MINING, BUSINESS AND STOCKS.

BUSINESS ON STOCK EXCHANGE

Daly-West Commanded Strong Prices This Forenoon.

EAGLE & BLUE BELL LOWER

Comstock in Demand on the Open Board—California Sold at 16½ Cents—Closing Quotations.

Mining stocks were in good order again today. Daly-West was particularly strong, its attractiveness being influenced, no doubt, by the announcement of a further advance in the price of the white metal, which is quoted at 61½ cents today. There was no change worthy of note in Daly-Judge and none is hardly expected until the adjustment of the mill difficulties is effected. Eagle and Blue Bell was inclined weaker, while Lower Mammoth went through the call practically unchanged. May Day was another inclined "toboggan wards," but Sacramento raised to 28 cents in a sale of a 900 share block. On the open board a call was made for Comstock, which property was recently fitted out with a new mill. The stock wanted was furnished to the buyer at $1.62½. Joe Bowers was the subject for a few scalps among the brokers. California displayed activity, and was taken at the closing bid price.

The following quotations and sales were posted:

A Great Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and $1.00. Guaranteed by Z. C. M. I. Drug Store. Trial bottles free.

Save the Loved Ones!

Mrs. Mary A. Vliet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when there is no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and $1.00 at Z. C. M. I. Drug Department.

Dr. A. Scott Chapman, dentist, now located room 3, Walker Bank building.

HOMESTAKE IS ANOTHER MIZPAH

A Salt Lake Citizen Visits Scene of Marvelous Strike.

MADE NEAR SILVER CITY

A Few Days Ago—Concentrates Run $22,000 to Ton—Lowest Crude Assay Ran $300.

Walter C. Orem is the first Salt Lake citizen to visit the scene of the sensational strike made a few days ago at the Homestake mine, located near Silver City, Ida. Mr. Orem returned home this morning thoroughly enthused over the possibilities of this property and with the decidedly bright outlook for that vast mineralized section, which already is in the lead of many others in the way of the production of gold and silver. He believes, candidly, that the discovery of the Homestake ledge will prove to be as important to the camp of Silver City as the Mizpah was to Tonopah.

When Mr. Orem was at the Homestake mine the extent of the ledge disclosed had not been fully determined. Only the hanging wall had been found and the vein had been cross-cut for a distance of 20 feet. The rich pay streak, however, measures between four and five feet in width and the lowest assay obtained therefrom ran $300 to the ton in gold.

Mr. Orem declares that the ore is very peculiar in character. It appears to come in the nature of a blue talc thoroughly impregnated with iron cubes.

A sample of the ore taken to the assay office of the Trade Dollar Mining company was reduced to concentrates, and assayed. The returns obtained, Mr. Orem was informed, showed values of $22,000 to the ton. He brought back a vial containing some of the concentrates and he intends to have a test made of them here. The camp is in a fever of excitement over the new find and many anticipate that Silver City will enjoy a substantial growth as a consequence.

On War Eagle and Florida mountains much activity will be displayed this year. The Trade Dollar Extension mine on the latter, of which Mr. Orem is manager, has commenced a vigorous campaign. Frank H. Clark has been installed as foreman. Work has been started on the Josephine claim where a man by the name of Baker took out some very rich gold ore last year. A force of men has commenced sinking on the two-foot ledge which assays from $20 to $200 to the ton. Later, it is the intention to continue driving the lower tunnels. If results show up as favorably there as on the surface, it is the intention to commence work on another tunnel which will tap the mountain at great depth.

While in camp Mr. Orem visited the property of the McKinnon Gold Mines Co., on War Eagle Mountain, where he states, Supt. McKinnon is sacking ore being extracted from the Pride of the West ledge. The width of the vein at this point is fully 2½ feet and Mr. McKinnon says it carries average values of somewhere between $30 and $40 to the ton.

Mr. Orem was very favorably impressed with the McKinnon ground, in which a number of Salt Lake parties are interested.

