THE EVENING NEWS.

Tuesday, - - August 5, 1873.

PRICE OF GOLD.

Corrected daily by Deseret National Bank.

SALT LAKE CITY, August 5, 1873.

Buying at $1.13½; selling at $1.15½.

BUSINESS NOTICES.

— In the ancient temples of Egypt is probably the oldest timber in the world ever used by man. It is found in connection with stone work, which is known to be at least four thousand years old. This wood, and the only wood used in the construction of the temples, is in the form of ties, holding the end of one stone to another in its proper surface. When two blocks were laid in place, then it appears that an excavation about an inch deep was made in each block, into which an hour-glass shaped tie was driven. It is therefore very difficult to force any stone from its position. The ties appear to have been the tamerisk, or chittim wood, of which the ark was constructed, a sacred tree in ancient Egypt, and now very rarely found in the valley of the Nile. These dove-tailed ties are just as sound now as on the day of their insertion.

— Money never made man happy yet, nor will it. There is nothing in its nature to produce happiness. The more a man has, the more he wants. Instead of its filling a vacuum it creates one. If it satisfies one want, it doubles and trebles that want another way. "Better is little with the fear of the Lord, than great treasure and trouble therewith."

— We believe that it is a well established fact that the bodies of persons drowned in Lake Tahoe have never been recovered, the clear, cold waters of the lake absolutely refusing to give up their dead. This circumstance, which at first thought appears strange, is accounted for upon the hypothesis that the waters at the bottom of the lake are so cold as actually to arrest decomposition and consequent expansion of the dead body, one of the conditions under which it would be expected to return to the surface.—*Gold Hill News.*

☞ SHINGLES! SHINGLES! at $5.00 per thousand, at Utah Lumber Yard. d191 tf J. TRAYN.

— The Connecticut Senate concurs with the House in enacting the death penalty to persons convicted of placing obstructions on railroad tracks whereby fatal disasters are caused.

☞ SEE stray notice, American Fork and Hebron.

— "I found it very inconvenient, and a great loss of time," said Chateaubriand, "to dine before seven o'clock. My wife wanted to dine at five o'clock, and insisted on that hour. After many arguments and many heated discussions, we finally compromised upon six o'clock—an hour which was very inconvenient to us both. This is what they call domestic concessions."

☞ SHOW and Fine Display Business Cards printed at this Office.

— *Punch's* notion of nobility is that a man of birth is commonly one whose remote ancestors did something and his immediate predecessors for many centuries nothing at all.

— Mary J. Davis, an accomplished young lady of Bellevue, Ia., committed suicide by shooting herself recently. She was about to marry a man she didn't love, at the instance of her parents.

— The women of Wetzel county, W. Va., have formed a vigilance committe to prevent their husbands' visiting the grass widows who abound in those parts.

☞ TO VISITORS AND THE PUBLIC IN GENERAL.—One of the principal sights of Salt Lake City is Carter's new mammoth Gallery, adjoining Dollar Store, up-stairs, opposite Hussey's new Bank. Visitors should not leave the city without seeing his fine collection of Photographs. d207 m2 w26 2w e

— Chinese Method of Mending Glass.—Take a piece of flint glass, beat it to a fine powder and grind it well with the white of an egg, and it joins the china without riveting so that no art can break it in the same place. You are to observe that the composition is to be ground extremely fine.

☞ LEASES for sale at this office.

— An old gentleman in Maine is preparing for the good time to come. He has caused to be erected in the cemetery a gorgeous monument to the memory of himself and his wife, setting forth their virtues, etc., and leaving the dates of their deaths to be filled in whenever those events may happen. It is said that his chief delight consists in watching the throngs of gaping rustics assembled around the monument to admire its beauty and ponder over its sculptural adornments.

The Atlantic & Pacific Railroad Company offers 1,200,000 acres of land in Central and Southwest Missouri, at from $3 to $11 per acre on seven years' time, with free transportation from St. Louis to all purchasers. Climate, soil, timber, mineral wealth, schools, churches and law-abiding society invite emigrants from all points to that land of fruits and flowers.

DIED.

In the 9th Ward, Salt Lake City, August 4th, FREDERICK JOSEPH, infant son of John and Hannah Hagell.

In the First Ward, July 31st, EMILY, daughter of Moses and Anna Demming, aged 2 years and 10 months.

