CITY COUNCIL WORK.

Fire Chief Shanklin Exonerated at Last Night's Meeting.

MAYOR HOGGINS' LATEST VETO.

The Council Decides To Give $100 a Month to the Rescue Home Mission.—Other Business.

It was 11:30 o'clock last night when the City Council was called to order by Councilman Simons who was chosen presiding officer for the evening in the absence of President Lowe. The members present were Bandy, Bean, Bell, Kelly, Evans, Scott, Lewis, Moses, Folland, Harp.

THE PROCEEDINGS.

In the matter of the three fire stations to be erected in the first, second and fourth precincts the committee on fire department recommended that the plans of Vin Evans, Ware and Carroll and Stanton, Bird & Preston be accepted; that the committee on public works be authorized to advertise for bids for constructing the same, providing that none of said buildings cost more than $5000. Adopted.

NO SIDEWALK CONTRACT.

The board of public works reported that they had entered into a contract with Frank Harrigan for the construction of sidewalks on certain streets amounting to $11,471.82. Filed.

FOR THE RESCUE HOME.

Beardsley offered a resolution appropriating $100 per month to the Rescue Home Mission for the year 1893.

President Loofbourow entered at this juncture of the proceedings and moved to strike out the figures "$1500" and substitute the following: "During the pleasure of the Council." The amendment was made and the resolution adopted.

QUARTZITE PAVEMENT.

Hoge offered a resolution providing that the Mayor and street superintendent be instructed to open a piece of land near the Utah Central railway, upon which to locate the city stone crusher and that they be also instructed to procure 2500 tons of quartzite rock to be crushed by the city prisoners for use upon the streets. Adopted.

SURVEYING DISTRICT.

A resolution was sent in by Kerrick providing that the Mayor be instructed to publish a notice of intention for twenty days, describing the location and extent of the new surveying district and the estimated cost of the same. Laid on the table temporarily.

STANDS EXONERATED—TWO REFUSED.

Kerrick, Lawson and Hardy of the special committee appointed to investigate the charges against Fire Chief Shanklin submitted the following majority report on the matter:

Your special committee appointed to investigate the charges preferred by F. E. McIlroy against W. A. Shanklin, chief of the fire department, would report as follows: The charges are not substantiated in any particular. The principal charge that Mr. Shanklin has been traveling in the interest of certain fire appliance manufacturers we find to be wholly without from evidence that Mr. Shanklin was visited your some cities did so entirely as an act of courtesy and upon invitation of the respective mayors of those cities. The charge that he is receiving commissions to influence purchases we find to have no foundation in fact. We, your committee, wish to state that we thoroughly deprecate the idea of any disgruntled agents who have failed in the competition to secure contracts from this city, coming around and trafficking our city officials. We hereby submit all papers in the case.

THE MAJORITY REPORT AGAIN.

Loofbourow moved the adoption of the majority report also. Carried on the following vote:

Ayes—Hoge, Lawson, Loofbourow, Folland, Harp, Bell—8.

Noes—Kelly, Beardsley, Evans, Moses—4.

THE MAYOR'S LATEST VETO.

The following veto message from the Mayor was read and the entire executive of the city warmly commented in connection therewith:

I herewith return, disapproved, the payroll which, on May 26, 1893, was, as appears from the record and your letter transmitting said payroll to me, approved by the City Council and ordered to be returned to me for my approval. Said payroll bears date of May 26th, is certified to by A. H. Reiley, and is explained by the report of the committee appointed thereon, to be the drawer of A. H. Reiley, $30; F. G. Hoge, $25; J. L. Lawson, $25; Eli A. Folland, $25; and A. L. Simonds, $25, for their services as a board of equalization in the matter of sidewalks constructed on Second South street, between Fifth West and the Jordan river.

I without my approval because there is not only no law justifying the payment for such services, but the payment of the same would be in violation of a plain and explicit provision of the act of the Legislative Assembly chartering the city.

The act of the legislature relating to streets, sidewalks and pavements, approved March 15, 1892, section 1, paragraph and line of the Revised Ordinances, provides that, "five of the City Council members shall be appointed as a board of equalization and review" in the matter of pavements, etc. The compensation of such board is not provided for. The same act vests the board of public works and fixes the salary of each member. From these facts it is evident that it was the intention of the Legislature enter not to allow the city council thus to be appointed as a board of equalization any extra compensation so claim the same to be registered by the City Council under existing statutes.

It was evidently not the intention of the Legislature in providing for the board of equalization to create new offices, because of the 22d section of the City Charter, page 10 of the Revised Ordinances, which has not been repealed, it is provided that "no officer of the City and County of Salt Lake shall receive or receive an income shall hold any other office under the city government during his term of office." The compensation of officers provided for by the ordinances of the Revised Ordinances, page 30, or Revised Ordinances, provides that "the mayor and councilmen of any city shall receive such compensation as the City Council may by ordinance direct, but such compensation shall not be changed during their term of office; and all other officers shall receive such compensation for services rendered as may be allowed by ordinance and after the same has been once fixed, such fees or compensation shall not be increased or diminished to take effect during the term for which any such officer was elected or appointed."