At the Addie Consolidated mine things are running along smoothly and new and better ore bodies are constantly being opened up under the direction of Manager Stevens.

Mr. Orem believes that Silver City and surrounding country is certain to attract a great deal of attention in the mining world within the very near future. He is thoroughly enthusiastic over the region.

LOON CREEK SALE.

Ravenel Macbeth Takes Over Property Adjoining Lost Packer.

Mr. Ravenel Macbeth has bonded the interests of W. T. Oster and A. C. Allen in the Shapespeare mining claim for $7,500 and has paid down quite a considerable sum on the bond, says the Custer Prospector. The Shakespeare joins the Lost Packer on the east and is the claim upon which a phenomenally rich ledge was found last fall. Mr. Macbeth and his friends now own the Shakespeare and we are advised that it will be turned over to a Boston crowd for $30,000 in cash, and made the basis for another Loon Creek incorporation, in which the present owners of the property will also hold a nice block of stock.

UTAH MINE OFFICERS.

Result of the Election Held Late Yesterday Afternoon.

The shareholders' meeting of the Utah mine, held yesterday afternoon, resulted in the election of a board of directors consisting of the following: George Crismon, A. Hanauer, Jr., Mrs. E. T. Crismon, J. C. Crismon, M. W. Taylor, Allan T. Stanford and Joseph Oberndorfer. The first three named were subsequently chosen as president, vice president and treasurer respectively.

SNOW IS MANAGER.

May Day Directors Chose Successor To John A. Hunt.

Just as was expected they would do the directors of the May Day Mining company have met and named Alviras E. Snow as manager. This was done yesterday afternoon, and he is now drawing the salary which the retiring manager, John A. Hunt, has enjoyed for several years past.

Manager Snow recently made a thorough examination of the Tintic mine and is now convinced that it can be made into a paying proposition. He expresses the confidence that the vast quantity of low grade ores can be handled profitably. Efforts are already being made to that end, and in all probability a report on this subject will be fothcoming in the near future.

Manager Snow declares that the mine can be made to pay its own way and probably liquidate the present indebtedness of about $5,000 without calling upon the shareholders for an assessment.

Supt Mathews will be retained in service.

AS VIEWED IN BOSTON.

Reason Offered for the Slump in Con Mercur Stock.

A Boston publication has the following to say concerning the depreciation in the Con. Mercur stock:

"The question is frequently asked why the price of Mercur stock rules so low, while it is paying a high rate of interest. The facts are generally known that considerable of the ore of the mine is base and too large values are carried out in the tailings. The company will soon install some filter presses or other devices which will effect the saving of in the neighborhood of $25,000 a month, which will add very materially to the surplus and also to the value of the stock. The stock ought to go back to $2 again."

GOODSELL SHIPMENTS.

This American Fork Company Will Soon be Producing.

Just as soon as the canyon road is in condition for traffic ore shipments will commence from the Goodsell mine in the American Fork mining district. This was the announcement made this forenoon, by Manager W. L. Goodsell, who will depart for camp tomorrow morning.

The reports that have been received from this property recently are of a nature which indicates that developments are decidedly satisfactory to those at the head of the enterprise.

American Fork, like the Alta district, is in a good way to cut quite a figure in the local ore markets this year. Some good mines will be opened up there.

Work to be Resumed.

Work is to be resumed at once on the properties of the American Fork Mining company. Manager Martin Fridel will depart for camp tonight with a force of men and supplies. This property will do some shipping this year.

MINING CONCENTRATES.

A new company was organized a few days ago in Chicago to operate in the Thunder Mountain district, Ida. The president of the concern is Senator George W. Dorsey.

D. P. Rohlfing, consulting engineer of the Horn Silver mine, departed for that property last night.

J. M. Kennelly will head a prospecting party which is to tour the mineral bearing regions along the line of the San Pedro, Los Angeles & Salt Lake railroad in Southern Nevada.

