OUR OWN STATE.

OGDEN.

Special Correspondence.

Ogden, Feb. 13.—A suit was filed in the second district court yesterday, by the National Insurance company against H. E. Gibson et al for the foreclosure of a mortgage for $1,300.

Judge Hiles will sentence the bench of the Second District court today.

Yesterday Major Pratt, special agent of the county treasurer's office, levied upon the plant of the Ogden Foundry for delinquent personal taxes for the year 1898, in the amount of $24.28.

Mrs. J. C. Boats of Salt Lake is in the city, the guest of her parents, Mr. and Mrs. E. A. Littlefield.

COUNTY COMMISSIONERS.

County Assessor Gibson reported that he had assessed stock which had been given in from Weber county, and which had deposited a certified check to cover the amount of the tax assessed, and that the check had been held back pending the bringing of the matter before the county commissioners. Attorney A. H. Heyrman appeared as the representative of the owner of the check. He declared that they were in school in the East and had been induced from the trade for grazing purposes, and he did not believe the sheep were liable to taxation. The board took the matter under advisement.

Attorney Val Gideon appeared before the board and asked that certain tax notices be refunded.

Eugene Robinson was appointed road supervisor of Harper road district.

Commissioner Atkins reported that there was no money in the contingent fund, and a warrant drawn on the general fund was allowed in favor of the Ogden General Hospital for $200.

The applications of S. W. Campbell and George A. Boyd for appointments as fruit tree inspector were read and filed.

A petition signed by residents of Taylor, Garland and Kaysville, praying for the creation of a new school district within the precincts described, was read. Friday at 1 p.m. was appointed for hearing objections.

A petition signed by the trustees of the North Ogden and Randall school districts, praying for the restoration of the school boundary lines as laid out prior to 1892, was read and ordered filed.

PROVO.

Special Correspondence.

Provo, Feb. 14.—A telegram was received by Major Jones, yesterday, from Thomas Sheldon of Diamondville, Wyoming, informing him of the death of John L. Russell in the Diamondville Coal company's mine from foul air, announced to last evening's "News," and asking that he notify Mr. Russell's family. The family lives in the Third ward of this city and consists of Mrs. Russell and eight children, ranging in ages from 21 months to 17 years. Mrs. Russell, on Sunday, had received a letter from her husband telling her that he was well and looking forward to a week's rest, which he promised to take at home with his loved ones at an early date. The news of the accident will, of course, be very sad indeed, but the kind neighbors are doing all in their power to comfort the afflicted, who are highly esteemed, but at such a time human aid and sympathy is unable to do more than help point the way to the source from which, alone, help can be obtained—to Him who alone can wipe away the tears of the widow and the orphans, and soothe the broken hearts with fruitful resignation and heavenly hope.

John L. Russell was born December 28, 1852, in Blackness, Stirling, Scotland. He became a member of the Church of Jesus Christ of Latter-day Saints May 15, 1866, when he was baptized by Elder William Iron in Armadale, Linlithgow, Scotland. He emigrated from his native land September 6, 1874, and settled in Alma, Wyoming in 1878, where he remained till 1884, when he moved to Salt Lake, and in October, 1886, he moved to Provo. He has been away most of the time since making Provo his home, working in the mines, having worked for some time in the Blue Rock mine in Eureka.

Mr. Russell was an intelligent miner, highly respected by all his associates and acquaintances. He was a member of the Wyoming legislature in 1884 and 1886, and has held other offices of trust and honor, civil and ecclesiastical. His remains will be brought to Provo for burial.

INSANITY OF JAMES LYONS.

Provo, Feb. 13.—James Lyons, of American Fork, a veteran of the Civil war, has been committed as to his sanity yesterday by Drs. Allen and Robinson. Mrs. Jacobs, Dunnebeck and Lyons were committed to the insane asylum. Lyons was at one time a resident of Salt Lake. His insanity is of a religious bent and is believed to be aggravated by the habit of drinking to excess. His friends are hopeful of his recovery through treatment in the asylum.

