By the shying of a fractious horse, Peter, the eight-year-old son of P. W. Madsen, the furniture dealer, was seriously hurt yesterday. Young Madsen and a playmate were riding the horse and were thrown violently to the ground, the former striking on his head. Drs. Bower and Beer were called to attend him, and they believe that he will pull through all right, although he was unconscious for several hours. Reports from the home state that he passed a bad night, but seems somewhat better today.

Mary Baer Gemmill, the young woman who alleged that she had been turned away from the home of her husband's parents and who sought aid from the county, has been sent back to the Holy Cross hospital by Dr. Whitney, county physician. She left the hospital, where she was receiving treatment, because the bills had not been paid by her father-in-law, which she says he had promised to do. The latter denies that he agreed to settle the amount due, but says he had signified a willingness to help his son to pay the obligation. Mr. Gemmill also says that the girl was not turned out by his wife, but that she left the house of her own choice, and over the protest of her mother-in-law.

The odors that have been giving trouble along Main street in particularly and which were thought to have come from the sewers, prove to have come from the gas pipes. Investigation by the management of the gas department of the Utah Light & Railway company discovered that the purifying plant was not equal to the demands made upon it, and crude gas was being sent out into the pipes. Orders were wired immediately to eastern manufacturers for additional purifying pans and on the reception and installation of these, the trouble will disappear. For the present, the company will be forced to manufacture only as much gas as the pans now in operation can take care of.

NEVADA'S GOLD CAMP

Tonapah and Goldfield Richest in the World.

Tonopah and Goldfield, Nevada, are undoubtedly two of the richest mining camps in the world. Over $7,300,000 worth of ore has been shipped from one mine alone within the last year or so, the ore going from $100 to $300 a ton with vast quantities in sight. The wonderful richness of ore in developed properties, and the assurance that the entire surrounding region is "full of mineral," offers the greatest of inducements to miners and investors. Tonopah now has a population of over 5,000 and is growing rapidly, while the towns in the Goldfield district have nearly 8,000 people. All branches of business are represented in these towns, and prices are not exorbitant. The Tonopah railway now gives regular service to both camps, and travel is no longer a matter of extreme difficulty.

No miner or investor should overlook Tonopah and Goldfield. While marvelous finds have been made, it is more than probable that finds as rich will be made in the future, and the man on the ground is the one who will benefit from these strikes. Several millionaires have been made by these camps, for all they are so new, and many men have accumulated comfortable fortunes. For full information about Tonopah and Goldfield and how to reach them, apply to D. R. Gray, 201 Main street, Salt Lake City. The Southern Pacific is the only road to this great mining region, and Mr. Gray, as its agent, is well posted on conditions, rates and routes.

BOYS URGED TO SHUN TOBACCO.

Enthusiastic Gathering of Members Of the Boys' Betterment League.

SPEAKERS GIVE GOOD [illegible]

Remarks by Rev. Young, Dr. Beatty, Prof. Paul, Dr. Brown and Supt. Christensen.

The Adult Anti-Cigarette and Boys' Betterment league held an interesting meeting at the Tabernacle last evening. There was a large attendance, possibly 2,500, four-fifths of whom were boys. While there was quite a sprinkling of parents in the audience, the officers in charge feel that there should have been a much larger representation of those who are directly interested in the work that is being undertaken by the league. It is hoped that an awakening will take place in this regard, and that the grown-up people of the city will be in full sympathy with the movement and will lend the weight of their influence to further the interests of the worthy cause.

Mathonihah Thomas, who is president of the league, presided over the meeting. After the prelude on the great organ by Tracy Y. Cannon, and the singing of "America" under the leadership of Prof. Wetzell, prayer was offered by the Rev. Benjamin Young. The chairman then briefly outlined the aims and purposes of the society and called upon those present to enter heart and soul into the work of the organization, and to try to work up an interest among those who as yet have apparently not recognized the good that can be accomplished by the league.

REV. YOUNG'S ADDRESS.

Rev. Mr. Young urged upon the boys to keep the compact they had entered into as members of the league. He told the story of an employer who, to test his office boy, placed a live mouse under a bowl and forbade the lad to meddle with it. When the master returned, after a brief absence he found his young employe chasing the mouse about the room, and the boy lost his job for not keeping his word. The boys of the league were admonished not to be word-breakers.

BAD EFFECTS OF TOBACCO.

Dr. T. B. Beatty told of the injurious effects of the use of tobacco, and especially by boys of tender years. The cigarette, he said, is the most deadly method of using the weed. The doctor suggested that the annual celebration of the league should be held on St. Patrick's day.

COMMENDS JUVENILE COURTS.

Prof. J. H. Paul was the next speaker, and he highly commended the laws relating to the sale of tobacco and cigarettes to minors. He favored the enactment of laws creating juvenile courts, where youthful offenders might receive corrective, yet kind punishment for wrong doing.

DR. BROWN'S TELLING STORIES.

Dr. Willis Brown made the principal address of the evening. He related a number of amusing anecdotes, which have come to be so much appreciated by the boys, and pointed therefrom lessons that went home to the hearts of his youthful listeners. One of these stories was of a man in New York who gave $200,000 for reform work among boys. When fault was found with him for not giving the money to the churches, and he was asked whether he knew of any who had been saved in the manner advocated by him, he answered that he knew of one. To the further question of whether one boy was worth the expenditure of such a vast sum, the reply was "yes," for the boy was his own. Dr. Brown urged the boys to be courageous, manly and respectful. He deprecated the habit that some parents had of suggesting misconduct to their children. He thought the better plan would be to appeal to the boy's or girl's reason and better self and show them wherein certain things were wrong and injurious in their effects.

SHOULD SUPPRESS EVIL.

Supt. D. H. Christensen spoke along the same lines as the previous speakers, and urged both old and young to work energetically for the suppression of the tobacco evil.

As stated, Mathonihah Thomas is president of the Adult Anti-cigarette and Boys' Betterment league, and the other officers are, Rev. Benjamin Young and Dr. T. B. Beatty, vice presidents; L. P. Judd, secretary, and Prof. J. H. Paul, treasurer.
