ACTION WORTHY OF APPLAUSE.

Salt Lake Stock Exchange Takes an Admirable Stand.

BARS WORTHLESS STOCKS.

Today's Proceedings in the Pit—Trading Not Active But Figures Firm.

An honest people will applaud the action of the Salt Lake Stock and Mining Exchange, through its listing committee, in deciding to keep the board free from objectionable securities—stocks which have no merit, other than that obtaining to them through the work of the engraver or printer.

Yesterday afternoon the committee met together and went over the work before them, the same resulting in the elimination of a number of securities, something the real value of which the gentlemen in conference were not then advised. Whether or not the stocks stricken out deserved all they got, has not yet been determined, but in the absence of proof establishing their real worth, the committee concluded to make all them an object lesson, the same to serve as a warning to all those now contemplating putting their stocks on the market, that the same would not be received unless accompanied by certified facts touching on their actual condition.

The stocks stricken from the list were Golden Gate Extension, Golden Treasure, Herschel, Alonzo, Manhattan, Mahoning, North Swansea, Intermount, Schubert, Sea Beam, Twelve-Thirty, Wachusett, West Cable, West Mercur and Yanko Consolidated, while Chloride Point and Dexter were placed among the listed mines. Eagle was relegated to the notice of those not listed, and Sacramento Consolidated and Blue Bird were classified as listed prospects.

The action of the committee was announced before the brokers by President Jackson, in his firm yet persuasive style, and during his remarks scarcely a murmur could be heard, the members of the exchange feeling, no doubt, that it was a step in the right direction. The committee also announced that a fee of $25 would be charged for listing, while companies desiring to have their stocks called in the unlisted class, would be required to pay the sum of $10. This done, the brokers went on with business.

THIS MORNING'S CALL.

Day was Not Brisk, but Figures Were Well Maintained.

The day in the pit was not an alarmingly brisk one, the calls reaching but 41 shares, for which buyers paid the sum of $11,222.25. On the whole, however, figures were well maintained, although there were the startling exceptions; neither were there any material decays.

The first stock dealt in was Ajax which handed out 10 shares at $1.22½. This came sales of Chloride Point at 21 shares, after which Dalton & Little did business at 7 cents, this being followed by trading in Four Aces, which struck a solid decline and sold down to 2½ cents. Closing the bid was 2½ with offerings at 4½. Grover-Marion parted with 100 shares at 65 cents and Jim Lane made sales at 13 and 12½ cents, while Grand Central stood firm and sold up to $1.35, and Lower Mammoth followed with brisk dealings at figures ranging from $1 to $1.05, the stock being a stand-by of weakness of late. There were sales of Northern Light between 88 and 90 cents, Sacramento at 4 and 67, Star Consolidated at $1.16 and Sunshine at 62½, these dealings calling a halt to business in the lying class.

In the novel equities, trading was fairly active with Big Cottonwood Lo Mar setting the pace between 2 and 3½ cents. Camp Floyd sold at 5½ cents, while Dalton Second taken at 1½ cents and Eagle was dealt in between 10 and 11. Prices continued firm and sold at $1.05 for Grand Central, and Golden Eagle had a stationary position with sales of the stock at 9 cents and a little above. The other sales were Horseshoe, Joe Bowers, Bowers Extension, Martha Washington, Midnight Bowers, Monarch, Sunbeam and Swansea, these changing hands on the old basis, and closing up the day's work in the old pit.

The closing figures were as follows:

LISTED STOCKS.

Stocks.	Bid.	Asked.
Ambor	.04

MARKET REPORTS.

NEW YORK MARKETS.

STOCKS AND BONDS.

New York Feb. 1.—London sympathized with our decline of yesterday and sent in practically lower prices for the leading shares. The local market opened with a strong tendency although a few stocks, notably Manhattan displayed strength. There was an outburst to bullish enthusiasm in the market directly after the opening while affected all classes of stocks. Heavy buying orders were expected resulting in some remarkable rises. The improvements were most notably in the shares which are usually classed as inactive. Pacific City Rapid Transit jumped five points, Mobile & Ohio, C. & A. and consolidated Gas three and Lone Island two and a half points. Pacific mail and Louisville, which were particularly weak at the start recovered fully. Central Pacific, Southern Pacific, Manhattan and Sugar were in brisk demand, and particularly at the standard stocks rallied shortly after day's close, with St. Paul leading the grangers. Traders attached sugar and there the price down to 134.

The advance in the general market was checked and prices yielded sightly.

Toward midday the market again yielded stubbornly. Toward midday the market again displayed an improved tone with heavy purchases of Manhattan and Texas and Pacific the features.

The bond market was well supported with a considerable rise of eight points in Wisconsin Central firsts on enormous purchases.

MONEY.

New York, Feb. 1.—Money on call nominally 2@2½ per cent.
