AS TO BEET RAISING.

A Utah County Farmer Has His Say About Seed, Beets, Agents, Etc.

MAPLETON, Feb. 5, 1895.

Editor Deseret News:

The subject of sugar beet culture seems to attract the attention of the Western friend of the farmer just now, as well as the farmer himself. It certainly would be amusing, were it not for the gravity of the subject, to see how Mr. Wilcox, Brewer or Shonk rather late prior and essays to tell the farmer as to the best method of raising beets and about what price he can produce them when he states in the first paragraph that he is not a practical knowledge of beet culture. It seems to me that that little gem found in the statement of consistency could profitably adorn some people.

But, Mr. Editor, we do know the pen production of friend D. M. Young of South Cottonwood, and had he carried the subject a little further our alliteration would have been taken off and this article would not have been suggested. He states in his summary that the seed for his two acres cost $7.50, which means 93 lbs. at 8 cents per lb (contract price). What I wish to say in this regard is, in the statement the person "did beets raised from seed furnished by the party of the first part (farmer) by the party of the second part (sugar company).

This, you see, alludes to a telegraphic of the sugar company to say seed of the farmer cannot be got his seed from any other source, which might be very desirable. The reason I say might is because it seems I read somewhere that about one year ago I read, I stand corrected, in the Deseret News, and if not, in some other responsible paper, of some enterprising individuals contracting with the farmers of Western Colorado, having in view the raising up of a sugar plant and guaranteeing to purchase all of their beets at a stipulated price and to furnish beet seed from Germany at 10 cents per pound, to be paid for after the beets were dug and paid for. Now the Lehi company can get seed as cheap as any company, but give them credit of having to pay 14 cents per pound and allow them 1 cent for interest, making 15 cents, they then sell them to the farmer at 20 cents per pound, exactly 5 cents for every pound sold to the farmer.

It takes 1 pound of seed on an average to every ton of beets raised, and as the company bought 32,000 ton of beets in 1894 the farmer paid them the modest little sum of $1,600 and then in excess of what the seed cost the company after allowing them a fair margin. So you see where the farmer is no the seed question.

Another thing. Should the farmer get a good one, which none of those save who raise beets, he gets it from the Sugar company at the figure of $2.50, when in fact there is not so much cost in manufacturing them as there is in an ordinary 70 cent shovel, another benefit to the farmer.

Again, if the beets do not attain the 11 per cent saccharine and 80 per cent purity the company need not and do not take them, and they alone (the company) have the say as to when that quality is attained. Now, as to the amount of sugar that is contained in each ton of beets, according to the report of the Chino Sugar company of California, as found in the Australian Agriculturist, to every per cent of saccharine with the necessary per cent of purity, one pound of granulated sugar was produced. Hence for every ton of beets purchased by the Lehi Sugar company under the contracts there was 200 pounds of sugar manufactured, or at $5 per ton (market price) $11 for every ton of beets purchased in town.

Now, another thing: the contracts say that beets that weigh over 3½ pounds will not be received. There again the farmer is discriminated against, as he can hardly govern the growth of his beets and there are many tons thrown out on that account. Why not take them at a reduced price if not as good quality as the smaller ones? And OH! how some of the agents do like to show their authority going from car to car with their hand scales hanging to a noticeable of their coats, with their thumbs in the arm holes of their vests and their fingers spread out, as much as to say, "Look at me!"

The sugar company says "We must cut down the price of the beets, for we have not received one cent of dividend from our great outlay of capital." I should think they not will they until they Behn buying land enough to raise what beets they will need to work up, which will not be long at the rate they have bought land.

As suggested by Mr. Jones, "it looks one sided," and the part of the party of the first part is overlooked by the party of the second part. It seems that there is no real ground for cutting down the price of our beets, and the farmers in each beet raising district should unite and committee, and not be unjustly dealt with as it appears that beet raising is a game and all that is needed is to tickle the farm a little, and the golden chain will fall in our market; otherwise it is only a matter of another year or two years at most before there will be a repetition of this year's rub.

Respectfully,
R. D. FULLER.

THE GREEN BEE.

The Ivy, the Pomegranate, the Rose and Bee of a Bee Colony.

A queer bee is essential to the colony. The ivy is really gathered for, but is a close observer by any great length. The bee generally for about five years, but are apt of life varied in different individuals from two to five years and in rare instances even to seven years. A queen is fed with the farmers and bees are through her entire life, and if the labors cease she is killed. It not queen bees in hives—the number ranges at two seven—are kept alive in the expiration of the queen's life, and in a life and death battle, the "strongest" being pitted against the other, and the victor is the new queen. The queen is the only female in the hive, and is strongest. You can grow queen at "pleasure" by the same method the old governors, and for this is a good reason, discovered. If by any accident the queen is lost, then the colony is left without queen to lay eggs, and the bees will take some young worm from the egg and place it in a cell and feed it with the thick sort and the result is that the worm is changed into a queen. The egg from the queen is laid in a cell and the worm is fed by the young nurse bees. Hatched a queen, and the bees do that equally.

Bees? as we are doing now, for some time, we have been the bee, rule as the queen, and if the queen dies, the bees will soon be dead, the cattle will not eat the hay, and the wife and children will starve, and the farmer will be left without queen and perished, or naturally will be the victim to the attention the military neighbor's. Mr. Editor, and we are done. If the queen dies, and the queen perishes, there is no one left but the worker bees to take her place. The work of egg laying, some days she will lay as many as a thousand in one day, about 20,000 eggs.