AUGUSTE ROBIN COMMITTED.

Auguste Robin, a Frenchman brought down from Fort Y. Junction some time ago and examined as to his sanity "lost" at that time released, was given another examination yesterday and committed. He has been staying around the county jail since his first examination, and has given frequent evidences of an unbalanced mind.

DEEP WELL BORING.

Frank J. Storrs of Williams, Hamilton county, Iowa, is visiting his cousin, Joseph Storrs of this city, and other relatives. He is engaged in the well-boring business at his home, and is quite interested in the artesian wells in this here. In his state they bore to a depth of about 50 feet, where they find a vein or a layer of water, which then is raised by windmills. He is of the opinion that, with suitable boring apparatus, one can bore to a depth of 500 feet in this locality, and may come out again and engage in the business of sinking deep wells.

NOTES AND PERSONALS.

The following Salt Lakers are registered at the Hotel Roberts: J. A. Hickman, M. E. Timpson and F. A. Nock.

A marriage license has been issued to Peter S. Sandberg and Ella M. Stewart, aged 21, both of Springville.

An interesting program is being prepared for the observance of Washington's birthday at the Brigham Young academy on Friday, the 17th.

The body of the late John L. Russell was brought in this morning over the R. G. W. railroad. The funeral will be held tomorrow (Thursday) at 1 o'clock, from the Third ward meeting house.

Robert Edwards of the Fourth ward died yesterday morning from general debility. He was born in Flintshire, North Wales, in 1826, and came to Utah in 1856. In 1860 he married Miss Margaretta Hannah Dundale, who survives him, in Springville.

Marriage licenses have been granted to George A. Stanford, aged 21, of Lehi, and Nellie Wilson of Pleasant Grove, aged 21; William Olsen, aged 23, and Tressy Lewis, aged 20, both of Provo; Andrew E. Lofgren, aged 23, of Ashington, and Arminda Lunceford, aged 22, of Lake View.

M. J. Kelley, who gashed his throat recently on the 3rd, while offering to assist attack of temporary insanity, brought on by a protracted spree, left the county hospital last evening, and went to Salt Lake today. Mr. Kelley has entirely recovered.

Suit for divorce has been commenced by Alvena Evans, of Salem, against Nelson A. Evans, on the grounds of failure to provide, alleged to have existed for more than three years. Plaintiff asks for divorce, costs, and the custody of her two minor children, and the restoration of her maiden name, Alvena Christensen.

At the meeting of the city council, last evening, the franchise granted the R. G. W. Railway company to construct a track and operate its cabooses through the streets, for the remainder of Park City, Wasatch and Cheap Joe's branch, was extended for one year from March 27, 1899, at which time the franchise granted to 1897 expires.

Rev. Caroline T. Brown delivered a lecture in the Congregational church last evening, in its literary entertainment series. Mr. Brown dwelt upon the prominent traits of character of the Hebrew people, mingling humor with pathos in their portrayal in such a manner that his lecture was a most attractive one. Rev. Mr. Brown is expecting to labor thought and effort.

Five tramps were brought over from American Fork, yesterday, to serve sentences imposed by Justice McNeil for vagrancy. Their names, terms of imprisonment are: James Irvine, 30 days; John Bowles and John Pierce, 25 days each; John Brodley, 15 days, James Brown, 10 days. Irvine and Bowles broke into the Presbyterian church Saturday night and, after making a fire in the stove, remained all night.

LOGAN.

Special Correspondence.

Logan, Feb. 14.—A little two-year-old son of Mr. Wm. Pettit of Meadon, while playing about the house yesterday got its hand caught in the cogs of a wringer, which fed the little one's hand, forefinger, pinching the end of it off, and rendering necessary amputation of the entire digit.