In Sykeside, Haslingden, Manchester, June 29, ALICE, wife of Daniel Lord, and

LOCAL AND OTHER MATTERS.

THERMOMETER 82 degrees F. in the shade, at 1 p.m. to-day. Fine day.

NOTICE TO RESIDENTS OF THE 20TH WARD.—All persons residing in the 20th Ward who are interested in City Creek are requested to meet the Ward watermaster, promptly, at the mill bridge to-morrow morning at 7 o'clock. The ditch is in very bad condition, owing to the violence of the storm yesterday.

DEPARTED THIS LIFE.—We learned last evening, too late for notice in yesterday's issue of the NEWS, of the death, on Sunday night, of Elder Ormus E. Bates. He had been afflicted for some time with an internal disease, but his friends had not the remotest idea that he would leave them so soon. Elder Bates was long connected with the Church of Jesus Christ of Latter-day Saints, and was much respected.

A FREAK OF NATURE.—A gentleman who resides in the 17th Ward informs us that he owns a cat that brought six kittens to light the other day, all of which latter are joined together as is Siamese twins, and that they are all alive.

MINIATURE BARLOONS.—Cheap John," First South Street, has been "turning an honest penny" to-day by utilizing the gas supplied by the City Gas Company for other than lighting purposes. He took to inflating those little ten cent, transparent globes used as toys for children, and selling them as balloons at two-bits each. They have been going off like "hot cakes" and have been sent up into the air, through which they ascend very rapidly.

U. S. LAND OFFICE PATENTS.—All persons interested should read the following—

U. S. LAND OFFICE, SALT LAKE CITY, U. T., August 4th, 1873.

The following cash patents have been received at this office from the General Land Office at Washington, and are ready for delivery on surrender of the duplicate receipts:

and No. 504 for the townsite of Heber City, Wasatch county.

GEO. H. MAXWELL, Register.

ORDER.—The Herald of yesterday has the following:

"Last Saturday night there was a disgraceful scene at the depot. A number of rowdies, attracted by the circus, assembled around the saloons and places of business near the depot. Entering the Chicago Bakery they commenced a disturbance. While some were engaged in diverting the attention of the proprietor of the house, others jumped over the counter and robbed the till of thirty dollars. They helped themselves to the good things displayed at the bar, without paying for value received. A fracas ensued between J. McKenzie and Charles Engelmann, when the invaders were summarily ejected from the premises."

"Mr. and Mrs. I. E. Brown invited their friends to a picnic yesterday. Everything went off happily until a slimy snake was discovered furtively seeking their baskets, where ample provision had been made for the party. The ladies screamed, and the camping ground was removed elsewhere. The snake was killed, and measured about two feet and had seven rattles."

A MAN FOUND DEAD.—The following came by Deseret Telegraph:

Fillmore, '.—A boy, a resident of Meadow Creek, reports finding a man dead, last evening, somewhere on the hills east from Meadow settlement. The flesh was off his hands and face, and the supposition is that he is some transient, as no resident of any of the settlements in the vicinity is missing. Some of the citizens of Meadow have gone out to-day to find the body."

THE BRITISH MISSION.—The following is from the *Millennial Star* of July 15th—

APPOINTMENT.—B. W. Carrington is appointed traveling Elder in the Leeds and Sheffield Conference, until otherwise directed.

RATHER LATE.—We have just received, from Clarence Jackson, of Long Valley, Mount Carmel, Kane County, an account of the manner in which the good folks of that place celebrated the 24th of July, which we would have published had it arrived sooner, but it is getting too late to insert such communications now. The day was duly honored at that place, however, and the citizens had a time of rejoicing.

Here is the concluding portion of Brother Jackson's letter:

"Our prospects in this isolated part of the country are not very flattering at present, crops being very late. The season, thus far, has been very dry, having had no rains. The creek seems to diminish every day. There will be but half a crop raised here this season.

"We have meetings regularly every Sabbath, and our day and Sabbath schools are both well attended. Brother Israel Roper died at this place, July 14th. The people in general are generally good; peace and good order prevail in our midst. The people now feel the loss of our departed friend, President Joseph W. Young; he has left us, but his works do and will follow him."

BENCH WATER QUESTION.—We understand the residents of the North Bench purpose holding a meeting to-night in the 20th Ward School House, for the purpose of taking step with a view to obtaining water for their lots from City Creek.

