WITH THE MANUFACTURERS

The Salt Lake Exchange Makes a Good Start.

THE TILE FACTORY PROPOSITION.

Mosaic Marble.—Its Manufacture, and Some of Its Uses and Advantages.

There was a good attendance, at the Chamber of Commerce last evening, of local manufacturers, who met for the purpose of organizing an exchange. The sentiment was unanimous in favor of combination and effective work in pushing home industries to the front. The meeting was called to order by A. M. Grant, chairman at the previous meeting, who stated the purpose for which the assemblage had been brought together. He then moved that George Arbogast be elected temporary chairman. This motion was carried, as was also one nominating W. R. Meech for temporary secretary.

Jacob Moritz moved that the name of the proposed association be the Salt Lake Manufacturers' Exchange. Adopted.

Elias Morris stated, for the benefit of those not present at the former meeting, that the exchange was being organized for the mutual advantage of all manufacturers who desired to enroll their names as members, and for the further purpose of aiding each other in every way calculated to build up and sustain home manufactures.

On motion of A. M. Grant, a committee of three—Jacob Moritz, Elias Morris and W. R. Meech—was appointed to draft constitution and by-laws, and report at the next meeting.

Professor Hirsching advocated a display of home manufactured articles in the Chamber of Commerce building. He was also in favor of an exhibit at the World's Fair. It would be a good idea, he thought, for the exchange to publish and distribute a pamphlet giving the names and extent of the business carried on by the members. He moved that a committee of three be appointed to arrange for his suggested display in the Chamber of Commerce building. This motion was regarded as premature, and was laid on the table until after a permanent organization should be effected.

Mr. Arbogast expressed the opinion that the people of Utah would support home manufactures, if a proper representation was made. He believed the principal difficulty in the past has been unjust rate discrimination, and thought the exchange could bring about an alteration in this state of affairs.

J. G. Cutler and Elias Morris made brief and pointed remarks, showing the necessity of local manufacturers combining and of the people retaining money in the Territory by purchasing and using goods made at home.

A motion by Mr. Moritz, that the sense of the meeting was in favor of the free coinage of silver, was unanimously carried.

A. M. Grant stated that in reference to his own business, that of foundryman, he had been making investigations, and had ascertained that not more than one-tenth of the iron work used in Utah was manufactured here. There were many buildings in the city that were fitted up with iron work purchased in the east, when it could have been bought here in the city. The exchange would be in a position to demand favorable rates and other concessions from the railroad companies.

C. S. Wantland, of the City Council, made a speech in favor of patronizing home manufacturers in preference to outside industries.

Arthur Robinson related the difficulties he had met in getting the home-made shoes of his company on the market. He could not make enough sales to the merchants for the business to pay, but had worked it up by going from house to house and taking orders.

This closed the speech making for the evening, and the meeting adjourned till next Monday, at 8 p.m., at the Chamber of Commerce building. Before the motion for adjournment was carried the following were enrolled as members:

A. M. Grant, machinery.
R. A. M. Froisath, brickmaker.
Sam Levy, cigars.
C. W. Nunn, medicines.
Thos. Slight, carpet rags.
F. Platt company, saddles and harness.
H. F. Kiesel, soap.
Carlos Rose, cigars.
F. B. Allen & Co., machinery.
Jacob Moritz, brewery.
J. Hell, ice.
W. H. Meech, ice.
Geo. Arbogast, candy.
Salt Lake Foundry, machinery.
Gustave Johnson, baskets.
Elias Morris, representing several manufacturers.
Earle & Stalker, baling ties.
J. C. Cutler & Bro., hosiery and clothing.
Sears & Liddle, glass show cases, etc.
David Frey, brick.
F. J. P. Pearce, paints.
W. S. Hamilton, brooms.
R. M. Jones, electrical supplies.
John Lyle, silks.
D. L. Ross, clothing.
Robinson Bros., shoes.
H. Hirsching, candies.
J. W. Jenkins & Sons, harness and saddles.
Henry Wallace, crackers.
C. E. Burton, carriage works.
Garrick & Holmes, boiler makers.
Joseph R. Taylor, coffins.
F. W. Gardner, fruit canner.
Salt Lake Vinegar company, vinegar.
Jakes Taylor, binder.
M. Kopp, candy.

A number of manufacturers were unavoidably detained from being present at the meeting, but expressed their hearty approval of the work and their intention to actively co-operate in the movement.

MR. MEAN AND THE CHAMBER.

A special meeting of the Chamber of Commerce directors was called at 4 p. m. yesterday to consider the proposition of P. G. M. Mellon, on behalf of Gladden, Mellon & Co., to start a tile factory in this city. Mr. McEwan's communication is as follows:

W. R. Highland, Esq., President Chamber of Commerce:

Dear Sir—It has been suggested that we communicate to you our intention regarding the forming of some art, or pottery, or a place for the manufacture of wares similar to those now produced in our California works.

