BRIGHAM YOUNG COLLEGE.

Institution in Excellent Condition—Great Increase in Attendance—Reception.

Special Correspondence.

Logan, Cache Co., Oct. 25.—The trustees of the Brigham Young college met in this city yesterday. President Joseph F. Smith and R. W. Young having come up from Salt Lake for that purpose.

The report of the secretary and treasurer was presented and was gone over in detail. The question of leasing college lands was also discussed. President J. H. Linford was appointed a member of the board to fill the vacancy caused by the death of W. H. Lewis.

The president's report showed the college to be in a very prosperous condition. Work on the Mecnanic Arts building is progressing as rapidly as possible. The attendance at the college has increased to such an extent that a number of new classes have been organized. The classes in agriculture show a remarkable growth. The first year is 400 per cent greater than last year, the second year 300 per cent. The classes in domestic arts, sewing and cooking, and in forge work and brick laying, show great gains.

The reception at the college last night was a very successful social function, the auditorium being crowded with the students and their friends. The program, though hurriedly arranged, was very entertaining. The opening hymn, "We thank Thee, O God, for a Prophet," was sung by the students. Prayer was offered by Bishop McKay of Huntsville. Prest. Linford made a brief address of welcome; David Smith rendered a violin solo; President Joseph F. Smith spoke for a short time, urging the students to live pure, exemplary lives and work to become honorable men and women.

Miss Oliver and Miss Gates rendered a piano duet, followed by a song by the class of 1906. Trustee R. W. Young addressed the assembly for a few minutes and President W. J. Kerr of the Agricultural college pronounced the benediction. During the day the various classes had decorated the gymnasium and erected booths in the corners of the room, from which refreshments were served, while the center of the room was occupied by the dancers. The faculty rooms were thrown open and all who didn't wish to dance passed the evening in general sociability. All present passed a most delightful evening.

President Smith returned to Salt Lake this morning.

Presidential Election Will Make No Change.

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and incipient consumption. It cures colds quickly and prevents pneumonia. A. J. Nusbaum, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Sold by F. J. Hill Drug Co.

KANAB.

TO PERPETUATE THE BUFFALO

Buffalo Jones On Way to Grand Canyon With Herd.

Special Correspondence.

Kanab, Kane Co., Oct. 18.—The respective political parties not taking any particular interest in the election of a board of trustees the citizens met in mass meeting on Thursday last and nominated the following ticket: For president of board, Isaac O. Brown, and for members, Jas. W. Swapp, R. S. McAllister, Benjamin Hamblin, James A. Brown.

HERD OF BUFFALO.

The arrival at Three Lakes, a few miles up the canyon, of a herd of buffalo and cattielo has stirred up considerable interest. The herd is the property of a company organized recently for the purpose of perpetuating the buffalo and other American animals, and for experiments in cross-breeding and hybridizing. The company has also brought in a number of Persian sheep. Col. C. J. (Buffalo) Jones, ex-game warden of the Yellowstone national park, is the head and prime mover of the enterprise, and has associated with him, besides capitalists of California and the east, B. F. Saunders of Salt Lake, E. D. Woolley of Kanab and Frank Onstott of Goodnight, Tex., and E. B. Pratt of Fredonia, Ariz.

Col. Jones and Mr. Onstott left this morning for the north, the colonel on company business to Montana and the east, and Mr. Onstott to Marysvale to meet his family.

The herd will remain in the pastures at Three Lakes for a week or two and will then be taken on to their winter range down next to the Colorado river. The company has selected that portion of the Grand Canyon forest reserve bordering on the Grand canyon as the seat of its operations.

GRAND CANYON ATTRACTIONS.

Within a few days the Grand Canyon Transportation company will put a force of men at work to install its aerial tramway across the Colorado river at the mouth of Bright Angel Canyon. The equipment for the tramway will all have to be carried several miles down the mountain on pack horses and by hand, so that it is not expected that the crossing will be in operation for several weeks and possibly months yet. With this tramway in operation at the foot of the famous Bright Angel trail leading to the river from the railroad on the south side of the canyon, and the natural scenery and other attractions, it is expected the beautiful Kiabab plateau will become a popular resort for tourists and pleasure-seekers, as the scenery and natural attractions surpass in grandeur those of the Alps, Yosemite valley, Niagara Falls and the national park combined.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents Pneumonia. Guaranteed at Z. C. M. I. Drug Dept. price 50c and $1.00 a bottle. Trial bottle free.

'VARSITY TO PLAY FT. DOUGLAS TEAM

Saturday Next Will See Last Hard Work Before Boulder Game.

COACH ANDREW BACK HOME.

Practise is Developing No Heavy Men To Fill the Holes in Maddock's Light Line.

