Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

Liquor Traffic—Italian Children Bankruptcy—Salary Bill.

WASHINGTON, 8.—In the Senate petitions were presented in regard to the liquor traffic, inquiring as to the power of Congress in the matter; also asking legislation in regard to the traffic in Italian children; and for the repeal and against the repeal of the bankrupt law. In regard to the latter, Conkling and Logan mentioned the fact that circulars had been sent over the country soliciting signatures, and Logan said the statements in these circulars, that there is a lobby in Washington working for the repeal of the law, was untrue, and he characterized the circulars as blackmailing documents.

A resolution requesting the President to communicate to the Senate any information in his possession relative to the occupation of the Indian Territory by bodies of men in violation of treaty stipulation was passed.

The consideration of the bill to repeal the act of March 3d, increasing the salaries, was then resumed, and the question recurred on Pratt's amendment, which provides that the pay for the balance of this Congress shall be such as to make the total with that already received, ten thousand dollars, $5,000 for each year; the amendment was rejected by 45 nays to 14 yeas. The following voted yea: Hogy, Conkling, Cragin, Fenton, Terry, Hamlin, Martin, Oglesby, Pratt, Sargent, Schurz, Thurman, Wordleigh and Windom.

Pratt submitted another amendment, providing that the amount of the compensation of Senators, members and delegates, for the year ending March 3d, 1874, shall be $7,500, and for the year ending March 3d, 1875, 2,500, inclusive of mileage and allowances.

Scott thought this amount would be unjust to new Senators, and Pratt modified it so as to apply only to members elected and serving prior to Dec. 1st, 1873.

HOUSE.

Educational Bureau—Naval Appropriation.

In the House, to-day, a bill to establish an educational bureau and to apply the proceeds of the sale of public lands to the education of the people, was taken up. Kasson opposed the bill on the ground that it proposed to take the control of the question of education from the States, and to call into exercise new powers on the part of the Federal government.

Butler, of Tenn., favored the bill. It went over till the morning hour next Tuesday.

The House then went into a committee of the whole on the naval appropriation bill. Hale, of Me., who reported the bill, explained in what particulars the expenditures had been cut down. The amount appropriated by the bill is only about half a million more than was appropriated for the navy in '59, and all the reductions were made with the assent of the Secretary of the Navy, who had contributed to forward the efforts of the committee in that direction.

Beck declined to believe that the efficiency of the navy should not be sustained on the amount appropriated, and predicted the necessity of deficiency bills hereafter.

Archer took similar grounds, and declared that the committee on appropriations had shown no appreciation of the condition of the foreign relations of the country. A difficulty with Spain, which was not probable while Castellar was at the head of the Spanish government, was now probable. He asserted the belief that no greater mistake could be made than cutting down the navy in the cry for economy. True economy was to keep up a strong navy in order that war might be avoided, and not to wait till war comes and then launch into reckless expenditures.

Ward favored the bill, declared that the navy was large enough, and too large.

Hale appealed to the republicans to sustain the bill in the interests of economy. The committee then rose and the House adjourned.

EASTERN.

Williams' Nomination Withdrawn—The "Virginius"—Reduction of Estimates—Reduction of Army Opposed—Mr. Williams' Letter.

WASHINGTON, 8.—The message of the President to the Senate, withdrawing the nomination of Geo. H. Williams as Chief Justice, states that it is done at his own request. Williams remains in office as attorney general; the nomination of Col. Bristow for the position is, in another brief message, consequently withdrawn.

The board of enquiry to ascertain the cause of the sinking of the steamer *Virginius* is in session at the navy department.

The House committee on appropriations has completed the fortification appropriation bill, cutting down the estimates from $3,600,000 to about one million.

The House military committee, to-day, heard adjutant-general Townsend, on the proposed reduction of the army, which he strongly opposed by statistics and arguments.

The following is the letter of Attorney-General Williams, requesting the withdrawal of his nomination:

"Washington, 7.

"To the President:—Sir, you were kind enough to, without my solicitation, or any knowledge on my part that you contemplated such thing, nominate me for Chief Justice of the Supreme Court of the United States. Since that time the floodgates of calumny in all directions have been opened upon me. My abilities have been disparaged, and my integrity brought in question, and it would seem to me that public opinion is so adverse to my appointment, that if confirmed, my appointment might hereafter embarrass your administration, and perhaps impair my usefulness upon the bench. With a perfect consciousness that I have performed, with clean hands and upright purpose, all the duties of the various public offices to which I have been called, and trusting to time to adjust public opinion, when it is better informed for my vindication, I respectfully ask you to withdraw my nomination.