We would say that if your city and county authorities could be induced to help follow the year now city and county building now under construction, and will enter into a contract with us at a reasonable price for doing this work, and in addition, your city council will assure us that their purchase of so much more pipe they may require for the next five years, and to 10 per cent less than they are now paying for it, we will, at our own expense, within thirty days after such contract and assurance are given us, commence the erection of a model plant, second to none of its size in the United States. We will manufacture the same class of goods that we are now producing at our California works, or such as present natural soils, follow tile fireproofing, sewer pipe, fire brick, etc., etc.

We herewith hand you a copy of our catalogue, showing what we are now manufacturing. Some of the products of our California works may be seen in your city engineer's office, city hall.

At present time we propose introducing about 25 men on the plant, and would increase this, should the demand warrant it. We should employ about forty men at our California works, or such as present natural soils, follow tile fireproofing, sewer pipe, fire brick, etc., etc.

We herewith hand you a copy of our catalogue, showing what we are now manufacturing. Some of the products of our California works may be seen in your city engineer's office, city hall.

At present time we propose introducing about 25 men on the plant, and would increase this, should the demand warrant it. We should employ about forty men at our California works, or such as present natural soils, follow tile fireproofing, sewer pipe, fire brick, etc., etc.

We have employed as many as 250 men at one time in our California works.

If we are awarded the contract asked for, we will guarantee that our sewer tile, fireproofing and sewer pipe, will equal in quality the best manufactured in the United States.

We are informed by Mr. Bernard, contractor for erecting the city and county buildings, that the fireproofing, if used, will not be required before July. If the contract for this work is given or within the next two weeks, it will give us ample time to erect our works and make the tile and have it ready when wanted. We have found in the vicinity of your city a bed of fire clay suitable for our purposes.

As we make the matter plain to you we would say that we are not seeking a bonus donation of any kind. We would simply ask to be assured of sufficient business to warrant the investing of the necessary capital to erect the proposed works.

If you wish to learn anything of our business or financial standing, we would respectfully refer you to the Commercial National bank, Union National bank, Bank of Commerce, to whom we brought letters from National bank of D. O. Mills & Co., Sacramento, and the Goodyear Walworth National bank, San Francisco.

(Signed) GLADDEN, MELLON & CO.
P. G. M. MELLON, Secretary.

The proposition was discussed by several directors, and the following resolution adopted:

Whereas, Messrs. Mellon & Co. presented a communication to this chamber with reference to the introduction of the process of an important manufactory and the employment of considerable labor at our upon a simple guarantee that some products of equal quality and at as greater cost than the imported article be manufactured here; and

Resolved, that the chairman forward to each the City Council and the county court a copy of the aforesaid communication with our recommendations that an effort be made to secure the investment proposed by Messrs. Mellon & Co.

A committee, consisting of J. C. Cameron, Wm. H. Rowe and Elias Morris, was appointed to present the foregoing resolution to the City Council this evening.

AN IMPORTANT INDUSTRY.

In the course of his daily rounds our reporter dropped in at the Deseret Museum, and was particularly interested in the beautiful display of marbles and other ornamental stones there to be seen, which are well arranged. From among the great variety of the class of specimens displayed by Mosaic certainly the magnificent pieces of marble or artificial marble manufactured at the works of our enterprising townsman, Elias Morris, and presented to the Museum.

This material is made up of fragments of carefully selected marble, cemented together by an enduring matrix. There appears to be a remarkable future in store for this home made stone, for, aside from its superiority, it can be produced in any desired shape and size, at a comparatively low price. Many deposits of marble in our Territory are of little practical value, because of the broken condition of the stone, seams and cracks traversing the ledges to the destruction of its useful uses. And beside, much of the stone from these deposits is lost in sawing to the broken state in which it is taken out. But for mosaic making, every fragment the size of an hand full is serviceable. Once, the manufacturer can send his marbles, taking the best sorts, with colors that present the most pleasing contrasts and blendings. The material thus known as decorated marble is particularly prized on account of the beauty resulting from its broken condition; the pieces having been afterward cemented by a natural process. The stone colonnade in the Capitol at Washington are of this stone. But the beauty of mosaic columns is even greater; indeed it would be a fault to compare of anything finer than the column now to be seen at Elias Morris' depository on Main street. This material is made into floor tiles, counters, mantels, dressing case and bureau tops, colored to order, and indeed, for all articles for which marble is ordinarily used. At the Museum we were informed that the pieces there shown are but the wonder of all corners who see them.