Mr. J. P. Gammon, an old and highly respected resident of the Fifth ward, died this morning, after a short illness. The deceased was a prominent member of the Thirteenth quorum of Elders. The remains will be interred on Friday. The funeral will be preceded by one that day in the ward meeting house.

The religion class of the Fourth ward is making extensive preparations for a tea party, which will be given next Saturday, under the auspices of that organization, in the Parry assembly hall.

Mr. Job Pingree of the Ogden Sugar factory is expected here this week to make arrangements for the planting of a big beet crop in this county the coming season.

SPRING CITY.

Special Correspondence.

Spring City, Sanpete Co., Feb. 14.—At a meeting held here last night called by the school board to ascertain the opinion of the people in regard to building a school house, it was determined to build an eight room house to accommodate our growing school population, which numbers about 400.

As to the manner of raising the funds for building, much difference of opinion was expressed. The proposition finally carried by a close vote, "to bond the district for the legal limit, two per cent of the assessed valuation, and that a tax of one mill be levied for the present season." This question was also be submitted to the taxpayers, after twenty days' notice. It is believed that the proposition will be defeated, as the sentiment against bonding is quite strong.

The young ladies give a Valentine ball at the Opera house tomorrow night.

Judge Johnson went to Carbon county yesterday.

The Oregon fever prevails here. Andrew Olsen and Eugene Allred with a company of nine others leave here tomorrow to prospect Oregon with a view to permanent settlement there.

WILLARD CITY.

Special to the "News."

Willard, Box Elder Co., Feb. 14.—Willard is the next largest ward to Brigham City, in the Box Elder Stake of Zion, with nearly one thousand inhabitants, and is lovely for situation, nestling under the lofty mountains as the east and south. About Salt Lake on the west, making it pleasant both summer and winter.

The snow is nearly all gone, the roads are dry and dusty, and there is every appearance of spring, but this summer we expect there will be frosts every few miles either north or south, to vast stretches of cold and drear winter.

There are many evidences of thrift and prosperity all through the town. Neat and comfortable homes, nurse and the Church and school buildings are a credit to the industry of the good people of this place.

The farms are small and their chief product is fruit and cattle. Some of the farmers raise sheep, finding a good summer range there on the grounds nearest and the west mountains.

Willard is looking for more light and hope in the future, and is in the peace and wise of the Ogden Light and Power company stretched to the north, as the road is populated all the way from Ogden to Brigham.

Bishop A. Zundel may justly feel proud of the ward he presides over, all the organizations are up to date and in splendid working order. Good health and prosperity abounds.

EUREKA.

Special Correspondence.

Eureka, Feb. 14.—The Latter-day Saints' Sunday school officials here have arranged for a variety musical entertainment on the evening of Thursday, Feb. 16th. An attractive program is promised. Were the majority of the entertainments I would like to ask what has become of the dances we used to have here during "Jubilee" days. Here winter beginning to sit in the lap of spring and not a dance heard of.

The political situation here is somewhat fizzy. Young Cannon's theater speech is viewed with mixed feelings, as it behooves him, who ought to be a purely political condition the world over, that always attends a public speech of prominent men. We, in common with the rest of the people of Utah, are wondering when the time will come when political contrasts will lay before the people their views on the live issues of the day, and keep their lines well-defined, instead of, every few yards, and be continually enough to treat each other with common courtesy.

We notice the diminutive figure of Second Counselor Freiendsagh around town again. He has been in the hands of the "doctors" for eight days, but is all O. K. now.

The unfortunate men Ferguson and Cogley, injured in the shaft of the Eureka Hill mine, by the cage in which they were riding colliding with the protecting chairs, are reported by Dr. Fields to be doing nicely. Ferguson is feeling his position keenly at the unfortunate mistake he made.

A marriage license has been issued to Valentine Strauss, 21, and Miss Widder, 18, both of Eureka.

The MAN TO WHOM WOMEN WRITE.