In "conclusion" a large part of the which period gray ivy. They have to find the nectar of the and mining, water and pollen for consumption, then replenishing the "storehouse." Involving a gray ivy, a great gold of the bees. The Mormon Bee is the industrious and the ivy, the gray ivy, the gold of the bees. If the allusion was a bouquet or other place, they all are the rose, symbolizing the industrious and a good work, by being the same subject is a class of industry and well work by gathering and the honey's wax and "all labor" work is being done on the bees to gather the necessaries of the season for future generations.

The ivy, rose, the season follow the queen that work, now in flying out a little bee comes forward weary and begin and turn the whole story to a good close with bee to drink by commencing.—New York Dispatch.

A "CONY" FOR BRIGHT BOYS.

The Tailor Tells How the Coat Collar Is Quickly Raised.

The most difficult thing to do on a man is a coat collar, and it is the second thing to get rid of single, nasty pieces left the boys of the tailors. A fellow walks and stops a coat collar with his hands and has great difficulty with the arrangements he for taken of the stops of an individual's shoulders and it does not take a great deal of 10 usage to the stop his work.

"The worst cony a coat collar has," said the tailor, "is the coat by who begins your clothes on the tailor shop, hold or changing one. When he hands you an with a coat or coat, he reaches under the your coat tails, grasps the coat collar with the other hand and gives your underarm one or three sharp jerks, which pulls the collar down and away from the neck and hitches it on the shoulders, with the coat and finishes the work of distorting its shape. This should never be allowed under any circumstances.

"The proper way to handle the coat collar is prior to its being your shoulder forward after you have put the coat on. The collar will then fall into place on your back; the tailor will adjust it to the shape of your shoulders and stop there. Don't pull the collar about and don't, above all, allow the brush top to pull your coat out of shape under the pretense of getting your overcoat on your shoulders."

Bright boys will please note.—Kansas City Star.

Catarrh

In Its Worst Form

Life Almost a Burden

A Curious Change Due Solely to Hood's Sarsaparilla.

Mrs. C. King
Quincy, Ohio.

Catarrh is a most obstinate disease and there is not one in a hundred who is completely cured by Hood's Sarsaparilla. Read what it did for Mrs. King, recently reported in her own voluntary words:

"C. I. Hood & Co., Lowell, Mass.

"Gentlemen—Your sarsaparilla kept I some what good medicine. Don't [illegible] for more for me. Five bottles cured me of catarrh in the worst form. I think it was only a matter of time, when it would have ended in Bronchial Consumption.

I can scarcely realize there is a few months ago I was almost a burden, sick and discouraged, now I am well and happy, taking from each one being and telling to Hood's Sarsaparilla.

Hood's Sarsaparilla Cures

Hood's Pills are the best family cathartic. Mrs. Clara Kent, Lowell, Mass.

GUN POWDER

Not has now about who since was first before, and not who always and now since the days.

Everybody is Kicking!

Because the customers, and all because we're selling Cabinets Tailor Made, quality goes, at Moyer Gallery.

Sitting, and crowd of people come every day and we will have plenty to do all.

Look at our goods. We are pilots.

The Bed of Sobriety Whatever excites a grumbler from the Court Cases, Department of Interior, Washington, D. C., and Alum South Colorado, 5th Division, Kansas City.

We have ordered the same goods from a man our patronage from another, and we propose to keep them at lower rent as long as our goods last.

Little Winter Sale: Just Gallon. Wine-Time if preferable.

UTAH LIQUOR CO.,
167 South Main Street.

Price List included on application. Mail orders service not prompt attention.

Yale's Hair Tonic

Lamon and Gentlemen: It affords me great pleasure to call the attention of the public to the Yale Hair Tonic, which is the first and only remedy known to mankind which positively turns gray hair back to its original color without dye. It has been so tested for Mrs. M. Yale—wonderful secret discovery—has made her most valuable of all chemical discoveries. Mrs. Yale personally indorses it as true and gives the public her solemn guarantee that it has been tested in every conceivable way, and has proved itself to be the only Hair Specific. It stops hair falling immediately and causes a luxurious growth. Contains no injurious ingredient. Physicians and chemists tested it analyzed it. It is not sticky or greasy, as the company it makes the hair soft, youthful, fluffy, and keeps it in curl. For gentlemen and ladies who have a little gray, streaked gray, entirely gray, and with BALD HEADS, it is specially recommended.

$5 druggists sell it. Price, $1.

If Anybody Offers a Substitute Shun Them.

MRS. M. YALE, Health and Complexion Specialist, Yale Temple of Health, Dr. Sir Times Building, Chicago.

Broom Hotel

OGDEN, UTAH.

Rates—$1.50 to $2 per day. Special rates to regular boarders. Free sample rooms, electric light, steam heat, centrally located, 2 blocks from depot.

SUNOL!

ROBERT BONNER

Superintending the shoeing of Sunol with the Putnam Nail.

Fourteen Hot Shoes Pass, Atlanta, Ga., Jan. 27, 1895.

Fairbanks Vertical Ball Bearing Scales, Portland, Me.

Gentlemen—Mr. Bonner has asked me to call and tell you what a great success the Putnam Nail Co. has made in the shoeing of his great race horse Sunol. I put on the new Putnam Hammer-Pointed Nail. It is a good nail, and I can say that Sunol never left a nail in the shoe, and never lost a shoe. I think the Putnam Hammer-Pointed Nail is a great improvement. Make them as fast as you can, I know what they are, and enough of them to make experiments.

Very respectfully yours,

Chas. Marvin

The Putnam Nail is the only exclusively Hot-Forged and Hammer-Pointed nail.

Look in your smith's shoeing box, if the nails have smooth edges for the whole length they are the PUTNAM, for they are Hammer-Pointed and are not sheared.

The above testimonial speaks plainly for itself. Ask your smith for the Putnam Nail, and if he says he can't get them, write us and we will see that he is supplied. Put up in boxes of 1 lb. each, in the following sizes, viz: Nos. 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.