SUMMER COMPLAINTS.—There is considerable sickness among children just now. This is about the time of year when summer complaints appear among the little ones. Parents and guardians of children should be careful to see that the latter do not eat unripe fruit and that they do not partake too lavishly even of fruit that is ripe, as many cases of bowel complaints are traceable to neglect in this matter. The bodies of children should be washed frequently during the hot season.

INCREASE OF THE STORM.—The storm of yesterday was much more severe in some parts of the City than in others. The upper part of the Fifth Ward was visited by a small tornado, just strong enough to give the people there an idea of the terrific and destructive character of phenomena of that kind. Some murky looking clouds were seen to meet in the south-eastern part of the city and to assume the shape of a large column, which whirled and roiled through the air, going in a northerly direction. This whirlwind or tornado touched the ground on the bench, also in the north-east part of the 12th Ward, and severely shook some of the houses, principally south of the main ditch. Such in the former ward, but was most destructive a few blocks north of that point. It caught the east end of the residence of William Stevens and demolished the chimney, [illegible] carrying a shed belonging to Mr. John Hale and whirled them in mid air, threw down a number of outhouses around that locality, carrying some of them a distance in Hale's block. The roof of a back kitchen belong to Mr. R. Knight was carried away.

Some of the people in the neighborhood were very much frightened.

The storm also did considerable damage on the 19th Ward bench. It appears that a cloud must have burst by climbing in contact with the adjacent mountain, as a torrent came tearing down in the vicinity of Mr. W. J. Silver's residence, and has done a good deal of damage to several orchards, especially to that of Mr. Plant, blacksmith; upon which a large quantity of boulders were carried. We are also informed that the water [illegible] and damaged a [illegible] of Mr. Silver were also flooded, those who were inside at the time having to make their escape as best they could.

The banks of a number of water ditches in various parts of the city gave way and flooded the streets. Planks and bridges across the sects were torn out and washed away.

In the 12th Ward the elevated water tank on the lot where Hon. Thos. Fitch formerly resided, was blown down, also several trees in other lots, while houses trembled and furniture clattered.

Since writing the above we have learned that a partially constructed rock house belonging to a Mr. Johnson, which was situated in a gully on the 19th Ward Bench, was swept entirely away by the flood.

RED ASTRACAN.—A large specimen of the Red Astracan apple, mature, rosy and beautiful, from the orchard of Mr. Lorenzo D. Young, in Sugar House Ward, was shown in this office this afternoon. It is one of the earliest of the season.

By Deseret Telegraph.

Big Fire at Ogden.

OGDEN, 5.—A fire broke out at three o'clock, this morning, in Higginbotham's drug store, on Main st., which spread rapidly to the stores adjoining and before the flames could be arrested ten or twelve buildings were destroyed. They were mainly small frame buildings.

The principal losers are Fred Levy, dry goods; Zion's Co-operative, hardware; Mendelsohn, dry goods; Hensley, dry goods; Baker, groceries, and Higginbotham, drugs; all except the latter saved a large portion of their stock, although more or less damaged by mud and water. The loss is not yet estimated. Insurance light.

A man, named Clark, fell from the roof of a building, and was severely injured.

The fire was in the block occupied by the main business houses of the city, and nothing but the heavy rain of yesterday prevented its entire destruction. It is supposed to have started from phosphorus in the drug store.

FOUNTAIN GREEN, Aug. 5, 1873.

Editor Deseret News.

One hundred and seventy-five votes were polled here yesterday, all for the people's ticket.

MESSAGES at Deseret Telegraph office for J. Heidnall, J. M. Thomas, G. W. Bonner, and Mrs. Maud Vansandt.

EDUCATIONAL.—We understand that the University commences its seventh academical year on Monday, the 25th inst. Preparations are being made to increase the faculty by engaging a corps sufficient to administer mental pabulum adapted to the capacity of the advanced pupils of the Territory who may be seeking to take a preparatory course to enable them to enter the regular courses, normal, scientific, or classic, in the University.

We also understand the question is under discussion of starting from a lower standpoint educationally than heretofore. There is a system known as the Kinder Garten in vogue in Germany, and to a limited extent in the U. S., wherein amusement and instruction are combined, which contemplates taking the child at three or four years and laying the educational foundation. Many novelties are inaugurated, that are, after a few years abandoned, but those who have tried the system for years are its advocates, and so far as we have read in relation to the matter we consider it a useful system. We cannot begin too young to put our children on the right track.

