DESERET EVENING NEWS.

Wednesday, - - - September 23, 1868.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—There was a very good house last night, and the audience seemed to enjoy themselves much during the performance. Mr. Margetts played an eccentric Rover, Mr. Bowring made a capital Smooth; and Miss Adams played Lady Amaranth very neatly. These were the only changes in the cast from the last performance. The other characters were well represented. Miss Clive's Sword Dance was loudly encored, and she responded to the call. The farce went very smoothly, and would play again.

At the close of the comedy Mr. Margetts was called out, and briefly acknowledged the compliment.

To-morrow night there is a fine variety of melo-drama and serio-comedy, in the "Golden Farmer" and "Milky White." The former is well cast. In the latter Mr. Beauchamp will make his first appearance. The entertainment is good; the audience should be proportionately so.

PROPER CREDIT.—The Montana *Post* calls attention to the News giving credit to the *Herald* for the matter of half column of editorial summary published by us on the 8th, which was due to the *Post*, and asks that we rectify the mistake. Giving the wrong credit, we assure the *Post*, was entirely unintentional, and we correct the mistake with pleasure.

THE IMMIGRATION.—We have been favored with the following telegram to President Young from Captain Holman, whose train is the last of this season's immigration:

ECHO CITY, Sep. 23, 1868.

President B. Young:

The train is now passing. Will camp on Grass Creek.

J. T. HOLMAN.

THE length of the dispatches to-day exclude the usual editorial matter.

GETTING READY.—Passing Latimer & Taylor's place to-day we stepped in, and were gratified to see that they had part of their machinery almost ready for running; and to learn that they have more on the way from the East, which they expect in a few days. They have been able to make their arrangements so that in a short time they will be running more effectively, in the planing, sash and door business, than they were before the fire which burned down their factory in the 8th Ward.

PRESIDENT YOUNG'S MOVEMENTS.—Through the politeness of the Operator we have received the following by Deseret Telegraph Line:

Salt Lake City, 23.—President Young and party left Mount Pleasant at 9 o'clock this morning, and arrived at Springtown at 10, where they had a fine reception, and held a meeting. Elders Jos. F. Smith, Jos. Young, sen. J. Van Cott, and President Wells preached. The company left for Ephraim at 1 p.m, and arrived at 2.30 p.m. They received a fine welcome there also.

ENGLAND INVADED.—England is successfully invaded at last, her fleets and forts being powerless to prevent the foe obtaining a strong position on her shores. The mosquitos have effected a lodgement and John Bull will know what it is to meet the "insidious foe" at home. Here is what the S. F. *Call* says about it:

"The invasion of England by mosquitoes will serve to Americanize that country. It will fearfully try John Bull's sturdiness and patience. The mosquito is responsible for much of the American nervousness and irritability. They have done much to develop Bowie-knife and pistol encounters. No temper can withstand the nights and days of torture common to the mosquito season. More means of annoyance belong to this than any other insect. The sting is bad, the following itching worse, the premonitory buzzing worst. They assimilate with civilization, and are equally at home in the marsh or the city."

THE "JUVENILE INSTRUCTOR."—Frequent inquiries are made concerning the non-appearance of this very popular and widely circulated periodical. The cause is the lack of paper. The paper was shipped from Benton on the 20th of August, and it ought to have been here before this time. The number of the *Instructor* that should have been issued on the 1st inst., is ready to go to press any minute, and as soon as the paper arrives, which may be to-day, it will be printed and issued.

CHANGE OF TIME.—The hour for opening the Theatre and commencing the performance has been changed, being half an hour earlier. The doors are now open at seven o'clock; and the performance commences at half past seven.

CAPTAIN MUMFORD'S train camped last night in Parley's Park, this side of Wm. Kimball's. It will likely camp to-night somewhere about the mouth of Parley's Kanyon, and may be expected in the city to-morrow forenoon.

GREEN RIVER CITY.—The following is from the *Reese River Reveille*. The "wickedest man in Green River" may be the next excitement:—"Green River city must be a nice place. In a letter written there to a person in this city, the writer says: 'I think all the prisons in the States must have taken an emetic and vomited forth all the petty larceny thieves on the line of the railroad. They will steal everything from a pair of dirty socks to a fine coat.' It offers a fine field for the last sensation which is disposed to convert and lionize the very worst men of the day. Only think of the 'wickedest man in Green River city' being taken to New York and introduced at a prayer meeting!"

FROM HARRISBURG.—We had a call this morning from Bro. E. K. Fuller, who arrived from Harrisburg yesterday with a load of cotton yarn. He reports the general health in the southern settlements as good. The crops this season of grain, fruit and cotton are fully equal to previous years, and considerable wheat has been grown in places where it could not be irrigated. At Heberville the dam was washed away, and the people believed their crop was ruined because they could not irrigate it, but they had a fine crop. At Harrisburg they have had a very excellent yield of apples, peaches and grapes. The quantity of available land there is considerably larger than was at one time supposed, as some three hundred acres lying about a mile and a half from Harrisburg, on the Washington road, which it was thought impossible to irrigate, is found now can be watered without great labor or expense, from the South Cottonwood. The grasshoppers had left Harrisburg before Bro. Fuller started north, having injured the cotton some little, and having done the heaviest damage to the second planting of corn. They moved in a south-westerly direction We hope our southern brethren will take the advice given to northern farmers and sow Fall wheat. By doing so they can almost be sure of a crop, even if the grasshoppers should visit them in great numbers, for the grain would be so far matured before they fly that but little if any damage would be done to it. If President Snow's counsel on this matter last Fall had been taken to a greater extent, more wheat would have been harvested this season.

We can speak of Harrisburg intellectually in high terms, for though a very small settlement it takes forty papers from this office. We wish its people peace, prosperity and progress.

Died;

Of teething, on the Plains, at the 2d crossing of the Sweetwater, on the 19th of August, 1868, John Heber, son of Thomas and Eliza Jones, aged 1 year, 5 months and 12 days; also in Salt Lake City, of black canker, on the 10th inst., Eliza Celestial, daughter of Thomas and Eliza Jones, aged 6 months and 12 days.

Mill. Star please copy.

ARRIVALS AND DEPARTURES BY STAGE.

From the East—Frank Brother, Mrs. A. J. Fish, M. A. Carter, J. F. Colman.
From the West—T. F. Fuller.
To the East—J. H. Drake, J. DeForrest, W. H. Holthrop, M. H. Randall, T. F. Fuller.
To the West—Col. Smith, Col. Coke.

CHARTER OAK COOKING STOVES

Are a Home Institution!

Made for and specially adapted to the wants of Western people.

They combine great weight, distributed to the best advantage, with beauty of design and perfection of manufacture.

Charter Oak Cooking Stoves were first introduced to the public in the year 1852, and at once took the lead, and have ever since grown in favor, until there are now a

GREATER NUMBER SOLD DAILY

than any Stove in the market, Over

ONE HUNDRED THOUSAND

are in daily use, and we offer every stove as reference, wherever it may be found. When our new patterns were made, all recent improvements were united, and we confidently offer the

NEW CHARTER OAK

AS THE

Heaviest, Best Constructed, Most Uniform and Quickest Baking Stove in the market.

The Charter Oak is the cheapest first-class stove ever made. Twenty-eight sizes, with and without Extension Top, sold wholesale and retail by