We hope that this industry will be patronized as it deserves, and that the manufacturer will be encouraged to attain greater excellence. Some of his best work thus far produced will be seen at Chicago this summer.

Are You Going East?

If so, why not combine speed and safety with economy? In traveling your northeastern or eastern tour, take the fine Illinois Central Railway, for this your tickets read via that road, which offers choice of three distinct routes out of the Mississippi valley, and the best equipment necessary to the world. Send twenty-five cents to J. H. Beadle, Salt Lake City, for copy of the beautifully illustrated book, "Cities of the Inland Valley: Property of the Gods."

Columbus Week celebration.

MEMPHIS, TENN., March 1st, 1893.

For the above occasion Union Pacific will sell round trip tickets February 28th and March 1st at one fare, good for return until March 3rd. Train leaves Salt Lake 7:45 a.m., and returning arrives at Salt Lake 8:45 p.m.

Chamberlain's Notice.

For the Columbian Society meeting at Spanish Fork on March 1st, the Rio Grande Western has been selected as the official route and will sell tickets to Spanish Fork and intermediate points on February 28th and March 1st at one fare, good for return until March 2nd. Train leaves Salt Lake 7:45 a.m., and returning arrives at Salt Lake 8:45 p.m.

Columbian Week.

For the Columbian Society meeting at Spanish Fork, March 1st, the Rio Grande Western has been selected as the official route and will sell tickets February 28th and March 1st at one fare, good for return until March 2nd. Train leaves Salt Lake 7:45 a.m., and returning arrives at Salt Lake 8:45 p.m.

INFORMATION.

I beg to inform my friends and the public generally that I am located at 55 West First South Street (in the Gardening's electrical supply store) where orders for painting, graining, paper hanging, paper cleaning, calcimining, graining, etc. My aim will be to give the best of satisfaction by my personal supervision over all work intrusted to my care.

Very Respectfully,
WM. L. KNAPTON.

Mr. A. B. Leonard

El Paso, Tex., Feb. 1st, 1893.

That Tired Feeling

Hood's Sarsaparilla

HOOD'S PILLS are the best cathartic.

No King of World Wide Reputation.

Grand Rapids, Mich., Sept. 1, 1892.

Chamberlain Medicine Co., of Des Moines, is an Iowa manufacturing institution and one in which the residents of the state may take with pride. Chamberlain's Cough Remedy has become national in reputation and is in no sense a local favorite in the state has introduced into the great west. Its merits are becoming established in all parts of America. For sale by Z. C. M. I. Drug Dept. d&w

All Free.

Those who have used Dr. Kingh's New Discovery know its value, and those who have not have now the opportunity to try it Free. Call on the advertised Druggist and get a Trial Bottle Free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills Free, as well as a copy of Guide to Health and Household Instructor, Free. All of which is guaranteed to do you good and cost you nothing. A. C. Smith & Co's Drug Store.

It Took Twenty,

But it did it. About two or three months ago I prescribed Chamberlain's Cough Remedy; put up in Des Moines, Iowa. Such good results were obtained from its use that I ordered twenty more bottles. Did you send me two bottles by mistake? No, sir—J. A. Scriven, 18 E. 11th St., New York City. Sold by H. G. Lewis, Druggist, Peekskill, N. Y. Mr. Harlow is president of one of the largest salt factories in New York, and widely known in business circles. When treated with a cold give this remedy a trial and, like Mr. Scriven, you will send it when again in need of such a medicine. For sale by 50 cents per bottle for sale by R. C. M. I. Drug Dept.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive you have a bilious look, and if your stomach be disordered you have a Dyspeptic look, and if your Kidneys be affected you have a jaundiced look. Secure good health and you will have good looks. Electric Bitters is the great alterative and Tonic acts directly on these vital organs. Clears Pimples, Blotches, Boils, and gives a good complexion. 50c at A. C. Smith & Co's Drug Store, 308, per bottle.

Ballard's Snow Liniment.

Mr. Hamilton, Cambridge, Ills., says: I feel it my duty to let you know what good your Snow Liniment has entirely cured me. I take pleasure in informing my friends that I was given up by my physicians to die. Chas. Handley, clerk for Lay & Lynch, Kewanee, Ills., advises that Snow Liniment cured him of Rheumatism. Why not try it? It will surely do you good. Removes Inflammation, Wounds, Sores, Cuts, Sprains, etc.

Sold by Z. C. M. I. Drug Dept. d

COAL, COKE AND KINDLING.
J. S. MURPHY & SONS,
Removed to the Main.

Builders and Contractors.

600,000 Superior Brick for sale by Pioneer Park Brick Co. Office 161 east Second South Street.

A Sure Cure for Piles.