"Signed, GEO. H. WILLIAMS.

Well Hanged.

The body of William Osborn, late superintendent of the board of public works, missing since December 19, was found hanging to a tree near the city, yesterday.

Horrible.

MEMPHIS, 8.—Some excitement was created here to-day by the report of the Grand Jury of the criminal court in regard to the poorhouse, which they declare to be a disgrace to civilization. The sick and well, sane and insane, black and white, criminals and simply unfortunate, are mixed together indiscriminately, without regard to sex, half starved or fed with filthy food, half clothed, and beat and abused in every way by the keeper and his deputies.

A Failure.

NEW YORK, 8.—The proposed labor demonstration in Union Square this morning proved a failure. Not more than three hundred men appeared about the square, and they were gathered in little groups; no one appearing to organize the meeting, and a somewhat heavy rain prevailing, the men soon scattered.

Chamber of Commerce and the Bankrupt Law.

The Chamber of Commerce, today, adopted a memorial to Congress, representing that to repeal the existing bankrupt law would be highly detrimental to the mercantile community, and that the law had better be amended in some important particulars. They recommend that a large proportion of the creditors be required to place the debtor in bankruptcy, that the property of debtors had better be secured to creditors, and that stringent provisions be adopted to avoid the delays of law and the great expenses attending it, which are prejudicial to debtors and creditors. An amendment was agreed to, that greater safeguards be made to protect *bonafide* purchases of property sold by bankrupts. A series of resolutions condemning the present revenue laws was adopted, and a committee was appointed to present the memorial to Congress.

Very Light Sentence.

The contempt proceedings against ex-sheriff Brennan, in relation to Genet's escape, came up this morning before Justice Daniels. After argument by counsel, Judge Daniels reviewed the case, and said that the offense committed was so unequivocal that the court could not resist the inference that there was a design by the sheriff and his deputy, Shields, not to execute their duty, and the case was one which called for punishment. Public servants must obey their orders or the courts would be powerless. The court then inflicted the highest penalty allowed by statute, $250 fine each, and thirty days' imprisonment in the county jail.

Burned.

CINCINNATI, 8.—A block of business houses, at Leavenworth, Ind., was burned last night: loss not stated.

Dead.

LOUISVILLE, 8.—Hon. Jno. B. Thompson, ex-congressman, ex-State governor, and ex-U. S. senator, died at his home in Haroldsburg, yesterday, aged 64.

$110,000 Bail—Burned to Death.

CHICAGO, 8.—To-day, D. A. Gage, Executive Treasurer, appeared in the criminal court and gave bail in one hundred and ten thousand dollars, to appear at any time to answer the indictments found against him by the grand jury yesterday.

At Laper, Mich., on Tuesday, the house of James McManigul was burned, and the entire family, husband, wife and child, perished.

Disaster by Fire—Governor's Message.

BOSTON, 8.—Judge Lowell of the district court, has taken the papers seized from Jordan, Marsh & Co., out of the hands of the customs detectives, as it has been clearly shown that papers were seized that were not covered by the warrant. He will separate the papers and return those not applying to the case. Nineteen hundred of the 5,400 papers seized have already been returned.

A fire in Medfield, to-day, destroyed the town hall and contents, including all the records of that ancient town; loss $36,000, insurance $15,000.

Governor Washburn delivered his message to the legislature today. The commercial and industrial interests of the commonwealth are represented as prosperous. The amount of the present funded debt is $28,477,804. The governor favors the enactment of a ten hour law.

Another Doubtful Official.

LOWELL, 8.—There are rumors that J. Buttrick, cashier of the Wallsutta National bank has a discrepancy of over $50,000 in his accounts.

WESTERN.

Anxiety—$15,000 For Vasquez.

SAN FRANCISCO, 8.—Much anxiety is felt here for the safety of the steamer *China*, from Hong Kong and Yokohama; there are no tidings of the vessel yet.

The legislature has passed a bill authorizing the governor to pay fifteen thousand dollars reward for the capture of the notorious Vasquez and his gang; it is reported that he is in this city at the present time.