The next game on the University of Utah list is with the soldiers from Fort Douglas, and it takes place Saturday at 3 o'clock. The soldiers have been working hard in preparation for it, and a match game is the character it will assume. The soldiers and 'varsity will both go in for their hardest work, the University men to pile up the record score for Cummings field, and the soldiers to make the record as small a one as possible. The record is now 107 points made last year against the soldiers. Boulder against Sacred Heart made a record of 99 points for Colorado two weeks ago. Last year the soldier team was the only one which scored against the University, after Maddock got the team to working, and it did the trick on the same play which Denver used to score last Saturday—a lucky running in of a long kick, which was fumbled in the catching, and drew the Utah players in after it in the hope of getting to it first.

ANDREW HAS RETURNED.

Colorado has a bewildering number of colleges and schools, and from the discussion in the Colorado papers of poolroom betting on the game, its standards are not at that keen edge of honor which keeps the game a college sport, to be indulged in only by college men as their legitimate recreation. When such men play it the questionable actions that cause so much adverse comment, are not to be found, and a player needs no watchful umpire to keep him from doing "dirty work" when the players are piled thick in a heap. Denver had ten clean players and Captain Foley. But his "raw" work got off easy in the public eye alongside of that of "Jack" Andrew, assistant coach of Boulder, who stated he came here on his way to San Francisco to arrange a Stanford game, but brought a note book along to diagram Maddock's plays on the day he stopped over just to see the game. He even had a letter written suggesting his appointment as an official, and when this was turned down he used his Denver side line privileges to make his diagrams of the plays used by Maddock. Then he scooted right back to Boulder, forgetting all about that San Francisco appointment, and everything except that the Boulder team needed the advice he was in a position to furnish, and needed it quick. He is now back at Boulder, telling them they have got to hurry and will lose unless they do their level best, and then if they win it will be because the Utah team is so much lighter.

GARDNER SHOWING UP WELL.

In the scrimmage work last night a hitherto unnoticed man on the second eleven showed good form as left tackle. The man is Gardner, formerly of the sophomore class team, and he is now considered a dangerous rival to Curtis for the tackle position. Hennessy is showing up in fine shape. His form is improving under training and it looks as though he were fairly sure of a place in the line. Barton, the only really big man on the team, is still out of the game, and it is now doubtful if he will be in shape to enter the Boulder game. His presence is much needed there, as there now seems no prospect of getting a huskier line for the Boulder giants.

The Denver men on their return home are quoted as speaking well of Utah's style and especially of Maddock who they say is out of a class with any Colorado coach.

KAUFMANN VS O'BRIEN.

This Pair Will Battle at San Francisco Tomorrow Night.

If Jack O'Brien falls before the terrible punches of Al Kaufmann, in their fight at San Francisco tomorrow night, the young Olympian will be heralded all over the country as the greatest heavyweight fighter since the retirement of Jim Jeffries, and should the shifty boxer from Philadelphia prove successful in the coming encounter Kaufmann will have to start his ring career anew, while O'Brien will receive much praise for his brilliant victory over such a likely fellow as Al has shown himself to be.

There has been much said about the weights of the two men who will furnish the main go in the San Francisco club's show, and it has been generally discussed the past few days. Most people seem to think O'Brien will weigh almost as much as Kaufmann, but this is a wrong impression, for the Philadelphia boxer can do 15t pounds neely. He stands 5 feet 10½ inches in height and has a full, wide face and neck which, with his loose clothes, gives him the appearance of being almost as heavy as Deaney's boxer, but when O'Brien is stripped he is not such a big fellow, being built pretty much on the same order as Kid McCoy, with a good reach and wide shoulders. He is one of those rangy willowy boxers with a good left hand and is possessed of much speed and cleverness. He has selected the ocean beach to prepare himself, with the hope of building himself up to as near 170 pounds as it will be possible for him to do, thereby making the handicap Kaufmann will have in weight about twenty pounds, as it is known Al Will enter the ring weighing close to 190 pounds.

Kaufmann is 2½ inches taller than O'Brien and has a shade the best of Jack in reach, but these advantages are more than offset by the extreme cleverness of the Philadelphian. This will not be O'Brien's first attempt with men heavier than himself, for he has fought most of the best big men at present in the ring, so it is nothing new for him to concede a dozen or two pounds to opponents. Jack's record shows where he has met no less than ten big men during his ring career and he has never met defeat with any of them and those he failed to win from he succeeded in getting draws with.

BRILLIANTS WENT DOWN TO DEFEAT.

Railroad Team in the City Bowling League Turned The Trick.

BUSINESS MEN STILL LEAD.

The Defeated Team is Now at the Bottom of the Ladder—Scores Made Last Night Were Low.

