. Clawson, at the invitation of that gentleman, proceed to the Lake this evening for an out. An excellent lunch will be provided, which will be attended to immediately after their intended bathe.

On Thursday next it is contemplated to take the children belonging to the Twentieth Ward Primary to Black Rock. The old people in the Ward will be taken out at the same time. We hope the young and old will have a pleasant day.

Those who were billked at the Theatre last evening have themselves to blame. The genuine thing is easily recognized as a rule; but in the case of "Professor Hartz," who advertised his entertainment in none of the newspapers of the city, the whole business savored of fraud. Those who were gulled last evening had better in future remember the old adage: "Once bit, twice shy."

The Ogden dispatchers have formed a lodge of the Brotherhood of Telegraphers, a benevolent and social organization, which is rapidly growing throughout the eastern states. The association is an open one, none of the proceedings being secret, and instead of antagonizing the Western Union or any other telegraph company, is designed to promote the best interests of every department of the telegraph service.

LOCAL AND OTHER MATTERS.

Seventies' General Meeting.—The Seventies' will please take notice that their general meeting will be held at the Council House on Wednesday next, the 3rd inst., at 7.30 p.m. A punctual attendance is expected.

ROBT. CAMPBELL, Clerk.

In behalf of the First Council of Seventies.

Salt Lake City, Aug. 2, 1881.

The Election.—As stated in our impression of yesterday, the general election passed off very quietly. The vote was very light, as will be seen from the numbers polled in the several precincts:

First Precinct,	369	votes were polled.	
Second	"	437	"
Third	"	408	"
Fourth	"	298	"
Fifth	"	366	"

Total vote for Salt Lake City, 1878, of which number 100 was polled by the great "Liberal" element.

Gone North.—The Ogden *Herald* of last evening says:

"This morning the party of Church authorities and leading members who had been in attendance at the Cache Stake quarterly conference in Logan on Saturday and Sunday, separated, Presidents John Taylor and Geo. Q. Cannon, Apostles Wilford Woodruff and others, went north, intending to travel through Bear Lake Valley, starting through Logan Canon, and preaching in the leading settlements."

President Joseph F. Smith and Apostle John Henry Smith, who attended the conference in Logan, have returned to Salt Lake City.

Trouble between "Mormons" and "Gentiles."—The following sensational dispatch, of the truth of which we are unable to testify, appeared in the New York *Graphic* of July 27th:

SAN FRANCISCO, July 27.—A dispatch from Little Colorado, Arizona, reports that the trouble between the Mormons and Gentiles in that section is likely to become serious. A. N. Bagnall, prominent in the opposition to the Mormons, has had several valuable animals killed, and probably an attempt will be made to drive all the Mormons from the neighborhood.

Championship Bicycle Race.—The Salt Lake Bicycle Club, at a meeting held last evening at the office of Messrs. Barnes & Davis, decided that a bicycle race be run for the championship of the Territory and a gold medal, to be provided by the Club. The meeting was adjourned until Friday the 5th inst., at 7.30 p.m., to meet at the same office, when details of the race will be settled. Bicycling is fast becoming a popular mode of locomotion in our midst, and doubtless the efforts of the club in the getting up of this championship race will be highly appreciated by the public.

Sudden Death.—Yesterday afternoon an old man, about 60 years of age, named Abram Williams, died suddenly in his room in the George Building, First East Street. The deceased's room, it appears, was on the second floor of the building. On entering, he fell forward, severely cutting his chin, and very soon afterwards expired. An inquest was subsequently held over the body by Coroner Taylor, when a verdict was rendered that death was caused by general debility. The old man, it is said, has been a heavy drinker, and doubtless his death is traceable to that fact.

A Thorough Sell.—For several days past the talk of the town has been the forthcoming performance, in the Theatre, of an individual styling himself "Professor Hartz," an alleged magician who had, according to his own tale, thrilled Europe, Asia, Africa and America with astounding feats of legerdemain. In addition to his extraordinary entertainment, and to make things doubly attractive, the "Professor" announced that every person who paid for admission (fifty cents all round) would receive a present of some kind, while "at the close of the performance," some very valuable presents—such as a suite of bedroom furniture, bedroom-ware, and other things too numerous to mention—would be distributed amongst the audience. Notwithstanding that the whole business bore the earmarks of a barefaced swindle, be it known that an immense number of people eagerly paid their half dollar in the hope that in return, they might receive as a prize, as much furniture as would establish them in business in the furniture line, or at all events furnish a decent sized house. After the rush at the doors was over, the "Professor" made his appearance on the stage and proceeded with his performance, which at once may be pronounced as the basest of fraud. The audience were not slow to recognize the swindle, and the prevailing question was, where are the "elegant gifts?" Alas! they were conspicuous by their absence. At last the miserable performance was concluded, about $10 worth of stuff was distributed amongst the audience and the balance were informed that they would each receive a "present at the ticket office. The subsequent rush upon that place defies description. Men, women and children were there shouting and bawling at the top of their voices, and what few presents were secured did not amount to the value of a cent. The crowd were now thoroughly satisfied that they had been billked, and were very desirous of getting hold of the "Professor," but the latter was not to be found. It was well that he did slide, otherwise, if caught, he would have been severely bruised. On enquiry we learn that the "Professor" and his "lady" left by the Utah Central Railroad this morning at 7 o'clock. They arrived at the depot three minutes before 7 o'clock and made off for parts unknown.