20TH WARD Y. M. I.—On Thursday evening, August 7th, at half past seven o'clock, Prof. Joseph L. Barfoot will deliver a lecture at the school house under the auspices of the 20th Ward Young Men's Institute, subject "Chemistry, with experiments."

It is expected that members of the Institute will invite their friends to attend, as well as that they will be present themselves. No charge will be made for admission. W. H. TOVEY, Secretary.

CORRECTION.—The notice in last night's NEWS of the "Missionary appointments," stated that missionaries had been invited to preach at Brigham City, on the 7th inst. It should have read, Bingham City, Bingham Canyon, on the 17th inst.

THIRD DISTRICT COURT.—James F. Woodman *vs.* Stephen H. Goddard. An order was made confirming the sale made by the special master in chancery.

A. C. Russell, James T. Hoyt, of Cal., and Joseph C. Hemengrew, of Kansas, were admitted to the bar.

The Lavinia Mining Co., *vs.* John Tiernan *et. al.* A motion was made to dissolve the restraining order made by the Chief Justice.

MISSIONARY APPOINTMENTS.—In response to an invitation from a number of citizens of Bingham Canyon, Elders Milo Andrus and Isaac Groo will preach there on Sunday the 17th inst.

THE members of the High Council are requested to meet at the City Hall on Friday morning at ten o'clock.

AN ALBUM LOST.—Lost, last Friday night, by a family of the newly arrived emigrants, an album, containing a letter from Switzerland, addressed to parties in Manti, also several small articles. If the finder of the album and letter will leave it at this office or take it to the residence of Mr. Frederick Goss, in the 6th Ward, he will confer a great favor on a very poor family.

DULY QUALIFIED.—The constable elect for Bingham precinct was brought to town last night on a lumber wagon in a peculiar condition. The County authorities think that he is sufficiently qualified.

THE ELECTION.—We herewith give the result of the voting yesterday, so far as the returns had been counted up to three o'clock this afternoon:

COMMISSIONERS TO LOCATE UNIVERSITY LANDS—J. Van Cott: Four Precincts of Salt Lake City, 1967; North Jordan, 53; Brighton, 16; Sugar House, 61; Bingham, 22. L. S. Hills: Four Precincts of City, 1966; N. Jordan, 53; Brighton, 16; Sugar House, 61; Bingham, 22. John Rowberry: Four Precincts of City, 1965; N. Jordan, 53; Brighton, 16; Sugar House, 61.

COUNCILORS TO THE LEGISLATURE.—W. Woodruff, four precints of city, 1957; North Jordan, 53; Brighton, 16; Sugar House, 61; Bingham, 22. W. Jennings, four precincts of city, 1994; North Jordan, 53; Brighton, 16; Sugar House, 61; Bingham, 22. W. H. Hooper, four precints of city, 1997; N. Jordan, 53. Brighton, 16; Sugar House, 61; Bingham, 22. John T. Caine, four precincts of City, 1997; N. Jordan, 53; Brighton, 16; Sugar House, 61; Bingham, 22.

SHERIFF.—R. M. Weller, four precincts of City, 1956, North Jordan, 53; Brighton, 16; Sugar House, 61.

CORONER FOR BINGHAM PRECINCT.—John McGinty, 296 votes.

CORONER.—Geo. J. Taylor, four precincts of City, 1959; North Jordan, 53; Brighton, 16; Sugar House, 61. Very few scattering votes were cast.

An exchange asks: "What is murder?" It is pretty difficult to tell. In one State "emotional insanity" stands for it; in another "epileptic mania;" but the original type of brutal, inexcusable murder has pretty nearly disappeared. Not to be flippant about it, but to describe it in a phrase, it has got to be one of those kind of things "no fellow can find out."

THE Great popularity which the ESTEY Organs have attained in the United States proves beyond question that they excel all others.

ESTEY Parlor Organs are the sweetest and purest toned instruments in use, as testified to by the Musicians, the Press and the Public.

ORGANS That have been proved for twenty-seven years in all climates like the ESTEY can be relied on by the purchaser.

TRIUMPHANT At every Fair and Contest in this country, having received 100 Gold and Silver Medals, the ESTEY is certainly unequaled.

IN The course of twenty-seven years, out of Two Hundred Thousand Organs sold, not one has failed to give satisfaction to the purchaser.

UTAH Is not behind in appreciatiation of true merit in an instrument, as the daily sales of the ESTEY Organ amply testify.