Articles of incorporation of the Langley Investment company were filed yesterday afternoon. The incorporators are J. W. Langley, Hollace C. Langley, A. Hanauer, Jr., J. P. Spaulding and E. D. R. Thompson.

The ore and bullion settlements reported late yesterday afternoon by McCornick & Co., were as follows: Ores, $12,600; base bullion, $32,900.

Charles Earl, foreman of the forces at the Goodsell mine in American Fork, is down from camp.

Taylor & Brunton reported the receipt of seven cars of ore today: one from Bingham and six from Tintic.

Milton Joseph will depart for an extended eastern trip in a few days. He will stop at Cincinnati, New York and Boston.

Supt. Harvey D. Trenam of the Beaver Con. and Ben Harrison properties will depart for Beaver county again tonight.

John Dern and George H. Dern returned this morning from a pilgrimage to Beaver county.

Broker Madsen, one of the active members of the stock exchange, is having some difficulty about making the delivery of 100 shares of White Rock stock, sold several days ago to Broker Cole. It has developed that the party for whom the stock was turned could not get his certificate out of pool.

Denver parties, who recently acquired property in Stanley Basin, Ida., are putting up a two-stamp mill.

Prof. W. H. Tibballs has been advised from Tonopah that Manager Runge of the Tonopah-Gold Mountain Mining company, has arrived in camp with ample funds at his command to prosecute a vigorous campaign of development work. The properties of the Tonopah-Eastern company lie adjoining.

Senator A. B. Lewis has wired that he will reach home the latter part of the week.

Herman W. Horn, M. E., has returned from a professional trip to Beaver county.

J. W. Heywood of the office staff of the Tintic Mining & Development company, returned from a business trip to Butte this morning.

Henry C. Cutting, one of the pioneers of Tonapah and who made several hundred thousand dollars out of a lease on the Mizpah ledge, has become a benedict. He was married in Reno, Nev., a few days ago.

the Tonopah-Eastern Mining company. The Tonopah-Easterern Mining company, is in Oakland, Cal., having been called there on account of sickness in his family.

Hulse Attempts to Suicide.

Bakersfield, Cal., April 22.—Wild with terror at the prospect before him, Al Hulse last night attempted to commit suicide in the county jail. He broke a piece of iron from his bunk and attempted to sever the artery in his wrist in three places, and failed only because the iron was too blunt to cut deeply. When seen today the prisoner attempted to appear demented and talked in a rambling, incoherent way. Then he abandoned this attitude and talked rationally enough of the events leading up to the shooting. In spite of his confession to Deputy Sheriff Tower last night, he again denied all knowledge of McKinney's presence in his room, or how he came to town. He, however, dropped hints later that may lead to several arrests.

Edward Potter, a schoolmate and boyhood friend of the McKinneys, and now a streetcar motorman in this city, was arrested just before noon. He is suspected of knowing too much about McKinney's movements and entrance into the city.

Fritz Stumpf, a saloonkeeper, who admits having visited McKinney's retreat Saturday night and talked with him, was also arrested.

Benson Gets Twenty Years.

Olympia, Wash., April 22.—Christ Benson, who effected his escape from jail here March 1 after killing Jailer David Morrell, and who was convicted of manslaughter Monday was today sentenced to 20 years in prison and in addition was fined $2,000. The terms of imprisonment is the extreme penalty of the law.

MURDERED HIS WIFE.

Then Chopped Her Body Up and Burned it.

Cumberland, Wis., April 22.—Last night John Neymeiser shot and killed his wife, chopped up the remains with an axe and set fire to his barn. Two months ago the husband and wife separated and the husband left town. He returned at midnight last night, broke into the house and committed the murder. They leave a large family of small children.

Neymeiser escaped but was surrounded by a posse in the woods near Clayton this morning and after holding the crowd at bay for over an hour, he shot and killed himself. Neymeiser was formerly an inmate of the insane asylum.