HOW THEY STAND.

	Won.	Lost.	P.C
Business Men	2	1	.667
Crescents	4	2	.667
Missourians	2	1	.667
Railroads	4	2	.667
Senators	3	3	.500
Tuxedos	3	3	.500
Stars	2	4	.333
Brilliants	1	5	.167

From the above table it will be seen that the Brilliants, last season's stars in the city bowling league, have apparently got off wrong this year. They are now at the bottom of the ladder, a result brought about last night by losing a series of games to the Railroads.

The Railroads were not content with taking two out of three games, but took all three of them. The scores made were decidedly low not one of the contestants reaching the two hundred mark. Martin was high man with a fraction over 186 average for the three games.

The scores follow:

RAILROADS.

THE RED AND BLACK.

Its Followers Will Accompany Team to Ogden Saturday in Force.

The Red and Black is to wave at Ogden Saturday, whether for victory or defeat. Students of the West Side institution are planning to follow their team to the Junction City in large numbers, and to be on hand to back them up on the bleachers. Word comes from Ogden that the boys there are working very hard to make a good showing and expect to let the visiting team know they have had a game, when the last whistle is blown. They average 145 pounds and have a shifty back field. An effort is being made to secure Coach Maddock for referee and Rev. E. I. Goshen for umpire.

NO ROAD RACE.

Duffie and Bald Will Not Make Chicago New York Run.

For three years past, a leading event of the fall has been the effort to lower the Chicago-New York road record. Whether there will be any trials for it this year remains to be seen. Holcomb, Duffie and Eddie Bald, the rpesent holders of the record, made last September with "Old Betsy," a 35-horsepower Columbia, state that they will not go after it unless some other team should lower their time of 58 hours, 35 minutes, between the two cities. Holcomb, who was ill last spring, has recovered his health, and if other aspirants should succeed in getting the record, it is probable that the old Columbia team would make an effort to recover it. They would have to use another car, however, for the engine of "Old Betsy" is now installed in a motor boat owned by President M. J. Budlong of the Electric Vehicle company. On the water too, this engine has been a record breaker, lowering the time on the Connecticut river, for the 50 miles between Saybrook and Hartford from 3 hours, 4 minutes to 2 hours and 37 minutes. The last six miles was done at the rate of 24 miles an hour.

WILL PLAY ON SATURDAY.

All Hallows Team Will Then Go Up Against the Aggies.

Next Saturday afternoon at Logan there will be a football game between the Logan Aggies and All Hallows College team. Coach Freeman Bassett of All Hallows made the announcement this morning that his team would go to the Temple City for that date. The Aggies will have a big advantage over the local team in weight, but Bassett believes his boys will make this up in speed and snappy playing.

The local team will leave for Logan tomorrow night.

Close Call for Corbett.

Philadelphia, Oct. 25.—Young Erne of this city had a trifle the better of Young Corbett tonight in their six-round fight at the Washington Sporting club. His advantage was so slight that some of the spectators were inclined to call it a draw. Both men put up a fast fight. Corbett was the aggressor but was not quite fast enough, as the local man usually landed first. In the opening round Corbett sent Erne to the floor, and after that the Philadelphian fought very cautiously. Erne landed the greater number of blows. He frequently slibbed Corbett and then went into a clinch before the latter could retaliate.

COAST BALL GAMES.

San Francisco Oct. 25.—Portland put up a poor game today in the field and at the bat. Schlatley made half of the errors on his side. The best they could do against Hitt was three safe hits. San Francisco was not much better with the stick, but did not need much batting when errors in the other team were plentiful.

Score:	R.	H.	E.
Portland	1	3	8
San Francisco	7	5	0

Batteries—Essick, Califf, McLean and Sugess; Hitt and Shea.
Umpire—Davis.

Los Angeles, Oct. 25.—Los Angeles took the second game from Seattle today by hte score of 6 to 2. Shields was taken out of the box in the sixth after the locals had rapped his delivery for six hits, totaling five runs. Nagle allowed Seattle but five hits.

Score:	R.	H.	E.
Los Angeles	6	11	4
Seattle	2	5	1

Batteries—Nagle and Eager; Shields, Vickers and Frary.
Umpire—Perrine.

Oakland, Cal., Oct. 25.—By steadily bunching hits against Pitcher Hogan today the Tacoma team had an easy victory against Oakland. In the last inning four hits aided in making as many runs for the northerners.

Score:	R.	H.	E.
Tacoma	8	12	1
Oakland	2	7	6

Batteries—Keefe and Hogan; Hogan and McMurray.
Umpire—Sullivan.

Consumptives Made Comfortable.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages, but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal and even in the advanced stages it always gives comfort and relief. A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." Sold by F. J.