Laid on the table.

WILL HE GO OFF.

On motion of Loofbourow the matter of appropriating money to the Business Men's association for entertainment of the Trans-Mississippi delegates, was referred to the mayor with the Council's recommendation to pay from his contingent fund $200 for that purpose.

WARM SPRINGS VETO.

The contract between the city and Barnes & Hyson for the extension of the Warm Springs lease was read and discussed at length, amended and referred to the mayor for his signature. It provides for the use by the lessees of the property for fourteen years and eight months from January 1, 1893, under the usual provisions. The rental is as follows: For 1893, $100 per month; 1894-5-6, $100 per month; 1897-8-9, $250 per month; 1900-1-2, $375 per month; for the balance of the term, $500 per month. It also provides for improvements to the amount of $10,000 within eighteen months, and for a penalty of for legal reasons of age and minor, within a similar time, where the latter can take no interest. The other provisions are of the usual character. The lease was approved and referred to the mayor for similar action.

CREMATORY PROPOSITION.

An individual named William Grimson who demonstrably assumed himself as an "unsophisticated stranger a long way from home" submitted a proposition for place an unofficial crematory of the Gutteridge & Talmage garbage furnace variety in this city, which is warranted to do better work than the "Engle," for the sum of $6,500. Committee on sanitary rules and quarantine.

MISCELLANEOUS.

The committee on irrigation recommended that the petition of Arena Electric asking that a flume or bridge be constructed across a ditch in front of his premises on West Main North street be not granted. Adopted.

The same committee recommended that a resolution submitted by the city attorney requiring the Rio Grande Western Railway company to raise its tracks where the same cross the Roper street canal be adopted. Adopted.

A communication was received from the watermaster asking attention to the fact that Jenny street has been cut down so that the property owners could not get water on their premises, and suggested that something be done to remedy the matter. Committee on irrigation with power to act.

MANTI, June 1, 1893.—De Witt Talmage says Tyler Dennis is lying quite bad off with erysipelas in his left leg. The disease began about two weeks ago on the side of the foot and has spread all over the limb, until it has now reached the body. The old soldier is now about eighty-three years old, and has been long known in Utah. His children and friends have been written to and unless he mends fast, it is clear that his days of life are numbered. Dr. Neal of Richfield has the case in hand. It is hoped that the patient's life may be prolonged, as he has many friends in this country.

JOHN H. PERSON.

The Danish paper seems to agree that the Salvation Army of Hoerring has been producing such cure to an unwarranted extent. Several children had diphtheria, but their parents were made to believe that prayer would make medical aid superfluous and at least one of the children died. Believers of a more robust type are inclined to think that a decent physician could have saved the life of the child.

JOINT BUILDING MUDDLE.

Contractor Bowman Fails to Make a Satisfactory Statement.

Up to Date $17,[illegible] Have Been Expended on the Building Leaving a Balance on the Contract of $[illegible].

The joint city and county building committee met in Mayor Hoggin's office late yesterday afternoon, all the members being present except Wanlund.

The following statement of expenditures was presented by Contractor Bowman and Hart:

Removal Drake and Davis house on [illegible] per contract	
Hackett, Smith & Moss, ceiling and [illegible]	[illegible]

	[illegible]

Selectman Calvin expressed his dissatisfaction with the statement as it did not comply with the resolution requiring Mr. Bowman to give a detailed account of all amounts owing by him to the various subcontractors. Mr. Bowman was allowed until next meeting to comply with the request.

The architect submitted the following estimates for the month of May:

Carpenter work	$ [illegible]
Brick work	[illegible]
Stone work	[illegible]
Iron work	[illegible]
Tin work	[illegible]

Plastering	[illegible]
Slate work, etc.	[illegible]
Steel ceiling, etc.	[illegible]
	[illegible]
Total	[illegible]

Loofbourow offered the following in connection therewith, which was adopted:

Resolved, That the 15% estimate of $[illegible], made by Mohelon, Bird & Preston, and that day presented to this committee, be approved, and that this committee recommend to the city and county that such appropriate their half of said amount, less ten per cent, and that the appropriations so made be paid to Hon. H. N. Boskin, to be distributed by him upon such orders as have been previously given by J. H. Bowman, contractor, and be approved by the engineer and architects accompanying said third estimate.

Appended to the estimate is the following table:

Total contract price	$ [illegible]
Amount previously paid	[illegible]
Thereafter earned	[illegible]
Total earned not to date	[illegible]
Balance to earn	[illegible]

T. F. Osborne, of Portland, who has the contract for furnishing the hollow tiling for the building at a cost of $17,359, presented his bill endorsed by Contractor Bowman, authorizing the committee to make payments to him in accordance with the architects' estimates.

The committee learned on inquiry that this material would not be needed for some months yet and consequently refused to act on the matter at the present and tabled it.
