BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

CONGRESSIONAL.

HOUSE.

WASHINGTON, 18.—The discussion on the question of salaries of treasury clerks was resumed, finally becoming a political debate as to the comparative extravagance and corruption of republican and democratic administrations, without arriving at any decision in the matter, or doing anything with the bill, beyond the adoption of an amendment forbidding the payment of male clerks more than female clerks for the same work.

EASTERN.

A Thousand Laborers Discharged.

NEW YORK, 18.—The commissioners of parks, to-day, discharged a thousand laborers, the fund being exhausted.

Ruin and Starvation.

Mayor Wells, of New Orleans, telegraphs to Mayor Havemeyer, asking contributions from citizens of New York for the relief of the many thousands of families in Louisiana who are ruined in fortune and threatened with starvation by the overflow of the Mississippi.

Escape of Rochefort and Companions.

In reference to the escape of Rochefort and companions, the *Soir* says the escape of the French convicts had already led to the exchange of notes between the cabinets of Versailles and St. James. According to the information of the English government, it was a French vessel, fitted out by the friends of the prisoners, and having on board a crew of twenty-five men, quite determined to fight, if necessary. Seventeen convicts were to be carried off, but when the moment came only five were ready, the others being engaged on the work assigned them. The English authorities declare the craft fraudulently hoisted the British flag, but the French believe it can prove the vessel was equipped and prepared in a British port, and that the government should be held responsible.

Resolution of Gratitude.

WASHINGTON.—A resolution was introduced in the House, by Cox, to-day.

Resolved, by the Senate and House of representatives of Congress assembled, that the thanks of Congress are eminently due, and are hereby tendered to Sir Lambton Lorraine, commander of the British frigate *Niobe*, for his humane and generous interposition, at Santiago De Cuba, in protecting the lives of the survivors of the *Virginius* expedition. The American people recognize, with admiration and gratitude, his prompt and emphatic admonition, which tended to arrest the progress of the butchery and so long as heroism in defense of humanity is deemed worthy of honor, the name of the gallant officer should be cherished.

Peoples' Postmasters.

The House to-day adopted a resolution, instructing the committee on civil service reform, to enquire into the expediency of providing for the election of postmasters by the people.

Those Contract Frauds.

C. E. Evans, the principal member of the Evans Concrete Paving Co., testified before the district investigation to-day, that he did upwards of a million dollars worth of work in the district and lost money in doing it, principally on account of having to take pay in certificates on which, he had to submit to a heavy discount. He employed W. W. Warden to settle his accounts with the Board of Public Works, because Warden claimed to have great influence with Magruder and Gov. Shepherd. He gave Warden a certain interest in the contract for his services. Warden appeared and denied everything Evans said.

Chittenden was recalled and subjected to a long cross-examination, without result, he adhering closely to yesterday's story.

Total Wreck.

BOSTON.—The brig *Aroostook*, from Cuba, was wrecked, last night, on Nanoit beach. The vessel and a cargo of sugar were a total loss. Insured; no lives lost.

Public Reception Declined.

NEW YORK.—Sir Lambton Lorraine declines, with thanks, a public reception.

Well Known Citizen Deceased.

P. M. Stetson, many years connected with the Astor House, died of paralysis.

John Brougham is very ill. It is feared he may die.

The Arkansas Difficulty.

LITTLE ROCK, ARK.—The condition of affairs is unchanged, Col. Rose, the government commandant refuses to interfere to protect citizens from arrest.

Brooks this evening issued a proclamation that the mob under Baxter must disperse within twenty-four hours or suffer the consequences.

Washington advices indicate that Grant is favorable to Baxter.

Brooks Reinforced.

ST. LOUIS.—A special from Baring Cross, says Brooks is being rapidly reinforced and Baxter's friends are not enthusiastic.

WESTERN.

Warm Spring Indians.

SAN FRANCISCO, 18.—Donald Mackay and his band of Warm Spring Indians, of Modoc war notoriety, have reached Portland, Oregon, and will give entertainments there and elsewhere on their coast, then proceed east, for the same purpose.

A Conflagration.

SAN FRANCISCO, 18.—There was an extensive conflagration at Fort Alcatraz this p. m., by which nearly all the frame buildings at the south end and west side of the Island were destroyed. They were used as barracks and storehouses. None of the magazines were reached by the flames. The fire departments of the city turned out, but no engines were sent across. The fire continued to burn at 8 p.m. The amount of loss is unknown, as there has been no report from the island.

FOREIGN.

GREAT BRITAIN.

Tichborne Claimant Again.

LONDON.—Dr. Kenealy has applied to the Court of Queen's Bench, for a new trial of the Tichborne Claimant, on the ground of Lord Chief Justice Cockburn's misdirection to the jury, and his interference with the testimony, and that the verdict was contrary to the evidence. The application was refused, on the first point, and decision was reserved on the second.

Brigham Young.

Not long since we spent a few months in Salt Lake City and its surroundings. We can truly say, outside of the institution of polygamy, * * * there is much about the Mormon people to admire. With few exceptions they are a kind-hearted, industrious, frugal people. We spent considerable time among them, rode through their settlements, stopped over nights at their houses, talked with all classes and in all ways, and will truly say we never found a family more wrapped up in a parent than the Mormons are in Brigham Young. Brigham makes them an excellent ruler, deals honestly and kindly with them. * * * There is not a Mormon in Salt Lake but can leave there with all their effects any time if they wish. They are the most frugal and industrious people in the United States. Brigham is very much so himself and teaches it. It is said not so much as a crust of bread is wasted about his household. * * He has but to say the word, and it is executed with cheerfulness and alacrity. * * * He is the idol of his people. He lives in plain but good style. He dresses respectably in a business suit, with no jewelry but a watch and chain. He is a man that weighs about two hundred and twenty pounds, about five feet ten, stout built, rather an arbitrary voice, very large neck, and possessed of as much force of character in his way as any man alive. He is a native of Vermont, and seventy-two years old. Is well preserved and bids fair to live a long time. Can walk around town and do business as readily as most men in the prime of life. We heard him preach several times. His sermons, if they can be called such, are simply good advice on all matters of life, save now and then when he gets a little vexed at Mormon ladies' extravagance in dress, when he goes for them rough shod. We heard him tell of the Mormon troubles when they lived in this county. He told of some eighteen being killed one day, and his helping to bury them. He said persecution had proved the richest endowment they ever had. * * * The Tabernable will seat 13,500 people. On one occasion we saw it filled. It is 350 feet long and 150 feet wide, built in the form of an ellipsis. There is a gallery forty feet wide all round, except where the organ stands. They have the fourth largest organ in the world. It cost $250,000, is 30 feet wide, about the same depth, and 57 feet high. It was built in the church, mostly by Mormon labor and skill. They are building a temple that will cost ten million dollars. It is a granite structure. The walls are up about eight feet above the surface of the ground. * * * The streets are very wide, and a stream of clear water runs on both sides of nearly all of them. There are plenty of fine shade trees along the walks. * * * There has been a world of labor performed by the Mormons, and that country shows many signs of dearly bought, frugal comfort.—*Kansas City Chronicle, April 14.*