Found Dead.—On Friday last, about five miles west of the West Jordan Meeting House—commonly known as the West Jordan Range or old Bingham Road—a man unknown was found dead by John W. Hill. The deceased in height is about five feet five inches; dark complexion; 45 or 50 years of age; long moustache and chin whiskers cut short; black hair inclined to be grey; very thin in flesh; high forehead; the nails of the left hand very long. Dressed in black coat and corded black vest; grey tweed pants, dark grey woolen shirt; old felt hat (dark green); single sole gaiters; white woolen socks and cotton drawers; red cotton handkerchief with white spots in it; a brass hunting case watch (old), with short long linked chain; a two bladed pocket-knife with one blade (the smallest) broken; a piece of tobacco, matches, pipe stems, etc.; also a small piece of writing paper with "Cullen" written upon it in pencil; also part of a book, "Odd Fellows' Companion," was found upon him.

An inquisition was held on the body at West Jordan Range, in West Jordan Precinct, Salt Lake County, on Saturday, before B. L. Cutler, Justice of the Peace, when the jury returned a verdict "that from the evidence adduced they were unable to state the cause of death, but were of the opinion that he died from want of water and exposure."

Sunday School Union.—The regular meeting of the above union took place last evening in the S. It Lake Assembly Hall, at which there was an excellent attendance. The opening hymn was sung by the Fourteenth and Fifteenth Ward choirs; prayer was offered by Elder F. A. Mitchell. Elder George Reynolds, as had been announced, then delivered a brief lecture on the Lord's Supper. In the course of the address, which was very interesting and very instructive, frequent reference was made to the Scriptures and to the Book of Mormon, by the quoting of passages.

It was moved by Elder F. A. Mitchell, that the addresses, with the references, be published in the *Juvenile Instructor*.

Superintendent George Goddard suggested the propriety of each superintendent of a Sunday school appointing missionaries to look after the Sabbath school attendance in his ward; also to see that the attendance be prompt and regular.

Elder Joseph E. Taylor made some remarks as to the necessity of teachers adopting such means as will enable them to command the attention of their pupils.

It was decided that the Sixteenth and Seventeenth Wards should furnishing the singing and doorkeepers for the next meeting of the Union.

The Electric Light.—During the progress of manufacturing and fitting new boilers, a contingency rendered necessary by the defectiveness of the boilers first put in, the Electric Light Company, as our readers are aware, was compelled to suspend operations. Last evening, however, the new boilers supplied by Messrs. Haynes & Sons, of this city, having been completed and in place, and their soundness thoroughly tested, the company again resumed operations, the lights in different parts of the city being kept at full blaze. The light seemed to burn very steadily, and unless some unforeseen accident occurs, the company expect to continue their operations nightly without interruption. The defectiveness of the original boilers has been a matter of considerable comment. They were brought from the East and were manufactured of the most miserable material. The boilers now in use are home-made, and it is to be hoped they will prove satisfactory in every particular.

The Election.—The total vote polled in this county for the People's ticket yesterday was 2,877. The Liberal ticket was supported (?) by 117.

Exemplary.—Anent the general election yesterday we may mention that Sister Zina D. Young came all the way from Provo, 50 miles distant, purposely to vote, and Sisters Horne and Taylor hurried their return from Morgan for the same purpose, while a great many people, right at home, stayed there too lazy or indifferent to walk or ride to the polls.

Hemphill, Hamlin & Co.—This afternoon, we had a pleasant call from Mr. G. W. Thorne, who has been sojourning in our city for a few days, doing a good business with several of our leading business houses. Mr. Thorne represents the popular and well known house of Hemphill, Hamlin & Co., of Broadway, New York, wholesale dealers in all kinds of carpets of the latest and most fashionable styles; also floor oil cloths, druggets, mats, etc. This house has been doing business with Z. C. M. I. and other mercantile houses in the city for a number of years, which we understand has been of a most agreeable character.
