THE RECOUNT OF BALLOTS COMPLETE

Little Change Shown Aside from The Great Number of Challenged Votes.

VALIDITY OF CHALLENGES.

Now Being Argued—Republican Committee Makes Recommendations—A. O. U. W. Reception.

Ogden, Utah, March 2.—At 3 o'clock yesterday afternoon Judge Morse completed the preliminary recount of the ballots in the election judgeship contest case of Daniel Hamer against J. A Howell. The trial has been in progress 24 days, and just two weeks of this time was occupied in going over the ballots.

If none of the challenged ballots be rejected finally, each of the candidates gains by the recount, Howell 15 and Rolapp 7. This arises from the fact that in going over the ballots in the recount a total of 22 were found in the various packages which had been omitted in the count of the judges.

In response to a request from Judge Maginnis the court outlined the position he would take and the method he would employ in passing on the challenged ballots. He will handle each challenged ballot again and require each side to state whether they wished to press the challenge. He thought it possible that in some cases counsel might voluntarily withdraw the challenges. This will be allowed, but the action will be taken on the ballots individually and not in groups.

Judge Powers then began his argument to the court on the validity of the various challenges made by the contestant. He read from the election law of the state, showing the various safeguards intended to make the ballot a secret one. The provisions were that no ballot should be defaced, stained or soiled in any way. A voter was at every stage of the act of recording his choice safeguarded as to his rights. He was furnished with instructions how and where he must mark his ballot to have it recorded. He might if a ballot be spoiled or soiled, get another and yet another until he had utilized three. The theory of the law was that a man who could not record his choice after three trials must be regarded as one who should not have the right to vote. Judge Powers had not concluded his argument when the court adjourned.

REPUBLICAN COMMITTEE.

The Republican Central committee of Weber county has made a number of indorsements of candidates for certain positions, both federal and state. The committee recommended Benner X. Smith of Salt Lake for the position of United States district attorney for Utah. This indorsement was made at the request of Judge James A. Miner. Edward H. Anderson received the indorsement of the committee for reappointment as surveyor general for Utah. State Representative Rudolph Kuchler was recommended for the position of state sheep inspector, and J. D. Harris got the indorsement of the committee for the position on the state board of examiners of barbers, which was made vacant by the death of Felix Rheinbold.

A. O. U. W. RECEPTION.

The degree of honor, A. O. U. W., held a reception last night after its regular lodge service complimentary to Mrs. Eva Darke, the grand recorder. Three candidates were initiated and the program committee had prepared a program appropriate to inauguration day, small flags with pictures of President Roosevelt being given as souvenirs. Supper was served to about 75 guests.

FUNERAL OF J. G. COLTRIN.

Dastardly Work of Some Degenerate to Poison Goshen People.

Special Correspondence.

Provo, Utah Co., March 2.—Sheriff Harrison returned from Goshen last evening, where he has been investigating a peculiar poisoning case, which seems to be the work of some degenerate.

On Sunday night two young ladies found a small box of chocolate candy on the sidewalk of the principal street. They tasted the candy and found it bitter, and did not swallow it. The box was taken home, however, and is now in the possession of the officers.

Monday morning a young man by the name of Adam Jensen came along the same street on the opposite sidewalk, and found a similar box of candy. He ate some of it, with the result that he became violently ill and was thrown into convulsions, and it is believed his life was saved only by the prompt administration of antidotes by the neighbors, who were called in and correctly diagnosed the case as strychnine poisoning. He is still suffering from the effect of the poison.

An examination of the candy has disclosed the presence of strychnine, the chocolate drops having been broken open and put together again after the poison was placed inside. The boxes were wrapped in an issue of "The Appeal to Reason," one in the upper part of a page and the other in the lower part of a page of the same number of the paper.

The Goshen people are greatly exercised over the occurrence, but no one was found who could give any suggestion that would lead to the discovery of the perpetrator of the vicious act. It is probable that Sheriff Harmon will ask the county commissioners to offer a reward for information that will lead to the discovery of the poisoner.

BENJAMIN WILLIAMS DEAD.

City and County Wrestling With Railway Franchise—Students' Opera.

Special Correspondence.

Logan, Cache Co., March 1.—Benjamin Williams, an old and respected citizen of this city, died at his residence in the third ward early this morning of old age and general debility. Mr. Williams was a native of Wales, where he was born in 1824. He embraced the Gospel in his native land and at once began to prepare to emigrate to Utah. In 1852 he married Mary Watkins and the year following they left their native land for Utah. They first made their home at Farmington, where they resided until the early spring of 1859, when they came to Cache valley. At the time of their arrival there were no houses in this valley outside of a few cabins at Wellsville. There were only a few settlers at Wellsville at that time, and it was thought that there was not water enough to irrigate more land than they had under cultivation, so that Mr. Williams and his companions crossed over to the present site of Providence, where some of them locited, but Mr. Williams and one or two others went north to the present site of Smithfield and finding it easy to get out water for irrigation, they broke up some land and planted crop there, but owing to threatened Indian troubles they removed their families to Logan and took up their residence here, and have since continued to reside in this city, where he has always been identified with its interests, and an active Church worker.

Mr. and Mrs. Williams have had 12 children born to them, six of whom, all daughters, survive him. They were all present at his bedside during his last hours. Besides Mrs. Williams and the daughters there are 34 grandchildren and 17 great-grandchildren. The funeral will be held in the tabernacle on Friday at 12 o'clock.

Eliza Cole Hawks, wife of Francis Hawks, of this city, died early this morning. Mrs. Hawks is a native of England. She came to Logan with her parents in the early sixties, and has since resided here, and leaves a wide circle of relatives and friends to mourn for her. The funeral is announced for Sunday next at the Second ward meetinghouse.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffy or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken-down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by F. J. Hill Drug Co.

SOME REASONS.

Why Salt Lake City People Should Follow This Valuable Advice.

Because the proof is in Salt Lake City.

You can easily investigate it.

Not necessary to experiment.

With some untried remedy.

Proof by the experience of a citizen.

Alfred Clark, blacksmith, of 126 South Main St., says: "When at work I always feared that twinges of pain would catch me and cling to me during the day and night. Many a time I have had to lie just in one position in order to have any comfort or to enjoy half a decent night's rest. This is not a pleasant condition to be in for a man performing even the most trivial act around his workshop, if he has twinges in the small of his back which almost make his exclaim, neither is it pleasant to arise morning after morning very porly prepared to commence another har day's work. A sure indication that my kidneys were at the bottom of the whole disturbance was the action and condition of the kidney secretions. Something about an advertisement wherein it stated that Doan's Kidney Pills could be depended upon in such cases induced me to go to the F. J. Hill Drug Co.'s store for a box. It is difficult to understand how a simple little pill could have had such effect upon the action of the kidney secretions and could have stopped the backache, but it is a positive fact that the treatment did. I very emphatically endorse Doan's Kidney Pills."

Special Correspondence.

Franklin, Oneida Co., Idaho, Feb. 26.—Bishop Geo. L. Farrell of Smithfield held a very interesting meeting here on the 22nd in the interest of the Cache Valley Farmers' association, imparting much valuable information and instruction on different lines of agriculture, also showed necessity for the farmers to act with more unity in the matter of disposing of their products, which could the better be accomplished by organizing a farmers' institute in every ward, as a branch of the Cache Valley Farmers' association. A number of the leading farmers were in attendance, a local organization along the lines suggested was effected. The following gentlemen were elected officers: Wm. Kirkup, president; J. B. Scarborough, vice president; T. H. Durant, secretary and treasurer.
