A stranger and Nazarite attracted some attention yesterday on the street corners, where he propounded the doctrine that the New Testament is a myth of physiological symbolism. The man had long hair and was attired in flowing garments. He illustrated his remarks with a large chart of the human anatomy. DIED WITHOUT FRIENDS.

San Pedro Section Foreman Came Nearly Being Refused a Burial.

After a month's delay the body of James Hogarty, which has lain in a rear room of Undertaker O'Donnell's, was buried yesterday. Hogarty was a section foreman on the San Pedro and was brought here to the Holy Cross hospital from Caliente on May 1. He died May 11. O'Donnell got the remains but a question arose as to the expense, and who would bear it. The deceased had $63 coming from the company, but the company officials here would not turn it over. The county would not bury a resident of another county. Relatives could not be located, and to probate the estate would have cost more than the estate itself.

Finally, the whole matter was passed up to the San Pedro general offices at Los Angeles and word came back that if O'Donnell would furnish the railroad company with an indemnity bond, they would turn over the money he had coming. The bond was furnished and the funeral took place, Father Morrisey of the Catholic church officiating.

BOY PLUNGED TO HIS DEATH.

Shocking Fate of John Ernest Rees While at Work in the McCornick Building.

FELL DOWN ELEVATOR SHAFT.

Speculation as to How the Accident Occurred—Neck Was Broken By the Fall.

John Ernest Rees, aged 15, of 1000 south Second West, was instantly killed at 9:30 yesterday morning by falling down the McCornick building elevator shaft, a distance of six stories.

The young man had been employed about four months as an extra elevator operator and yesterday had gone to work to relieve one of the other operators for a Sunday vacation. Much is surmised as to the exact manner of the accident. It is supposed that he went to the sixth floor and got out of the car for some reason. The car crept slowly upward, as hydraulic elevators will do, and by the time young Rees returned it had ascended to the Seventh floor. Without noticing it, he stepped into the empty shaft and without even touching one of the sides, was dashed to his death at the bottom.

Alighting in such a way as to break his neck, death was instantaneous. W. G. McClain, the engineer, heard the noise of the fall, and rushing to the shaft with the idea that some article of furniture had dropped, was horrified to find the dead body of Rees. Dr. Benedict responded to a call but was of no service. The body was taken to Joseph William Taylor's for preparation for burial.

Young Rees was the son of John A. Rees, a blacksmith. He was industrious, bright and a favorite among his associates. The funeral will be held tomorrow at 2 o'clock at the Fifth ward meetinghouse.

No inquest will be held.

ANOTHER FATAL FALL.

Lionel Jones Meets His Fate While Gathering Sparrow Eggs.

Lionel Jones, an 11-year-old boy residing at 1040 Ninth East street, met with a fatal accident Saturday afternoon, while gathering sparrow eggs near his home. The lad had climbed a tree to get some eggs and was just about to the nest when the limb upon which his weight was supported, bent and he fell to the ground, a distance of about 15 feet. He landed on his head and back and received a fracture of the skull which resulted in his death a few hours after the fall. It was nearly 15 minutes after the fall before the boy was found. Dr. Giesy was called but could do nothing for the little sufferer who died without regaining consciousness.

CHARGED WITH ASSAULT.

William and James Irvine Get Themselves Into Trouble.

Trouble between William and James Irvine and Mayo L. Perry over the ejectment of the latter from the premises owned by the Irvines at 543 west Third South street, resulted in a complaint being sworn to Saturday by Perry charging his landlords with assault and battery alleged to have been committed upon the person of Mrs. Perry. It is claimed by Perry that the Irvines removed all of his household goods from the house and piled them up in front of the door and that they brutally assaulted Mrs. Perry and as a result of the treatment she was rendered unconscious for some time.

The Irvines deny that they used any unnecessary force in putting Mrs. Perry out of the house. They say that Perry was several months behind in his rent and had been served with notice to vacate but had refused to do so. They then took the matter in their own hands and removed all of his furniture and when his wife resisted they put her out of the house in as easy a manner as possible.

Catarrh.

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American countries.

That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.
