

Investment in the Tidewater Railway Project.

UNDERTAKING PROBLEMATIC.

It is Hoped That Sacrifices Made Will Permit Rogers to Accomplish His Purposes

New York, Sept. 21 .- Reports how been current on Wall street for time that H. H. Rogers of the Standard Oil company had been heavily interested in the Tidewater railroad project in Virginia and that he had lost heavily by the investment. Thu Evening Post says today that it can be stated positively that Mr. Rogers incurred a personal obligation in the Tidewater project much in excess of \$40,000,000. The Evening Post says:

"Confirmation was obtained in Wall street today of reports to the effect that H. H. Rogers was heavily interceted in the Tidewater fullway project.

"According to the stories previously circulated upwards of 40 per cent of Mr. Rogers' fortune has been involved in the Tidewater investment. It was reported today that the perto \$40,000,000. It can be stated post-tively that the sum is much haiger than the amount named, also that the situation has been entirely releared

In order to meat the demands "In order to meat the demands made upon him inconnection with the construction of the initional Mr. Rog-ers was forced to dispose of a large amount of investment stocks at a sacrifice. All during the recent de-cline in prices the vice president of the Standard Oil company sold gilt-ctige stocks, such as Standard Oil. Consolidated Gas, Union Pacific and St. Paul.

St. Paul. "Some five or six years ago, against the advice of his friends, Mr. Rogers started to build ig West Virginia a low grade road which would parallel the Norfolk & Western. His object was to carry coal and lumber to tidewater The line was to be 444 miles long. Only 125 miles have been completed. "Only a few months ago, in order to raise \$16,009,000 for the Tidewater road. H. H. Rogers baued his personal mortgage bonds, \$10,000,000 stock and \$10,000,000 dividend or interest-pay-ing collateral. Those 6 per cent noiss were endorsed by H. H. Rogers per-sonally.

Railway officials, who have watch-

realized of the construction of the rotad with intense interest from the beginning, say that the project, oven at this stage, is more or less problematical. It is confidently hoped, however, that with the sacrifices already made in dispos-ing of high priced securities. Reser-is in a position to gain his end and

ing of high priced securities. Rogers is in a position to gain his end and see the mileage completed. "It was learned some months ago that the Standard Oit man and his associates had bought up all the avail-able lumber and coal lands in West Virginia. These purchases amounted to thosends of acree and will at some future time supply the Tidewater road with traffic. "W N Page is president of the