SICK women write to Dr. Pierce because they want to be cured. They confide in him, trust him, tell him the whole story of their sufferings fully and freely, because **women have faith that Dr. Pierce can cure.** This confidence is warranted by the fact that more than half a million women have been **confidentially treated** by Dr. Pierce, and ninety-eight out of every hundred treated, have been perfectly and permanently cured.

WOMEN HAVE CONFIDENCE

In Dr. Pierce's skill. Such confidence is justified by Dr. Pierce's national reputation as a Specialist in the treatment of diseases peculiar to women: irregularities, inflammation, ulceration, female weakness, bearing-down pains, etc. With more than thirty years' experience in the treatment and cure of diseases of women, and with a staff of nearly twenty experienced specialists associated with him, Dr. Pierce offers to women the best medical knowledge and experience in the United States. To this is added what women declare to be "above all price"—the friendly and fatherly counsel afforded by his large experience.

Sick or weak women are invited to consult Dr. Pierce by letter, absolutely without charge. This consultation does away with the disagreeable questions, examinations and local treatments which affront the modesty of women. Every letter is guarded as sacredly confidential, is read in strict privacy and the answer sent in a plain envelope with no printing upon it. Address Dr. R. V. Pierce, Buffalo, N. Y.

Miss Lana Brooks, of Clinch, Hancock Co., Tenn., writes: "I think God for such remedies as your 'Favorite Prescription' and 'Golden Medical Discovery,' for myself and friends honestly believe that but it and love for those wonderful medicines I would to-day be in my grave. I am sure that I could not have lived many days in the condition I was in at the time I first consulted you. I was only praying to die and be free from pain. I was simply a shadow and we had tried almost everything, when, through a friend, *I was advised to write to you*, which I did, thinking all the while that it was only foolishness to think that such a case as mine could be cured. But I do not think so to-day. *After the first week's treatment just as you prescribed*, I felt like another woman and I hardly believed that such could be, when the first period was passed without pain. I continued the treatment until I had used about seven bottles of the 'Favorite Prescription' and some of the 'Discovery,' and now I am a well woman. I would have given any amount if I had had it, just for the rest it has already given me—rest from pain. I never knew when the periods are coming on now, as I am free from pain, and during the time I feel just as well as at any time, and am never confined to my room as I once was. I can eat anything I want and can work at any kind of work—something I could never do till this summer. Everybody who knows me thinks it wonderful that I am not sick any more. I thank God for this friend of woman, this blessed 'Favorite Prescription.' It is very name sounds sweet to me. I am causing many of my friends to use it and all are improving. I can never tell you how I thank you, dear Doctor, for your kind advice and for your kind, good, fatherly letters to me."

OUR NEIGHBORS.

FRANKLIN, IDAHO.

Special Correspondence.

Franklin, Oneida county, Feb. 14.—On Saturday, the 11th, a mass meeting was held here to take into consideration the necessity of building a school house, and devise some plan to raise the means to build it. It was proposed that the district be bonded for $4,000. There was a considerable talk for and against bonding, but those opposing could not devise a better or safer plan to raise the money. It was proposed that the district be bonded for 12 years at 7 per cent, to be paid in five installments, the first payment in eight years, the second in five years, the third in ten years, the fourth in eleven years, and the last in the twelfth year. The trustees are to levy a tax of five mills each year to establish a sinking fund to meet the obligations as they become due.

At one o'clock an election was held, which resulted in a majority of 60 in favor of bonding, a close call, after a hard contest.

We propose to have a school house built this year. Committees are now appointed to all the wards of the Stake. All the old folks over 40 years of age are invited to attend, regardless of creed or politics. Free transportation will be furnished to all the old folks. Dress all the warm, in Prince Albert and black frock coats.

Apostle M. F. Cowley was a visitor in Franklin yesterday. Also the Hon. Jesse Hick, Mrs. Matilda Shaw of Oneida, C. E. Dalton of Brigham City, T. D. Haines of Salt Lake.