AN UPWARD TREND OF PRICES

Trading Was on a Very Large Scale.

BIG BLOCKS OF SHARES SOLD

Profit Taking Had the Effect to Cause Some Concessions Under Tuesday's Closing.

New Work, April 23.—The stock exchange initiated trading in its new building with an upward trend of prices which was fairly uniform throughout the list. Trading was on a large scale and many blocks of 1,000 shares and upwards changed hands in numerous stocks. The market developed slight irregularity, some stocks yielding when the Pennsylvania group reacted and others moving up vigorously. Manhattan, Metropolitan Street Railway, Smelting, Rock Island, Texas & Pacific and Erie second preferred were in demand and rose 1@1¾. Pere Marquette gained 2 and Sloss-Sheiffield 3¼. Northern Securities on the curb sold up 1⅝ from the previous sale on the dividend declaration and then re-acted. Profit taking was steady and carried the majority of the leading stocks among the Pacifics, trunk lines, grangers and industrials a fraction under Tuesday's closing. Chicago Union Traction dropped 2½ on the appointment of a receiver. Ice preferred rose 2¼. Pacific Mail 1¼ and New Haven a point. The market fell into dullness on the reaction.

Bonds were irregular.

A few of the prominent leaders, such as St. Paul and Manhattan were bid for effect on the list, but the response was so slight that the buying movement was abandoned. Prices eased off and the market resumed its sluggishness. th ket resumed its sluggishness and dullness.

Active stocks fluctuated a small fraction either way with the drift if anything toward a lower level. Very little stock was offering but the flattening out of the opening strength discouraged holders. National Railroad of Mexico was unusually active and 1¾ cent higher and the preferred 2 points. International Power dropped 3¾.

SUGAR.

The Only Way

TO CURE CHRONIC STOMACH TROUBLE

Is to cure the Cause. You can relieve it by taking Pepsin, Soda or the many Dyspepsia Tablets, but they will not cure. It is absolutely necessary to cure the inner lining of the stomach, and that is what

NAU'S DYSPEPSIA CURE will do.

Salt Lake City, Utah, Oct. 11th, 1902.
Mr. Frank Nau, New York City:

"Dear Sir—I have been troubled with Stomach trouble for a number of years, and have had the pleasure of giving your remedy a trial, and am convinced that it will prove beneficial in every case where one is suffering from troubles of the stomach. I highly recommend it, having received great benefit myself from the use of your remedy. Respectfully"

Burlington Route

Big Horn Basin.

Irrigated lands, including water rights, at $12 to $15 per acre in the Big Horn Basin recently penetrated by the Burlington's new line. A fortune in the future if you buy now.

If you want to get ahead, you can't do better than investigate this fertile country.

Let me send you a folder which tells all about it—it's free.

COLORADO-UTAH

MISSOURI PACIFIC RAILWAY

SHORT LINE.

TO ST. LOUIS.

Through car Salt Lake City to St. Louis and Kansas City. Only one change to New York, Buffalo and principal points east—low rates for summer travel.

Especial attention to ladies and children.

Tourist sleepers through to Chicago, Boston and other points, without change.

TWO TRAINS DAILY.

Inquire at ticket office, 103 Dooly Block, Salt Lake City. Any information cheerfully given.

H. C. TOWNSEND,
G. P. A., Missouri Pacific Ry., St. Louis, Mo.
C. A. TRIPP,
G. P. A., Missouri Pacific Ry., Salt Lake City, Utah.

Best Meals On Wheels.

There is where the Rock Island shines—in its dining car service.

Not even the swellest of New York's swell hotels offers anything finer. Their prices are higher, of course, but the food, and cooking and the service are no better.

Try the Rock Island next time you go to Kansas City, Chicago or St. Louis and get new ideas of how a dining car should be run.

Mid-day luncheon, 50 cents.

Rock Island System

Ticket Office 100 West Second South.
